**4. Title:** Research using human embryos prohibited; penalty.

**5. Summary:** Prohibits nontherapeutic research that destroys a human embryo or subjects such embryo to substantial risk of injury or death. The bill also prohibits the use of any cells or tissues taken by destroying or harming a human embryo. This prohibition does not apply to in vitro fertilization or any diagnostic test which may assist in the future care of a child subjected to such tests as an embryo. A violation of the provisions of the bill is a Class 1 misdemeanor.

**6. Budget Amendment Necessary:** No.

**7. Fiscal Impact Estimates:** Preliminary; See item 8 below.

**8. Fiscal Implications:** Although insufficient data exists to determine the fiscal impact due to this proposal, the legislation could result in an increase in the jail population since Class 1 misdemeanor outcomes result in sentences of up to 12 months in jail (and a fine up to \$2,500). Any increase in jail population will increase costs to the state. The Commonwealth presently pays the localities \$4.00 a day for each misdemeanant or otherwise local responsible prisoner held in a jail. It also funds most of the jails' operating costs, e.g. correctional officers. The state's share of these costs on a per prisoner, per day basis varies from locality to locality. However, according to the Compensation Board's FY2010 Jail Cost Report (November 1, 2011), the estimated total state support for local and regional jails averaged \$29.98 per state inmate, per day in FY 2010.

**9. Specific Agency or Political Subdivisions Affected:** Local and regional jails.

**10. Technical Amendment Necessary:** No.

**11. Other Comments:** None.
