2. Patron: McWaters, J. L.

3. Committee: Commerce and Labor.

4. Title: Virginia Business One Stop electronic portal program; participation by State Corporation Commission.

5. Summary: This bill requires the State Corporation Commission (SCC), by June 30, 2018, to fully integrate processes and forms into the Business Permitting Center administered by the Department of Business Assistance (DBA) and to process all forms within 48 business hours from the time the applicant submits the form electronically. The bill also provides for the Commission and the Business Permitting Center to report on progress and any barriers to completion biannually to the Governor and the chairs of the Senate Committees on Finance, General Laws and Technology, and Commerce and Labor and of the House Committees on Appropriations and Commerce and Labor.

The second enactment clause of the bill specifies that the SCC and DBA shall collaborate to identify, develop, and implement enhancements to the Business One-Stop and eFile systems to provide for an improved citizen experience.

6. Budget Amendment Necessary: No. See #8.

7. Fiscal Impact Estimates: Final.

8. Fiscal Implications: As introduced, this bill would have required the SCC and DBA to implement the integration of the two systems by January 1, 2014. As the enrolled bill pushes the date of implementation to June 30, 2018, there is no need for a budget amendment at this time. It is likely that the requirements of this bill will result in a fiscal impact to both the SCC and DBA during the course of implementation. The bill requires that a report be provided biannually on the progress and any barriers to completion of the integration. Any adjustments needed in appropriation can be addressed at that time.

9. Specific Agency or Political Subdivisions Affected: Department of Business Assistance; State Corporation Commission; Virginia Information Technologies Agency.

10. Technical Amendment Necessary: No.

11. Other Comments: This bill is similar to HB1760.
