Summary of Proposed Legislation:

This proposal creates § 18.2-213.2, which makes it a Class 5 felony for any person to knowingly file a fraudulent lien or encumbrance in a public record against the real or personal property of a state or local employee, member of the General Assembly, member of a local governing body, constitutional officer or employee of a constitutional officer, or board member or employee of a regional jail or jail farm on account of the performance of the official duties of such member, etc., knowing or having reason to know that such lien or encumbrance is false or contains a materially false or fraudulent statement or representation.

The proposal requires the court to forward a copy of the conviction to the clerk of any jurisdiction in which a false lien or encumbrance has been filed. The clerk is required to remove such lien or encumbrance.

Analysis:

Existing fraud statutes in the *Code of Virginia* may not cover the filing of a false lien or encumbrance as described in the proposal. Existing databases do not contain sufficient detail to determine the number of felony convictions that may occur as the result of the proposal.

Impact of Proposed Legislation:

State adult correctional facilities. Because it creates a new Class 5 felony offense, which carries a penalty of incarceration for one to ten years, the proposal may increase the future state-responsible (prison) bed space needs of the Commonwealth. However, existing data do not provide sufficient detail

to estimate the number of new felony convictions that could result from enactment of the proposal. Therefore, the impact on prison bed space needs cannot be determined.

Local adult correctional facilities. Similarly, the proposal may increase the local-responsible (jail) bed space needs of the Commonwealth. However, the impact on jail bed space needs cannot be determined.

Adult community corrections programs. Because the proposal could result in additional felony convictions and subsequent supervision requirements for additional offenders, the proposal may increase the need for adult community corrections resources. Since the number of cases that may be affected cannot be determined, the potential impact on community corrections resources cannot be determined.

Virginia's sentencing guidelines. Because the proposal creates a new felony offense, convictions under the proposed section of the *Code* would not be covered by the sentencing guidelines as the primary, or most serious, offense. Such a conviction, however, could augment the guidelines recommendation if the most serious offense at sentencing is covered by the guidelines. No adjustment to the guidelines is necessary under the proposal.

Juvenile correctional centers. The Department of Juvenile Justice reports that while this proposal could cause an increase in commitments, the impact of this proposal on bed space needs for juvenile correctional centers cannot be determined.

Juvenile detention facilities. The Department of Juvenile Justice reports that this proposal's impact on detention center bed space needs cannot be determined.

Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 3 of the Acts of Assembly of 2012, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000.

Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.
