

1 VIRGINIA ACTS OF ASSEMBLY — CHAPTER

2 *An Act to amend and reenact § 29.1-568 of the Code of Virginia, relating to endangered and threatened*
3 *species.*

4 [S 50]

5 Approved

6 **Be it enacted by the General Assembly of Virginia:**7 **1. That § 29.1-568 of the Code of Virginia is amended and reenacted as follows:**8 **§ 29.1-568. When Board may permit taking of endangered or threatened species; designated**
9 **experimental populations.**

10 A. The Board may permit the taking, exportation, transportation, or possession of any fish or wildlife
11 which is listed by the provisions of this article, for zoological, educational, or scientific purposes and for
12 propagation of such fish or wildlife in captivity for preservation purposes. *Any person may, in*
13 *accordance with all applicable federal and state laws, possess, breed, sell, and transport any non-native*
14 *wildlife included on any list of threatened or endangered species published by the United States*
15 *Secretary of the Interior pursuant to provisions of the federal Endangered Species Act of 1973 (P.L.*
16 *93-205), as amended, when (i) the federal designation does not specifically prohibit such possession,*
17 *breeding, selling, or transporting and (ii) the non-native wildlife is not included on the list of predatory*
18 *or undesirable animals specified by regulations of the Board adopted pursuant to § 29.1-542.*

19 B. The Board may adopt regulations that:

20 1. Allow the taking, possession, exportation, transportation, or release of fish or wildlife within or
21 among designated experimental populations of a specific species, within the context of an approved
22 conservation plan for the species. Any regulation designating an experimental population shall (i) specify
23 the circumstances under which taking of an individual member of an experimental population will be
24 exempt from the prohibitions and penalties authorized under this article and (ii) describe the geographic
25 extent of the experimental population, which shall be distinct from naturally occurring populations
26 continuing to be subject to the prohibitions and penalties authorized under this article.

27 2. Allow incidental take provided such regulations shall (i) describe the allowable circumstances; (ii)
28 include provisions that ensure offsets through the implementation of conservation actions specified by
29 the Department to enhance the long-term survival of the species or population; and (iii) require any
30 actual taking to be at a minimum.
