**6. Budget Amendment Necessary:** No. See Item 8.

**7. Fiscal Impact Estimates:** See Item 8.

**8. Fiscal Implications:** According to the State Corporation Commission, the costs associated with implementing an eFile electronic registration system that limits the submission of information on behalf of a business entity to designated users and whose identity has been established through a verification process will be incorporated within an existing project to update the agency's filing system and business processes. Funding for this project has been provided within the introduced budget in Item 472 of HB30 in the amount of \$2,713,585 in FY 2015 and \$2,445,667 in FY 2016. As long as such funding remains in the final enacted budget, the Commission expects to have adequate funding in the next biennium to meet the requirements of this bill and will do so as part of its existing project. Additionally, the Commission expects to absorb any costs associated with the bill's provision that no articles of dissolution or information that contains officer or director changes shall be accepted through the eFile system between July 1, 2014 and the implementation of the other provisions of the bill, discussed above, within its existing resources and personnel.
