VIRGINIA ACTS OF ASSEMBLY - CHAPTER

2 An Act to amend and reenact §§ 32.1-228.1 and 32.1-229.01 of the Code of Virginia, relating to radon; 3 persons certified as proficient to offer screening, testing, and mitigation.

[H 1723]

6 Be it enacted by the General Assembly of Virginia:

7 1. That §§ 32.1-228.1 and 32.1-229.01 of the Code of Virginia are amended and reenacted as 8 follows:

Approved

§ 32.1-228.1. Department designated state radiation control agency; powers and duties.

10 A. The Department of Health is hereby designated as the state radiation control agency. The Commissioner of Health may employ, compensate, and prescribe the duties of such individuals as may 11 12 be necessary to discharge the responsibilities imposed by this article. 13

B. The Department shall:

1. Collect and disseminate information relating to control of sources of radiation including:

15 a. Establishing and maintaining a file of all applications for, issuances, denials, transfers, renewals, modifications, suspensions and revocations of, and amendments to all licenses; 16

b. Establishing and maintaining a file of registrants possessing sources of radiation requiring 17 registration under the provisions of this article and any administrative or judicial action pertaining 18 19 thereto: and

20 c. Establishing and maintaining a file of all agency rules and regulations related to regulation of 21 sources of radiation, pending or promulgated, and proceedings thereon.

2. Establish a database of registered and certified X-ray machines, which shall include but not be 22 23 limited to the name of the owner or operator and the location of the machine.

24 3. Pursuant to its powers enumerated in § 32.1-25, provide for scheduled and random unannounced 25 inspections of facilities and physicians' offices that provide mammography services to ensure compliance 26 with laws, regulations, or conditions specified by the Board. 27

4. Establish forms for the periodic Radiation Inspection Report.

28 5. Develop programs for responding adequately to radiation emergencies and coordinate such 29 programs with the Department of Emergency Management.

6. Maintain, revise as needed, and make Make available to the public a list of persons who have 30 31 been listed are certified as proficient professionals to offer screening, testing, or mitigation for radon by the United States Environmental Protection Agency, the National Radon Measurement Proficiency 32 33 Program of the National Environmental Health Association, or the National Radon Safety Board 34 Certified Radon Professional Program, or any other proficiency program acceptable to the Board of 35 Health pursuant to § 32.1-229.01. 36

7. Publish and make available a list of qualified inspectors of X-rays and X-ray machines.

37 § 32.1-229.01. Companies listed as proficient to perform radon screening, testing, or mitigation; 38 compliance.

39 A. No person shall conduct or offer to conduct any radon screening, testing, or mitigation in the 40 Commonwealth unless he has been (i) is listed as proficient a professional by the United States 41 Environmental Protection Agency, either the National Radon Measurement Proficiency Program of the 42 National Environmental Health Association or the National Radon Safety Board Certified Radon 43 Professional Program or (ii) meets any other proficiency program measures deemed acceptable to by the U.S. Environmental Protection Agency or the Board of Health to offer for the purpose of offering such 44 45 screening, testing, or mitigation.

46 B. Radon professionals listed as proficient Any person conducting or offering to conduct radon screening, testing, or mitigation in the Commonwealth pursuant to subsection A shall comply with (i) 47 the radon mitigation and testing standards outlined in the U.S. Environmental Protection Agency's 48 publication, EPA 402-R-93-078 402-R-92-003, as revised, or; (ii) the radon mitigation standards 49 50 outlined in the American Society for Testing and Materials (ASTM International) Standard, E-2121-02 E-2121-13, as revised; or (iii) any other radon testing and mitigation standards accepted deemed 51 acceptable by virtue of reference by the U.S. Environmental Protection Agency or the Board. 52
