Be it enacted by the General Assembly of Virginia:**1. That § 58.1-439.12:08 of the Code of Virginia is amended and reenacted as follows:****§ 58.1-439.12:08. Research and development expenses tax credit.**

A. As used in this section, unless the context requires a different meaning:

"Partnership" means the Virginia Economic Development Partnership.

"Virginia base amount" means the base amount as defined in § 41(c) of the Internal Revenue Code, as amended, that is attributable to Virginia, determined by (i) substituting "Virginia qualified research and development expense" for "qualified research expense"; (ii) substituting "Virginia qualified research" for "qualified research"; and (iii) instead of "fixed base percentage," using:

1. The percentage that the Virginia qualified research and development expense for the three taxable years immediately preceding the current taxable year in which the expense is incurred is of the taxpayer's total gross receipts for such years; or

2. The percentage that the Virginia qualified research and development expense for the applicable number of taxable years immediately preceding the current taxable year in which the expense is incurred is of the taxpayer's total gross receipts for such years, for the taxpayer that has fewer than three but at least one prior taxable year.

"Virginia gross receipts" means the same as "gross receipts" as defined in § 58.1-3700.1.

"Virginia qualified research" means qualified research, as defined in § 41(d) of the Internal Revenue Code, as amended, that is conducted in the Commonwealth.

"Virginia qualified research and development expenses" means qualified research expenses, as defined in § 41(b) of the Internal Revenue Code, as amended, incurred for Virginia qualified research.

B. 1. For taxable years beginning on or after January 1, 2011, but before January 1, 2019, a taxpayer shall be allowed a credit against the tax levied pursuant to § 58.1-320 or 58.1-400 in an amount equal to (i) 15 percent of the first \$234,000 in Virginia qualified research and development expenses paid or incurred by the taxpayer during the taxable year or (ii) 20 percent of the first \$234,000 in Virginia qualified research and development expenses paid or incurred by the taxpayer during the taxable year if the Virginia qualified research was conducted in conjunction with a Virginia public or private college or university, to the extent the expenses exceed the Virginia base amount for the taxpayer.

The total amount of credits granted for each fiscal year of the Commonwealth pursuant to this section shall not exceed \$6 million.

2. For taxable years beginning on or after January 1, 2015, but before January 1, 2019, the credit against the tax levied pursuant to § 58.1-320 or 58.1-400 shall equal 10 percent of the difference of (i) the Virginia qualified research and development expenses paid or incurred by the taxpayer during the taxable year and (ii) 50 percent of the average Virginia qualified research and development expenses paid or incurred by the taxpayer for the three taxable years immediately preceding the taxable year for which the credit is being determined. However, if the taxpayer did not pay or incur Virginia qualified research and development expenses in one or more of the three taxable years immediately preceding the taxable year for which the credit is being determined, the tax credit shall equal seven percent of the Virginia qualified research and development expenses paid or incurred by the taxpayer during the taxable year.

C. A taxpayer meeting the requirements of this section shall be eligible to receive a tax credit as provided herein. The Department shall develop and publish guidelines for applications and such guidelines implementing the provisions of this section, which shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.). In the event applications for the tax credits allowed under this section exceed \$6 million for any taxable year, the Department shall apportion the credits by dividing \$6 million by the total amount of tax credits applied for, to determine the percentage of allowed tax credits each taxpayer shall receive. In the event that the total amount of approved tax credits under this section for all applications for any taxable year is less than \$6 million, the Department shall allocate credits up

61 during the taxable year or 20 percent of the second \$234,000 in qualified research expenses conducted

63 D. If the amount of the credit allowed exceeds the taxpayer's tax liability for the taxable year, the
64 amount that exceeds the tax liability shall be refunded to the taxpayer, subject to the limitations set forth
65 in the guidelines developed by the Department.

75 or electing small business corporation (S corporation) pursuant to guidelines that shall be issued by the
76 Department for purposes of such election.

81 the research and development; (iii) the location where supplies used in the research and development are
82 consumed; and (iv) any other factors that the Department deems to be relevant.

92 by the taxpayer; (iv) the total gross receipts or anticipated total gross receipts of the taxpayer for the
93 taxable year for which the credit is sought; and (v) whether the Virginia qualified research was
