§ 46.2-844. Passing stopped school buses; penalty; prima facie evidence; video-monitoring system.

A. The driver of a motor vehicle approaching from any direction a clearly marked school bus which is stopped on any highway, private road or school driveway for the purpose of taking on or discharging children, the elderly, or mentally or physically handicapped persons, who, in violation of § 46.2-859, fails to stop and remain stopped until all such persons are clear of the highway, private road or school driveway, is subject to a civil penalty of \$250 and any prosecution shall be instituted and conducted in the same manner as prosecutions for traffic infractions.

A prosecution or proceeding under § 46.2-859 is a bar to a prosecution or proceeding under this section for the same act and a prosecution or proceeding under this section is a bar to a prosecution or proceeding under § 46.2-859 for the same act.

In any prosecution for which a summons charging a violation of this section was issued within ten days of the alleged violation, proof that the motor vehicle described in the summons was operated in violation of this section, together with proof that the defendant was at the time of such violation the registered owner of the vehicle, as required by Chapter 6 (§ 46.2-600 et seq.) of this title shall give rise to a rebuttable presumption that the registered owner of the vehicle was the person who operated the vehicle at the place where, and for the time during which, the violation occurred.

The testimony of the school bus driver, the supervisor of school buses or a law-enforcement officer that the vehicle was yellow, conspicuously marked as a school bus, and equipped with warning devices as prescribed in § 46.2-1090 is prima facie evidence that the vehicle is a school bus.

B. A locality may, by ordinance, authorize the school division of the locality to install and operate a video-monitoring system in or on the school buses operated by the division or to contract with a private vendor to do so on behalf of the school division for the purpose of recording violations of subsection A. Such ordinance may direct that any civil penalty levied for a violation of subsection A shall be payable to the local school division. *The operator of a vehicle shall be liable for such civil penalty if such vehicle is found, as evidenced by information obtained from a video-monitoring system, to have violated the provisions of such ordinance within such locality.*

C. Proof of a violation of an ordinance adopted pursuant to subsection B shall be evidenced by information obtained from a video-monitoring system authorized pursuant to subsection B. A certificate, sworn to or affirmed by a law-enforcement officer employed by a locality authorized to impose penalties pursuant to this section, or a facsimile thereof, based upon inspection of recorded images produced by a video-monitoring system, shall be prima facie evidence of the facts contained therein. Any recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation pursuant to an ordinance adopted pursuant to this section.

D. In the prosecution for a violation of any ordinance adopted pursuant to subsection B, prima facie evidence that the vehicle described in the summons issued pursuant to this section was operated in violation of such ordinance, together with proof that the defendant was at the time of such violation the owner, lessee, or renter of the vehicle, shall constitute in evidence a rebuttable presumption that such owner, lessee, or renter of the vehicle was the person who committed the violation. Such presumption shall be rebutted if the owner, lessee, or renter of the vehicle (i) files an affidavit by regular mail with the clerk of the general district court that he was not the operator of the vehicle at the time of the alleged violation or (ii) testifies in open court under oath that he was not the operator of the vehicle at the time of the alleged violation. Such presumption shall also be rebutted if a certified copy of a police report, showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation of this section, is presented prior to the return date established on the summons issued

305 pursuant to this section to the court adjudicating the alleged violation.

306 E. Imposition of a penalty pursuant to an ordinance adopted pursuant to subsection B shall not be
307 deemed a conviction as an operator and shall not be made part of the operating record of the person
308 upon whom such liability is imposed, nor shall it be used for insurance purposes in the provision of
309 motor vehicle insurance coverage. No monetary penalty imposed under such ordinance shall include
310 court costs.

311 F. A summons for a violation of an ordinance adopted pursuant to subsection B may be executed
312 pursuant to § 19.2-76.2. Notwithstanding the provisions of § 19.2-76, a summons for a violation of such
313 ordinance may be executed by mailing by first class mail a copy thereof to the owner, lessee, or renter
314 of the vehicle. In the case of a vehicle owner, the copy shall be mailed to the address contained in the
315 records of the Department of Motor Vehicles; in the case of a vehicle lessee or renter, the copy shall be
316 mailed to the address contained in the records of the lessor or renter. Every such mailing shall include,
317 in addition to the summons, a notice of (i) the summoned person's ability to rebut the presumption that
318 he was the operator of the vehicle at the time of the alleged violation through the filing of an affidavit
319 as provided in subsection D and (ii) instructions for filing such affidavit, including the address to which
320 the affidavit is to be sent. If the summoned person fails to appear on the date of return set out in the
321 summons mailed pursuant to this section, the summons shall be executed in the manner set out in
322 § 19.2-76.3. No proceedings for contempt or arrest of a person summoned by mailing shall be instituted
323 for failure to appear on the return date of the summons. Any summons executed for a violation of such
324 ordinance shall provide to the person summoned at least 30 business days from the mailing of the
325 summons to inspect information collected by a video-monitoring system in connection with the violation.

326 G. Information collected by a video-monitoring system installed and operated pursuant to subsection
327 B shall be limited exclusively to that information that is necessary for the enforcement of violations of
328 an ordinance adopted pursuant to subsection B. On behalf of a locality, a private entity that operates a
329 video-monitoring system may enter into an agreement with the Department of Motor Vehicles, in
330 accordance with the provisions of subdivision B 21 of § 46.2-208, to obtain vehicle owner information
331 regarding the registered owners of vehicles that violate such ordinance. Information provided to the
332 operator of a video-monitoring system shall be protected in a database with security comparable to that
333 of the Department of Motor Vehicles' system and used only for enforcement against individuals who
334 violate the provisions of such ordinance. Notwithstanding any other provision of law, all recorded
335 images or other personal information collected by a video-monitoring system shall be used exclusively
336 for enforcing violations of such ordinance and shall not be (i) open to the public; (ii) sold or used for
337 sales, solicitation, or marketing purposes; (iii) disclosed to any other entity except as may be necessary
338 for the enforcement of a violation of such ordinance or to a vehicle owner or operator as part of a
339 challenge to the violation; or (iv) used in a court in a pending action or proceeding unless the action or
340 proceeding relates to a violation of such ordinance or requested upon order from a court of competent
341 jurisdiction. Information collected under this section pertaining to a specific violation shall be purged
342 and not retained later than 60 days after the collection of any civil penalties. If a locality does not
343 execute a summons for a violation of this section within 10 business days, all information collected
344 pertaining to that suspected violation shall be purged within two business days. Any locality operating a
345 video-monitoring system shall annually certify compliance with this section and make all records
346 pertaining to such system available for inspection and audit by the Commissioner of Highways or the
347 Commissioner of the Department of Motor Vehicles or his designee. Any person who discloses personal
348 information in violation of the provisions of this subsection shall be subject to a civil penalty of \$1,000
349 per disclosure. Any unauthorized use or disclosure of such personal information shall be grounds for
350 termination of the agreement between the Department of Motor Vehicles and the private entity.

351 H. A private entity may enter into an agreement with a locality to be compensated for providing the
352 video-monitoring system and all related support services, to include consulting, operations, and
353 administration. However, only a law-enforcement officer employed by a locality may swear to or affirm
354 the certificate required by subsection C. No locality shall enter into an agreement for compensation
355 based on the number of violations or monetary penalties imposed.

356 I. Any locality that uses a video-monitoring system shall evaluate the system on a monthly basis to
357 ensure all cameras are functioning properly. Evaluation results shall be made available to the public.

358 J. Notwithstanding any other provision of this section, if a vehicle depicted in images recorded by a
359 video-monitoring system is owned, leased, or rented by a county, city, or town, then the county, city, or
360 town may access and use the recorded images and associated information for employee disciplinary
361 purposes.

362 K. For purposes of this subsection, ~~"video-monitoring section:~~

363 "Owner" means the registered owner of such vehicle on record with the Department of Motor
364 Vehicles.

365 "Video-monitoring system" means a system with one or more camera sensors and computers installed
366 and operated on a school bus that produces live digital and recorded video of motor vehicles being

367 operated in violation of § 46.2-859. All such systems installed shall, at a minimum, produce a recorded
368 image of the license plate and shall record the activation status of at least one warning device as
369 prescribed in § 46.2-1090 and the time, date, and location of the vehicle when the image is recorded.
