2015 SESSION

15104623D **HOUSE BILL NO. 2355** 1 2 AMENDMENT IN THE NATURE OF A SUBSTITUTE 3 (Proposed by the House Committee for Courts of Justice 4 on February 6, 2015) 5 6 (Patron Prior to Substitute—Delegate Loupassi) A BILL to amend and reenact § 19.2-70.3 of the Code of Virginia, relating to obtaining records 7 concerning electronic communication service or remote computing service; real-time location data. Be it enacted by the General Assembly of Virginia: 8 9 1. That § 19.2-70.3 of the Code of Virginia is amended and reenacted as follows: 10 § 19.2-70.3. Obtaining records concerning electronic communication service or remote 11 computing service. A. A provider of electronic communication service or remote computing service, which, for purposes 12 13 of subdivisions 2 through 4, includes a foreign corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, excluding the 14 15 contents of electronic communications and real-time location data, to an investigative or law-enforcement 16 officer only pursuant to: 17 1. A subpoena issued by a grand jury of a court of the Commonwealth; 18 2. A search warrant issued by a magistrate, general district court, or circuit court; 19 3. A court order for such disclosure issued as provided in subsection B; or 20 4. The consent of the subscriber or customer to such disclosure. 21 B. A court shall issue an order for disclosure under this section only if the investigative or 22 law-enforcement officer shows that there is reason to believe the records or other information sought are 23 relevant and material to an ongoing criminal investigation, or the investigation of any missing child as 24 defined in § 52-32, missing senior adult as defined in § 52-34.4, or an incapacitated person as defined in 25 § 64.2-2000 who meets the definition of a missing senior adult except for the age requirement. Upon issuance of an order for disclosure under this section, the order and any written application or statement 26 27 of facts may be sealed by the court for 90 days for good cause shown upon application of the attorney 28 for the Commonwealth in an ex parte proceeding. The order and any written application or statement of 29 facts may be sealed for additional 90-day periods for good cause shown upon subsequent application of 30 the attorney for the Commonwealth in an ex parte proceeding. A court issuing an order pursuant to this section, on a motion made promptly by the service provider, may quash or modify the order, if the 31 32 information or records requested are unusually voluminous in nature or compliance with such order 33 would otherwise cause an undue burden on such provider. C. Except as provided in subsection D, a provider of electronic communication service or remote 34 35 computing service, including a foreign corporation that provides such services, shall disclose the 36 contents of electronic communications or real-time location data to an investigative or law-enforcement 37 officer only pursuant to a search warrant issued by a magistrate, a juvenile and domestic relations 38 district court, a general district court, or a circuit court, based upon complaint on oath supported by an 39 affidavit as required in § 19.2-54, or judicial officer or court of any of the several states of the United 40 States or its territories, or the District of Columbia when the warrant issued by such officer or such 41 court complies with the provisions of subsection G. In the case of a search warrant directed to a foreign 42 corporation, the affidavit shall state that the complainant believes that the records requested are actually 43 or constructively possessed by a foreign corporation that provides electronic communication service or remote computing service within the Commonwealth of Virginia. If satisfied that probable cause has 44 been established for such belief and as required by Chapter 5 (§ 19.2-52 et seq.), the magistrate, the 45 juvenile and domestic relations district court, the general district court, or the circuit court shall issue a 46 47 warrant identifying those records to be searched for and commanding the person seeking such warrant to properly serve the warrant upon the foreign corporation. A search warrant for real-time location data **48** 49 shall be issued if the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court is satisfied that probable cause has been established that the real-time 50 51 location data sought is relevant to a crime that is being committed, has been committed, or is about to 52 be committed or that an arrest warrant exists for the person whose real-time location data is sought. 53 D. A provider of electronic communication service or remote computing service, including a foreign 54 corporation that provides such services, shall disclose a record or other information pertaining to a

corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, including real-time location data but excluding the contents of electronic communications, to an investigative or law-enforcement officer pursuant to an administrative subpoena issued pursuant to § 19.2-10.2 concerning a violation of § 18.2-374.1 or 18.2-374.1:1, former § 18.2-374.1:2, or § 18.2-374.3 when the information sought is relevant and material to an ongoing criminal investigation. HB2355H1

63

60 E. When disclosure of real-time location data is not prohibited by federal law, an investigative or law-enforcement officer may obtain real-time location data without a warrant in the following 61 62 circumstances:

1. To respond to the user's call for emergency services;

64 2. With the informed, affirmative consent of the owner or user of the electronic device concerned if 65 (i) the device is in his possession; (ii) the owner or user knows or believes that the device is in the 66 possession of an employee or agent of the owner or user with the owner's or user's consent; or (iii) the 67 owner or user knows or believes that the device has been taken by a third party without the consent of 68 the owner or user:

69 3. With the informed, affirmative consent of the legal guardian or next of kin of the owner or user, 70 if reasonably available, if the owner or user is reasonably believed to be deceased, is reported missing, or is unable to be contacted; or 71

72 4. If the investigative or law-enforcement officer reasonably believes that an emergency involving the immediate danger to a person requires the disclosure, without delay, of real-time location data 73 74 concerning a specific person and that a warrant cannot be obtained in time to prevent the identified 75 danger, and the possessor of the real-time location data believes, in good faith, that an emergency 76 involving danger to a person requires disclosure without delay.

No later than three business days after seeking disclosure of real-time location data pursuant to this 77 78 subsection, the investigative or law-enforcement officer seeking the information shall file with the 79 appropriate court a written statement setting forth the facts giving rise to the emergency and the facts as to why the person whose real-time location data was sought is believed to be important in addressing 80 81 the emergency.

F. In order to comply with the requirements of § 19.2-54, any search of the records of a foreign 82 83 corporation shall be deemed to have been made in the same place wherein the search warrant was 84 issued.

85 G. A Virginia corporation or other entity that provides electronic communication services or remote 86 computing services to the general public, when properly served with a search warrant and affidavit in 87 support of the warrant, issued by a judicial officer or court of any of the several states of the United 88 States or its territories, or the District of Columbia with jurisdiction over the matter, to produce a record 89 or other information pertaining to a subscriber to or customer of such service, including real-time 90 location data, or the contents of electronic communications, or both, shall produce the record or other 91 information, including real-time location data, or the contents of electronic communications as if that 92 warrant had been issued by a Virginia court. The provisions of this subsection shall only apply to a 93 record or other information, including real-time location data, or contents of electronic communications 94 relating to the commission of a criminal offense that is substantially similar to (i) a violent felony as defined in § 17.1-805, (ii) an act of violence as defined in § 19.2-297.1, (iii) any offense for which registration is required pursuant to § 9.1-902, (iv) computer fraud pursuant to § 18.2-152.3, or (v) 95 96 97 identity theft pursuant to § 18.2-186.3. The search warrant shall be enforced and executed in the 98 Commonwealth as if it were a search warrant described in subsection C.

99 H. The provider of electronic communication service or remote computing service may verify the 100 authenticity of the written reports or records that it discloses pursuant to this section, excluding the contents of electronic communications, by providing an affidavit from the custodian of those written 101 102 reports or records or from a person to whom said custodian reports certifying that they are true and complete and that they are prepared in the regular course of business. When so authenticated, the written 103 104 reports and records are admissible in evidence as a business records exception to the hearsay rule.

I. No cause of action shall lie in any court against a provider of a wire or electronic communication 105 service or remote computing service or such provider's officers, employees, agents, or other specified 106 persons for providing information, facilities, or assistance in accordance with the terms of a court order, 107 108 warrant, administrative subpoena, or subpoena under this section or the provisions of subsection E.

109 J. A search warrant or administrative subpoena for the disclosure of real-time location data pursuant 110 to this section shall require the provider to provide ongoing disclosure of such data for a reasonable period of time, not to exceed 30 days. A court may, for good cause shown, grant one or more 111 112 extensions, not to exceed 30 days each. 113

K. For the purposes of this section:

114 "Electronic device" means a device that enables access to, or use of, an electronic communication service, remote computing service, or location information service, including a global positioning service 115 116 or other mapping, locational, or directional information service.

"Foreign corporation" means any corporation or other entity, whose primary place of business is 117 located outside of the boundaries of the Commonwealth, that makes a contract or engages in a terms of 118 service agreement with a resident of the Commonwealth to be performed in whole or in part by either 119 120 party in the Commonwealth, or a corporation that has been issued a certificate of authority pursuant to 121 § 13.1-759 to transact business in the Commonwealth. The making of the contract or terms of service agreement or the issuance of a certificate of authority shall be considered to be the agreement of the
foreign corporation or entity that a search warrant or subpoena, which has been properly served on it,
has the same legal force and effect as if served personally within the Commonwealth.

125 "Properly served" means delivery of a search warrant or subpoena by hand, by United States mail, by 126 commercial delivery service, by facsimile or by any other manner to any officer of a corporation or its 127 general manager in the Commonwealth, to any natural person designated by it as agent for the service 128 of process, or if such corporation has designated a corporate agent, to any person named in the latest 129 annual report filed pursuant to § 13.1-775.

"Real-time location data" means any data or information concerning the current location of an
 electronic device that, in whole or in part, is generated, derived from, or obtained by the operation of
 the device.
