WHEREAS, the Ashburn Volunteer Fire and Rescue Department has been serving the community since 1944, protecting the lives and property of the residents of Ashburn and Loudoun County; and

WHEREAS, the mission of the Ashburn Volunteer Fire and Rescue Department (AVFRD) is to protect lives by providing the best possible fire, rescue, emergency, and medical response services; the department also strives to be an active part of the community and is proactive in its campaigns promoting fire safety, education, and prevention; and

WHEREAS, a Baptist minister in the area and a small group of citizens formed the Ashburn Volunteer Fire Company in 1944 after two tragic fires in the community; fundraising efforts began in 1945, and the company's first truck, a 1929 pumper, was purchased in November; and

WHEREAS, until the Ashburn Volunteer Fire Company built a firehouse in 1947, the pumper was housed in a shed during warm weather and in a cow barn during the winter, where heat generated by the cattle kept the vehicle from freezing; and

WHEREAS, in 1946, members of the Ashburn Volunteer Fire Company recorded 11 fire calls in a rural area that had many dairy farms; throughout the remainder of the 20th century, the farmland in and around Ashburn was transformed into suburban communities of houses, townhomes, businesses, shopping centers, and parks; and

WHEREAS, rescue services eventually were added to the company's responsibilities, and its name was changed to the Ashburn Volunteer Fire and Rescue Department; today, the AVFRD has 200 active members; and

WHEREAS, the dedicated volunteer emergency responders of the AVFRD work in tandem with career firefighters; the volunteers staff two fire stations nightly, one in Ashburn and one in Lansdowne, protecting and serving the community they call home; now, therefore, be it
