Every organization that owns and controls a movable soccer goal shall establish a soccer goal safety, training, and education policy, consistent with the Guidelines for Movable Soccer Goal Safety published by the U.S. Consumer Product Safety Commission, that outlines how the organization will address (i) any safety concerns related to movable soccer goals, including the dangers of unanchored or improperly anchored soccer goals tipping over, (ii) the care that must be taken to ensure proper installation, setup, maintenance, and transportation of movable soccer goals, and (iii) the necessary training for coaches and referees to ensure the responsible use of movable soccer goals. The Department, in conjunction with the Department of Conservation and Recreation, shall provide technical assistance to organizations to establish such policies.
