

SENATE JOINT RESOLUTION NO. 268

Directing the Joint Legislative Audit and Review Commission to study the Commonwealth's Medicaid program. Report.

Agreed to by the Senate, February 27, 2015

Agreed to by the House of Delegates, February 26, 2015

WHEREAS, the Commonwealth's program of medical assistance services, also known as the Medicaid program, is the largest program in the Commonwealth's budget, accounting for more than \$8 billion in combined state and federal funds in fiscal year 2014; and

WHEREAS, the Commonwealth's Medicaid program has become increasingly complex as coverage has expanded to include services related to long-term care, behavioral health, and developmental disabilities; and

WHEREAS, elderly Virginians and Virginians with disabilities represent a minority of enrollees in the Medicaid program but account for the majority of expenditures for medical assistance services and generally receive services through a fee-for-service rather than a managed care system; and

WHEREAS, a review of the eligibility process, particularly for long-term care services, could lead to strategies that strengthen the integrity of the program, improve efficiencies, and ensure that limited financial resources are directed to the individuals and families who most require assistance; and

WHEREAS, in light of budgetary pressures facing states across the nation, promising models of care and administrative processes have been implemented to lower costs associated with medical assistance services while maintaining and improving patient outcomes; and

WHEREAS, a comprehensive and analytical review of the Medicaid program should build upon and not duplicate the knowledge and findings from completed studies; now, therefore, be it

RESOLVED by the Senate, the House of Delegates concurring, That the Joint Legislative Audit and Review Commission be directed to study the Commonwealth's Medicaid program. In conducting its study, the Joint Legislative Audit and Review Commission shall review (i) the processes used to determine eligibility, including the financial eligibility screening process for long-term care services, whether asset sheltering could be further prevented and asset recoveries improved, and the effectiveness of existing fraud and abuse detection and prevention efforts; (ii) whether the most appropriate services are provided in a cost-effective manner; (iii) evidence-based practices and strategies that have been successfully adopted in other states and could be used in the Commonwealth; and (iv) other relevant issues, and make recommendations as appropriate.

Technical assistance shall be provided to the Joint Legislative Audit and Review Commission by the Office of the Secretary of Health and Human Resources and the Department of Medical Assistance Services. All agencies of the Commonwealth shall provide assistance to the Joint Legislative Audit and Review Commission for this study, upon request.

The Joint Legislative Audit and Review Commission shall complete its meetings for the first year by November 30, 2015, and for the second year by November 30, 2016, and the chairman shall submit to the Division of Legislative Automated Systems an executive summary of its findings and recommendations no later than the first day of the next Regular Session of the General Assembly for each year. Each executive summary shall state whether the Joint Legislative Audit and Review Commission intends to submit to the General Assembly and the Governor a report of its findings and recommendations for publication as a House or Senate document. The executive summaries and reports shall be submitted as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website.
