Agreed to by the Senate, February 2, 2015

Agreed to by the House of Delegates, February 17, 2015

WHEREAS, Senate Joint Resolution No. 360 (2005) directed the Joint Legislative Audit and Review Commission (JLARC) to evaluate the total cost of compliance by Virginia manufacturers with state and federal environmental, economic, workplace, and tax regulations and to compare the cost of regulatory compliance borne by Virginia manufacturers with the costs of regulatory compliance borne by manufacturers in other Mid-Atlantic and Southern states; and

WHEREAS, the Joint Legislative Audit and Review Commission completed its study in November 2006 (Senate Document No. 18) and estimated that Virginia manufacturers spent between \$923 million and \$3.49 billion in 2005 in complying with state and federal regulations, which averages between \$3,121 and \$11,791 per employee as estimated by JLARC; and

WHEREAS, the Joint Legislative Audit and Review Commission study also concluded that Virginia's manufacturing sector lost approximately 66,000 jobs between 2000 and 2005; and

WHEREAS, while the Joint Legislative Audit and Review Commission concluded that Virginia's regulations do not greatly expand upon federal regulations, it is crucial for the economic vitality of Virginia's manufacturers that this remains the case; and

WHEREAS, updating the research and analysis performed by the Joint Legislative Audit and Review Commission in 2005 would provide General Assembly members with more current information for use in crafting regulatory policies in Virginia; now, therefore, be it

RESOLVED by the Senate, the House of Delegates concurring, That the Joint Legislative Audit and Review Commission be directed to update its 2005 study of the impact of regulations on Virginia's manufacturing sector.
