2. Patron: Bell, Robert B.

3. Committee: Education and Health

4. Title: Students receiving home instruction; participation in interscholastic programs.

5. Summary: The proposed legislation would prohibit school divisions from joining organizations governing public school interscholastic programs if such organization does not allow the participation of home-schooled students who meet specified requirements. The bill allows such students to be charged reasonable fees for participation. The bill contains a sunset provision of July 1, 2020.

6. Budget Amendment Necessary: None.

7. Fiscal Impact Estimates: Preliminary. See Item 8.

8. Fiscal Implications: If this bill is enacted, there is no anticipated state fiscal impact resulting from this legislation. There is a potential for a fiscal impact to local school divisions if the “reasonable” fees charged for participation do not cover the total cost to the local school division. The bill does not define what constitutes a reasonable fee. The fees charged will vary across the school divisions in the state. Any local fiscal impact cannot be determined at this time.

9. Specific Agency or Political Subdivisions Affected: Local school divisions

10. Technical Amendment Necessary: None.

11. Other Comments: None.
