Current Law

Under current law, taxpayers may claim an income tax credit of \$500 for each new green job created in Virginia with a salary of \$50,000 or more. The credit is allowed for the taxable year in which the job has been filled for at least one year and for each of the four succeeding taxable years provided the job is continuously filled during the respective taxable year. Green jobs include employment in industries relating to the field of renewable, alternative energies. Each taxpayer is allowed the credit for up to 350 jobs. Taxpayers may qualify for this credit and the Enterprise Zone Grant Program, but a taxpayer is not allowed a tax credit for any green job for which the taxpayer is allowed a major business facility job tax credit or a federal tax credit for investments in manufacturing facilities for clean energy technologies.

Proposed Legislation

This bill would extend the sunset date for the Green Job Creation Tax Credit for two years, from January 1, 2015 to January 1, 2017.

The effective date of this bill is not specified.

Similar Legislation

House Bill 1844 would extend the provision that requires a qualified major business facility to claim the credit allowed per qualified full-time employee over two taxable years instead of over three taxable years.

Senate Bill 1037 is identical to this bill.
