4. Title: Disclosure of data breach of government electronic information.

5. Summary: Requires the Chief Information Officer of the Commonwealth to include in the policies, procedures, and standards required to be developed for the protection of confidential data maintained by state agencies requirements for prompt notification of affected citizens of the Commonwealth in the event of a breach of the security of state government electronic information from unauthorized uses, intrusions, or other security threats, which breach compromises such citizens' personal information. The bill defines personal information. The bill also broadens the definition of the terms "government" and "governmental subdivisions" contained in the breach of personal information notification law to include any entity, public or private, that contracts for the operation of a system of personal information to accomplish an agency function.

6. Budget Amendment Necessary: No.

7. Fiscal Impact Estimates: No state fiscal impact.

8. Fiscal Implications: This legislation requires the existing policies, procedures, and standards for protecting confidential data maintained by agencies to also include requirements for prompt notification of affected citizens of the Commonwealth in the event of a security breach of state government maintained information. No material state fiscal impact is expected from developing such requirements.

9. Specific Agency or Political Subdivisions Affected: Virginia Information Technologies Agency

10. Technical Amendment Necessary: No.

11. Other Comments: None.
