3. Committee: Senate Floor

4. Title: Natural gas utilities; recovery of system expansion infrastructure costs.

5. Summary: Natural gas utilities; recovery of system expansion infrastructure costs. Establishes a procedure under which a natural gas utility may seek State Corporation Commission (SCC) approval of a system expansion plan that includes, among other things, a schedule for recovery of eligible system expansion infrastructure costs through a system expansion rider and a methodology for deferral of unrecovered eligible system expansion costs. A system expansion plan and system expansion rider shall allocate and charge costs in accordance with cost causation principles in order to avoid any undue cross-subsidization between rate classes. The SCC is barred from examining other revenue requirement or ratemaking issues in its consideration of the natural gas utility's application. Costs recovered under this measure shall be in addition to all other costs that the natural gas utility is permitted to recover, shall not be considered an offset to other approved costs of service or revenue requirements, and shall not be included in any computation relative to a performance-based regulation plan revenue-sharing mechanism.

6. Budget Amendment Necessary: No.

7. Fiscal Impact Estimates: No fiscal impact on the State Corporation Commission.

8. Fiscal Implications: None on the State Corporation Commission.

9. Specific Agency or Political Subdivisions Affected: State Corporation Commission.

10. Technical Amendment Necessary: No.

11. Other Comments: Identical to House Bill 1475.
