positions, or a job created when a job function is shifted from an existing location in the Commonwealth to the international trade facility, and positions in building and grounds maintenance, security, and other such positions that are ancillary to the principal activities performed by the employees at the international trade facility shall not qualify as new, permanent full-time positions.

Export cargo must be loaded on a barge or ocean-going vessel and import cargo must be discharged from a barge or ocean-going vessel at such facility.

B. For taxable years beginning on and after January 1, 2011, but before January 1, ~~2017~~ 2022, a taxpayer satisfying the requirements of this section shall be allowed a credit against the taxes imposed by Articles 2 (§ 58.1-320 et seq.) and 10 (§ 58.1-400 et seq.). The amount of the credit earned pursuant to this section shall be equal to either (i) \$3,500 per qualified full-time employee that results from increased qualified trade activities by the taxpayer or (ii) an amount equal to two percent of the capital investment made by the taxpayer to facilitate the increased qualified trade activities. The election of which tax credit amount to claim shall be the responsibility of the taxpayer. Both tax credits shall not be claimed for the same activities that occur in a calendar year. The portion of the \$3,500 credit earned with respect to any qualified full-time employee who works in the Commonwealth for less than 12 full months during the credit year shall be determined by multiplying the credit amount by a fraction, the numerator of which is the number of full months such employee worked for the international trade facility in the Commonwealth during the credit year and the denominator of which is 12.

C. The Tax Commissioner shall issue tax credits under this section, and in no case shall the Tax Commissioner issue more than \$1,250,000 in tax credits pursuant to this section in any fiscal year of the Commonwealth. If the amount of tax credits requested under this section for any taxable year exceeds \$1,250,000, such credits shall be allocated proportionately among all qualified taxpayers. The Tax Commissioner shall not issue tax credits under this section subsequent to the Commonwealth's fiscal year ending on June 30, ~~2017~~ 2022. The taxpayer shall not be allowed to claim any tax credit under this section unless it has applied to the Department for the tax credit and the Department has approved the credit. The Department shall determine the credit amount allowable for the taxable year and shall provide a written certification to the taxpayer, which certification shall report the amount of the tax credit approved by the Department. The taxpayer shall attach the certification to the applicable income tax return.

D. The amount of the credit allowed pursuant to this section shall not exceed 50 percent of the tax imposed for the taxable year. Any remaining credit amount may be carried forward for the next 10 taxable years. In the event a taxpayer who is subject to the limitation imposed pursuant to this subsection is allowed a different tax credit pursuant to another section of the Code, or has a credit carry forward from a preceding taxable year, such taxpayer shall be considered to have first utilized any credit that does not have a carry forward provision, and then any credit carried forward from a preceding taxable year, before using any of the credit allowed pursuant to this section.

E. No credit shall be earned for any employee (i) for whom a credit under this section was previously earned by a related party as defined in § 267(b) of the Internal Revenue Code, as amended, or a trade or business under common control as defined in § 52(b) of the Internal Revenue Code, as amended; (ii) who was previously employed in the same job function in Virginia by a related party as defined in § 267(b) of the Internal Revenue Code, as amended, or a trade or business under common control as defined in § 52(b) of the Internal Revenue Code, as amended; (iii) whose job function was previously performed at a different location in Virginia by an employee of the taxpayer, by a related party as defined in § 267(b) of the Internal Revenue Code, as amended, or by a trade or business under common control as defined in § 52(b) of the Internal Revenue Code, as amended; or (iv) whose job function previously qualified for a credit under this section at a different major business facility, as defined in subsection C of § 58.1-439, on behalf of the taxpayer, by a related party as defined in § 267(b) of the Internal Revenue Code, as amended, or a trade or business under common control as defined in § 52(b) of the Internal Revenue Code, as amended.

F. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company shall be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

G. For purposes of this section, two or more affiliated companies may elect to aggregate the number

of jobs created for qualified full-time employees or the amounts of capital investments as the result of the establishment or expansion by the individual companies in order to qualify for the credit allowed herein.

H. Recapture of the credit amount, under the following circumstances, shall be accomplished by increasing the tax in any of the five years succeeding the taxable year in which a credit has been earned pursuant to this section if the number of qualified full-time employees falls below the average number of qualified full-time employees during the taxable year. The tax increase amount shall be determined by (i) recalculating the credit that would have been earned for the original taxable year using the decreased number of qualified full-time employees and (ii) subtracting the recalculated credit amount from the amount previously earned. In the event that the average number of qualified full-time employees employed at an international trade facility falls below the number employed by the taxpayer prior to claiming any credits pursuant to this section in any of the five taxable years succeeding the year in which the credits were earned, all credits earned with respect to the international trade facility shall be recaptured. No credit amount shall be recaptured more than once pursuant to this subsection. Any recapture pursuant to this subsection shall reduce credits earned but not yet allowed, and credits allowed but carried forward, before the taxpayer's tax liability is increased.

I. Notwithstanding the provisions of § 58.1-3, the Department of Taxation shall annually provide information to the Virginia Port Authority related to tax credits issued pursuant to this section.

J. The Tax Commissioner shall issue guidelines that are necessary and desirable to carry out the provisions of this section, including (i) the computation, carryover, and recapture of the credits provided under this section; (ii) the establishment of criteria for (a) international trade facilities, (b) qualified full-time employees at such facilities, and (c) capital investments; and (iii) the computation, carryover, recapture, and redemption of the credit by affiliated companies. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

**§ 58.1-439.12:09. Barge and rail usage tax credit.**

1. Is doing business in the Commonwealth and engaged in port-related activities, including but not limited to warehousing, distribution, freight forwarding and handling, and goods processing;

2. Has the sole discretion and authority to move cargo originating or terminating in the Commonwealth;

3. Uses maritime port facilities located in the Commonwealth; and

4. Uses barges and rail systems to move cargo through port facilities in the Commonwealth rather than trucks or other motor vehicles on the Commonwealth's highways.

B. For taxable years beginning on and after January 1, 2011, but before January 1, 2017 2022, a company that is an international trade facility shall be allowed a credit against the taxes imposed by Articles 2 (§ 58.1-320 et seq.), 6 (§ 58.1-360 et seq.), and 10 (§ 58.1-400 et seq.); Chapter 12 (§ 58.1-1200 et seq.); Article 1 (§ 58.1-2500 et seq.) of Chapter 25; or Article 2 (§ 58.1-2620 et seq.) of Chapter 26. The amount of the credit shall be \$25 per 20-foot equivalent unit (TEU), 16 tons of noncontainerized cargo, or one unit of roll-on/roll-off cargo moved by barge or rail rather than by trucks or other motor vehicles on the Commonwealth's highways.

C. The Tax Commissioner shall issue tax credits under this section, and in no case shall the Tax Commissioner issue more than \$500,000 in tax credits pursuant to this section in any fiscal year of the Commonwealth. In addition, the Tax Commissioner shall not issue tax credits under this section subsequent to the Commonwealth's fiscal year ending on June 30, 2017 2022. The international trade facility shall not be allowed to claim any tax credit under this section unless it has applied to the Department for the tax credit and the Department has approved the credit. The Department shall determine the credit amount allowable for the year and shall provide a written certification to the international trade facility, which certification shall report the amount of the tax credit approved by the Department. The international trade facility shall attach the certification to the applicable tax return.

D. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company shall be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

E. Any credit not usable for the taxable year may be carried over for the next five taxable years or until such credit is fully taken, whichever occurs first. The amount of the credit allowed pursuant to this section shall not exceed the tax imposed for such taxable year. No credit shall be carried back to a preceding taxable year. If a taxpayer that is subject to the tax limitation imposed pursuant to this subsection is allowed another credit pursuant to any other section of this Code or has a credit carryover from a preceding taxable year, such taxpayer shall be considered to have first utilized any credit allowed that does not have a carryover provision, and then any credit that is carried forward from a preceding

taxable year, before using any credit allowed pursuant to this section.

F. Notwithstanding the provisions of § 58.1-3, the Department of Taxation shall annually provide information to the Virginia Port Authority related to tax credits issued pursuant to this section.

G. The Tax Commissioner shall issue guidelines that are necessary and desirable to carry out the provisions of this section, including (i) the computation and carryover of the credits provided under this section and (ii) the establishment of criteria for international trade facilities. Such guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

"Agricultural entity" means a person engaged in growing or producing wheat, grains, fruits, nuts, crops; tobacco, nursery, or floral products; forestry products excluding raw wood fiber or wood fiber processed or manufactured for use as fuel for the generation of electricity; or seafood, meat, dairy, or poultry products.

"Base year port cargo volume" means the total amount of (i) net tons of noncontainerized cargo, (ii) TEUs of cargo, or (iii) units of roll-on/roll-off cargo actually transported by way of a waterborne ship or vehicle through a port facility during the period from (i) January 1, 2010, through December 31, 2010, for manufacturing-related entities or (ii) January 1, 2012, through December 31, 2012, for agricultural entities and mineral and gas entities. Base year port cargo volume must be at least 75 net tons of noncontainerized cargo, 10 loaded TEUs, or 10 units of roll-on/roll-off cargo for a taxpayer to be eligible for the credits provided in this section. For a taxpayer that does not ship that amount in the year ending December 31, 2010, or December 31, 2012, as applicable, including a taxpayer who locates in Virginia after such periods, its base cargo volume will be measured by the initial January 1 through December 31 calendar year in which it meets the requirements of 75 net tons of noncontainerized cargo, 10 loaded TEUs, or 10 units of roll-on/roll-off cargo. Base year port cargo volume must be recalculated each calendar year after the initial base year.

"Major facility" means a new facility to be located in Virginia that is projected to import or export cargo through a port in excess of 25,000 TEUs in its first calendar year.

"Manufacturing-related entity" means a person engaged in the manufacturing of goods or the distribution of manufactured goods.

"Port facility" means any publicly or privately owned facility located within the Commonwealth through which cargo is transported by way of a waterborne ship or vehicle to or from destinations outside the Commonwealth and which handles cargo owned by third parties in addition to cargo owned by the port facility's owner.

"TEU" or "20-foot equivalent unit" means a volumetric measure based on the size of a container that is 20 feet long by eight feet wide by eight feet, six inches high.

B. 1. For taxable years beginning on and after January 1, 2011, but before January 1, 2017 2022, a taxpayer that is an agricultural entity, manufacturing-related entity, or mineral and gas entity that uses port facilities in the Commonwealth and increases its port cargo volume at these facilities by a minimum of five percent in a single calendar year over its base year port cargo volume is eligible to claim a credit against the tax levied pursuant to §§ 58.1-320 and 58.1-400 in an amount determined by the Virginia Port Authority. The Virginia Port Authority may waive the requirement that port cargo volume be increased by a minimum of five percent over base year port cargo volume for any taxpayer that qualifies as a major facility.

2. Qualifying taxpayers that increase their port cargo volume by a minimum of five percent in a qualifying calendar year shall receive a \$50 credit against the tax levied pursuant to §§ 58.1-320 and 58.1-400 for each TEU, unit of roll-on/roll-off cargo, or 16 net tons of noncontainerized cargo, as applicable, above the base year port cargo volume. A qualifying taxpayer that is a major facility as defined in this section shall receive a \$50 credit against the tax levied pursuant to §§ 58.1-320 and 58.1-400 for each TEU, unit of roll-on/roll-off cargo, or 16 net tons of noncontainerized cargo, as applicable, transported through a port facility during the major facility's first calendar year. A qualifying taxpayer may not receive more than \$250,000 for each calendar year except as provided for in subdivision C 2. The maximum amount of credits allowed for all qualifying taxpayers pursuant to this section shall not exceed \$3.2 million for each calendar year. The Virginia Port Authority shall allocate the credits pursuant to the provisions in subdivisions C 1 and C 2.

3. If the credit exceeds the taxpayer's tax liability for the taxable year, the excess amount may be carried forward and claimed against income taxes in the next five succeeding taxable years.

4. The credit may be claimed by the taxpayer as provided in subdivision 1 only if the taxpayer owns

the cargo at the time the port facilities are used.

C. 1. For every year in which a taxpayer claims the credit, the taxpayer shall submit an application to the Virginia Port Authority by March 1 of the calendar year after the calendar year in which the increase in port cargo volume occurs. The taxpayer shall attach a schedule to the taxpayer's application to the Virginia Port Authority with the following information and any other information requested by the Virginia Port Authority or the Department:

a. A description of how the base year port cargo volume and the increase in port cargo volume were determined;

b. The amount of the base year port cargo volume;

c. The amount of the increase in port cargo volume for the taxable year stated both as a percentage increase and as a total increase in net tons of noncontainerized cargo, TEUs of cargo, and units of roll-on/roll-off cargo, as applicable, including information that demonstrates an increase in port cargo volume in excess of the minimum amount required to claim the tax credits pursuant to this section;

d. Any tax credit utilized by the taxpayer in prior years; and

e. The amount of tax credit carried over from prior years.

2. If on March 15 of each year the \$3.2 million amount of credit is not fully allocated among qualifying taxpayers, then those taxpayers who have been allocated a credit for the prior year shall be allowed a pro rata share of the remaining allocated credit up to \$3.2 million. If on March 15 of each year, the cumulative amount of tax credits requested by qualifying taxpayers for the prior year exceeds \$3.2 million, then the \$3.2 million in credits shall be prorated among the qualifying taxpayers who requested the credit.

3. The taxpayer shall claim the credit on its income tax return in a manner prescribed by the Department. The Department may require a copy of the certification form issued by the Virginia Port Authority be attached to the return or otherwise provided. Qualifying taxpayers may also claim the credit pursuant to § 58.1-439.12:09 for the same containers, noncontainerized cargo, or roll-on/roll-off units of cargo for which a credit is claimed under this section provided such taxpayer meets the applicable criteria set forth therein.

D. Credits granted to a partnership, limited liability company, or electing small business corporation (S corporation) shall be allocated to the individual partners, members, or shareholders, respectively, in proportion to their ownership interests in such business entities.

**§ 58.1-439.15. Technology Initiative in Tobacco-Dependent Localities Fund.**

There is hereby created in the Department of the Treasury a special fund that shall be known as the Technology Initiative in Tobacco-Dependent Localities Fund (the Fund). The Fund shall be composed of those moneys deposited from the Tobacco Indemnification and Community Revitalization Fund as provided in § 3.2-3106. The Department of the Treasury shall administer and manage the Fund. Moneys in the Fund shall be made available to reimburse the general fund for providing tax credits under this article, including redeeming tax credits pursuant to § 58.1-439.14 and pursuant to subsection I of § 58.1-439.12:06, and shall be used to reimburse the general fund for the administrative costs incurred by the Department of Taxation in implementing the provisions of this article. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. After all eligible tax credits have been claimed through all taxable years beginning before January 1, 2013, any moneys left in the Fund shall revert to the Tobacco Indemnification and Community Revitalization Fund.
