CHAPTER 19.1.

COLLEGE PARTNERSHIP LABORATORY SCHOOLS.

§ 22.1-349.1. Definitions; objectives.

A. As used in this chapter, unless the context requires a different meaning:

"At-risk student" means a student having a physical, emotional, intellectual, socioeconomic, or cultural risk factor, as defined in Board criteria, that research indicates may negatively influence educational success.

"College partnership laboratory school" means a public, nonsectarian, nonreligious school in the Commonwealth established by a public institution of higher education or private institution of higher education that operates a teacher education program approved by the Board.

B. College partnership laboratory schools may be established as provided in this chapter to (i) stimulate the development of innovative programs for preschool through grade 12 students; (ii) provide opportunities for innovative instruction and assessment; (iii) provide teachers with a vehicle for establishing schools with alternative innovative instruction and school scheduling, management, and structure; (iv) encourage the use of performance-based educational programs; (v) establish high standards for both teachers and administrators; (vi) encourage greater collaboration between education providers from preschool to the postsecondary level; and (vii) develop models for replication in other public schools.

§ 22.1-349.2. College Partnership Laboratory School Fund.

There is created in the state treasury a special nonreverting fund to be known as the College Partnership Laboratory School Fund, referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller. All funds appropriated in accordance with the general appropriation act and any gifts, grants, bequests, or donations from public or private sources shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to the Fund. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of establishing or supporting college partnership laboratory schools that stimulate the development of alternative education programs for preschool through grade 12 students by providing opportunities for innovative instruction and greater cooperation and coordination between institutions of higher education and preschool through grade 12 education systems. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Superintendent of Public Instruction. The Board shall establish criteria for making distributions from the Fund to a college partnership laboratory school requesting moneys from the Fund and may issue guidelines governing the Fund as it deems necessary and appropriate.

§ 22.1-349.3. Establishment and operation of college partnership laboratory schools; requirements.

A. A college partnership laboratory school is subject to all federal and state laws and regulations and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, gender, national origin, religion, ancestry, or need for special education services.

B. Enrollment in college partnership laboratory schools shall be open through a lottery process on a space-available basis to any student who is deemed to reside within the Commonwealth. A waiting list shall be established if adequate space is not available to accommodate all students whose parents have requested to be entered in the lottery process. Such waiting list shall also be prioritized through a lottery process, and parents shall be informed of their student's position on the list. For college partnership laboratory schools that form a collaborative partnership with one or more local school divisions in accordance with subsection G, enrollment in the college partnership laboratory school shall be administered by one of the partnering divisions.

C. A college partnership laboratory school shall be administered and managed by a governing board. Pursuant to a contract and as specified in § 22.1-349.4, a college partnership laboratory school is subject to the requirements of the Standards of Quality, including the Standards of Learning and the Standards of Accreditation, and such regulations as are determined by the Board.

D. Pursuant to a college partnership laboratory school agreement, a college partnership laboratory school is responsible for its own operations, including such budget preparation, contracts for services,

and personnel matters as are specified in the agreement. A college partnership laboratory school may also negotiate and contract with a school board, the governing body of an institution of higher education, or any third party for the use of a school building or grounds, the operation and maintenance of such building or grounds, and the provision of any service, activity, or undertaking that the college partnership laboratory school is required to perform in order to carry out the educational program described in its contract. E. No college partnership laboratory school shall charge tuition for courses required for high school graduation. However, (i) tuition may be charged for courses for which the student receives college credit and enrichment courses that are not required to earn a Board-approved high school diploma and (ii) for college partnership laboratory schools that form a collaborative partnership with one or more local school divisions in accordance with subsection G, the school board of the partnering school division that administers student enrollment in accordance with subsection A may charge tuition in accordance with § 22.1-5 for students who do not reside within the partnering school division.

F. An approved college partnership laboratory school shall be designated as a local education agency but shall not constitute a school division.

G. College partnership laboratory schools are encouraged to develop collaborative partnerships with local school divisions for the purpose of building seamless education opportunities for all preschool through postsecondary students in the Commonwealth. An educational program provided to students enrolled in a local school division pursuant to a collaborative partnership between the college partnership laboratory school and the local school division is the educational program of the local school division for purposes of the Standards of Accreditation.

A. The contract between the college partnership laboratory school and the Board shall reflect all agreements regarding the release of the college partnership laboratory school from state regulations, consistent with the requirements of subsection C of § 22.1-349.3. **Article 2.
Powers and Duties.**

§ 23.1-203. Duties of Council.

The Council shall:

1. Develop a statewide strategic plan that (i) reflects the goals set forth in subsection A of § 23.1-1002 or (ii) once adopted, reflects the goals and objectives developed pursuant to subdivision B 5 of § 23.1-309 for higher education in the Commonwealth, identifies a coordinated approach to such state and regional goals, and emphasizes the future needs for higher education in the Commonwealth at both the undergraduate and the graduate levels and the mission, programs, facilities, and location of each of the existing institutions of higher education, each public institution's six-year plan, and such other matters as the Council deems appropriate. The Council shall revise such plan at least once every six years and shall submit such recommendations as are necessary for the implementation of the plan to the Governor and the General Assembly.

2. Review and approve or disapprove any proposed change in the statement of mission of any public institution of higher education and define the mission of all newly created public institutions of higher education. The Council shall report such approvals, disapprovals, and definitions to the Governor and the General Assembly at least once every six years. No such actions shall become effective until 30 days after adjournment of the session of the General Assembly next following the filing of such a report. Nothing in this subdivision shall be construed to authorize the Council to modify any mission statement adopted by the General Assembly or empower the Council to affect, either directly or indirectly, the selection of faculty or the standards and criteria for admission of any public institution of higher education, whether relating to academic standards, residence, or other criteria. Faculty selection and student admission policies shall remain a function of the individual public institutions of higher education.

3. Study any proposed escalation of any public institution of higher education to a degree-granting level higher than that level to which it is presently restricted and submit a report and recommendation to the Governor and the General Assembly relating to the proposal. The study shall include the need for and benefits or detriments to be derived from the escalation. No such institution shall implement any such proposed escalation until the Council's report and recommendation have been submitted to the General Assembly and the General Assembly approves the institution's proposal.

4. Review and approve or disapprove all enrollment projections proposed by each public institution of higher education. The Council's projections shall be organized numerically by level of enrollment and shall be used solely for budgetary, fiscal, and strategic planning purposes. The Council shall develop estimates of the number of degrees to be awarded by each public institution of higher education and include those estimates in its reports of enrollment projections. The student admissions policies for such institutions and their specific programs shall remain the sole responsibility of the individual governing boards but all baccalaureate public institutions of higher education shall adopt dual admissions policies with comprehensive community colleges as required by § 23.1-907.

5. Review and approve or disapprove all new undergraduate or graduate academic programs that any public institution of higher education proposes.

6. Review and require the discontinuance of any undergraduate or graduate academic program that is presently offered by any public institution of higher education when the Council determines that such academic program is (i) nonproductive in terms of the number of degrees granted, the number of students served by the program, the program's effectiveness, and budgetary considerations or (ii) supported by state funds and unnecessarily duplicative of academic programs offered at other public institutions of higher education. The Council shall make a report to the Governor and the General Assembly with respect to the discontinuance of any such academic program. No such discontinuance shall become effective until 30 days after the adjournment of the session of the General Assembly next following the filing of such report.

7. Review and approve or disapprove the establishment of any department, school, college, branch, division, or extension of any public institution of higher education that such institution proposes to establish, whether located on or off the main campus of such institution. If any organizational change is determined by the Council to be proposed solely for the purpose of internal management and the institution's curricular offerings remain constant, the Council shall approve the proposed change. Nothing in this subdivision shall be construed to authorize the Council to disapprove the establishment of any such department, school, college, branch, division, or extension established by the General Assembly.

8. Review the proposed closure of any academic program in a high demand or critical shortage area, as defined by the Council, by any public institution of higher education and assist in the development of an orderly closure plan, when needed.

9. Develop a uniform, comprehensive data information system designed to gather all information necessary to the performance of the Council's duties. The system shall include information on admissions, enrollment, self-identified students with documented disabilities, personnel, programs, financing, space inventory, facilities, and such other areas as the Council deems appropriate. When consistent with the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.), the Virginia Unemployment Compensation Act (§ 60.2-100 et seq.), and applicable federal law, the Council, acting solely or in partnership with the Virginia Department of Education or the Virginia Employment Commission, may contract with private entities to create de-identified student records in which all personally identifiable information has been removed for the purpose of assessing the performance of institutions and specific programs relative to the workforce needs of the Commonwealth.

10. In cooperation with public institutions of higher education, develop guidelines for the assessment of student achievement. Each such institution shall use an approved program that complies with the guidelines of the Council and is consistent with the institution's mission and educational objectives in the development of such assessment. The Council shall report each institution's assessment of student achievement in the revisions to the Commonwealth's statewide strategic plan for higher education.

11. In cooperation with the appropriate state financial and accounting officials, develop and establish uniform standards and systems of accounting, recordkeeping, and statistical reporting for public institutions of higher education.

12. Review biennially and approve or disapprove all changes in the inventory of educational and general space that any public institution of higher education proposes and report such approvals and disapprovals to the Governor and the General Assembly. No such change shall become effective until 30 days after the adjournment of the session of the General Assembly next following the filing of such report.

13. Visit and study the operations of each public institution of higher education at such times as the Council deems appropriate and conduct such other studies in the field of higher education as the Council deems appropriate or as may be requested by the Governor or the General Assembly.

14. Provide advisory services to each accredited nonprofit private institution of higher education whose primary purpose is to provide collegiate or graduate education and not to provide religious training or theological education on academic, administrative, financial, and space utilization matters. The Council may review and advise on joint activities, including contracts for services between public and such private institutions of higher education or between such private institutions of higher education

and any agency or political subdivision of the Commonwealth.

15. Adopt such policies and regulations as the Council deems necessary to implement its duties established by state law. Each public institution of higher education shall comply with such policies and regulations.

16. Issue guidelines consistent with the provisions of the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g), requiring public institutions of higher education to release a student's academic and disciplinary record to a student's parent.

17. Require each institution of higher education formed, chartered, or established in the Commonwealth after July 1, 1980, to ensure the preservation of student transcripts in the event of institutional closure or revocation of approval to operate in the Commonwealth. An institution may ensure the preservation of student transcripts by binding agreement with another institution of higher education with which it is not corporately connected or in such other way as the Council may authorize by regulation. In the event that an institution closes or has its approval to operate in the Commonwealth revoked, the Council, through its director, may take such action as is necessary to secure and preserve the student transcripts until such time as an appropriate institution accepts all or some of the transcripts. Nothing in this subdivision shall be deemed to interfere with the right of a student to his own transcripts or authorize disclosure of student records except as may otherwise be authorized by law.

18. Require the development and submission of articulation, dual admissions, and guaranteed admissions agreements between associate-degree-granting and baccalaureate public institutions of higher education.

19. Provide periodic updates of base adequacy funding guidelines adopted by the Joint Subcommittee Studying Higher Education Funding Policies for each public institution of higher education.

20. In consultation with each public institution of higher education, develop a one-year uniform certificate of general studies program to be offered at each comprehensive community college. Such program shall ensure that a comprehensive community college student who completes the one-year certificate program is eligible to transfer all credits earned in academic subject coursework to a baccalaureate public institution of higher education upon acceptance to such baccalaureate institution.

21. Cooperate with the Board of Education in matters of interest to both public elementary and secondary schools and public institutions of higher education, particularly in connection with coordination of the college admission requirements, coordination of teacher training programs with the public school programs, and the Board's Six-Year Educational Technology Plan for Virginia. The Council shall encourage public institutions of higher education to design programs that include the skills necessary for the successful implementation of such Plan.

22. Advise and provide technical assistance to the Brown v. Board of Education Scholarship Committee in the implementation and administration of the Brown v. Board of Education Scholarship Program pursuant to Chapter 34.1 (§ 30-231.01 et seq.) of Title 30.

24. Serve as the coordinating council for public institutions of higher education.

25. Serve as the planning and coordinating agency for all postsecondary educational programs for all health professions and occupations and make recommendations, including those relating to financing, for providing adequate and coordinated educational programs to produce an appropriate supply of properly trained personnel. The Council may conduct such studies as it deems appropriate in furtherance of the requirements of this subdivision. All state departments and agencies shall cooperate with the Council in the execution of its responsibilities under this subdivision.

26. Carry out such duties as the Governor may assign to it in response to agency designations requested by the federal government.

27. Insofar as practicable, preserve the individuality, traditions, and sense of responsibility of each public institution of higher education in carrying out its duties.

The Council shall, by regulation, designate the terms deemed to be misleading, which shall include "public university," "public college," and "community college."

C. When such adverse action threatens a disruption of the operation of the postsecondary school and exposes students to a loss of course or degree credit or financial loss, the director may:

1. Suspend new enrollment in specified programs or degree levels or all programs and degree levels that have been approved by the Council;

2. Require the postsecondary school to provide a guaranty instrument in the amount necessary to cover the refund of unearned tuition to all students enrolled at the time of the action; or

3. Take such other actions as may be necessary to protect the rights of currently enrolled or future students.

B. At its next regularly scheduled meeting, the Council shall either ratify the director's action or take such other actions as it deems necessary.

§ 23.1-223. Preservation of students' records.

A. In the event of school closure or revocation of its approval or certification, the postsecondary school shall (i) make arrangements for the transfer of the academic and financial records of all students to the Council within 30 days of the closure or (ii) with the approval of the Council, ensure preservation of the academic and financial records of all students by entering an agreement with another postsecondary school. § 23.1-224. Fees.

The Council may establish nonrefundable fees for services and methods for collecting such fees.

4. In any way represent that it is an institution of higher education that is accredited by an accrediting agency recognized by the U.S. Department of Education or has the foreign equivalent of such accreditation if the person or entity is not so accredited; or

5. Represent that credits earned at or granted by any institution of higher education or academic-vocational non-college degree school may be applied for credit toward a degree unless such person is exempted from the provisions of this article or granted certification or approval by the Council in accordance with this article and the Council's regulations.

§ 23.1-226. Exemptions.

A. The provisions of this article shall not apply to any public institution of higher education as that term is defined in § 23.1-100 or any entity authorized to issue bonds pursuant to Chapter 11 (§ 23.1-1100 et seq.).

9. Tutorial instruction delivered and designed to supplement regular classes for students enrolled in any public or private school or prepare an individual for an examination for professional practice or higher education.

C. The Council shall exempt from the provisions of this article any postsecondary school whose primary purpose is to provide religious or theological education. Postsecondary schools shall apply for exemptions to confer certificates or degrees relating to religion and theology. Exemptions may be granted for a maximum of five years, unless the postsecondary school has been granted a standing exemption prior to July 1, 2002. Each postsecondary school seeking such an exemption or continuation of such an exemption shall file such information as may be required by the Council. If the Council does not grant a postsecondary school an exemption, the postsecondary school shall be notified in writing with the reasons for the exemption denial. The affected postsecondary school has the right to appeal the Council's decision pursuant to Article 3 (§ 2.2-4018 et seq.) of Chapter 40 of Title 2.2. If no criminal prosecution is instituted against such postsecondary school pursuant to subsection A, the Council may recover a civil penalty of at least \$200 but not more than \$1,000 per separate offense set forth in subsection A. In no event shall the civil penalties against any one person, corporation, or other entity exceed \$25,000 per year.

C. The Council may institute a proceeding in equity to enjoin any violation of this article or its implementing regulations and upon substantially prevailing on the merits of the case and unless special circumstances would render such an award unjust, the Council is entitled to an award of reasonable attorney fees and costs in any such action.

§ 23.1-229. Postsecondary school closure procedures.

A. Each postsecondary school shall notify the Council of its intention to close at least 30 days prior to the closure. 1305 A. This chapter may be cited as the "Preparing for the Top Jobs of the 21st Century: The Virginia
 1306 Higher Education Opportunity Act of 2011," the "Top Jobs Act," or "TJ21."

1307 B. The objective of this chapter is to fuel strong economic growth in the Commonwealth and prepare
 1308 Virginians for the top job opportunities in the knowledge-driven economy of the 21st century by
 1309 establishing a long-term commitment, policy, and framework for sustained investment and innovation
 1310 that will (i) enable the Commonwealth to build upon the strengths of its excellent higher education
 1311 system and achieve national and international leadership in college degree attainment and personal
 1312 income and (ii) ensure that these educational and economic opportunities are accessible and affordable
 1313 for all capable and committed Virginia students.

1314 C. In furtherance of the objective set forth in subsection B, the following purposes shall inform the
 1315 development and implementation of funding policies, performance criteria, economic opportunity metrics,
 1316 and recommendations required by this chapter:

1317 1. To ensure an educated workforce in the Commonwealth through a public-private higher education
 1318 system whose hallmarks are instructional excellence, affordable access, economic impact, institutional
 1319 diversity and managerial autonomy, cost-efficient operation, technological and pedagogical innovation,
 1320 and reform-based investment;

1321 2. To take optimal advantage of the demonstrated correlation between higher education and
 1322 economic growth by investing in higher education in a manner that will generate economic growth, job
 1323 creation, personal income growth, and revenues generated for state and local government in the
 1324 Commonwealth;

1325 3. To (i) place the Commonwealth among the most highly educated states and countries by
 1326 conferring approximately 100,000 cumulative additional undergraduate degrees on Virginians between
 1327 2011 and 2025, accompanied by a comparable percentage increase in privately conferred undergraduate
 1328 degrees in the Commonwealth over the same period and (ii) achieve this purpose by expanding
 1329 enrollment of Virginians at public institutions of higher education and private institutions of higher
 1330 education, improving undergraduate graduation and retention rates in the higher education system in
 1331 the Commonwealth, and increasing degree completion by Virginians with partial credit toward a college
 1332 degree, including students with ongoing job and family commitments who require access to
 1333 nontraditional college-level educational opportunities;

1334 4. To enhance personal opportunity and earning power for individual Virginians by (i) increasing
 1335 college degree attainment in the Commonwealth, especially in high-demand, high-income fields such as
 1336 STEM and health care fields and (ii) providing information about the economic value and impact of
 1337 individual degree programs by institution;

5. To promote university-based research that produces outside investment in the Commonwealth, fuels economic advances, triggers commercialization of new products and processes, fosters the formation of new businesses, leads businesses to bring their facilities and jobs to the Commonwealth, and in other ways helps place the Commonwealth on the cutting edge of the knowledge-driven economy;

6. To support the national effort to enhance the security and economic competitiveness of the United States and secure a leading economic position for the Commonwealth through increased research and instruction in STEM and related fields that require qualified faculty, appropriate research facilities and equipment, public-private and intergovernmental collaboration, and sustained state support;

7. To preserve and enhance the excellence and cost-efficiency of the Commonwealth's higher education system through reform-based investment that promotes innovative instructional models and pathways to degree attainment, including optimal use of physical facilities and instructional resources throughout the year, technology-enhanced instruction, sharing of instructional resources between colleges, universities, and other degree-granting entities in the Commonwealth, increased online learning opportunities for nontraditional students, improved rate and pace of degree completion, expanded availability of dual enrollment and advanced placement options and early college commitment programs, expanded comprehensive community college transfer options leading to bachelor's degree completion, and enhanced college readiness before matriculation;

8. To realize the potential for enhanced benefits from the Restructured Higher Education Financial and Administrative Operations Act (§ 23.1-1000 et seq.) through a sustained commitment to the principles of autonomy, accountability, affordable access, and mutual trust and obligation underlying the restructuring initiative;

9. To establish a higher education funding framework and policy that promotes stable, predictable, equitable, and adequate funding, facilitates effective planning at the institutional and state levels, provides incentives for increased enrollment of Virginia students at public or nonprofit private institutions of higher education, provides need-based financial aid for low-income and middle-income students and families, relieves the upward pressure on tuition associated with loss of state support due to economic downturns or other causes, and provides financial incentives to promote innovation and enhanced economic opportunity in furtherance of the objective of this chapter set forth in subsection A; and

10. To recognize that the unique mission and contributions of each public institution of higher education and private institution of higher education is consistent with the desire to build upon the strengths of the Commonwealth's excellent system of higher education, afford these unique missions and contributions appropriate safeguards, and allow these attributes to inform the development and implementation of funding policies, performance criteria, economic opportunity metrics, and recommendations in the furtherance of the objective of this chapter set forth in subsection B.

§ 23.1-302. Public institutions of higher education; funding.

Each public institution of higher education shall receive funds from the state general fund or sources other than the state general fund, or both, for each fiscal year of each biennium for:

1. Basic operations and instruction, as provided in § 23.1-303;

2. Each Virginia undergraduate student actually enrolled at the institution, as provided in § 23.1-304;

3. Need-based financial aid, as provided in § 23.1-306; and

4. Support for targeted financial incentives that encourage and reward progress toward the policy objectives specified in this chapter, as provided in § 23.1-305.

§ 23.1-303. Calculation of state general fund share of an institution's basic operations and instruction funding need; cost of education.

A. Following consultation with each public institution of higher education and the Higher Education Advisory Committee described in § 23.1-309, the Council shall calculate the basic operations and instruction funding need of each public institution of higher education as provided in subsection B for each year of the next biennium and make such calculation available to the Governor, the General Assembly, and all public institutions of higher education. The Governor shall take into account each institution's basic operations and instruction funding need and the Commonwealth's funding split policy established in the general appropriation act by which 67 percent of an institution's cost of education for Virginia students is funded from the state general fund and 33 percent from funds other than the state general fund during the preparation of his proposed biennial budget bill for the next biennium, and the General Assembly shall take such items into account in enacting the general appropriation act for the next biennium. Between such biennial recalculations, the General Assembly may increase or decrease the appropriation of basic operations and instruction funding to a public institution of higher education to correspond with an increase or decrease in Virginia undergraduate student enrollment at the institution as provided in § 23.1-304, or the institution's meeting or not meeting targeted financial incentives listed in § 23.1-305, or for any other purpose deemed appropriate by the General Assembly.

Each institution shall respond to any such comments by October 1 of that year.

C. Each plan shall be structured in accordance with, and be consistent with, the objective and purposes of this chapter set forth in § 23.1-301 and the criteria developed pursuant to § 23.1-309 and shall be in a form and manner prescribed by the Council, in consultation with the Secretary of Finance, the Secretary of Education, the Director of the Department of Planning and Budget, the Director of the Council, the Staff Director of the House Committee on Appropriations, and the Staff Director of the Senate Committee on Finance, or their designees.

D. Each six-year plan shall (i) address the institution's academic, financial, and enrollment plans, including the number of Virginia and non-Virginia students, for the six-year period; (ii) indicate the planned use of any projected increase in general fund, tuition, or other nongeneral fund revenues; (iii) be based upon any assumptions provided by the Council, following consultation with the Department of Planning and Budget and the staffs of the House Committee on Appropriations and the Senate Committee on Finance, for funding relating to state general fund support pursuant to §§ 23.1-303, 23.1-304, and 23.1-305 and subdivision 9; (iv) be aligned with the institution's six-year enrollment projections; and (v) include:

1. Financial planning reflecting the institution's anticipated level of general fund, tuition, and other nongeneral fund support for each year of the next biennium;

2. The institution's anticipated annual tuition and educational and general fee charges required by (i) degree level and (ii) domiciliary status, as provided in § 23.1-307;

3. Plans for providing financial aid to help mitigate the impact of tuition and fee increases on low-income and middle-income students and their families as described in subdivision 9, including the projected mix of grants and loans;

9. An institutional student financial aid commitment that, in conjunction with general funds appropriated for that purpose, provides assistance to students from both low-income and middle-income families and takes into account the information and recommendations resulting from the review of federal and state financial aid programs and institutional practices conducted pursuant to subdivisions B 2 and C 1 of § 23.1-309.

E. In developing such plans, each public institution of higher education shall consider potential future impacts of tuition increases on the Virginia College Savings Plan and ABLE Savings Trust Accounts (§ 23.1-700 et seq.) and shall discuss such potential impacts with the Virginia College Savings Plan. The chief executive officer of the Virginia College Savings Plan shall provide to each institution the Plan's assumptions underlying the contract pricing of the program.

This limitation shall not apply to any portion of tuition and educational and general fees for Virginia students allocated to student financial aid, an institution's share of state-mandated salary or fringe benefit increases, increases in funds other than state general funds for the improvement of faculty salary competitiveness above the level included in the calculation in clause (i) of subsection B of § 23.1-303, the institution's progress towards achieving any financial incentive pursuant to § 23.1-305, unavoidable cost increases such as operation and maintenance for new facilities and utility rate increases, or other items directly attributable to an institution's unique mission and contributions.

C. Nothing in subsection B shall prohibit an institution from including in its six-year plan required by § 23.1-306 (i) new programs or initiatives including quality improvements or (ii) institution-specific funding based on particular state policies or institution-specific programs, or both, that will cause the total of the institution's tuition and educational and general fees for any fiscal year for Virginia students to exceed the difference for such fiscal year between (a) the institution's cost of education for all students, as calculated pursuant to clause (i) of subsection B of § 23.1-303, and (b) the sum of the tuition and educational and general fees for the institution's non-Virginia students, the state general funds appropriated for its basic operations and instruction pursuant to subsection A of § 23.1-303, and its per student funding provided pursuant to § 23.1-304.

§ 23.1-308. STEM public-private partnership established; duties.

A. To (i) increase the number of students completing degrees in the high-demand, high-impact STEM fields and other high-demand, anticipated-shortage fields such as the health care-related professions and (ii) help develop and guide the implementation of a comprehensive plan for higher degree attainment in these fields, the Secretaries of Education and Finance, in cooperation with the House Committees on Appropriations and Education and the Senate Committees on Finance and on Education and Health, shall form a public-private partnership comprised of private-sector leaders, distinguished representatives from the scientific community, including retired military personnel, government scientists, and researchers, educational experts, relevant state and local government officials, and such other individuals as they deem appropriate.

B. The partnership shall advise on, and may collaborate with public and private entities to develop and implement strategies to address, such priority issues as (i) determining the need for additional high-demand degree enrollment, capacity, and resources at public institutions of higher education and private institutions of higher education; (ii) incentivizing greater coordination, innovation, and private collaboration in kindergarten through secondary school STEM and other high-demand degree initiatives; (iii) determining and refining best practices in STEM instruction and leveraging those best practices to promote STEM education in both the Commonwealth's institutions of higher education and its elementary and secondary schools; (iv) enhancing teacher education and professional development in STEM disciplines; (v) strengthening mathematics readiness in secondary schools through earlier diagnosis and remediation of deficiencies; (vi) providing financial incentives to increase STEM enrollment and degree production at the Commonwealth's institutions of higher education; (vii) providing assistance to public institutions of higher education and private institutions of higher education in the acquisition and improvement of STEM-related facilities and equipment; (viii) providing STEM incentives in early pathway programs at institutions of higher education and in the comprehensive community college transfer grant program; (ix) assessing degree programs using such economic opportunity metrics as marketplace demand, earning potential, and employer satisfaction and other indicators of the historical and projected economic value and impact of degrees to provide useful information on degrees to students as they make career choices and to state policy makers and university decision makers as they decide how to allocate scarce resources; (x) aligning state higher education efforts with marketplace demands; and (xi) determining such other issues as the partnership deems relevant to increasing the number of students completing degrees in STEM and other high-demand fields at institutions of higher education.

B. Consistent with the objective and purposes of this chapter identified in § 23.1-301, the Advisory Committee shall develop and subsequently review at least once every five years, in consultation with the staff of the Council and the respective Chairmen of the House Committees on Appropriations and Education and the Senate Committees on Finance and on Education and Health, or their designees, representatives of public institutions of higher education, and such other state officials as may be designated by the Governor, and with assistance from the staff of the Council and such other assistance as it may require:

1. The methodology established pursuant to subsection A of § 23.1-304 for determining how a significant increment of state funding shall follow the student to the associate-degree-granting or baccalaureate public institution of higher education in which the student enrolls, how the amount of such per student funding for baccalaureate public institutions of higher education will be made to correspond as nearly as practical to the per student allocation envisioned under the then-existing appropriation for the Tuition Assistance Grant Act (§ 23.1-628 et seq.) for students attending nonprofit private institutions of higher education, how and as of what date the student enrollment at each public institution of higher education shall be calculated, and how an increase or decrease in Virginia undergraduate student enrollment above or below the enrollment level used to calculate the institution's funding pursuant to § 23.1-303 shall be reflected in the institution's appropriation pursuant to subsection A of § 23.1-304, and the standards and process for determining whether an increase or decrease in Virginia undergraduate student enrollment qualifies for funding pursuant to § 23.1-304;

2. Criteria for determining which families qualify as "low-income" and "middle-income" for purposes of § 23.1-306 and how they relate to federal, state, and institutional policies governing the provision of financial assistance to students of such families;

4. Economic opportunity metrics such as marketplace demand, earning potential, and employer satisfaction and other indicators of the historical and projected economic value of degrees that can be used to assess degree programs in order to provide useful information on the economic impact of degrees to students as they make career choices and state policy makers and university decision makers as they decide how to allocate scarce resources;

5. The additional authority that should be granted to all public institutions of higher education under the Restructured Higher Education Financial and Administrative Operations Act (§ 23.1-1000 et seq.), state goals and objectives each public institution of higher education should be expected to achieve, objective criteria for measuring educational-related performance with regard to those goals and objectives, and the benefits of meeting or consequences of not meeting those goals and objectives, including those set forth in subsection C of § 23.1-1002; and

6. The role of nonpublic institutions of higher education in addressing the goals set forth in this chapter and recommendations regarding such matters.

The Advisory Committee shall submit its recommendations to the Council, which shall review the recommendations and report its recommendations to the Governor and the Chairmen of the House Committees on Appropriations and Education and the Senate Committees on Finance and on Education and Health.

C. Consistent with the objective and purposes of this chapter identified in § 23.1-301, the Advisory Committee shall review at least every five years, in consultation with the staff of the Council, the respective Chairmen of the House Committees on Appropriations and Education and the Senate Committees on Finance and on Education and Health, or their designees, representatives of public institutions of higher education, and such other state officials as may be designated by the Governor,

and with assistance from the staff of the Council and such other assistance as it may require:

Federal and state financial aid programs and institutional practices to ensure that the appropriate level of financial assistance is being provided to both low-income and middle-income families, as required by § 23.1-306, including loan forgiveness programs targeted by purpose in furtherance of the objective of this chapter; and

2. The Restructured Higher Education Financial and Administrative Operations Act (§ 23.1-1000 et seq.) to identify additional ways to reduce costs and enhance efficiency by increasing managerial autonomy with accountability at the institutional level.

The Advisory Committee shall submit its recommendations to the Council, which shall review the recommendations and report its recommendations to the Governor and the Chairmen of the House Committees on Appropriations and Education and the Senate Committees on Finance and on Education and Health.

D. The Advisory Committee shall periodically assess, based upon the institutions' six-year plans and other relevant factors, the degree to which the Commonwealth's system of higher education is meeting the statewide objectives of economic impact, reform, affordability, and access reflected in this chapter and the strategic impact of new general fund investments on achieving those objectives. The Advisory Committee shall submit its assessment and recommendations to the Council, which shall review the assessment and recommendations and report its recommendations to the Governor and the Chairmen of the House Committees on Appropriations and Education and the Senate Committees on Finance and on Education and Health.

E. In addition to providing advice and making recommendations on the matters set forth in subsections B, C, and D, the Advisory Committee shall perform such other duties and undertake such other responsibilities as requested by the Governor or the General Assembly.

§ 23.1-310. Assessment and certification of institutions by the Council.

The Council shall annually assess the degree to which each institution has satisfied any goals or criteria developed by the Higher Education Advisory Committee pursuant to § 23.1-309 and no later than October 1 of each fiscal year provide a certified written report of the results of such annual assessment to the Governor and the Chairmen of the House Committees on Appropriations and Education and the Senate Committees on Finance and on Education and Health. In order to assist the Council in its assessment, each public institution of higher education, and each nonprofit private institution of higher education eligible for and seeking to qualify for state general funds, shall furnish periodic reports, including copies of institutional financial aid audit reports and audited financial statements, and such other pertinent information, including student-level data, as may be required by the Council.

CHAPTER 5.

IN-STATE TUITION AND REDUCED RATE TUITION ELIGIBILITY.

§ 23.1-500. Definitions.

As used in this chapter:

"Date of the alleged entitlement" means the first official day of class within the term, semester, or quarter of the program of study in which a student is enrolled.

"Dependent student" means a student who is listed as a dependent on the federal or state income tax return of his parents or legal guardian or who receives substantial financial support from his spouse, parent, or legal guardian. "Dependent student" includes unemancipated minors.

"Domicile" means the present, fixed home of an individual to which he returns following temporary absences and at which he intends to stay indefinitely. No individual may have more than one domicile at a time. Domicile, once established, is not affected by (i) mere transient or temporary physical presence outside the Commonwealth or (ii) the establishment and maintenance of a place of residence outside the Commonwealth for the purpose of maintaining a joint household with an active duty United States military spouse.

"Domiciliary intent" means present intent to remain indefinitely.

"Emancipated minor" means a minor student who has been emancipated pursuant to Article 15 (§ 16.1-331 et seq.) of Chapter 11 of Title 16.1 or the applicable laws of any other jurisdiction.

"Employed full time" means employed in a position resulting in at least an annual earned income reported for tax purposes equivalent to 50 work weeks of 40 hours at minimum wage.

"Independent student" means a student whose parents have surrendered the right to his care, custody, and earnings; do not claim him as a dependent on federal or state income tax returns; and have ceased to provide him with substantial financial support. "Independent student" includes emancipated minors.

"Substantial financial support" means any amount of financial support received by a student that qualifies him to be listed as a dependent on federal and state income tax returns.

"Surviving spouse" means the spouse of a military service member who, while serving as an active duty member in the Armed Forces of the United States, Reserves of the Armed Forces of the United States, or Virginia National Guard, during military operations against terrorism, on a peacekeeping mission, or as a result of a terrorist act, or in any armed conflict, was killed in action, became missing in action, or became a prisoner of war.

"Unemancipated minor" means a minor student who has not been emancipated pursuant to Article 15 (§ 16.1-331 et seq.) of Chapter 11 of Title 16.1 or the applicable laws of any other jurisdiction.

"Veteran" means an individual who has served on active duty in the Armed Forces of the United States and who was discharged or released from such service under conditions other than dishonorable.

"Virginia employer" means (i) any employing unit organized under the laws of the Commonwealth or having income from sources in the Commonwealth regardless of its organizational structure or (ii) any public or nonprofit organization authorized to operate in the Commonwealth.

§ 23.1-501. Presumption of dependency for certain students.

It shall be presumed that a student under the age of 24 on the date of the alleged entitlement receives substantial financial support from his parent or legal guardian and is therefore the dependent

of his parent or legal guardian unless the student (i) is a veteran or an active duty member of the Armed Forces of the United States, (ii) is a graduate or professional student, (iii) is married, (iv) is a ward of the court or was a ward of the court until age 18, (v) has no adoptive parent or legal guardian and each of the student's parents is deceased, (vi) has legal dependents other than a spouse, or (vii) is able to present clear and convincing evidence that he is financially self-sufficient.

§ 23.1-502. Eligibility for in-state tuition charges; domicile; domiciliary intent.

A. To be eligible for in-state tuition at public institutions of higher education, an independent student or, in the case of a dependent student, the individual through whom he claims eligibility, shall establish by clear and convincing evidence (i) domicile in the Commonwealth for a period of at least one year immediately succeeding the establishment of domiciliary intent pursuant to subsection B and immediately prior to the date of the alleged entitlement and (ii) the abandonment of any previous domicile, if such existed. No institution of higher education shall give weight to any evidence that such student or individual presents in support of his claim for domicile or the abandonment of any previous domicile unless such evidence has existed for a period of at least one year immediately prior to the date of the alleged entitlement. If the individual through whom a dependent student establishes domicile and eligibility for in-state tuition charges abandons his domicile in the Commonwealth, such student is entitled to in-state tuition charges for one year from the date of such abandonment.

B. To establish domicile, an independent student or, in the case of a dependent student, the individual through whom he claims eligibility, shall establish by clear and convincing evidence domiciliary intent. In determining domiciliary intent, institutions of higher education shall consider the totality of the circumstances, including the following applicable factors: continuous residence for at least one year prior to the date of the alleged entitlement, except in the event of the establishment and maintenance of a place of residence outside the Commonwealth for the purpose of maintaining a joint household with an active duty United States military spouse; state to which income taxes are filed or paid; driver's license; motor vehicle registration; voter registration; employment; property ownership; sources of financial support; military records; a written offer and acceptance of employment following graduation; and any other social or economic relationships within and outside the Commonwealth.

§ 23.1-503. Determination of domicile; rules; presumptions.

A. Students shall not ordinarily establish domicile by the performance of acts that are auxiliary to fulfilling educational objectives or are required or routinely performed by temporary residents of the Commonwealth. Students shall not establish domicile by mere physical presence or residence primarily for educational purposes.

B. A married individual may establish domicile in the same manner as an unmarried individual.

C. A nonmilitary student whose parent or spouse is a member of the Armed Forces of the United States may establish domicile in the same manner as any other student.

D. Any alien holding an immigration visa or classified as a political refugee may establish domicile in the same manner as any other student. However, absent congressional intent to the contrary, any individual holding a student visa or another temporary visa does not have the capacity to intend to remain in the Commonwealth indefinitely and is therefore ineligible to establish domicile and receive in-state tuition charges.

E. The domicile of a dependent student shall be rebuttably presumed to be the domicile of the parent or legal guardian (i) claiming him as an exemption on federal or state income tax returns currently and for the tax year prior to the date of the alleged entitlement or (ii) providing him with substantial financial support. The spouse of an active duty military service member, if such spouse has established domicile and claimed the dependent student on federal or state income tax returns, is not subject to minimum income tests or requirements.

F. The domicile of an unemancipated minor or a dependent student 18 years old or older may be the domicile of either the parent with whom he resides, the parent who claims the student as a dependent for federal or Virginia income tax purposes for the tax year prior to the date of the alleged entitlement and is currently so claiming the student, or the parent who provides the student with substantial financial support. If there is no surviving parent or the whereabouts of the parents are unknown, then the domicile of an unemancipated minor shall be the domicile of the legal guardian of such unemancipated minor unless circumstances indicate that such guardianship was created primarily for the purpose of establishing domicile.

G. Continuously enrolled non-Virginia students shall be presumed to be in the Commonwealth for educational purposes unless they rebut such presumption with clear and convincing evidence of domicile.

H. A non-Virginia student is not eligible for reclassification as a Virginia student unless he applies for and is approved for such reclassification. Any such reclassification shall only be granted prospectively from the date such application is received.

I. A student who knowingly provides erroneous information in an attempt to evade payment of

out-of-state tuition charges shall be charged out-of-state tuition for each term, semester, or quarter attended and may be subject to dismissal from the institution. All disputes relating to the veracity of information provided to establish domicile in the Commonwealth are appealable as set forth in § 23.1-510.

§ 23.1-504. Determination of domicile; exception; certain active duty and retired military personnel, etc.

In determining the domicile of (i) active duty military personnel residing in the Commonwealth, retired military personnel residing in the Commonwealth at the time of their retirement, surviving spouses, or veterans who voluntarily elect to establish the Commonwealth as their permanent residence for the purpose of domicile or (ii) a dependent spouse or dependent child who claims domicile through an individual listed in clause (i), institutions of higher education shall waive the one-year requirement set forth in subsection B of § 23.1-502.

§ 23.1-505. Determination of domicile; exception; dependents of certain active duty military personnel, etc.

A. For the purposes of this section:

"Date of alleged entitlement" means the date of admission or acceptance for dependents currently residing in the Commonwealth or the final add/drop date for dependents of members newly transferred to the Commonwealth.

"Temporarily mobilized" means activated for service for 180 days or more.

"Unaccompanied orders" means orders that assign active duty military personnel or activated or temporarily mobilized reserve or guard members an unaccompanied tour listed in Appendix Q of the Joint Federal Travel Regulations.

B. Notwithstanding § 23.1-502 or any other provision of law to the contrary, all dependents, as defined by 37 U.S.C. § 401, of active duty military personnel or activated or temporarily mobilized reservists or guard members (i) assigned to a permanent duty station or workplace in the Commonwealth, the District of Columbia, or a state contiguous to the Commonwealth who reside in the Commonwealth; (ii) assigned unaccompanied orders and immediately prior to receiving such unaccompanied orders were assigned to a permanent duty station or workplace in the Commonwealth, the District of Columbia, or a state contiguous to the Commonwealth and resided in the Commonwealth; or (iii) assigned unaccompanied orders with the Commonwealth listed as the designated place move shall be deemed to be domiciled in the Commonwealth and are eligible to receive in-state tuition.

C. All such dependents shall be afforded the same educational benefits as any other individual who is eligible for in-state tuition pursuant to § 23.1-502. Such dependents are eligible for such benefits, including in-state tuition status, for as long as they are continuously enrolled in a public institution of higher education or private institution of higher education or have transferred between public institutions of higher education or private institutions of higher education or from an undergraduate degree program to a graduate degree program at a public institution of higher education or private institution of higher education, regardless of any change of duty station or residence of the military service member.

§ 23.1-506. Eligibility for in-state tuition; exception; certain out-of-state and high school students.

A. Notwithstanding § 23.1-502 or any other provision of law to the contrary, the following students are eligible for in-state tuition charges regardless of domicile:

1. Any non-Virginia student who resides outside the Commonwealth and has been employed full time in the Commonwealth for at least one year immediately prior to the date of the alleged entitlement if such student has paid Virginia income taxes on all taxable income earned in the Commonwealth for the tax year prior to the date of the alleged entitlement. Such student shall continue to be eligible for in-state tuition charges for so long as the student is employed full time in the Commonwealth and the student pays Virginia income taxes on all taxable income earned in the Commonwealth.

2. Any non-Virginia student who resides outside the Commonwealth and is claimed as a dependent for federal and Virginia income tax purposes if the nonresident parent claiming the student as a dependent has been employed full time in the Commonwealth for at least one year immediately prior to the date of the alleged entitlement and paid Virginia income taxes on all taxable income earned in the Commonwealth for the tax year prior to the date of the alleged entitlement. Such student shall continue to be eligible for in-state tuition charges for so long as his qualifying parent is employed full time in the Commonwealth, pays Virginia income taxes on all taxable income earned in the Commonwealth, and claims the student as a dependent for Virginia and federal income tax purposes.

3. Any active duty member, activated guard or reserve member, or guard or reserve member mobilized or on temporary active orders for 180 days or more who resides in the Commonwealth.

4. Any veteran who resides in the Commonwealth.

5. Any surviving spouse who resides in the Commonwealth.

6. Following completion of active duty service, any non-Virginia student who established domicile

before being called to active duty in the National Guard of another state if during such active duty he maintained at least one of the following in the Commonwealth: a driver's license, motor vehicle registration, voter registration, employment, property ownership, or sources of financial support.

Any non-Virginia student granted in-state tuition pursuant to this subsection shall be counted as a Virginia student for the purposes of determining college admissions, enrollment, and tuition and fee revenue policies.

B. Notwithstanding the provisions of § 23.1-502 or any other provision of law to the contrary, the governing board of any public institution of higher education may charge in-state tuition to the following students regardless of domicile:

1. Any non-Virginia student enrolled in one of the institution's programs designated by the Council who (i) is entitled to reduced tuition charges at the institutions of higher education in any other state that is a party to the Southern Regional Education Compact and that has similar reciprocal provisions for Virginia students and (ii) is domiciled in such other state;

2. Any non-Virginia student from a foreign country who is enrolled in a foreign exchange program approved by the institution of higher education during the same period in which a Virginia student from such institution is attending such foreign institution as an exchange student; and

3. Any high school or magnet school student, not otherwise qualified for in-state tuition, who is enrolled in courses specifically designed as part of the high school or magnet school curriculum in a comprehensive community college for which he may, upon successful completion, receive high school and college credit pursuant to a dual enrollment agreement between the high school or magnet school and the comprehensive community college.

Any non-Virginia student granted in-state tuition pursuant to this subsection shall be counted as a non-Virginia student for the purposes of determining college admissions, enrollment, and tuition and fee revenue policies.

C. The State Board shall charge in-state tuition to any non-Virginia student enrolled at a comprehensive community college who resides in another state within a 30-mile radius of a public institution of higher education in the Commonwealth, is domiciled in such other state, and is entitled to in-state tuition charges at the institutions of higher education in any state that is contiguous to the Commonwealth and that has similar reciprocal provisions for Virginia students.

Any non-Virginia student granted in-state tuition pursuant to this subsection shall be counted as a Virginia student for the purposes of determining college admissions, enrollment, and tuition and fee revenue policies.

§ 23.1-507. University of Virginia's College at Wise; reduced rate tuition charges for certain students.

A. The board of visitors of the University of Virginia may charge reduced rate tuition to any student enrolled at the University of Virginia's College at Wise who resides in Kentucky within a 50-mile radius of the University of Virginia's College at Wise, is domiciled in Kentucky, and is entitled to in-state tuition charges at the institutions of higher education in Kentucky if Kentucky has similar reciprocal provisions for Virginia students.

B. The board of visitors of the University of Virginia may charge reduced rate tuition to any student enrolled at the University of Virginia's College at Wise who resides in Tennessee within a 50-mile radius of the University of Virginia's College at Wise, is domiciled in Tennessee, and is entitled to in-state tuition charges at the institutions of higher education in Tennessee if Tennessee has similar reciprocal provisions for Virginia students.

C. The board of visitors of the University of Virginia may charge reduced rate tuition to any student enrolled in programs offered jointly by its partners or associates and the University of Virginia's College at Wise at a regional off-campus center who resides in Tennessee within a 50-mile radius of the University of Virginia's College at Wise, is domiciled in Tennessee, and is entitled to in-state tuition charges at the institutions of higher education in Tennessee if Tennessee has similar reciprocal provisions for Virginia students. Any such respective partners or associates shall establish separate tuition charges for their independent classes or programs at such regional off-campus centers.

D. Any non-Virginia student granted reduced rate tuition pursuant to this section shall be counted as a non-Virginia student for the purposes of determining admissions, enrollment, and tuition and fee revenue policies.

§ 23.1-508. Special arrangement contracts; reduced rate tuition charges.

A. Public institutions of higher education may enter into special arrangement contracts with employers in the Commonwealth or authorities controlling federal installations or agencies located in the Commonwealth for the purpose of providing reduced rate tuition charges for the employees of such employers or authorities who are non-Virginia students at such institutions when such employers or authorities assume the liability for paying, to the extent permitted by federal law, the tuition charges for such employees.

When a high school grade point average, class rank, or other academic criteria are specified as a condition of participating in a program, the Council shall develop empirical alternative equivalent measures that may be required for such programs.

§ 23.1-601. Comprehensive community colleges; grants for tuition and fees for certain individuals.

b. Was in foster care when he turned 18 and subsequently received a high school diploma or passed a high school equivalency examination approved by the Board of Education;

2. Is enrolled or has been accepted for enrollment as a full-time or part-time student, taking a minimum of six credit hours per semester, in a degree or certificate program of at least one academic year in length in a comprehensive community college;

§ 23.1-602. Payments to institutions of higher education for certain courses taken by law-enforcement officers.

A. The Department of Criminal Justice Services shall enter into contracts to make payments to public institutions of higher education and accredited private institutions of higher education whose primary campus is within the Commonwealth for tuition, books, and mandatory fees for any law-enforcement officer of the Commonwealth or its political subdivisions, departments, or authorities or any locality of the Commonwealth who (i) is enrolled on a full-time or part-time basis in courses included in an undergraduate or graduate program that leads to a degree or certificate in an area relating to law enforcement or suitable for law-enforcement officers and (ii) enters into an agreement to continue to serve as a law-enforcement officer in the Commonwealth upon completion of his course of study for a period at least as long as the length of the course of study undertaken and paid for under the provisions of this section and, in the event that he does not complete such service, to repay the full amount of such payments on the terms and in the manner that the Department of Criminal Justice Services prescribes.

B. Any individual who receives the benefit of funds expended pursuant to this section shall reimburse such funds to the Department of Criminal Justice Services if he fails to satisfactorily complete the course for which the funds were expended.

 2133 **University; financial assistance awards.**

2134 From funds appropriated by the Commonwealth to Mary Baldwin College for the Virginia Women's
 2135 Institute for Leadership and to Virginia Polytechnic Institute and State University, each such institution's
 2136 governing board may provide for financial assistance awards to students designated as state cadets on
 2137 terms and conditions comparable to the provisions of § 23.1-2506.

2138 **§ 23.1-604. Investment of funds donated for scholarships.**

2139 A. When any person deposits moneys in, bequeaths moneys to be deposited in, or devises or
 2140 bequeaths property to be sold and the proceeds to be deposited in the state treasury for the benefit of
 2141 any institution of higher education in such an amount that the interest on such moneys is sufficient to
 2142 cover the costs of tuition, mandatory fees, and other necessary expenses for a cadet or student enrolled
 2143 in such institution, the moneys shall be invested in securities that are legal investments under the laws
 2144 of the Commonwealth for public funds in the name and for the benefit of such institution.

2145 B. Such donation is irrevocable, but the donor, his heirs, or the guardian of any heir who is under
 2146 21 years old may nominate and place in such institution any cadet or student.

2147 C. If such donor, heirs, or guardian fails to nominate a cadet or student within one year of such
 2148 donation, the governing board of the institution may appropriate such moneys to cover tuition,

2151 Any commissioned officer of the Virginia National Guard or the Virginia Defense Force may become
 2152 a student at any public institution of higher education for a period not exceeding 10 months and receive
 2153 instruction in the departments of military science, emergency management, emergency services, public
 2154 safety, and disaster management at such institution without being required to pay tuition and mandatory
 2155 fees.

2156 **§ 23.1-606. Service in Armed Forces of the United States; discharge of scholarship service**
 2157 **obligations.**

2158 Any length of service by any individual in the Armed Forces of the United States as an officer,
 2159 private, or nurse or in any other capacity in time of war or other declared national emergency is a
 2160 complete and final discharge of any obligation of such individual to serve the Commonwealth as a
 2161 teacher in the public schools or in any other capacity, including any such obligation that has been
 2162 reduced or computed into terms of a monetary obligation in lieu of such service, arising by virtue of
 2163 any statute or of any contract entered into between such individual and any public institution of higher
 2164 education in consideration of any state scholarship awarded to or received by such individual as a
 2165 student in such institution, provided that such service is terminated by an honorable or medical
 2166 discharge and such individual entered such service within four years after leaving such institution.

2171 B. In addition to the provisions of § 22.1-290.1 relating to compensation of certain licensed teachers
 2172 while engaged in supervising and evaluating student teachers, any institution of higher education
 2173 engaged in educating students to be teachers may, from such funds as may be available for such
 2174 purpose, develop and implement a program to compensate public school or private school teachers who
 2175 agree to be cooperating teachers. Such compensation programs may provide for payment in the form of
 2176 money or authorization to enroll without charge for a designated number of credit hours in the school,
 2177 department, or other unit of the institution of higher education at which the student teacher being
 2178 supervised is enrolled.

2179 **§ 23.1-608. Virginia Military Survivors and Dependents Education Program and Fund; tuition and**
 2180 **fee waivers.**

2181 A. As used in this section, unless the context requires a different meaning:

2182 "Domicile" has the same meaning as provided in § 23.1-500.

2183 "Fund" means the Virginia Military Survivors and Dependents Education Fund.

2184 "Program" means the Virginia Military Survivors and Dependents Education Program.

2185 "Qualified survivors and dependents" means the spouse or a child between the ages of 16 and 29 of
 2186 a military service member who, while serving as an active duty member in the Armed Forces of the
 2187 United States, Reserves of the Armed Forces of the United States, or Virginia National Guard, during
 2188 military operations against terrorism, on a peacekeeping mission, as a result of a terrorist act, or in any
 2189 armed conflict, was killed, became missing in action, or became a prisoner of war, or of a veteran who,
 2190 as a direct result of such service, has been rated by the U.S. Department of Veterans Affairs as totally
 2191 and permanently disabled or at least 90 percent permanently disabled and has been discharged or

released under conditions other than dishonorable. However, the Commissioner of Veterans Services may certify dependents above the age of 29 in those cases in which extenuating circumstances prevented the dependent child from using his benefits before the age of 30.

B. 5. All such scholarships awarded to undergraduate students shall be awarded only to students in the first four years of undergraduate work and shall be awarded and renewed on a selective basis to students of character and ability who are in need of financial assistance. 2379 B. Annual nursing scholarships are established for part-time and full-time Virginia students enrolled
 2380 in undergraduate and graduate nursing programs or first-year Virginia students at the beginning of

 2392 eligible to serve more than two consecutive two-year terms immediately succeeding any unexpired term
 2393 for which such member was appointed.

2394 E. Awards shall be made upon such basis, competitive or otherwise, as determined by the advisory
 2395 committee, with due regard for scholastic attainments, character, need, and adaptability of the applicant
 2396 for the service contemplated in such award. No award shall be made if the applicant fails to possess the
 2397 requisite qualifications. With due consideration of the number of applications and the qualifications of
 2398 all such applicants, the advisory committee shall, to the extent that it is practicable, award an equal
 2399 number of scholarships among the various congressional districts within the Commonwealth.

2400 F. Before any such scholarship is awarded, the applicant shall agree in a signed written contract to
 2401 complete a nursing program and, upon completion, to promptly begin and continuously engage in
 2402 nursing work in the Commonwealth in a region with a critical shortage of nurses for one month for
 2403 each \$100 of scholarship awarded. The requirement for continuous engagement in nursing work may be
 2404 waived by the advisory committee if the scholarship recipient requests leave to pursue an undergraduate
 2405 or graduate degree in nursing or relating to nursing activities. The contract shall contain such other
 2406 provisions as the State Board of Health determines to be necessary to accomplish the purposes of the
 2407 scholarship.

2408 G. Each scholarship shall be awarded for a single award year and may be renewed annually for up

 2416 determined by the president or other proper officer of the institution of higher education (institution)
 2417 that the applicant plans to attend, with due regard to the scholastic achievements, character, and
 2418 adaptability of the applicant to the service contemplated under such award. No award shall be made
 2419 unless the applicant possesses the requisite qualifications.

2420 C. Each such scholarship shall be awarded for a single award year and may be renewed annually
 2421 for up to three additional award years upon a showing of satisfactory progress.

2422 D. Before any such scholarship is awarded, the applicant shall agree in a signed written contract to
 2423 pursue soil science at the institution at which the scholarship is awarded until his graduation and, upon
 2424 graduating, to promptly begin and engage continuously as a soil scientist as an employee of the
 2425 Commonwealth for as many years as he was a beneficiary of such scholarship, unless no such suitable
 2426 vacancy exists as an employee of the Commonwealth, in which case the obligation of such contract shall
 2427 be discharged by being continuously engaged in the Commonwealth as a soil scientist as an employee of
 2428 a local, state, or federal government agency for as many years as he was a beneficiary of such
 2429 scholarship. The contract shall contain such other provisions as Virginia Polytechnic Institute and State
 2430 University deems necessary to accomplish the purposes of the scholarship. In the event that the holder
 2431 of any awarded soil scientist scholarship dies while receiving instruction under such a scholarship, any
 2432 balance unpaid and agreed to be repaid by the holder of such scholarship shall be deemed paid, and no
 2433 liability shall be attached to his estate.

 2435 to serve the Commonwealth as a soil scientist, for a period equal to that during which he was a

beneficiary of such scholarship, at any time that he (i) fails to maintain a scholastic standard at least equal to the standard required of the general student body at such institution or (ii) becomes permanently disabled and is not able to engage in the profession of soil scientist, upon certification by a faculty committee. Any applicant so relieved shall arrange to reimburse the Commonwealth for the amount received on account of such scholarship plus interest on such amount computed at the prevailing rate charged on student loans at the institution attended by the applicant. Any applicant who so reimburses the Commonwealth and subsequently fulfills the terms of his contract by completing his studies and serving the Commonwealth as a soil scientist for a period equal to that during which he received such scholarship shall be reimbursed from the general fund of the state treasury the amount of the scholarship and interest previously repaid to the Commonwealth. This reimbursement shall be made on any contract made under the provisions of this subsection.

F. All funds repaid by any applicant pursuant to subsection E shall be paid into the state treasury and shall become a part of the general fund. The governing board of the institution attended by the applicant shall collect such payments and shall pay all moneys so received into the state treasury promptly. If any applicant fails to abide by the terms of such contract, such fact shall be communicated to the Attorney General by the proper officer of the institution or by the employing state agency. The Attorney General shall take such action as he deems proper.

G. The funds making up each scholarship shall be paid to the recipient or applied toward the payment of his expenses at the relevant institution in such a manner and at such a time during the academic year as the president or other proper officer determines.

The assets of the Plan and their income are exempt from state and local taxation.

§ 23.1-709. Annual report.

On or before December 15, the board shall post on its website and submit to the Governor, the Senate Committee on Finance, and the House Committees on Appropriations and Finance an annual statement of the receipts, disbursements, and current investments of the Plan for the preceding year. The report shall set forth a complete operating and financial statement covering the operation of the Plan

during the year and shall include a statement of projected receipts, disbursements, investments, and costs for the further operation of the Plan.

§ 23.1-710. Forms and audit of accounts and records.

The accounts and records of the board showing the receipt and disbursement of funds from whatever source derived shall be in such form as the Auditor of Public Accounts prescribes, provided that such accounts correspond as nearly as possible to the accounts and records for such matters maintained by corporate enterprises. The Auditor of Public Accounts or his legally authorized representatives shall annually audit the accounts of the board, and the board shall bear the cost of such audit services.

§ 23.1-711. Admission to institutions not guaranteed; coverage limitations.

Nothing in this chapter or in any prepaid tuition contract or savings trust agreement entered into pursuant to this chapter shall be construed as a promise or guarantee:

1. By the board or the Commonwealth of any admission to, continued enrollment at, or graduation from any public institution of higher education;

2. That the beneficiary's cost of tuition at an institution of higher education other than a public institution of higher education will be covered in full by the proceeds of the beneficiary's tuition credits; or

3. That any qualified higher education expense will be covered in full by contributions to or earnings on any savings trust account.

§ 23.1-712. Payroll deductions.

The Commonwealth, the agencies and localities of the Commonwealth and their subdivisions, and any employer in the Commonwealth are authorized to agree, by contract or otherwise, to remit payments or contributions on behalf of an employee toward prepaid tuition contracts or savings trust accounts through payroll deductions.

§ 23.1-713. Liberal construction of chapter.

Insofar as the provisions of this chapter are inconsistent with the provisions of any other general, special, or local law, the provisions of this chapter shall control. This chapter constitutes full and complete authority, without regard to the provisions of any other law, for performing the acts authorized in this chapter and shall be liberally construed to effect the purposes of this chapter.

CHAPTER 8.

HEALTH AND CAMPUS SAFETY.

Article 1.

Student Health.

§ 23.1-800. Health histories and immunizations required; exemptions.

A. No full-time student who enrolls for the first time in any baccalaureate public institution of higher education is eligible to register for his second semester or quarter unless he (i) has furnished, before the beginning of the second semester or quarter of enrollment, a health history consistent with guidelines adopted by each institution's board of visitors that includes documented evidence, provided by a licensed health professional or health facility, of the diseases for which the student has been immunized, the numbers of doses given, the date on which the immunization was administered, and any further immunizations indicated or (ii) objects to such health history requirement on religious grounds, in which case he is exempt from such requirement.

B. Prior to enrollment for the first time in any baccalaureate public institution of higher education, each student shall be immunized by vaccine against diphtheria, tetanus, poliomyelitis, measles (rubeola), German measles (rubella), and mumps according to the guidelines of the American College Health Association.

C. Prior to enrollment for the first time in any baccalaureate public institution of higher education, each full-time student shall be vaccinated against meningococcal disease and hepatitis B unless the student or, if the student is a minor, the student's parent or legal guardian signs a written waiver stating that he has received and reviewed detailed information on the risks associated with meningococcal disease and hepatitis B and the availability and effectiveness of any vaccine and has chosen not to be or not to have the student vaccinated.

D. Any student is exempt from the immunization requirements set forth in subsections B and C who (i) objects on the grounds that administration of immunizing agents conflicts with his religious tenets or practices, unless the Board of Health has declared an emergency or epidemic of disease, or (ii) presents a statement from a licensed physician that states that his physical condition is such that administration of one or more of the required immunizing agents would be detrimental to his health.

E. The Board and Commissioner of Health shall cooperate with any board of visitors seeking assistance in the implementation of this section.

F. The Council shall, in cooperation with the Board and Commissioner of Health, encourage private institutions of higher education to develop a procedure for providing information about the risks associated with meningococcal disease and hepatitis B and the availability and effectiveness of any

3107 vaccine against meningococcal disease and hepatitis B.

3108 **§ 23.1-801. Educational program on human immunodeficiency virus infection.**

3109 Each public institution of higher education, in cooperation with the Department of Health, shall
3110 develop and implement educational programs for college students on the etiology, effects, and
3111 prevention of infection with human immunodeficiency virus.

3112 **§ 23.1-802. Student mental health; policies; website resource.**

3113 A. The governing board of each public institution of higher education shall develop and implement
3114 policies that (i) advise students, faculty, and staff, including residence hall staff, of the proper
3115 procedures for identifying and addressing the needs of students exhibiting suicidal tendencies or
3116 behavior and (ii) provide for training where appropriate. Such policies shall require procedures for
3117 notifying the institution's student health or counseling center for the purposes set forth in subdivision B
3118 4 of § 23.1-1303 when a student exhibits suicidal tendencies or behavior.

3119 B. The board of visitors of each baccalaureate public institution of higher education shall establish a
3120 written memorandum of understanding with its local community services board or behavioral health
3121 authority and with local hospitals and other local mental health facilities in order to expand the scope
3122 of services available to students seeking treatment. The memorandum shall designate a contact person to
3123 be notified, to the extent allowable under state and federal privacy laws, when a student is involuntarily
3124 committed, or when a student is discharged from a facility and consents to such notification. The
3125 memorandum shall provide for the inclusion of the institution in the post-discharge planning of a
3126 student who has been committed and intends to return to campus, to the extent allowable under state
3127 and federal privacy laws.

3128 C. Each baccalaureate public institution of higher education shall create and feature on its website a
3129 page with information dedicated solely to the mental health resources available to students at the
3130 institution.

3131 **Article 2.**

3132 **Campus Safety; General Provisions.**

3133 **§ 23.1-803. First warning notification and emergency broadcast system required.**

3134 A. The governing board of each public institution of higher education shall establish a
3135 comprehensive, prompt, and reliable first warning notification and emergency broadcast system for their
3136 students, faculty, and staff, both on and off campus. Such system shall be activated in the case of an
3137 emergency and may rely on website announcements; email notices; phone, cellular phone, and text
3138 messages; alert lines; public address systems; and other means of communication.

3139 B. Each public institution of higher education shall designate individuals authorized to activate the
3140 first warning notification and emergency broadcast system and provide such individuals with
3141 appropriate training for its use.

3142 **§ 23.1-804. Institutional crisis and emergency management plan.**

3143 A. The governing board of each public institution of higher education shall develop, adopt, and keep
3144 current a written crisis and emergency management plan. The plan shall (i) require the Department of
3145 Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund to be contacted
3146 immediately to deploy assistance in the event of an emergency as defined in the emergency response
3147 plan when there are victims as defined in § 19.2-11.01 and (ii) include current contact information for
3148 both agencies. The Department of Criminal Justice Services and the Virginia Criminal Injuries
3149 Compensation Fund shall be the lead coordinating agencies for those individuals determined to be
3150 victims.

3151 B. Every four years, each public institution of higher education shall conduct a comprehensive
3152 review and revision of its crisis and emergency management plan to ensure that the plan remains
3153 current, and the revised plan shall be adopted formally by the governing board. Such review shall also
3154 be certified in writing to the Department of Emergency Management. The institution shall coordinate
3155 with the local emergency management organization, as defined in § 44-146.16, to ensure integration into
3156 the local emergency operations plan.

3157 C. The chief executive officer of each public institution of higher education shall annually (i) review
3158 the institution's crisis and emergency management plan; (ii) certify in writing to the Department of
3159 Emergency Management that he has reviewed the plan; and (iii) make recommendations to the
3160 institution for appropriate changes to the plan.

3161 D. Each public institution of higher education shall annually conduct a functional exercise in
3162 accordance with the protocols established by the institution's crisis and emergency management plan
3163 and certify in writing to the Department of Emergency Management that such exercise was conducted.

3164 **§ 23.1-805. Violence prevention committee; threat assessment team.**

3165 A. Each public institution of higher education shall establish policies and procedures for the
3166 prevention of violence on campus, including assessment of and intervention with individuals whose
3167 behavior poses a threat to the safety of the campus community.

B. The governing board of each public institution of higher education shall determine a violence prevention committee structure on campus composed of individuals charged with education on and prevention of violence on campus. Each violence prevention committee shall include representatives from student affairs, law enforcement, human resources, counseling services, residence life, and other constituencies as needed and shall consult with legal counsel as needed. Each violence prevention committee shall develop a clear statement of mission, membership, and leadership. Such statement shall be published and made available to the campus community.

C. Each violence prevention committee shall (i) provide guidance to students, faculty, and staff regarding recognition of threatening or aberrant behavior that may represent a physical threat to the community; (ii) identify members of the campus community to whom threatening behavior should be reported; (iii) establish policies and procedures that outline circumstances under which all faculty and staff are required to report behavior that may represent a physical threat to the community, provided that such report is consistent with state and federal law; and (iv) establish policies and procedures for (a) the assessment of individuals whose behavior may present a threat, (b) appropriate means of intervention with such individuals, and (c) sufficient means of action, including interim suspension, referrals to community services boards or health care providers for evaluation or treatment, medical separation to resolve potential physical threats, and notification of family members or guardians, or both, unless such notification would prove harmful to the individual in question, consistent with state and federal law.

D. The governing board of each public institution of higher education shall establish a threat assessment team that includes members from law enforcement, mental health professionals, representatives of student affairs and human resources, and, if available, college or university counsel. Each threat assessment team shall implement the assessment, intervention, and action policies set forth by the violence prevention committee pursuant to subsection C.

E. Each threat assessment team shall establish relationships or utilize existing relationships with mental health agencies and local and state law-enforcement agencies to expedite assessment of and intervention with individuals whose behavior may present a threat to safety. Upon a preliminary determination that an individual poses a threat of violence to self or others or exhibits significantly disruptive behavior or a need for assistance, the threat assessment team may obtain criminal history record information as provided in §§ 19.2-389 and 19.2-389.1 and health records as provided in § 32.1-127.1:03.

F. No member of a threat assessment team shall redisclose any criminal history record information or health information obtained pursuant to this section or otherwise use any record of an individual beyond the purpose for which such disclosure was made to the threat assessment team.

§ 23.1-806. Reporting of acts of sexual violence.

A. For purposes of this section:

"Campus" means (i) any building or property owned or controlled by an institution of higher education within the same reasonably contiguous geographic area of the institution and used by the institution in direct support of, or in a manner relating to, the institution's educational purposes, including residence halls, and (ii) any building or property that is within or reasonably contiguous to the area described in clause (i) that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes, such as a food or other retail vendor.

"Noncampus building or property" means (i) any building or property owned or controlled by a student organization officially recognized by an institution of higher education or (ii) any building or property owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

"Public property" means all public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

"Responsible employee" means a person employed by a public institution of higher education or nonprofit private institution of higher education who has the authority to take action to redress sexual violence, who has been given the duty of reporting acts of sexual violence or any other misconduct by students to the Title IX coordinator or other appropriate institution designee, or whom a student could reasonably believe has this authority or duty.

"Sexual violence" means physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent.

"Title IX coordinator" means an employee designated by a public institution of higher education or nonprofit private institution of higher education to coordinate the institution's efforts to comply with and carry out the institution's responsibilities under Title IX (20 U.S.C. § 1681 et seq.). If no such employee has been designated by the institution, the institution shall designate an employee who will be responsible for receiving information of alleged acts of sexual violence from responsible employees in

3229 accordance with subsection B.

3230 B. Any responsible employee who in the course of his employment obtains information that an act of
3231 sexual violence may have been committed against a student attending the institution or may have
3232 occurred on campus, in or on a noncampus building or property, or on public property shall report
3233 such information to the Title IX coordinator as soon as practicable after addressing the immediate
3234 needs of the victim.

3235 C. Upon receipt of information pursuant to subsection B, the Title IX coordinator or his designee
3236 shall promptly report the information, including any personally identifiable information, to a review
3237 committee established pursuant to subsection D. Nothing in this section shall prevent the Title IX
3238 coordinator or any other responsible employee from providing any information to law enforcement with
3239 the consent of the victim.

3240 D. Each public institution of higher education and nonprofit private institution of higher education
3241 shall establish a review committee for the purposes of reviewing information relating to acts of sexual
3242 violence, including information reported pursuant to subsection C. Such review committee shall consist
3243 of three or more persons and shall include the Title IX coordinator or his designee, a representative of
3244 law enforcement, and a student affairs representative. If the institution has established a campus police
3245 department pursuant to Article 3 (§ 23.1-809 et seq.), the representative of law enforcement shall be a
3246 member of such department; otherwise, the representative of law enforcement shall be a representative
3247 of campus security. The review committee may be the threat assessment team established under
3248 § 23.1-805 or a separate body. The review committee may obtain law-enforcement records, criminal
3249 history record information as provided in §§ 19.2-389 and 19.2-389.1, health records as provided in
3250 § 32.1-127.1:03, available institutional conduct or personnel records, and known facts and
3251 circumstances of the information reported pursuant to subsection C or information or evidence known to
3252 the institution or to law enforcement. The review committee shall be considered to be a threat
3253 assessment team established pursuant to § 23.1-805 for purposes of (i) obtaining criminal history record
3254 information and health records and (ii) the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).
3255 The review committee shall conduct its review in compliance with federal privacy law.

3256 E. Upon receipt of information of an alleged act of sexual violence reported pursuant to subsection
3257 C, the review committee shall meet within 72 hours to review the information and shall meet again as
3258 necessary as new information becomes available.

3259 F. If, based on consideration of all factors, the review committee, or if the committee cannot reach a
3260 consensus, the representative of law enforcement on the review committee, determines that the disclosure
3261 of the information, including personally identifiable information, is necessary to protect the health or
3262 safety of the student or other individuals as set forth in 34 C.F.R. § 99.36, the representative of law
3263 enforcement on the review committee shall immediately disclose such information to the law-enforcement
3264 agency that would be responsible for investigating the alleged act of sexual violence. Such disclosure
3265 shall be for the purposes of investigation and other actions by law enforcement. Upon such disclosure,
3266 the Title IX coordinator or his designee shall notify the victim that such disclosure is being made. The
3267 provisions of this subsection shall not apply if the law-enforcement agency responsible for investigating
3268 the alleged act of sexual violence is located outside the United States.

3269 G. In cases in which the alleged act of sexual violence would constitute a felony violation of Article
3270 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, the representative of law enforcement on the review
3271 committee shall inform the other members of the review committee and shall within 24 hours consult
3272 with the attorney for the Commonwealth or other prosecutor responsible for prosecuting the alleged act
3273 of sexual violence and provide to him the information received by the review committee without
3274 disclosing personally identifiable information, unless such information was disclosed pursuant to
3275 subsection F. In addition, if such consultation does not occur and any other member of the review
3276 committee individually concludes that the alleged act of sexual violence would constitute a felony
3277 violation of Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, that member shall within 24 hours
3278 consult with the attorney for the Commonwealth or other prosecutor responsible for prosecuting the
3279 alleged act of sexual violence and provide to him the information received by the review committee
3280 without disclosing personally identifiable information, unless such information was disclosed pursuant to
3281 subsection F.

3282 H. At the conclusion of the review, the Title IX coordinator and the law-enforcement representative
3283 shall each retain (i) the authority to proceed with any further investigation or adjudication allowed
3284 under state or federal law and (ii) independent records of the review team's considerations, which shall
3285 be maintained under applicable state and federal law.

3286 I. No responsible employee shall be required to make a report pursuant to subsection B if:

3287 1. The responsible employee obtained the information through any communication considered
3288 privileged under state or federal law or the responsible employee obtained the information in the course
3289 of providing services as a licensed health care professional, an employee providing administrative

support for such health care professionals, a professional counselor, an accredited rape crisis or domestic violence counselor, a campus victim support personnel, a member of clergy, or an attorney; or

2. The responsible employee has actual knowledge that the same matter has already been reported to the Title IX coordinator or to the attorney for the Commonwealth or the law-enforcement agency responsible for investigating the alleged act of sexual violence.

J. Any responsible employee who makes a report required by this section or testifies in a judicial or administrative proceeding as a result of such report is immune from any civil liability alleged to have resulted therefrom unless such person acted in bad faith or with malicious intent.

K. The provisions of this section shall not require a person who is the victim of an alleged act of sexual violence to report such violation.

L. The institution shall ensure that a victim of an alleged act of sexual violence is informed of (i) the available law-enforcement options for investigation and prosecution; (ii) the importance of collection and preservation of evidence; (iii) the available options for a protective order; (iv) the available campus options for investigation and adjudication under the institution's policies; (v) the victim's rights to participate or decline to participate in any investigation to the extent permitted under state or federal law; (vi) the applicable federal or state confidentiality provisions that govern information provided by a victim; (vii) the available on-campus resources and any unaffiliated community resources, including sexual assault crisis centers, domestic violence crisis centers, or other victim support services; and (viii) the importance of seeking appropriate medical attention.

§ 23.1-807. Sexual assault; memorandum of understanding; policies.

A. Richard Bland College and each baccalaureate public institution of higher education and nonprofit private institution of higher education shall establish, and the State Board shall adopt a policy requiring each comprehensive community college to establish, a written memorandum of understanding with a sexual assault crisis center or other victim support service in order to provide sexual assault victims with immediate access to a confidential, independent advocate who can provide a trauma-informed response that includes an explanation of options for moving forward.

B. Each public institution of higher education and nonprofit private institution of higher education shall adopt policies to provide to sexual assault victims information on contacting such sexual assault crisis center or other victim support service.

§ 23.1-808. Sexual violence policy review.

By October 31 of each year, the System, Richard Bland College, each baccalaureate public institution of higher education, and each nonprofit private institution of higher education shall certify to the Council that it has reviewed its sexual violence policy and updated it as appropriate. The Council and the Department of Criminal Justice Services shall establish criteria for the certification process and may request information relating to the policies for the purposes of sharing best practices and improving campus safety. The Council and the Department of Criminal Justice Services shall report to the Secretary of Education on the certification status of each such institution by November 30 of each year.

Article 3.

Campus Safety; Campus Police Departments.

§ 23.1-809. Public institutions of higher education; establishment of campus police departments authorized; employment of officers.

A. The governing board of each public institution of higher education may establish a campus police department and employ campus police officers and auxiliary police forces upon appointment as provided in §§ 23.1-811 and 23.1-812. Such employment is governed by the Virginia Personnel Act (§ 2.2-2900 et seq.), except that the governing board of a public institution of higher education may direct that the employment of the chief of the campus police department is not governed by the Virginia Personnel Act.

B. The Virginia Commonwealth University Health System Authority and Eastern Virginia Medical School may employ police officers and auxiliary police forces as provided in this article and, in the case of the Authority, in § 23.1-2406, except that the employment of such officers and forces is not governed by the Virginia Personnel Act (§ 2.2-2900 et seq.).

§ 23.1-810. Authorization for campus police departments in private institutions of higher education.

The governing board of each private institution of higher education may establish, in compliance with the provisions of this article, a campus police department and employ campus police officers upon appointment as provided in § 23.1-812. Except as such provisions apply exclusively to public institutions of higher education or employees, the provisions of this article shall apply to the appointment and employment of officers and the operation, powers, duties, and jurisdiction of campus police departments at private institutions of higher education, and such departments are subject to and shall enjoy the benefits of this article. However, to be qualified to use the word "police" to describe the department or its officers, any private institution of higher education that establishes a campus police department shall

3351 require each officer to comply with the training or other requirements for law-enforcement officers
 3352 established by the Department of Criminal Justice Services pursuant to Chapter 1 (§ 9.1-100 et seq.) of
 3353 Title 9.1.

3354 **§ 23.1-811. Establishment of auxiliary police forces.**

3355 The governing board of each public institution of higher education and private institution of higher
 3356 education, for the further preservation of public peace, safety, and good order of the campus
 3357 community, may establish, equip, and maintain an auxiliary police force. When called into service
 3358 pursuant to procedures established by the governing board, members of such auxiliary police forces
 3359 have all the powers, authority, and immunities of campus police officers at public institutions of higher
 3360 education.

3361 **§ 23.1-812. Appointment of campus police officers and members of an auxiliary police force.**

3362 A. Prior to appointment as a campus police officer or member of an auxiliary police force, each
 3363 individual shall be investigated by the campus police department of the institution applying for the order
 3364 of appointment or, if none has been established, by the police department of the locality in which such
 3365 institution is located. Such investigation shall determine whether the individual is responsible, honest,
 3366 and in all ways capable of performing the duties of a campus police officer.

3367 B. Upon application of the governing board of a public institution of higher education or private
 3368 institution of higher education, the circuit court of the locality in which the institution is located may, by
 3369 order, appoint the individuals named in the application to be campus police officers or members of an
 3370 auxiliary police force at such institution.

3371 C. Each campus police officer and member of an auxiliary police force appointed and employed
 3372 pursuant to this article is a state employee of the institution named in the order of appointment. Insofar
 3373 as it is not inconsistent with the Virginia Personnel Act (§ 2.2-2900 et seq.), the governing board of
 3374 such institution shall provide for the conditions and terms of employment and compensation and a
 3375 distinctive uniform and badge of office for such officers and members of an auxiliary police force.

3376 **§ 23.1-813. Officers and members to comply with requirements of Department of Criminal Justice
 3377 Services.**

3378 All individuals appointed and employed as campus police officers or members of an auxiliary police
 3379 force pursuant to this article shall comply with the requirements for law-enforcement officers as
 3380 established by the Department of Criminal Justice Services pursuant to Chapter 1 (§ 9.1-100 et seq.) of
 3381 Title 9.1.

3382 **§ 23.1-814. Termination of employment of campus police officers and members of auxiliary police
 3383 forces.**

3384 An individual appointed as a campus police officer or a member of an auxiliary police force shall
 3385 exercise his powers only as long as he remains employed or activated by the institution named in the
 3386 order of the appointment. The appointment order entered by the circuit court shall automatically be
 3387 revoked upon the termination of the employment of the officer or member at the institution and may be
 3388 revoked by the court for malfeasance, misfeasance, or nonfeasance. The institution shall notify the court
 3389 upon termination of the employment of the officer or member at the institution.

3390 **§ 23.1-815. Campus police forces and auxiliary police forces; powers and duties; jurisdiction.**

3391 A. As used in this section:

3392 "Campus" means (i) any building or property owned or controlled by an institution of higher
 3393 education located within the same reasonably contiguous geographic area of the institution and used by
 3394 the institution in direct support of, or in a manner relating to, the institution's educational purposes,
 3395 including residence halls, and (ii) any building or property that is within or reasonably contiguous to
 3396 the area described in clause (i) that is owned by the institution but controlled by another person, is
 3397 frequently used by students, and supports institutional purposes, such as a food or other retail vendor.

3398 "Noncampus building or property" means (i) any building or property owned or controlled by a
 3399 student organization that is officially recognized by an institution of higher education or (ii) any
 3400 building or property owned or controlled by an institution of higher education that is used in direct
 3401 support of, or in relation to, the institution's educational purposes, is frequently used by students, and is
 3402 not within the same reasonably contiguous geographic area of the institution.

3403 "Public property" means all public property, including thoroughfares, streets, sidewalks, and parking
 3404 facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

3405 B. A campus police officer appointed as provided in § 23.1-812 or a member of an auxiliary police
 3406 force appointed and activated pursuant to §§ 23.1-811 and 23.1-812 shall be deemed police officers of
 3407 localities who may exercise the powers and duties conferred by law upon such police officers, including
 3408 the provisions of Chapters 5 (§ 19.2-52 et seq.), 7 (§ 19.2-71 et seq.), and 23 (§ 19.2-387 et seq.) of
 3409 Title 19.2, (i) upon any property owned or controlled by the public institution of higher education or
 3410 private institution of higher education, or, upon request, any property owned or controlled by another
 3411 public institution of higher education or private institution of higher education, and upon the streets,

sidewalks, and highways immediately adjacent to any such property; (ii) pursuant to a mutual aid agreement (a) as provided for in § 15.2-1727 or (b) between the governing board of a public institution of higher education or private institution of higher education and another public institution of higher education or private institution of higher education in the Commonwealth or an adjacent political subdivision; (iii) in close pursuit of a person as provided in § 19.2-77; and (iv) upon approval by the appropriate circuit court of a petition by the local governing body for concurrent jurisdiction in designated areas with the police officers of the locality in which the institution, its satellite campuses, or other properties are located. The local governing body may only petition the circuit court for such concurrent jurisdiction pursuant to a request by the local law-enforcement agency.

C. Each public institution of higher education and private institution of higher education that establishes a campus police force pursuant to this article shall enter into and become a party to a mutual aid agreement with an adjacent local law-enforcement agency or the Department of State Police for the use of their regular and auxiliary joint forces, equipment, and materials when needed in the investigation of any felony criminal sexual assault or medically unattended death occurring on property owned or controlled by such institution or any death resulting from an incident occurring on such property. Such mutual aid agreements shall include provisions requiring either the campus police force or the agency with which it has established a mutual aid agreement pursuant to this subsection, in the event that such police force or agency conducts an investigation that involves a felony criminal sexual assault as set forth in Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2 occurring on campus, in or on a noncampus building or property, or on public property, to notify the local attorney for the Commonwealth of such investigation within 48 hours of beginning such investigation. No such notification provision shall require a campus police force or the agency with which it has established a mutual aid agreement to disclose identifying information about the victim. Nothing in this section prohibits a campus police force or auxiliary police force from requesting assistance from any appropriate law-enforcement agency of the Commonwealth with which the institution has not entered into a mutual aid agreement.

D.  3891 one functional area, and demonstrated management competency in that area for a period of at least two
 3892 years;

3893 2. At least an absolute two-thirds of the institution's governing board has voted in the affirmative for
 3894 a resolution in support of a request for restructured operational authority under a management
 3895 agreement;

3896 3. The institution submits to the Governor a written request for his approval of the management
 3897 agreement that contains evidence that (i) the institution possesses the necessary administrative
 3898 infrastructure, experience, and expertise to perform successfully its public educational mission as a
 3899 covered institution; (ii) the institution is financially able to operate as a covered institution without

jeopardizing the financial integrity and stability of the institution; (iii) the institution consistently meets the financial and administrative management standards pursuant to § 23.1-1001; and (iv) the institution's governing board has adopted performance and accountability standards, in addition to any institutional performance benchmarks included in the general appropriation act and developed pursuant to § 23.1-206, against which its implementation of the restructured operational authority under the management agreement can be measured;

4. The institution provides a copy of the written request to the Chairmen of the House Committee on Appropriations, the House Committee on Education, the Senate Committee on Finance, and the Senate Committee on Education and Health;

5. The institution agrees to reimburse the Commonwealth for any additional costs that the Commonwealth incurs to provide health or other group insurance benefits to employees and undertake any risk management program that are attributable to the institution's exercise of restructured operational authority. The Secretary of Finance and the Secretary of Administration, in consultation with the Virginia Retirement System and the affected institutions, shall establish procedures for determining any amounts to be paid by each institution and a mechanism for transferring the appropriate amounts directly and solely to the affected programs;

6. The institution considers potential future impacts of tuition increases on the Virginia College Savings Plan and discusses such potential impacts with parties participating in the development of the management agreement. The chief executive officer of the Virginia College Savings Plan shall provide to the institution and such parties the Plan's assumptions underlying the contract pricing of the program; and

7. The Governor transmits a draft of any management agreement that affects insurance or benefit programs administered by the Virginia Retirement System to the Board of Trustees of the Virginia Retirement System, which shall review the relevant provisions of the management agreement to ensure compliance with the applicable provisions of Title 51.1, administrative policies and procedures, and federal regulations governing retirement plans and advise the Governor and appropriate Cabinet Secretaries of any conflicts.

§ 23.1-1005. Approval of a management agreement.

A. If the Governor finds that the public institution of higher education meets the criteria set forth in § 23.1-1004, he shall authorize the appropriate Cabinet Secretary to enter into a management agreement with the governing board of such institution.

B. Each such management agreement shall be submitted no later than the succeeding November 15 to the House Committee on Appropriations, the House Committee on Education, the Senate Committee on Finance, and the Senate Committee on Education and Health. The Governor shall include a recommendation for approval of the management agreement with the public institution of higher education in "The Budget Bill" submitted pursuant to subsection A of § 2.2-1509 or in his gubernatorial amendments submitted pursuant to subsection E of § 2.2-1509 due by the December 20 that immediately follows the date of submission of the management agreement to such Committees.

C. The General Assembly shall consider whether to approve or disapprove the management agreement as recommended. If the management agreement is approved as part of the general appropriation act, it shall become effective on the effective date of such general appropriation act.

§ 23.1-1006. Management agreement; contents and scope.

A. Each covered institution that complies with the requirements of this article shall have the powers set forth in this article that are expressly included in the management agreement.

B. Each management agreement shall include:

1. A copy of the governing board's resolution in support of a request for restructured operational authority;

2. The institution's express agreement to reimburse the Commonwealth for any additional costs that the Commonwealth incurs to provide health or other group insurance benefits to employees and undertake any risk management program that are attributable to the institution's exercise of restructured operational authority;

3. The institution's undergraduate Virginia student enrollment, financial aid requirements and capabilities, and tuition policy for undergraduate Virginia students; and

4. A statement of the Governor's power to void the management agreement pursuant to subsection E of § 23.1-1007.

C. There is a presumption that restructured operational authority is not included in the management agreement, and such authority shall only be granted to a covered institution if it is expressly included in the management agreement. The only implied authority that is granted to a covered institution is that which is necessary to carry out the express grant of restructured operational authority. Each covered institution shall be governed and administered in the manner provided in (i) this article but subject to the expressed terms of the management agreement, (ii) the general appropriation act, and (iii) the

3961 institution's enabling statutes.

3962 D. Except as specifically made inapplicable under this article or the express terms of a management
3963 agreement, the provisions of Title 2.2 relating generally to the operation, management, supervision,
3964 regulation, and control of public institutions of higher education are applicable to covered institutions
3965 as provided by the express terms of the management agreement.

3966 E. In the event of a conflict between any provision of Title 2.2 and any provision of the management
3967 agreement, the provisions of the management agreement control. In the event of a conflict between any
3968 provision of this article and an institution's enabling statutes, the enabling statutes control.

3969 F. The provisions of the State and Local Government Conflict of Interests Act (§ 2.2-3100 et seq.)
3970 that are applicable to officers and employees of a state governmental agency shall continue to apply to
3971 the members of the governing board and the covered employees of a covered institution.

3972 G. A covered institution, its officers, directors, employees, and agents, and the members of its
3973 governing board are entitled to the same sovereign immunity to which they would be entitled if the
3974 institution were not governed by this article.

3975 H. The Virginia Tort Claims Act (§ 8.01-195.1 et seq.) and its limitations on recoveries remain
3976 applicable to covered institutions.

3977 I. A management agreement with a public institution of higher education shall not grant restructured
3978 operational authority to the Virginia Cooperative Extension Service and Agricultural Experiment Station
3979 Division, the University of Virginia's College at Wise, the Virginia Institute of Marine Science, or an
3980 affiliated entity of the institution unless the intent to grant such authority and the degree to which such
3981 authority is granted is expressly included in the management agreement.

3982 J. For purposes of §§ 23.1-101, 23.1-102, 23.1-103, 23.1-104, and 23.1-107, Chapter 2 (§ 23.1-200
3983 et seq.), §§ 23.1-306, 23.1-402, 23.1-403, and 23.1-404, Chapter 5 (§ 23.1-500 et seq.), Chapter 6
3984 (§ 23.1-600 et seq.), Chapter 7 (§ 23.1-700 et seq.), §§ 23.1-800, 23.1-801, 23.1-901, and 23.1-1001,
3985 Chapter 11 (§ 23.1-1100 et seq.), Chapter 12 (§ 23.1-1200 et seq.), subsections G, H, and I of
3986 § 23.1-1300, § 23.1-1302, and subdivision B of § 23.1-1303, each covered institution shall remain a
3987 public institution of higher education following its conversion to a covered institution governed by this
3988 article and shall retain the authority granted and any obligations required by such provisions.

3989 K. State government-owned or operated and state-owned teaching hospitals that are a part of a
3990 covered institution as of the effective date of the covered institution's initial management agreement
3991 shall continue to be characterized as state government-owned or operated and state-owned teaching
3992 hospitals for purposes of payments under the state plan for medical assistance services adopted pursuant
3993 to § 32.1-325, provided that the covered institution commits to serve indigent and medically indigent
3994 patients. If such covered institution commits to serve indigent and medically indigent patients, the
3995 Commonwealth, through the Department of Medical Assistance Services, shall, subject to the
3996 appropriation in the current general appropriation act, continue to reimburse the full cost of the
3997 provision of care, treatment, health-related services, and educational services to indigent and medically
3998 indigent patients and continue to treat hospitals that were part of a covered institution and that were
3999 Type One Hospitals prior to the effective date of the covered institution's initial management agreement
4000 as Type One Hospitals for purposes of such reimbursement.

4001 L. Consistent with the terms of the management agreement, the governing board of each covered
4002 institution shall assume full responsibility for management of the institution, subject to the requirements
4003 and conditions set forth in this article and the management agreement, and shall be fully accountable
4004 for meeting the requirements of §§ 23.1-206, 23.1-306, and 23.1-310 and such other provisions as may
4005 be set forth in the management agreement.

4006 **§ 23.1-1007. Management agreement; duration and oversight.**

4007 A. Each initial management agreement shall remain in effect for a period of three years. Subsequent
4008 management agreements shall remain in effect for a period of five years.

4009 B. If an existing management agreement is not renewed or a new management agreement is not
4010 executed prior to the expiration date, the existing agreement shall remain in effect on a provisional
4011 basis for a period not to exceed one year. If, after the expiration of the provisional one-year period, the
4012 management agreement has not been renewed or a new agreement has not been executed, the public
4013 institution of higher education shall not exercise such restructured operational authority until it enters
4014 into a new management agreement with the Commonwealth.

4015 C. The Joint Legislative Audit and Review Commission, in cooperation with the Auditor of Public
4016 Accounts, shall review, for at least the first 24 months from the effective date of the management
4017 agreement, the level of compliance with the expressed terms of the management agreement, the degree
4018 to which the covered institution has demonstrated its ability to manage successfully the administrative
4019 and financial operations of the institution without jeopardizing the financial integrity and stability of the
4020 institution, the degree to which the covered institution is meeting the state goals set forth in subsection
4021 A of § 23.1-1002, and any impact that the management agreement has had on students and employees of

the covered institution. The Joint Legislative Audit and Review Commission shall make a written report of its review no later than June 30 of the third year of the management agreement. The Joint Legislative Audit and Review Commission may conduct a similar review of any management agreement entered into subsequent to the initial agreement.

D. The Auditor of Public Accounts or his legally authorized representatives shall audit annually accounts of all covered institutions and shall distribute copies of each annual audit to the Governor and to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance. Pursuant to § 30-133, the Auditor of Public Accounts and his legally authorized representatives shall examine annually the accounts and books of each such institution, but no covered institution shall be deemed a state or governmental agency, advisory agency, public body, or agency or instrumentality for purposes of Chapter 14 (§ 30-130 et seq.) of Title 30 except for those provisions in such chapter that relate to requirements for financial recordkeeping and bookkeeping. Each covered institution is subject to such other reviews and audits as are required by law.

E. If the Governor makes a written determination that the covered institution is not in substantial compliance with the terms of the management agreement or with the requirements of this chapter, he shall provide a copy of that written determination to the chairman or rector of the governing board of the covered institution and to the General Assembly, and the covered institution shall develop and implement a plan of corrective action. The covered institution shall provide a copy of such corrective action plan to the Governor and General Assembly. If the Governor determines that the covered institution is not yet in substantial compliance with the management agreement or the requirements of this chapter after a reasonable period of time following the implementation of the corrective action plan, the Governor may void the management agreement and the institution's status as a covered institution shall terminate and it shall not exercise such restructured operational authority until the institution enters into a subsequent management agreement with the Cabinet Secretary designated by the Governor or the voided management agreement is reinstated by the General Assembly.

F. An institution's status as a covered institution may be revoked by an act of the General Assembly if the institution fails to meet the requirements of this article or the management agreement.

§ 23.1-1008. Covered institutions; operational authority generally.

In addition to those powers granted in each covered institution's enabling statutes and the general appropriation act, each covered institution, subject to the express provisions of the management agreement, may exercise all the powers necessary or convenient to carry out the purposes and provisions of this article and:

1. Make and execute contracts, guarantees, or any other instruments and agreements necessary or convenient to the exercise of its powers, authority, and functions, including contracts with persons to (i) operate and manage any or all of the covered institution's facilities or operations and (ii) incur liabilities and secure the obligations of any entity or individual, provided, however, that no covered institution may pledge the faith and credit of the Commonwealth or enter into an indemnification agreement or binding arbitration agreement contrary to state law;

2. Conduct or engage in any lawful business, activity, effort, or project consistent with the covered institution's purposes or necessary or convenient to the exercise of its powers; and

3. Procure insurance, participate in insurance plans, provide self-insurance, continue participation in the Commonwealth's insurance or self-insurance plans, continue participation in the Commonwealth's risk management programs, and continue participation in the Virginia Retirement System or other Commonwealth sponsored retirement plans subject to the conditions in §§ 23.1-1020 through 23.1-1026, and any combination of the foregoing, as provided in this article. The purchase of insurance, participation in an insurance plan, or creation of a self-insurance plan by the covered institution shall not be deemed a waiver or relinquishment of any sovereign immunity to which the covered institution or its officers, directors, employees, or agents are otherwise entitled. Covered institutions may participate in any Commonwealth or Virginia Retirement System insurance, self-insurance, or risk management program on the same terms and conditions applicable to other state agencies and other public institutions of higher education.

§ 23.1-1009. Covered institutions; operational authority; projects.

A. Each covered institution may acquire, plan, design, construct, own, rent as landlord or tenant, operate, control, remove, renovate, enlarge, equip, and maintain, directly or through stock or nonstock corporations or other entities, any project. Such project may be owned or operated by the institution, other persons, or jointly by such institution and other persons and may be operated within or outside the Commonwealth as long as (i) the operations of such project are necessary or desirable to assist the institution in carrying out its public purposes within the Commonwealth and (ii) any private benefit resulting to any such other private persons from any such project is merely incidental to the public benefit of such project.

B. Each covered institution may continue, adopt, and enforce policies for the operation of any

4083 facility, including any veterinary facility, hospital, or other health care and related facility owned or
 4084 operated by the institution. Any such policies pertaining to the operation of any veterinary facility,
 4085 hospital, or other health care or related facility may include the conditions of practicing any health
 4086 profession or veterinary medicine in the facility, the admission and treatment of patients, the procedures
 4087 for determining the qualification of patients for indigent care or other programs, and the protection of
 4088 patients and employees, provided that such policies do not discriminate on the basis of race, religion,
 4089 color, sex, national origin, or any other factor prohibited by law.

4090 **§ 23.1-1010. Covered institutions; operational authority; creation of entities and participation in**
 4091 **joint ventures.**

4092 A. Each covered institution may:

4093 1. Create or assist in the creation of; own in whole or in part or otherwise control; participate in or
 4094 with any entities, public or private; and purchase, receive, subscribe for, own, hold, vote, use, employ,
 4095 sell, mortgage, lend, pledge, or otherwise acquire or dispose of any (i) shares or obligations of, or other
 4096 interests in, any entity organized for any purpose within or outside the Commonwealth and (ii)
 4097 obligations of any person or corporation. No part of the assets or net earnings of such institution shall
 4098 inure to the benefit of, or be distributable to, any private individual except that reasonable
 4099 compensation may be paid for services rendered to or for such institution in furtherance of its public
 4100 purposes and benefits may be conferred that are in conformity with its public purposes.

4101 2. Participate in joint ventures with individuals, corporations, governmental bodies or agencies,
 4102 partnerships, associations, insurers, or other entities to facilitate any activities or programs consistent
 4103 with its public purposes and the intent of this article.

4104 3. Create or continue the existence of one or more nonprofit entities for the purpose of soliciting,
 4105 accepting, managing, and administering grants and gifts and bequests, including endowment gifts and
 4106 bequests and gifts and bequests in trust.

4107 4. In carrying out any activities authorized by this article, provide appropriate assistance, including
 4108 (i) making loans from its funds, other than general fund appropriations or proceeds of bonds issued
 4109 under Article X, Section 9 (a), 9 (b), or 9 (c) of the Constitution of Virginia or under Article X, Section
 4110 9 (d) of the Constitution of Virginia if such issuance is supported by general funds and (ii) providing
 4111 the time of its employees to corporations, partnerships, associations, joint ventures, or other entities
 4112 whether such entities are owned or controlled in whole or in part or directly or indirectly by such
 4113 institution.

4114 **§ 23.1-1011. Covered institutions; operational authority; campus police.**

4115 A. A covered institution may establish or continue to operate a campus police department in
 4116 accordance with the provisions of Article 3 (§ 23.1-809 et seq.) of Chapter 8. Campus police shall
 4117 possess the powers provided in Article 3 of Chapter 8, except that a covered institution's employment of
 4118 campus police is governed by the provisions of this article rather than by Chapter 28 (§ 2.2-2800 et
 4119 seq.) and Chapter 29 (§ 2.2-2900 et seq.) of Title 2.2.

4120 B. Campus police officers of a covered institution are eligible to participate in the same
 4121 state-sponsored retirement plans on the same terms and conditions as campus police officers of other
 4122 public institutions of higher education.

4123 **§ 23.1-1012. Covered institutions; operational authority; financial operations generally.**

4124 A. Each covered institution may (i) independently manage its operations and finances, including
 4125 holding and investing its tuition, fees, research funds, and auxiliary enterprise funds and all other public
 4126 funds; (ii) create any policy deemed necessary to conduct its financial operations; (iii) adopt the budget
 4127 for the institution; and (iv) control the expenditures of all moneys generated or received by the
 4128 institution, including tuition, fees, and other nongeneral fund revenue sources.

4129 B. Subject to the express terms of the management agreement, the governing board of each covered
 4130 institution has the sole authority to establish tuition, mandatory fees, room and board, and other
 4131 necessary charges consistent with sum sufficient appropriation authority for all nongeneral funds as
 4132 provided by the Governor and the General Assembly in the general appropriation act. In the event that
 4133 the institution retains any nongeneral funds, it shall invest such funds consistent with an investment
 4134 policy established by the governing board and retain all income earned on such investments. In the
 4135 event that the Commonwealth holds any nongeneral funds on behalf of the institution, the institution
 4136 shall receive a share of the income earned by the Commonwealth on the investment of such funds as
 4137 provided in subsection C of § 23.1-1002.

4138 C. The governing board of each covered institution shall include in its six-year plan pursuant to
 4139 § 23.1-306 its commitment to providing need-based grant aid for middle-income and lower-income
 4140 Virginia students in a manner that encourages student enrollment and progression without respect to
 4141 potential increases in tuition and fees.

4142 D. Each covered institution's management agreement shall include the quantification of cost savings
 4143 realized as a result of the restructured operational authority pursuant to this article.

E. Each covered institution may enter into any contract that it determines to be necessary or appropriate to place any bond or investment of the institution, in whole or in part, on the interest rate, cash flow, or other basis desired by the institution, including contracts commonly known as interest rate swap agreements, futures, and contracts providing for payments based on levels of, or changes in, interest rates. Each covered institution may enter into such contracts in connection with, incidental to, or for the purpose of entering into or maintaining any (i) agreement that secures bonds, notes, or other obligations or (ii) investment or contract providing for investment, otherwise authorized by law, including § 23.1-1013. Such contracts may contain such payment, security, default, remedy, and other terms and conditions as determined by the institution after giving due consideration to the creditworthiness of the counterpart or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria that may be appropriate. Any money set aside and pledged to secure payments of bonds, notes, or other obligations or any contract entered into pursuant to this section may be pledged to and used to service any such contract.

F. The governing board of each covered institution shall adopt a system of independent financial management that includes bookkeeping and accounting procedures that have been prescribed for governmental organizations by the Government Accounting Standards Board.

§ 23.1-1013. Covered institutions; operational authority; financial operations; investment of operating funds.

Each covered institution may invest its operating funds in any obligations or securities that are considered legal investments for public funds in accordance with Chapter 45 (§ 2.2-4500 et seq.) of Title 2.2. Such institution's governing board shall adopt written investment guidelines that provide that such investments shall be made solely in the interest of the covered institution and shall be undertaken with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims.

§ 23.1-1014. Covered institutions; operational authority; financial operations; financing and indebtedness.

A. Each covered institution may:

1. Borrow money and issue bonds, notes, or other obligations as provided in this article and purchase such bonds, notes, or other obligations;

2. Seek financing from, incur, or assume indebtedness to, and enter into contractual commitments with, the Virginia Public Building Authority and the Virginia College Building Authority, which authorities are authorized to borrow money and make and issue negotiable notes, bonds, notes, or other obligations to provide such financing relating to facilities or any project; and

3. Seek financing from, incur or assume indebtedness to, and enter into contractual commitments with, the Commonwealth as otherwise provided by law relating to the institution's facilities or any project.

B. Notwithstanding the provisions of this chapter, no covered institution is exempt from any requirement or covenant contained in any outstanding bonds, notes, or other obligations.

§ 23.1-1015. Covered institutions; operational authority; financial operations; power to issue bonds, notes, or other obligations.

A. Notwithstanding the provisions of § 23.1-1119, a covered institution may (i) issue bonds, notes, or other obligations for any purpose that is consistent with its institutional mission, including to (a) finance or refinance any project, (b) appropriately manage operational cash flows, (c) provide for short-term financing, (d) refund bonds, notes, or other obligations issued by or on behalf of such institution, or otherwise, including bonds, notes, or other obligations or obligations not then subject to redemption, and (ii) guarantee, assume, or otherwise agree to pay, in whole or in part, indebtedness issued by such institution or any affiliated entity for managing operational cash flows or resulting in the acquisition or construction of facilities for the benefit of such institution or the refinancing thereof.

B. Nothing in this article shall preclude a covered institution from participation in any financing program or bond issue established and implemented by the Commonwealth or any agency of the Commonwealth, including (i) any financing program or bond issue under Article X, Section 9 (b) or 9 (c) of the Constitution of Virginia and (ii) any financing program or bond issue under Article X, Section 9 (d) of the Constitution of Virginia undertaken by the Treasury Board, the Virginia College Building Authority, or the Virginia Public Building Authority if such institution is otherwise eligible and approved to participate and is otherwise able to fulfill any requirements that may be imposed upon it by virtue of its participation.

C. Notwithstanding Article 8 (§ 2.2-2415 et seq.) of Chapter 24 of Title 2.2, Chapter 11 (§ 23.1-1100 et seq.), and § 23.1-2205, each covered institution may issue bonds, notes, or other obligations consistent with debt capacity and management policies and guidelines established by its governing board without (i) obtaining the consent of any legislative body, elected official, commission, board,

bureau, political subdivision, or agency of the Commonwealth; (ii) any proceedings or conditions other than those specifically required by this article; (iii) the approval required by the provisions of Article 8 (§ 2.2-2415 et seq.) of Chapter 24 of Title 2.2; or (iv) any regulation or procedure, including a review or approval procedure, adopted pursuant to Chapter 11 (§ 23.1-1100 et seq.).

D. Each covered institution may issue such types of bonds, notes, or other obligations as it determines are appropriate and consistent with debt capacity and management policies and guidelines established by its governing board, including bonds, notes, or other obligations payable as to principal and interest from any one or more of the following sources: (i) its revenues generally; (ii) income and revenues derived from the operation, sale, or lease of a particular project, whether or not it is financed or refinanced from the proceeds of such bonds, notes, or other obligations; (iii) funds realized from the enforcement of security interests or other liens or obligations securing such bonds, notes, or other obligations; (iv) proceeds from the sale of bonds, notes, or other obligations; (v) payments under letters of credit, policies of municipal bond insurance, guarantees, or other credit enhancements; (vi) any reserve or sinking funds created to secure such payment; (vii) accounts receivable of such institution; or (viii) other available funds of such institution.

E. Any bonds, notes, or other obligations may be supported by any grant, contribution, or appropriation from a participating political subdivision, the covered institution, the Commonwealth, any political subdivision, agency, or instrumentality of the Commonwealth, any federal agency, or any unit, private corporation, partnership, association, or individual.

F. Bonds, notes, or other obligations of a covered institution are for an essential public and governmental purpose.

G. It is lawful for any bank or trust company within or outside the Commonwealth to serve as depository of the proceeds of bonds, notes, or other obligations or other revenues of a covered institution, furnish indemnifying bonds, notes, or other obligations, or pledge such securities as may be required by such institution, provided that any such deposits are collateralized in accordance with the Security for Public Deposits Act (§ 2.2-4400 et seq.) in the case of a bank or savings institution or Article 3 (§ 6.2-1047 et seq.) of Chapter 10 of Title 6.2 in the case of a trust company.

§ 23.1-1016. Covered institutions; operational authority; financial operations; capital projects.

A. The governing board of each covered institution shall adopt policies for the review, approval, and implementation of all capital projects undertaken by the institution.

B. All capital projects of a covered institution, whether funded by an appropriation of the General Assembly or otherwise, shall be approved by the institution's governing board.

C. Except as otherwise provided in subdivision D 2, capital projects undertaken at a covered institution may be exempt from any capital outlay oversight performed or required by the Department of General Services, the Division of Engineering and Buildings, the Department of Planning and Budget, and any other state agency that supports the functions performed by such departments.

D. Capital projects undertaken at a covered institution are subject to the institution's capital project policies adopted pursuant to subsection A and:

1. Any capital project undertaken at a covered institution that costs \$300,000 or more is subject to the environmental, historic preservation, and conservation requirements of state law that are generally applicable to capital projects in the Commonwealth;

2. If the capital project is funded in whole or in part with a general fund appropriation for that purpose or proceeds from bonds issued under Article X, Section 9 (a), 9 (b), or 9 (c) of the Constitution of Virginia, or under Article X, Section 9 (d) of the Constitution of Virginia, if such issuance is supported by general funds, the project shall remain subject to the pre-appropriation approvals that are in effect within the executive and legislative branches of state government but may be exempt under the management agreement from any state post-appropriation review, approval, administrative, or other policy or procedure functions performed or required by the Department of General Services, the Division of Engineering and Buildings, the Department of Planning and Budget, and any other state agency that supports the functions performed by such departments; and

3. If a covered institution constructs improvements on land or renovates property that was originally acquired or constructed in whole or in part with a general fund appropriation for that purpose or proceeds from bonds issued under Article X, Section 9 (a), 9 (b), or 9 (c) of the Constitution of Virginia, or under Article X, Section 9 (d) of the Constitution of Virginia if such issuance is supported by general funds and such improvements or renovations are undertaken entirely with funds not appropriated by the General Assembly, such improvements or renovations shall be consistent with such institution's master plan approved by its governing board and, if the cost of such improvements or renovations is reasonably expected to exceed \$2 million, the institution's decision to undertake such improvements or renovations shall be communicated to the Governor and to the Chairmen of the Senate Committee on Finance and the House Committee on Appropriations no later than 60 days prior to the (i) commencement of construction or renovation or (ii) issuance of bonds, notes, or other obligations to

finance such construction or renovation.

E. Each covered institution may designate a full-time employee to be its own building official and may determine the suitability for occupancy of and issue certifications for building occupancy for all capital projects undertaken at such institution. Such building official shall:

1. Ensure that the Virginia Uniform Statewide Building Code (§ 36-97 et seq.) requirements are met for that capital project and that such project has been inspected by the State Fire Marshal or his designee prior to issuing any such certification;

2. Report directly and exclusively to the governing board of the institution and be subject to review by the appropriate personnel in the Department of General Services;

3. Be certified by the Department of Housing and Community Development to perform this function; and

4. Have adequate resources and staff who are certified by the Department of Housing and Community Development in accordance with § 36-137 for such purpose and who shall review plans, specifications, and documents for compliance with codes and standards and perform required inspections of the work in progress and the completed project.

F. No individual licensed professional architect or engineer hired or contracted to perform the functions set forth in subsection E shall also perform other code-related design, construction, facilities-related project management, or facilities management functions for the institution on the same project.

§ 23.1-1017. Covered institutions; operational authority; procurement.

A. 4452 **§ 23.1-1022. Covered institutions; operational authority; human resources; election by certain**
 4453 **covered employees.**

4454 A. If the governing board of a covered institution establishes a human resources program or
 4455 programs pursuant to § 23.1-1021, a salaried nonfaculty covered employee who was employed by the
 4456 covered institution on the day prior to the effective date of the initial management agreement, except
 4457 employees of the University of Virginia Medical Center, may elect within a prescribed period of the
 4458 establishment of the human resources program to participate in and be governed by either (i) the state
 4459 human resources program set forth in Chapters 28 (§ 2.2-2800 et seq.) and 29 (§ 2.2-2900 et seq.) of
 4460 Title 2.2 or (ii) the human resources program or programs established by the governing board of the
 4461 covered institution pursuant to § 23.1-1021. If the salaried nonfaculty covered employee does not make
 4462 an election within such prescribed period, he shall be deemed to have elected to participate in and be
 4463 governed by the state human resources program. Elections to participate in the human resources
 4464 program established by the covered institution are irrevocable. At least once every two years, each
 4465 covered institution that establishes a human resources program pursuant to § 23.1-1021 shall provide
 4466 salaried nonfaculty employees who elected to participate and be governed by the state human resources

 4471 human resources program set forth in Chapters 28 (§ 2.2-2800 et seq.) and 29 (§ 2.2-2900 et seq.) of
 4472 Title 2.2 shall continue to be governed by all state human resources and benefit plans, programs,
 4473 policies, and procedures that apply to and govern state employees.

4474 C. A salaried nonfaculty covered employee who elects to participate in and be governed by the
 4475 human resources program or programs established by the governing board of the covered institution
 4476 pursuant to § 23.1-1021 shall be deemed to have elected to be eligible to participate in and be governed
 4477 by the human resources plans, programs, policies, and procedures adopted by the covered institution for
 4478 his employment classification pursuant to §§ 23.1-1024, 23.1-1025, and 23.1-1026.

4479 **§ 23.1-1023. Covered institutions; operational authority; human resources; grievance procedures.**

4480 A. No covered institution is exempt from the State Grievance Procedure (§ 2.2-3000 et seq.), which
 4481 shall continue to apply to all eligible nonfaculty covered employees of a covered institution. The
 4482 governing board of each covered institution shall adopt policies that encourage the resolution of
 4483 employment-related problems and complaints of its nonfaculty covered employees. Such policies shall
 4484 provide that nonfaculty covered employees of the institution may discuss their concerns with their
 4485 immediate supervisors and management freely and without retaliation. To the extent that such concerns
 4486 cannot be resolved informally, the State Grievance Procedure (§ 2.2-3000 et seq.) shall apply (i) to the
 4487 covered institution's nonfaculty participating covered employees to the same extent that it applied to the
 4488 same classifications of nonfaculty employees prior to the institution's effective date of the initial
 4489 management agreement and (ii) to the covered institution's salaried nonfaculty covered employees who
 4490 have elected pursuant to § 23.1-1022 to continue to participate in the state human resources program
 4491 set forth in Chapters 28 (§ 2.2-2800 et seq.) and 29 (§ 2.2-2900 et seq.) of Title 2.2.

4492 B. The grievance policies that were applicable to faculty covered employees prior to the effective
 4493 date of the initial management agreement shall continue in effect but may be amended by the covered
 4494 institution.

4495 C. A covered institution may adopt grievance policies that are applicable to some or all other
 4496 employees not subject to grievance policies pursuant to subsection A or B. Such grievance policies may
 4497 be the same as the grievance policies adopted pursuant to subsection A.

4498 **§ 23.1-1024. Covered institutions; operational authority; human resources; miscellaneous personnel**
 4499 **matters.**

4500 A. Each covered institution shall base all appointments, promotions, and tenure decisions upon merit
 4501 and fitness, to be ascertained, as far as possible, by the competitive rating of qualifications by that
 4502 institution.

4503 B. No establishment of a position or rate of pay or change in rate of pay shall become effective
 4504 except on order of the appointing covered institution.

4505 C. No current or prospective participating covered employee of any covered institution shall be
 4506 required, as a condition of employment, to smoke or use tobacco products on the job or abstain from
 4507 smoking or using tobacco products outside the course of his employment, provided that this subsection
 4508 shall not apply to those classes of employees to which § 27-40.1 or 51.1-813 is applicable.

4509 **§ 23.1-1025. Covered institutions; operational authority; human resources; certain insurance plans.**

A. Insurance plans provided under this article and all proceeds from such plans are subject to the same provisions regarding exemption from levy, garnishment, and other legal process as is provided to Virginia Retirement System plans under § 51.1-510, provided, however, that (i) permitted assignments shall be made through completion of forms provided by the covered institution or its vendor and (ii) for insurance plans established by a covered institution, the covered institution shall exercise the authority granted to the Board of the Virginia Retirement System in § 51.1-510.

B. Each covered institution (i) shall purchase or make available group life and accidental death and dismemberment insurance plans covering in whole or in part those of its participating covered employees eligible to participate in the Virginia Retirement System and (ii) may purchase or make available such additional insurance plans covering its participating covered employees as it deems appropriate. Participating covered employees shall not be required to present evidence of insurability satisfactory to an insurance company for basic group life insurance coverage. Each covered institution shall offer all salaried participating covered employees basic group life insurance at a level of coverage determined by the institution's governing board. A covered institution may require participating covered employees to pay all or a portion of the cost of the insurance coverage offered pursuant to this subsection, which may be collected through a payroll deduction program. If the institution's governing board so elects, and subject to the execution of such participation agreements as the Virginia Retirement System may require, the covered institution's participating covered employees may be covered by the Virginia Retirement System's group insurance programs established pursuant to Chapter 5 (§ 51.1-500 et seq.) of Title 51.1 with the same terms, costs, conditions, and benefits as other state employees.

C. For those of its participating covered employees eligible to participate in the Virginia Retirement System, a covered institution shall (i) purchase disability insurance; (ii) subject to the execution of such participation agreements as may be necessary, appropriate, and in the best interests of the Commonwealth, continue to participate in the disability insurance program established for state agencies; (iii) establish a self-insured disability insurance program; or (iv) perform any combination of clauses (i), (ii), and (iii). A covered institution may require participating covered employees to pay all or a portion of the cost of the insurance coverage offered pursuant to clause (i), (iii), or (iv), which may be collected through a payroll deduction program. However, no such covered institution shall be required to contribute to the program established for state agencies on behalf of participating covered employees who do not participate in that program.

D. If a covered institution's governing board so elects, and subject to the execution of such participation agreements as may be necessary, appropriate, and in the best interests of the Commonwealth, each such institution or its participating covered employees, or both, may participate in any future insurance programs established for state employees with the same terms, conditions, and benefits as other state employees.

§ 23.1-1026. Covered institutions; operational authority; human resources; severance policies.

A. Each covered institution shall adopt a severance policy for its eligible participating covered employees that is applicable to voluntary and involuntary separations, including reductions in workforce. The provisions of the Workforce Transition Act (§ 2.2-3200 et seq.) shall not apply to participating covered employees.

B. The terms and conditions of a covered institution's severance policy for eligible participating covered employees shall be determined by the institution's governing board. The covered institution and the Board of the Virginia Retirement System shall negotiate a formula according to which cash severance benefits may be converted to years of age or creditable service for participating covered employees who participate in the Virginia Retirement System.

C. Covered employees who (i) were employees of a covered institution and were covered by the provisions of Chapter 29 (§ 2.2-2900 et seq.) of Title 2.2 prior to the effective date of the initial management agreement, (ii) would otherwise be eligible for severance benefits under the Workforce Transition Act (§ 2.2-3200 et seq.), and (iii) are separated by a covered institution because of a reduction in workforce have the same preferential hiring rights with state agencies and other executive branch institutions as other state employees have under § 2.2-3201. A covered institution shall recognize the hiring preference conferred by § 2.2-3201 on state employees who were (a) hired by a state agency or executive branch institution before the covered institution's effective date of the initial management agreement and (b) separated after that date by that state agency or executive branch institution because of a reduction in workforce. If a covered institution has adopted a classification system pursuant to § 23.1-1021 that differs from the classification system administered by the Department of Human Resource Management, the covered institution shall classify the separated employee according to its classification system and shall place the separated employee appropriately. Any such separated employee who is hired by a covered institution is a participating covered employee for purposes of this article. Classification decisions that are made pursuant to this subsection and apply to employees transferring between state agencies, between other executive branch institutions and covered institutions,

and between covered institutions as a result of a reduction in force and with the preferential hiring rights provided in this subsection and in § 2.2-3201 are presumed appropriate, and a separated employee who grieves the classification decision bears the burden of demonstrating that the classification violates the separated employee's preferential hiring rights.

D. An employee's transition from being an employee of a public institution of higher education to being a covered employee of a covered institution on the effective date of a covered institution's initial management agreement shall not, in and of itself, constitute a severance of that employee or a reduction in force that would make either the covered institution's severance policy adopted pursuant to subsection A or the Workforce Transition Act (§ 2.2-3200 et seq.) applicable to that employee.

§ 23.1-1027. Covered institutions; duties; tuition, fees, rentals, and other charges.

Each covered institution shall fix, revise, charge, and collect tuition, rates, rentals, fees, and other charges for the services, goods, or facilities furnished by or on behalf of such institution and may adopt policies regarding any such service rendered or the use, occupancy, or operation of any such facility.

§ 23.1-1028. Covered institutions; duties; leases of property.

The governing board of each covered institution shall adopt such policies relating to the leasing of real property, including capital or operating/income leases, that reasonably ensure that such leases are efficiently procured on appropriate terms and for appropriate purposes. With respect to capital or operating/income leases for real property to be used for academic purposes or for real property owned by the institution or a foundation relating to the institution to be used for non-academic purposes in accordance with the institution's land use plan pursuant to § 2.2-1153, other than applicable policies adopted by a covered institution's governing board and provisions of general law that expressly apply to covered institutions, such institutions are exempt from any state or local statutes, ordinances, rules, regulations, and guidelines relating to (i) operating/income leases of real property by public entities and (ii) except as otherwise provided in §§ 23.1-1016 and 23.1-1019, capital leases.

C. Bonds issued pursuant to this chapter shall:

1. Be subject to approval by the Governor and authorization by resolution of the board, and any such resolution may contain provisions, which shall be part of the contract with the bondholders, relating to:

a. Fixing, revising, charging, and collecting fees, rents, and charges for or in connection with the use, occupation, or services of the project or pledging such fees, rents, and charges and any increase in revenues derived from any existing facilities at such institution resulting from any increase in such fees, rents, or charges to the payment of the principal of and the interest on such bonds;

b. Fixing, revising, charging, and collecting fees, rents, and charges for or in connection with the use, occupation, or services of any existing facility at such institution and pledging such fees, rents, and charges to the payment of the principal of and the interest on such bonds;

c. Fixing, revising, charging, and collecting student building fees and other student fees from students enrolled at such institution and pledging all or part of such fees to the payment of the principal of and the interest on such bonds;

d. Pledging to the payment of the principal of and the interest on such bonds any moneys available for the use of such institution, including moneys appropriated to such institution from the general fund of the Commonwealth or from nongeneral funds that are not required by law or by previous binding contract to be devoted to some other purpose, without regard to the source of such moneys but subject to Treasury Board guidelines and approval pursuant to § 2.2-2416;

e. Paying the cost of operating and maintaining any project and any such existing facilities from any revenue source mentioned in subdivision a, b, c, or d, creating reserves for such purposes, and providing for the use and application of such reserves;

f. Creating sinking funds for the payment of the principal of and the interest on such bonds, creating reserves for such purposes, and providing for the use and application of such reserves;

g. Limiting the right of the institution to restrict and regulate the use, occupation, and services of the project and such other existing facilities or the services rendered in such project or other existing facilities;

h. Limiting the purposes to which the proceeds of sale of any issue of bonds may be applied;

i. Limiting the issuance of additional bonds;

j. Setting forth the procedure by which the terms of any contract with the bondholders may be amended or abrogated and the manner in which such bondholders may give consent to any such amendment or abrogation; and

k. Setting forth such other conditions precedent as may be required by the United States or any federal agency to obtain a direct grant or loan to erect or defray the cost of labor and material to erect any project from the United States or any federal agency, subject to the approval of the Governor;

2. Bear such date, mature at such time, bear interest at such rate not exceeding the rate specified in § 23.1-1112 payable at such times, be in such denomination, be in such form, either coupon or registered, carry such registration privilege, be executed in such manner, be payable in such medium of payment and at such place, and be subject to such terms of redemption, with or without premium, as the resolution of the board provides;

3. Be issued to finance only those projects approved by the General Assembly in the general appropriation act;

4. Be pledged pursuant to a resolution of the board and payable only from the revenue sources set forth in subdivisions 1 a, b, c, and d;

5. Not constitute an indebtedness of the institution, except to the extent of the collection of such revenues. Institutions are not liable to pay such bonds or the interest on such bonds from any other funds. No contract entered into by an institution pursuant to this chapter shall be construed to require the costs or expenses to operate and maintain a project for which bonds are issued and any other existing facilities to be paid out of any funds other than the revenues derived and pledged from the sources set forth in subdivisions 1 a, b, c, and d; and

6. Be fully negotiable within the meaning and for all the purposes set forth in Title 8.3A.

D. Bonds issued pursuant to this chapter may be:

1. Sold at public or private sale for such price or prices as the board determines and the Governor approves, provided that (i) the interest cost to maturity of the money received for any issue of such bonds shall not exceed the rate specified in § 23.1-1112; (ii) the General Assembly shall approve the issuance of bonds to finance projects; and (iii) biennially, on or before September 1 of each odd-numbered year, each institution shall submit to the Governor each proposed project and the

estimated cost of each such project that the institution desires to have financed under the provisions of this chapter, and the Governor shall consider such projects and make his recommendation to the General Assembly in the budget submitted in accordance with the provisions of § 2.2-1508;

2. Issued to finance only those projects approved by the General Assembly in the general appropriation act, which projects need not be limited to the projects recommended by the Governor;

3. Issued to finance all or a portion of the cost of any project plus amounts to fund issuance costs, reserve funds, and capitalized interest for a period not to exceed one year following completion of the project; and

4. Issued for the purpose set forth in § 23.1-1102 or to carry out the powers conferred on the institution by § 23.1-1104.

E. Neither the Governor nor the members of the board nor any person executing bonds pursuant to this chapter are liable personally on the bonds or subject to any personal liability or accountability by reason of the issuance of such bonds.

F. Any institution may purchase with funds available for such purchase any bond that it has issued at a price not more than the sum of the principal amount and accrued interest. All bonds so purchased shall be cancelled unless purchased as an endowment fund investment. Nothing in this subsection shall be construed to apply to the redemption of bonds.

G. In any case in which an institution obtains a loan from the United States or any federal agency to erect any project that requires the establishment of a debt service reserve, the institution, with the consent of the Governor, may deposit securities in a separate collateral account in an amount equal to the required debt service reserve and pledge such securities to meet the debt service requirements if the revenues derived from any source set forth in subdivision C 1 a, b, c, or d and pledged for the payment of such loan become insufficient for such purpose. The face value of United States government securities and the market value of all other securities is the value of any securities so deposited. Nothing in this subsection shall be construed to prohibit repayment of any portion of such loan from income derived from the securities so deposited. No securities shall be deposited in any such collateral account unless such securities are purchased with funds whose use is in no way limited or restricted or are donated to such institution for the purpose of establishing such debt service reserve.

§ 23.1-1107. Bondholders; remedies and trustees.

A. The provisions of this section shall apply to an issuance of bonds only if the resolution authorizing such bonds provides that the bondholders are entitled to all the benefits of and subject to the provisions of this section.

B. If any institution (i) defaults on the payment of principal of or interest on any series of its bonds after the payment becomes due, whether at maturity or upon call for redemption, and such default continues for a period of 30 days; (ii) fails or refuses to comply with the provisions of this chapter; or (iii) defaults on any agreement made with the bondholders of any series, the holders of 25 percent of the aggregate principal amount of the bonds of such series then outstanding, by instrument filed with the Governor and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the bondholders of such series for the purposes provided in this section.

C. The trustee may, and upon written request of the holders of 25 percent of the aggregate principal amount of the bonds of such series then outstanding shall, in his own name:

1. By mandamus or other suit, action, or proceeding at law or in equity, enforce all rights of the bondholders of such series, including the right to require such institution and its board to (i) collect fees, rents, charges, or other revenues adequate to carry out any agreement as to, or pledge of, such revenues or (ii) carry out and perform any other agreements with the bondholders of such series and their duties under this chapter;

2. Bring suit upon such bonds;

3. By action or suit in equity, require such institution to account as if it were the trustee of an express trust for the bondholders; and

4. By action or suit in equity, enjoin any acts that may be unlawful or in violation of the rights of the bondholders.

D. If the resolution that authorizes any bond contains the provision required by subsection A and provides that any trustee appointed by the bondholders pursuant to this section has the powers provided by this subsection, then any such trustee, whether or not all such bonds have been declared due and payable, is entitled to the appointment of a receiver who may (i) enter and take possession of any property of the institution from which any of the revenues are pledged for the security of the bonds of the holders that are represented by such trustee, (ii) operate and maintain such property, and (iii) collect and receive all fees, rents, charges, and other revenues arising from such property in the same manner as the institution is permitted to do and shall deposit all such moneys in a separate account and apply all such moneys in such manner as the court directs. In any suit, action, or proceeding by the trustee, any fees, counsel fees, and expenses of the trustee and receiver shall constitute taxable costs and

disbursements and all costs and disbursements allowed by the court shall be a first charge on any fees, rents, charges, and other revenues of the institution that are pledged for the security of the bonds.

E. Each trustee appointed pursuant to subsection B has all of the powers necessary or appropriate for the exercise of any functions specifically set forth in this section or incident to the general representation of the bondholders he represents in the enforcement and protection of their rights.

§ 23.1-1108. Bonds mutilated, lost, or destroyed.

If any bond issued by an institution is mutilated, lost, or destroyed, the board may execute and deliver a new bond of like date, number, and tenor in exchange and substitution for, and upon cancellation of a mutilated bond and its interest coupons or in lieu of and in substitution for a lost or destroyed bond and its unmatured interest coupons. Such new bond or coupon shall not be executed or delivered until the holder of the mutilated, lost, or destroyed bond (i) has paid the reasonable expense and charges in connection with the execution and delivery; (ii) in the case of a lost or destroyed bond, has filed with the board and the State Treasurer satisfactory evidence that such bond was lost or destroyed and that the bondholder was the owner of the bond; and (iii) has furnished indemnity satisfactory to the State Treasurer.

§ 23.1-1109. Bonds and revenues; disposition.

All moneys derived from the sale of bonds pursuant to § 23.1-1106 and all revenues derived from any source set forth in subdivision C 1 a, b, or c of § 23.1-1106, except those moneys that are exempt from deposit into the state treasury, shall be paid into the state treasury, set aside in special funds, and devoted solely to the payment of (i) the cost of erecting the project for which such bonds have been issued, (ii) the principal of and the interest on such bonds, and (iii) the cost of maintenance and operation of such project and any other existing facilities for which any revenue is pledged either in whole or in part to the payment of the principal of and the interest on such bonds, respectively, and are specifically appropriated for such purposes to be paid out by the State Treasurer on warrants of the Comptroller to be issued on vouchers of the treasurer or other fiscal officer of the board of such institution.

§ 23.1-1110. Bonds as legal investments.

Any bonds issued pursuant to this chapter are securities in which all public officers and bodies of the Commonwealth and its political subdivisions, insurance companies and associations, and savings banks and savings institutions, including savings and loan associations, in the Commonwealth may properly and legally invest funds in their control.

§ 23.1-1111. Bonds; prohibition against obligating Commonwealth.

The bonds and other obligations of an institution are not a debt of the Commonwealth, do not create or constitute any indebtedness or obligation of the Commonwealth, legal, moral, or otherwise, and are not payable out of any funds other than those of the institution. Nothing in this chapter shall be construed to authorize any institution to incur any indebtedness on behalf of the Commonwealth or in any way to obligate the Commonwealth.

§ 23.1-1112. Bonds; interest.

No bond issued by an institution pursuant to this chapter shall (i) bear interest at an annual percentage rate exceeding the greater of the rates authorized under § 6.2-303 or 15.2-2612 or (ii) be sold at public or private sale such that the interest cost to maturity exceeds the greater of such annual percentage rates authorized under § 6.2-303 or 15.2-2612.

§ 23.1-1113. Bonds; surplus to be paid into state treasury.

When any institution fully meets and discharges its bonds, interest thereon, interest on any unpaid installments of interest on its bonds, and all costs and expenses in connection with any action or proceedings by or on behalf of the bondholders and pays in full or otherwise discharges all of its liabilities incurred pursuant to this chapter, such institution shall pay into the state treasury all such sums of money it receives pursuant to the provisions of this chapter or that are derived from any project erected pursuant to this chapter as may be in its possession or control.

§ 23.1-1114. Projects; accounts to be kept by boards.

The board of each institution shall keep and preserve complete and accurate accounts of all sums of money received and disbursed to acquire, erect, lease, operate, or maintain any project and any other existing facilities, including a complete and accurate record of all revenues derived from any source set forth in subdivision C 1 a, b, c, or d of § 23.1-1106 and all sums disbursed for the payment of the principal of or interest on or other debt service with respect to any bonds issued pursuant to this chapter. The annual portion of such revenues that are not required to discharge any obligation, liability, or debt of the institution incurred in connection with the project or other existing facilities, including the creation of reserves for such purposes, shall be paid into the state treasury as provided in § 23.1-1109.

§ 23.1-1115. Projects; exemption from taxation.

The acquisition, erection, leasing, operation, and maintenance of any project authorized by this chapter are for the benefit of the citizens of the Commonwealth, for the increase of their pleasure,

knowledge, and welfare, and for the dissemination of education among them. Each institution performs a governmental function and is an incorporated institution of learning in carrying out its purposes and exercising its powers pursuant to this chapter and, so far as may be consistent with the Constitution of Virginia, is not required to pay taxes or assessments of any kind upon any project that it (i) acquires, erects, or leases and (ii) operates and maintains. Any such project is exempt from taxation and, insofar as may be permitted under the Constitution of Virginia, the bonds of such institution are exempt from taxation except for inheritance taxes.

§ 23.1-1116. Commonwealth not to limit revenues of institutions.

The Commonwealth shall not (i) limit or alter the rights vested in any institution to establish, collect, and pledge fees, rents, and charges, including student building fees and other student fees, as provided for in subdivision C 1 a, b, c, or d of § 23.1-1106 that the institution deems necessary or convenient to produce sufficient revenues to meet the expense of maintenance and operation of such project and such other existing facilities and fulfill the terms of any agreement made with the bondholders or (ii) in any way impair the rights and remedies of such bondholders until the bonds, the interest thereon, the interest on any unpaid installments of interest on the bonds, and all costs and expenses in connection with any action or proceedings by or on behalf of such bondholders are fully met and discharged.

§ 23.1-1117. Borrowing to purchase real estate.

A. Any institution may, with the approval of the Governor and upon the affirmative vote of at least two-thirds of its board, (i) borrow for and in the name of the institution such sums as it determines necessary for the acquisition of improved or unimproved real estate whether such acquisition is for the purpose of erecting a project and (ii) secure payment of such debts by a lien on such real estate or the pledge of any endowment funds or unrestricted gifts from private sources available for the use of such institution that are not required by law or by previous binding contract to be devoted to some other purpose.

B. Bonds issued by an institution pursuant to this section and the interest thereon shall be paid only from the real estate, endowment funds, or unrestricted gifts from private sources pledged to secure the bonds so issued or the proceeds from the sale or liquidation of such real estate, funds, or gifts, and shall not constitute a general obligation of such institution, the Commonwealth, the Governor, the members of the board, or any person executing the bonds so issued.

C. Any bonds issued by an institution pursuant to this section are securities in which all public officers and bodies of the Commonwealth and its political subdivisions, insurance companies and associations, and savings banks and savings institutions, including savings and loan associations, in the Commonwealth may properly and legally invest funds under their control.

D. Any bonds issued pursuant to this section, the transfer of such bonds, or the income from such bonds, including any profit derived from the sale of such bonds, is exempt from taxation by the Commonwealth or any locality or political subdivision of the Commonwealth.

E. Any board resolution authorizing the issuance of bonds pursuant to this section may contain any provision authorized by this chapter in connection with the issuance of bonds by institutions. Such provision shall be part of the contract with the holders of such bonds.

§ 23.1-1118. Discretion of Governor in granting or withholding consent or approval.

The Governor is vested with absolute discretion with respect to withholding or granting any consent or approval made pursuant to this chapter.

§ 23.1-1119. Payment of interest on bonds of the Commonwealth held by public institutions of higher education and private institutions of higher education.

The Comptroller shall draw upon the state treasury in favor of the proper authorities of any public institution of higher education or private institution of higher education for all accrued interest, upon all obligations of the Commonwealth or the James River and Kanawha Company guaranteed by the Commonwealth that are held by or for such institution. No interest shall be paid upon any such bonds.

§ 23.1-1120. Exchange and cancellation of consol coupon bonds of the Commonwealth.

The following sections of the Code of Virginia of 1919 are continued in effect:

1. Section 991, relating to the exchange of consol coupon bonds held by colleges, etc., for funded registered consol bonds; and

2. Section 992, relating to the cancellation of such bonds surrendered in exchange.

§ 23.1-1121. Certificates of indebtedness.

Chapter 489 of the Acts of Assembly of 1926, approved March 25, 1926, and codified as §§ 992(1)-992(13) of Michie Code 1942, authorizing the governing boards of certain public institutions of higher education to issue certificates of indebtedness to raise funds for dormitory construction purposes, and Chapter 61 of the Acts of Assembly of 1928, approved February 28, 1928, relating to similar certificates, are continued in effect.

§ 23.1-1122. Provisions of chapter to control.

Insofar as the provisions of this chapter are inconsistent with the provisions of any other general or

special law or the charter or other organic law of any institution, the provisions of this chapter control.

CHAPTER 12.

VIRGINIA COLLEGE BUILDING AUTHORITY.

Article I.

General Provisions; Powers and Duties.

§ 23.1-1200. Definitions; findings.

A. As used in this article, unless the context requires a different meaning:

"Authority" means the Virginia College Building Authority.

"Bond" means any bond, note, or other evidences of indebtedness or obligation of the Authority pursuant to this article.

"Eligible institution" means public institutions of higher education, as that term is defined in § 23.1-100; Eastern Virginia Medical School; the Institute for Advanced Learning and Research; the New College Institute; the Roanoke Higher Education Authority; the Southern Virginia Higher Education Center; the Southwest Virginia Higher Education Center; the Virginia School for the Deaf and the Blind; and the Wilson Workforce and Rehabilitation Center.

"Equipment" means any personal property, including computer hardware and software, and any other improvements, including infrastructure improvements relating to equipment, used to support academic instruction and research at eligible institutions.

"Project" has the same meaning as set forth in § 23.1-1100.

B. Providing funds for the construction of projects at eligible institutions is or may be hindered, impeded, and delayed by the high financing costs resulting from the sale of bonds of such eligible institutions in the open market, and it is desirable that the Authority may (i) serve the purposes of eligible institutions by purchasing such bonds and financing the construction of projects at a lower cost, which facilitates such construction and (ii) issue its own revenue bonds for the purpose of paying the costs of such projects.

C. There is an urgent need to provide substantial amounts of new scientific, technical, and other equipment for academic instruction, research, and related activities at eligible institutions so that they may remain competitive in attracting high-quality faculty and obtaining research grants, and it is desirable that the Authority may finance the purchase of such equipment to provide eligible institutions with such equipment at the lowest possible cost, which facilitates the acquisition and supply of such equipment to eligible institutions and increases the purchasing power of their funds, including funds provided by tuition and fees and appropriations from the General Assembly.

§ 23.1-1201. Virginia College Building Authority established.

A. The Virginia College Building Authority is established as a public body corporate and a political subdivision, agency, and instrumentality of the Commonwealth. The Authority is vested with the powers, rights, and duties conferred in this chapter.

B. The Authority shall consist of the State Treasurer, the State Comptroller, the Director of the Department of Planning and Budget, and the Director of the Council, all of whom shall serve ex officio, and seven additional members appointed by the Governor, subject to confirmation by the General Assembly. Each member shall serve at the pleasure of the Governor. Appointed members shall serve for a term of four years. Ex officio members shall serve terms coincident with their terms of office. Vacancies occurring other than by expiration of a term shall be filled for the unexpired term. No appointed member shall serve more than two consecutive terms.

C. The Governor shall appoint one member as chairman who shall serve a two-year term. No member is eligible to serve more than two consecutive terms as chairman. The chairman shall be the chief executive officer of the Authority and shall receive such compensation as the Governor determines. No ex officio member is eligible to serve as chairman.

D. The Authority shall elect one appointed member as vice-chairman, who shall exercise the powers of the chairman in the absence of the chairman.

E. The Authority shall elect a treasurer, a secretary, and an assistant secretary to perform the duties and functions commonly performed by such officers. All such officers, except the secretary and the assistant secretary, shall be selected from members of the Authority. The secretary and the assistant secretary may receive such compensation as the Authority provides.

F. Each appointed member of the Authority and the secretary and the assistant secretary shall execute a surety bond in such penal sum as shall be determined by the Attorney General to be (i) conditioned upon the faithful performance of the duties of his office, (ii) executed by a surety company authorized to transact business in the Commonwealth as surety, (iii) approved by the Attorney General, and (iv) filed in the office of the Secretary of the Commonwealth.

G. Six members of the Authority shall constitute a quorum for the transaction of all business of the Authority.

§ 23.1-1202. Action by Authority may be authorized by resolution.

The Authority may authorize any action taken by the Authority pursuant to the provisions of this article by resolution at any regular or special meeting, and each such resolution shall take effect immediately and need not be published or posted.

§ 23.1-1203. Powers of Authority generally.

To enable the Authority to carry out the purposes for which it is established, the Authority may:

1. Sue and be sued;
2. Make contracts;
3. Adopt, use, and alter a common seal;
4. Have perpetual succession as a public body corporate;

8. Conduct a program of purchasing equipment for eligible institutions as authorized by this article;
9. Collect, or authorize the trustee under any trust indenture securing any bonds of the Authority to collect (i) payments due under leases or agreements of sale of equipment or leases or other obligations of real property by the Authority to eligible institutions as such payments become due and (ii) the principal of and the interest on all bonds of eligible institutions purchased by the Authority;
10. Repossess and sell, or authorize the trustee under any trust indenture securing any bonds of the Authority to repossess and sell, any equipment upon any default under the lease or agreement for the sale of such equipment;
11. Repossess and re-lease, or authorize the trustee under any trust indenture securing any bonds of the Authority to repossess and re-lease, any project upon any default under the lease of such project;
12. Assist eligible institutions in applying for grants from, or entering into other agreements with, the federal or state government, foundations, or other entities that are designed to provide (i) guarantees of or funds for payments under leases or contracts of sale or (ii) other benefits;
13. Enter into agreements with the federal or state government, foundations, or other entities that are designed to provide (i) guarantees of or funds for payments under leases or contracts of sale or (ii) other benefits;
14. Select, appoint, and employ financial experts, corporate depositories, trustees, paying agents, attorneys, accountants, consulting engineers, construction experts, and other individuals to perform such other services as may be necessary in the judgment of the Authority and pay their compensation and reasonable expenses either from moneys received by the Authority under the provisions of this article or from appropriations made by the General Assembly for such purposes;
15. Issue bonds of the Authority as authorized by this article and refund any such bonds;
16. Receive and accept any grants, aid, or contributions of money, property, labor, or other things of value from any source or reject any such grants, aid, or contributions; and
17. Perform any other act necessary, appropriate, incidental, or convenient to carrying out the powers expressly granted in this article.

§ 23.1-1204. Duties; administration of assets, moneys, or obligations.

The Authority shall manage and administer all assets, moneys, or obligations set aside and transferred to it by the General Assembly or eligible institutions as provided in this article.

§ 23.1-1205. Powers; purchase or sale of bonds or other obligations of eligible institutions.

A. The Authority may purchase, with any funds of the Authority available for such purpose, at public or private sale and for such price and on such terms as it determines, bonds or other obligations issued by eligible institutions pursuant to Chapter 11 (§ 23.1-1100 et seq.).

B. The Authority may pledge to the payment of the interest on and the principal of any bonds of the Authority all or any part of the bonds of eligible institutions so purchased, including payments of principal and interest thereon, as such payments become due. The Authority may, subject to any such pledge, sell any such bonds so purchased and apply the proceeds of such sale (i) to purchase like bonds of other eligible institutions or (ii) for the purpose and in the manner provided by any resolution authorizing the issuance of bonds of the Authority.

§ 23.1-1206. Powers; acquisition or disposition of equipment.

A. The Authority may (i) acquire equipment or any interest in equipment by purchase, exchange, gift, lease, or otherwise; (ii) sell, exchange, donate, convey, lease, and dispose of such equipment or any portion of or interest in such equipment, including security interests in such equipment; and (iii) retain or receive security interests in such equipment.

B. Notwithstanding any other provision of law to the contrary, eligible institutions may grant security

5059 interests in or other liens on equipment held or acquired by the eligible institution under any lease or
5060 agreement of sale with the Authority.

5061 C. The Authority may acquire equipment with any funds of the Authority available for such purpose.
5062 Acquisition and disposition of equipment may be at public or private sale and for such price and on
5063 such terms as the Authority determines, provided that the Authority finances the acquisition of
5064 equipment for sale to eligible institutions only pursuant to standards and procedures approved through
5065 the Commonwealth's budget and appropriation process. The budget document shall present any lease
5066 payments and the corresponding total value of equipment to be acquired by each eligible institution.
5067 Each eligible institution shall make available such additional detail on specific equipment to be
5068 purchased as may be requested by the Governor or the General Assembly. If emergency acquisitions
5069 and leases are necessary when the General Assembly is not in session, the Governor may approve such
5070 acquisitions and leases. Prior to such acquisitions and leases, the Governor shall submit such proposed
5071 acquisitions and leases to the House Appropriations Committee and the Senate Finance Committee for
5072 their review and approval.

5073 D. The Authority may establish and maintain such accounts as it deems appropriate to provide funds
5074 for acquisition of equipment on a continuing basis. The Authority may deposit in such accounts such
5075 funds as it deems appropriate, including the proceeds of any Authority bonds issued to finance the
5076 purchase of equipment and payments made to the Authority under equipment lease or sale agreements
5077 with eligible institutions or other entities. Any moneys held in such accounts may be (i) used to secure
5078 payment of principal of and interest on any Authority bonds, whether issued to finance the purchase of
5079 equipment, issued to pay administrative costs of the authority, or incurred in connection with the
5080 purchase, lease, or sale of equipment, or (ii) transferred by the Authority to be used in connection with
5081 any other program of the Authority. No funds of the Authority derived from the equipment program
5082 authorized under this section may be used in connection with the issuance or securing of indebtedness
5083 for the benefit of private institutions of higher education pursuant to Article 2 (§ 23.1-1220 et seq.).

5084 E. The Authority may (i) determine and charge rent or determine sale prices for equipment that it
5085 leases or sells to eligible institutions and terminate such lease or sale agreements upon the failure of an
5086 eligible institution to comply with any obligations contained in such agreements or (ii) include in such
5087 lease agreements options for the eligible institution to renew the lease or purchase any or all of the
5088 leased equipment and provisions for the Authority to repossess and sell equipment leased or sold upon
5089 any default under the lease or sale agreement.

5090 **§ 23.1-1207. Powers; bonds of Authority generally.**

5091 A. To provide funds for the purchase of bonds of eligible institutions as authorized by § 23.1-1205,
5092 the acquisition of equipment as authorized by § 23.1-1206, the reimbursement of the Central Capital
5093 Planning Fund established pursuant to § 2.2-1520, the payment of pre-planning or detailed planning
5094 expenses for all projects that have been approved for construction by the General Assembly, or the
5095 payment of all or any part of the cost of any project or any portion of a project, the Authority may
5096 provide by resolution for the issuance of bonds of the Authority in such amount as the Authority
5097 determines. Such bonds of the Authority are payable solely from funds of the Authority, including (i)
5098 payments of principal of and interest on bonds of eligible institutions purchased by the Authority; (ii)
5099 the proceeds of the sale of any such bonds; (iii) payments of principal of and interest on obligations
5100 transferred to the Authority by the General Assembly or from other assets or moneys transferred to the
5101 Authority by the General Assembly or eligible institutions, including lease payments or any other source
5102 of revenue; (iv) the proceeds of the sale of any such obligations or assets; (v) the proceeds from the
5103 sale of bonds of the Authority; (vi) payments made by eligible institutions under leases or sales of
5104 equipment by the Authority; (vii) funds realized from the enforcement of security interests or other liens
5105 securing such bonds; (viii) payments due under letters of credit, policies of bond insurance, bond
5106 purchase agreements, or other credit enhancements securing payment of principal of and interest on
5107 bonds of the Authority; (ix) any moneys held in funds established by the Authority pursuant to
5108 § 23.1-1206; (x) any reserve or sinking fund created to secure such payment; and (xi) other available
5109 funds of the Authority.

5110 B. Bonds of the Authority issued under the provisions of this article do not constitute a debt of the
5111 Commonwealth or a pledge of the faith or credit of the Commonwealth, and all bonds of the Authority
5112 shall contain on their face a statement to the effect that neither the faith and credit nor the taxing
5113 power of the Commonwealth or of any political subdivision of the Commonwealth shall be pledged to
5114 pay the principal of or the interest on such bonds.

5115 C. The bonds of each issue shall be dated and mature at such time as may be determined by the
5116 Authority but not to exceed 40 years from their date, and may be made redeemable before maturity, at
5117 the option of the Authority, at such price or prices and under such terms and conditions as may be fixed
5118 by the Authority prior to the issuance of the bonds. The bonds may bear interest payable at such time,

The Authority may also provide for the replacement of any bond that becomes mutilated or is destroyed or lost. Such revenue bonds may be issued without any other proceedings or the happening of any other conditions or things than the proceedings, conditions, and things that are specified and required by this article.

I. Neither the members of the Authority nor any person executing any bonds issued under the provisions of this article is liable personally on such bonds or be subject to any personal liability or accountability by reason of the issuance of such bonds.

J. The Authority shall not undertake a project for an eligible institution if such project was not approved by the General Assembly pursuant to a bill, and any such project to be financed by bonds issued by the Authority secured by a pledge of any revenue source cited in subdivision C 1 a, b, c, or d of § 23.1-1106 shall be designated by the eligible institution's governing board as a project to be undertaken by the Authority.

§ 23.1-1208. Security for bonds.

A. The Authority may secure any bonds issued under the provisions of this article by a trust indenture by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside the Commonwealth. Such trust indenture or the resolution providing for the issuance of such bonds may:

3. Contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law;

5181 4. Provide for the creation and maintenance of such reserves as the Authority determines to be
5182 proper;

5188 any trust indenture upon any default under the lease or sale of such equipment; and the collection of (i)
5189 payments due the Authority under leases or agreements of sale of equipment and (ii) payments of
5190 principal and interest on any bonds of eligible institutions or obligations or other assets held by the
5191 Authority. Any bank or trust company incorporated under the laws of the Commonwealth that acts as
5192 depository of the proceeds of bonds or revenues may furnish such indemnifying bonds or pledge such
5193 securities as may be required by the Authority;

5194 6. Set forth the rights and remedies of the bondholders and the trustee;

5195 7. Restrict the individual right of action by bondholders; and

5196 8. Contain such other provisions as the Authority deems reasonable and proper for the security of
5197 the bondholders.

5198 B. All expenses incurred in carrying out the provisions of any such trust indenture or resolution may
5199 be treated as a part of the administration costs of the Authority.

5201 recorded except in the records of the Authority.

5202 **§ 23.1-1209. Reserve fund; limitations.**

5203 A. If the Authority deems it proper to create a reserve fund from its bond proceeds or other funds to
5204 support an issuance of bonds in accordance with the provisions of this section, all moneys held in such
5205 reserve fund, except as otherwise provided in this section, shall be pledged solely for the payment of the
5206 principal of and interest on the bonds secured in whole or in part by such a fund. The Authority may
5207 transfer income or interest earned on, or increment to, any reserve fund to its other funds or accounts if
5208 such transfer does not reduce the amount of the reserve fund below its minimum requirement.

5209 B. To ensure further the maintenance of reserve funds established in accordance with the provisions
5210 of this section, the chairman of the Authority shall annually, on or before November 15, make and
5211 deliver to the Governor and the Secretary of Finance a certificate stating the sum, if any, required to
5212 restore each reserve fund to its minimum requirement. The Governor shall submit to the presiding
5213 officer of each house of the General Assembly printed copies of a budget including the sum, if any,
5214 required to restore each reserve fund to its minimum requirement. Such submission shall be made at the
5215 time the Governor presents his budget and budget bill to the General Assembly pursuant to §§ 2.2-1508
5216 and 2.2-1509. Any sum that may be appropriated by the General Assembly for any restoration and paid
5217 to the Authority shall be deposited by the Authority in the applicable reserve fund. All sums paid to the
5218 Authority pursuant to this section shall constitute and be accounted for as advances by the
5219 Commonwealth to the Authority and, subject to the rights of the holders of any bonds of the Authority,
5220 shall be repaid to the Commonwealth without interest from available revenues of the Authority in excess
5221 of the amounts required for payment of bonds or other obligations of the Authority, maintenance of
5222 reserve funds, and operating expenses.

5223 C. The Authority shall not at any time issue bonds secured in whole or in part by any reserve fund
5224 referred to in subsection A if, upon the issuance of the bonds, the amount in the reserve fund will be
5225 less than its minimum requirement unless the Authority, at the time of the issuance of the bonds,
5226 deposits in the fund an amount that, together with the amount then in the fund, will not be less than the
5227 fund's minimum reserve requirement.

5228 D. The total principal amount of bonds outstanding at any one time, secured by a reserve fund in
5229 accordance with the provisions of this section, shall not exceed the sum of \$300 million without the
5230 prior approval of the General Assembly.

5231 E. Nothing in this section shall be construed as limiting the power of the Authority to issue bonds (i)
5232 not secured by a reserve fund or (ii) secured by a reserve fund not described in this section.

5233 **§ 23.1-1210. Payment on bonds; pledge of revenues.**

5234 To provide funds for the repayment of bonds issued by the Authority to (i) purchase any eligible
5235 institution's bonds or (ii) provide funds to pay all or part of the cost of any project or any portion of a
5236 project, each eligible institution may agree to pledge and transfer to the Authority all or part of the
5237 eligible institution's revenues derived from any source mentioned in subdivision C 1 a, b, c, or d of
5238 § 23.1-1106. Any agreement relating to such transfer may contain other provisions that the Authority
5239 and eligible institution deem reasonable and proper and are not in violation of law. No such agreement
5240 shall constitute a debt of the Commonwealth or a pledge of the full faith and credit of the
5241 Commonwealth. Neither the full faith and credit of the Commonwealth nor the taxing power of the

Commonwealth or any political subdivision of the Commonwealth shall be pledged to the payment of the principal of and interest on bonds so secured by such agreement. Prior to execution, any such agreement shall be approved by the Secretary of Finance and the Secretary of Education.

§ 23.1-1211. Default on payments.

A. Whenever it appears to the Governor from an affidavit filed with him by the paying agent for the bonds issued by the Authority that an eligible institution has defaulted on the payment of the principal of or premium, if any, or interest on its bonds pursuant to this article, the Governor shall immediately make a summary investigation into the facts set forth in the affidavit. If it is established to the satisfaction of the Governor that the eligible institution is in default in the payment of the principal of or premium, if any, or interest on its bonds, the Governor immediately shall make an order directing the State Comptroller to make payment immediately to the owners or paying agent of the bonds in default on behalf of the eligible institution from any appropriation available to the eligible institution in the amount due and remaining unpaid by the eligible institution on its bonds.

B. Any payment so made by the State Comptroller to the owners or paying agent of the bonds in default shall be credited as if made directly by the eligible institution and charged by the State Comptroller against the appropriations of the eligible institution. The owners or paying agent of the bonds in default at the time of payment shall deliver to the State Comptroller, in a form satisfactory to the State Comptroller, a receipt for payment of the principal, premium, or interest satisfied by the payment. The State Comptroller shall report each payment made to the governing body of the defaulting eligible institution under the provisions of this section.

C. The Governor shall direct the State Comptroller to (i) charge against the appropriations available to any eligible institution that has defaulted on its bonds pursuant to this section all future payments of principal of and interest on the eligible institution's bonds when due and payable and (ii) make such payments to the owners or paying agent of the bonds on behalf of the eligible institution to ensure that no future default will occur on such bonds. The charge and payment shall be made upon receipt of documentation that the State Comptroller deems to be satisfactory evidence of the claim. The owners or paying agent of the bonds at the time of each payment shall deliver to the State Comptroller, in a form satisfactory to the State Comptroller, a receipt for payment of the principal or interest satisfied by the payment.

D. Nothing in this section shall be construed to create any obligation on the part of the State Comptroller or the Commonwealth to make any payment on behalf of the defaulting eligible institution other than from funds appropriated to the defaulting eligible institution.

§ 23.1-1212. Investment of funds.

Any moneys or funds held by the Authority or the trustee under any trust indenture under the provisions of this article may be invested and reinvested in securities that are legal investments under the laws of the Commonwealth for moneys or funds held by fiduciaries.

§ 23.1-1216. Annual report; examination of records, books, and accounts.

A. The Authority shall submit to the Governor and General Assembly an annual report of the interim activity and work of the Authority on or before November 1 of each year. Such report shall be submitted as a report document as provided in the procedures of the Division of Legislative Automated Systems

 5304 website. Such report shall contain, at a minimum, the annual financial statements of the Authority for
 5305 the year ending the preceding June 30.

5306 B. The records, books, and accounts of the Authority are subject to examination and inspection by
 5307 duly authorized representatives of the General Assembly and any bondholder at any reasonable time,
 5308 provided that such examination and inspection do not unduly interrupt or interfere with the business of
 5309 the Authority.

5310 **§ 23.1-1217. Annual audit.**

5311 The Auditor of Public Accounts or his legally authorized representatives shall annually audit the
 5312 accounts of the Authority, and the cost of such audit shall be borne by the Authority.

 5314 **entities.**

5315 A. This article, being necessary for the welfare of the Commonwealth and its inhabitants, shall be
 5316 liberally construed to effect the purpose of this article.

5317 Except as otherwise expressly provided in this article, none of the powers granted to the Authority
 5318 under the provisions of this article are subject to the supervision or regulation or require the approval
 5319 or consent of (i) any locality or political subdivision of the Commonwealth or (ii) any commission,
 5320 board, bureau, official, or agency of (a) any such locality or political subdivision or (b) the
 5321 Commonwealth.

D. Any such trust agreement or resolution may contain such other provisions as the Authority deems reasonable and proper for the security of the bondholders.

E. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of a project.

§ 23.1-1229. Powers and duties; rates, rents, fees and charges; sinking fund.

A. The Authority may fix, revise, charge, and collect rates, rents, fees, and charges for the use of and the services furnished by each project and contract with any person, partnership, association, corporation, or other public or private body to perform such acts. The aggregate of such rates, rents, fees, and charges shall be fixed and adjusted to provide funds that, when combined with other revenues, is sufficient to (i) pay the uncovered cost of maintaining, repairing, and operating each portion of the project; (ii) pay the principal of and the interest on outstanding revenue bonds of the Authority as such principal and interest becomes due and payable; and (iii) create and maintain reserves required or provided for in any resolution authorizing, or trust agreement securing, such revenue bonds of the Authority. No such rate, rent, fee, or charge shall be subject to supervision or regulation by any department, commission, board, body, bureau, or agency of the Commonwealth other than the Authority.

B. The Authority shall set aside in a sinking fund or other similar fund a sufficient amount of the revenues derived from a project, except the part of such revenues that is necessary to pay the cost of maintenance, repair, and operation of the project, provide reserves, or make renewals, replacements, extensions, enlargements, and improvements as set forth in the resolution authorizing the issuance of any revenue bonds of the Authority or in the trust agreement securing such revenue bonds. The Authority shall pledge such sinking fund or other similar fund to pay the principal of and the interest on such revenue bonds as such principal and interest becomes due and the redemption or purchase price of bonds retired by call or purchase as provided in the resolution authorizing the issuance of any revenue bonds of the Authority or in the trust agreement securing such revenue bonds. Such pledge is valid and binding from the time when the pledge is made. The rates, rents, fees, and charges and other revenues

or moneys so pledged and received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery or further act. The lien of any such pledge is valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the Authority, irrespective of whether such parties have notice of such lien. No resolution authorizing the issuance of any revenue bonds of the Authority or trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund or other similar fund is subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Such sinking fund or other similar fund is a fund for all such revenue bonds issued to finance a project at a participating institution, without distinction or priority of one revenue bond over another, but the Authority may provide in any such resolution or trust agreement (i) that such sinking fund or other similar fund is the fund for a particular project at an institution of higher education and the revenue bonds issued to finance a particular project and (ii) for the issuance of revenue bonds having a subordinate lien to other revenue bonds of the Authority with respect to the security authorized and, in such case, the Authority may create separate or other similar funds with respect to such subordinate lien bonds.

§ 23.1-1230. Powers; issuance of refunding revenue bonds.

A. The Authority may provide for the issuance of revenue bonds to (i) refund any of its outstanding revenue bonds, including the payment of any redemption premium thereon and any interest accrued or to accrue on the earliest or any subsequent date of redemption, purchase, or maturity of such revenue bonds or (ii) pay all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project or any portion of a project.

B. The Authority may (i) apply the proceeds of any revenue bonds issued to refund outstanding revenue bonds to purchase, retire at maturity, or redeem such outstanding revenue bonds either on their earliest or any subsequent redemption date, upon their purchase, or at their maturity and (ii) place the proceeds of revenue bonds issued to refund outstanding revenue bonds in escrow pending such application to be applied to such purchase, retirement, or redemption on the date that it determines.

C. The Authority may invest and reinvest proceeds placed in escrow pursuant to subsection B in direct obligations of the United States, certificates of deposit, or time deposits secured by direct obligations of the United States that mature at such time as is appropriate to ensure the prompt payment of principal, interest, and any redemption premium of the outstanding revenue bonds to be so refunded, pending the purchase, retirement at maturity, or redemption of such outstanding revenue bonds. The Authority may apply interest, income, and any profits earned or realized on any such investment to pay the outstanding revenue bonds to be so refunded. After the terms of the escrow have been fully satisfied and carried out, any balance of such proceeds and any interest, income, and profits earned or realized on the investments on such proceeds may be returned to the Authority for its lawful use.

D. The Authority may invest or reinvest the portion of the proceeds of any revenue bonds issued to pay all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project in direct obligations of the United States or certificates of deposit or time deposits secured by direct obligations of the United States that mature not later than the time when such proceeds are needed to pay all or any part of such cost. The Authority may apply any interest, income, and profits earned or realized on such investment to the payment of all or any part of such cost or use such interest, income, and profits in any lawful manner.

E. All refunding revenue bonds issued pursuant to this section are subject to the provisions of this article in the same manner and to the same extent as other revenue bonds issued pursuant to this article.

§ 23.1-1231. Revenue bonds not obligations of Commonwealth or political subdivision.

Revenue bonds issued under the provisions of this article (i) do not constitute a debt, liability, or pledge of the faith and credit of the Commonwealth or any political subdivision of the Commonwealth and (ii) are payable solely from the funds provided from revenues as set forth in this article. Each such revenue bond shall state on its face that (a) neither the Commonwealth nor the Authority is obligated to pay such revenue bonds or the interest thereon except from revenues of the project or the portion of the project for which they are issued and (b) neither the faith and credit nor the taxing power of the Commonwealth or any political subdivision of the Commonwealth is pledged to the payment of the principal of or the interest on such bonds. The issuance of revenue bonds under the provisions of this article shall not directly, indirectly, or contingently obligate the Commonwealth or any political subdivision of the Commonwealth to levy or pledge any form of taxation for such bonds or make any appropriation for their payment.

§ 23.1-1232. Moneys received deemed trust funds.

All moneys that the Authority receives pursuant to this article, whether as proceeds from the sale of bonds or as revenues, are trust funds to be held and applied solely as provided in this article. Any

officer with whom, or any bank or trust company with which, such moneys are deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes of this article, the resolution authorizing the bonds of any issue, or the trust agreement securing such bonds.

§ 23.1-1233. Remedies of bondholders or holders of other obligations.

Any (i) holder of revenue bonds, notes, bond anticipation notes, other notes, or other obligations of the Authority issued under the provisions of this article or any of the coupons appertaining to any such obligation and (ii) trustee under any trust agreement, except to the extent that such rights are restricted by any resolution authorizing the issuance of, or any such trust agreement securing, such bonds or other obligations, may, either at law or in equity, by suit, action, mandamus, or other proceedings, (a) protect and enforce all rights under the laws of the Commonwealth or such resolution or trust agreement and (b) enforce and compel the performance of all duties required by this article or by such resolution or trust agreement to be performed by the Authority or any officer, employee, or agent of the Authority, including the fixing, charging, and collecting of the rates, rents, fees, and charges authorized by this article and required by the provisions of such resolution or trust agreement to be fixed, charged, and collected.

§ 23.1-1234. Exemption from taxation.

Neither the Authority nor its agent are required to pay any taxes or assessments upon or with respect to a project, any property acquired or used by the Authority or its agent under the provisions of this article, or the income from any such project or property. Any bonds issued under the provisions of this article, the transfer of such bonds, and the income from such bonds, including any profit made on the sale of such bonds, are exempt from taxation of any kind by the Commonwealth and the localities and other political subdivisions of the Commonwealth.

§ 23.1-1235. Bonds as legal investments.

Bonds issued by the Authority under the provisions of this article are securities (i) in which all public officers and bodies of the Commonwealth and its political subdivisions, insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them and (ii) that may properly and legally be deposited with and received by any officer of the Commonwealth or any of its localities or any agency or political subdivision of the Commonwealth for any lawful purpose.

§ 23.1-1236. Nature of article.

This article is supplemental and additional to powers conferred by other laws, but the issuance of revenue bonds and revenue refunding bonds under the provisions of this article need not comply with the requirements of any other law applicable to the issuance of bonds. Except as otherwise expressly provided in this article, no power granted to the Authority under the provisions of this article is subject to the supervision or regulation of or requires the approval or consent of the Commonwealth, any locality or political subdivision of the Commonwealth, or any department, division, commission, board, body, bureau, official, or agency of any such locality or political subdivision.

§ 23.1-1237. Article liberally construed.

This article, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purposes of this article.

§ 23.1-1238. Article controls inconsistent laws.

To the extent that the provisions of this article are inconsistent with the provisions of any general statute or special act or parts thereof, the provisions of this article control.

SUBTITLE IV.

PUBLIC INSTITUTIONS OF HIGHER EDUCATION.

CHAPTER 13.

GOVERNING BOARDS OF PUBLIC INSTITUTIONS OF HIGHER EDUCATION.

§ 23.1-1300. Members of governing boards; removal; terms; nonvoting, advisory representatives.

A. Members appointed by the Governor to the governing boards of public institutions of higher education shall serve for terms of four years. Vacancies occurring other than by expiration of a term shall be filled for the unexpired term. No member appointed by the Governor to such a governing board shall serve for more than two consecutive four-year terms; however, a member appointed by the Governor to serve an unexpired term is eligible to serve two consecutive four-year terms immediately succeeding such unexpired term. Except as otherwise provided in § 23.1-2601, all appointments are subject to confirmation by the General Assembly. Members appointed by the Governor to the governing board of a public institution of higher education shall continue to hold office until their successors have been appointed and confirmed. Ex officio members shall serve a term coincident with their term of office.

B. No member appointed by the Governor to the governing board of a public institution of higher education who has served two consecutive four-year terms on such board is eligible to serve on the

5669 same board until at least four years have passed since the end of his second consecutive four-year term.
 5670 C. Notwithstanding the provisions of subsection E or any other provision of law, the Governor may
 5671 remove from office for malfeasance, misfeasance, incompetence, or gross neglect of duty any member of
 5672 the board of any public institution of higher education and fill the vacancy resulting from the removal.

5673 D. The Governor shall set forth in a written public statement his reasons for removing any member
 5674 pursuant to subsection C at the time the removal occurs. The Governor is the sole judge of the
 5675 sufficiency of the cause for removal as set forth in subsection C.

5676 E. If any member of the governing board of a public institution of higher education fails to attend (i)
 5677 the meetings of the board for one year without sufficient cause, as determined by a majority vote of the
 5678 board, or (ii) the educational programs required by § 23.1-1304 in his first two years of membership
 5679 without sufficient cause, as determined by a majority vote of the board, the remaining members of the
 5680 board shall record such failure in the minutes at its next meeting and notify the Governor, and the
 5681 office of such member shall be vacated.

5682 F. The governing board of each public institution of higher education shall adopt in its bylaws
 5683 policies (i) for removing members pursuant to subsection E and (ii) referencing the Governor's power to
 5684 remove members described in subsection C.

5685 G. The governing board of each public institution of higher education and each local community
 5686 college board may appoint one or more nonvoting, advisory faculty representatives to its respective
 5687 board. In the case of local community college boards and boards of visitors, such representatives shall
 5688 be chosen from individuals elected by the faculty or the institution's faculty senate or its equivalent. In
 5689 the case of the State Board, such representatives shall be chosen from individuals elected by the
 5690 Chancellor's Faculty Advisory Committee. Such representatives shall be appointed to serve (i) at least
 5691 one term of at least 12 months, which shall be coterminous with the institution's fiscal year or (ii) for
 5692 such terms as may be mutually agreed to by the State Board and the Chancellor's Faculty Advisory
 5693 Committee, or by the local community college board or the board of visitors, and the institution's faculty
 5694 senate or its equivalent.

5695 H. The board of visitors of any baccalaureate public institution of higher education shall appoint one
 5696 or more students as nonvoting, advisory representatives. Such representatives shall be appointed under
 5697 such circumstances and serve for such terms as the board of visitors of the institution shall prescribe.

5698 I. Nothing in subsections G and H shall prohibit the governing board of any public institution of
 5699 higher education or any local community college board from excluding such nonvoting, advisory faculty
 5700 or student representatives from discussions of faculty grievances, faculty or staff disciplinary matters or
 5701 salaries, or any other matter.

5702 **§ 23.1-1301. Governing boards; powers.**

5703 A. The board of visitors of each baccalaureate public institution of higher education or its designee
 5704 may:

- 5705 1. Make regulations and policies concerning the institution;
- 5706 2. Manage the funds of the institution and approve an annual budget;

- 5708 4. Appoint professors and fix their salaries; and
- 5709 5. Fix the rates charged to students for tuition, mandatory fees, and other necessary charges.

5710 B. The governing board of each public institution of higher education or its designee may:

- 5711 1. In addition to the powers set forth in Restructured Higher Education Financial and Administrative
 5712 Operations Act (§ 23.1-1000 et seq.), lease or sell and convey its interest in any real property that it
 5713 has acquired by purchase, will, or deed of gift, subject to the prior approval of the Governor and any
 5714 terms and conditions of the will or deed of gift, if applicable. The proceeds shall be held, used, and
 5715 administered in the same manner as all other gifts and bequests;

- 5716 2. Grant easements for roads, streets, sewers, waterlines, electric and other utility lines, or other
 5717 purposes on any property owned by the institution;

- 5718 3. Adopt regulations or institution policies for parking and traffic on property owned, leased,
 5719 maintained, or controlled by the institution;

- 5720 4. Adopt regulations or institution policies for the employment and dismissal of professors, teachers,
 5721 instructors, and other employees;

- 5722 5. Adopt regulations or institution policies for the acceptance and assistance of students in addition
 5723 to the regulations or institution policies required pursuant to § 23.1-1303;

- 5724 6. Adopt regulations or institution policies for the conduct of students in attendance and for the
 5725 rescission or restriction of financial aid, suspension, and dismissal of students who fail or refuse to
 5726 abide by such regulations or policies;

- 5727 7. Establish programs, in cooperation with the Council and the Office of the Attorney General, to
 5728 promote (i) student compliance with state laws on the use of alcoholic beverages and (ii) the awareness
 5729 and prevention of sexual crimes committed upon students;

8. Establish guidelines for the initiation or induction of students into any social fraternity or sorority in accordance with the prohibition against hazing as defined in § 18.2-56;

9. Assign any interest it possesses in intellectual property or in materials in which the institution claims an interest, provided such assignment is in accordance with the terms of the institution's intellectual property policies adopted pursuant to § 23.1-1303. The Governor's prior written approval is required for transfers of such property (i) developed wholly or predominantly through the use of state general funds, exclusive of capital assets and (ii) (a) developed by an employee of the institution acting within the scope of his assigned duties or (b) for which such transfer is made to an entity other than (1) the Innovation and Entrepreneurship Investment Authority, (2) an entity whose purpose is to manage intellectual properties on behalf of nonprofit organizations, colleges, and universities, or (3) an entity whose purpose is to benefit the respective institutions. The Governor may attach conditions to these transfers as he deems necessary. In the event the Governor does not approve such transfer, the materials shall remain the property of the respective institutions and may be used and developed in any manner permitted by law;

10. Conduct closed meetings pursuant to §§ 2.2-3711 and 2.2-3712 and conduct business as a "state public body" for purposes of subsection B of § 2.2-3708; and

11. Adopt a resolution to require the governing body of a locality that is contiguous to the institution to enforce state statutes and local ordinances with respect to offenses occurring on the property of the institution. Upon receipt of such resolution, the governing body of such locality shall enforce statutes and local ordinances with respect to offenses occurring on the property of the institution.

§ 23.1-1302. Governing boards; additional powers; voluntary early retirement.

A. The governing board of each public institution of higher education may establish a compensation plan designed to provide incentives for voluntary early retirement of teaching and research staff employed in nonclassified, faculty positions. Participation in such compensation plan is voluntary for eligible employees and no employee shall be penalized in any way for not participating.

B. In order to qualify for participation in such compensation plan, an eligible faculty employee shall (i) be at least 60 years old; (ii) have completed at least 10 years of full-time service at the institution offering the plan; (iii) have been awarded tenure or have a contractual right to continued employment; (iv) agree to withdraw from active membership in the Virginia Retirement System; and (v) comply with any additional criteria established by the governing board of the institution.

C. Any compensation plan established pursuant to this section shall include the institutional needs and objectives to be served, the kind of incentives to be offered, the sources of available funding for implementation, and any additional qualifications required of eligible faculty employees established by the governing board. Any such compensation plan shall explicitly reserve to the governing board the authority to modify, amend, or repeal the plan. However, no such amendment, modification, or repeal is effective as to any individual who retires under the plan prior to the effective date of the amendment, modification, or repeal.

D. The cash payments offered under any such compensation plan shall not exceed 150 percent of the employee's base annual salary reflected in the Personnel Management Information System at the time of election to participate. Any such payment shall be allocated over at least two years. Such compensation may include payment of insurance benefits by the institution until the participant reaches the age of 65. The total cost in any fiscal year for any compensation plan established under this section shall not exceed one percent of the institution's corresponding fiscal year state general fund appropriation for faculty salaries and associated benefits.

E. The Governor may establish, with the assistance of the Council, uniform criteria for such compensation plans. Prior to the adoption, modification, amendment, or repeal of any such compensation plan, the governing board shall obtain the Governor's approval. The Governor shall provide a copy of each approved plan to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance. All compensation plans shall be reviewed for legal sufficiency by the Office of the Attorney General prior to adoption, modification, amendment, or repeal.

F. The Administrative Process Act (§ 2.2-4000 et seq.) does not apply to the establishment of such compensation plans or any implementing regulations or criteria.

§ 23.1-1303. Governing boards; duties.

A. For purposes of this section, "intellectual property" means (i) a potentially patentable machine, article of manufacture, composition of matter, process, or improvement in any of those; (ii) an issued patent; (iii) a legal right that inheres in a patent; or (iv) anything that is copyrightable.

B. The governing board of each public institution of higher education shall:

1. Adopt and post conspicuously on its website bylaws for its own governance, including provisions that (i) establish the requirement of transparency, to the extent required by law, in all board actions; (ii) describe the board's obligations under the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), as set forth in subdivision B 10 of § 23.1-1301, including the requirements that (a) the board record

minutes of each open meeting and post the minutes on the board's website, in accordance with subsection 1 of § 2.2-3707 and § 2.2-3707.1, (b) discussions and actions on any topic not specifically exempted by § 2.2-3711 be held in an open meeting, (c) the board give public notice of all meetings, in accordance with subsection C of § 2.2-3707, and (d) any action taken in a closed meeting be approved in an open meeting before it can have any force or effect, in accordance with subsection B of § 2.2-3711; and (iii) require that the board invite the Attorney General's appointee or representative to all meetings of the board, executive committee, and board committees;

2. Establish regulations or institution policies for the acceptance and assistance of students that include provisions (i) that specify that individuals who have knowingly and willfully failed to meet the federal requirement to register for the selective service are not eligible to receive any state direct student assistance, (ii) that specify that the accreditation status of a public high school in the Commonwealth shall not be considered in making admissions determinations for students who have earned a diploma pursuant to the requirements established by the Board of Education, and (iii) relating to the admission of certain graduates of comprehensive community colleges as set forth in § 23.1-907;

3. Assist the Council in enforcing the provisions relating to eligibility for financial aid;

4. Notwithstanding any other provision of state law, establish policies and procedures requiring the notification of the parent of a dependent student when such student receives mental health treatment at the institution's student health or counseling center and such treatment becomes part of the student's educational record in accordance with the federal Health Insurance Portability and Accountability Act (42 U.S.C. § 1320d et seq.) and may be disclosed without prior consent as authorized by the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g) and related regulations (34 C.F.R. Part 99). Such notification shall only be required if it is determined that there exists a substantial likelihood that, as a result of mental illness the student will, in the near future, (i) cause serious physical harm to himself or others as evidenced by recent behavior or any other relevant information or (ii) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs. However, notification may be withheld if any person licensed to diagnose and treat mental, emotional, or behavioral disorders by a health regulatory board within the Department of Health Professions who is treating the student has made a part of the student's record a written statement that, in the exercise of his professional judgment, the notification would be reasonably likely to cause substantial harm to the student or another person. No public institution of higher education or employee of a public institution of higher education making a disclosure pursuant to this subsection is civilly liable for any harm resulting from such disclosure unless such disclosure constitutes gross negligence or willful misconduct by the institution or its employees;

5. Establish policies and procedures requiring the release of the educational record of a dependent student, as defined by the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g), to a parent at his request;

6. Establish programs to seek to ensure that all graduates have the technology skills necessary to compete in the twenty-first century and that all students matriculating in teacher-training programs receive instruction in the effective use of educational technology;

7. Establish policies for the discipline of students who participate in varsity intercollegiate athletics, including a provision requiring an annual report by the administration of the institution to the governing board regarding enforcement actions taken pursuant to such policies;

8. In addition to all meetings prescribed in Chapters 14 (§ 23.1-1400 et seq.) through 29 (§ 23.1-2900 et seq.), meet with the chief executive officer of the institution at least once annually, in a closed meeting pursuant to subdivision A 1 of § 2.2-3711 and deliver an evaluation of the chief executive officer's performance. Any change to the chief executive officer's employment contract during any such meeting or any other meeting of the board shall be made only by a vote of the majority of the board's members;

9. If human research, as defined in § 32.1-162.16, is conducted at the institution, adopt regulations pursuant to the Administrative Process Act (§ 2.2-4000 et seq.) to effectuate the provisions of Chapter 5.1 (§ 32.1-162.16 et seq.) of Title 32.1 for human research. Such regulations shall require the human research committee to submit to the Governor, the General Assembly, and the chief executive officer of the institution or his designee at least annually a report on the human research projects reviewed and approved by the committee and require the committee to report any significant deviations from approved proposals;

10. Submit the annual financial statements for the fiscal year ending the preceding June 30 and the accounts and status of any ongoing capital projects to the Auditor of Public Accounts for the audit of such statements pursuant to § 30-133;

11. Submit to the General Assembly and the Governor an annual executive summary of its interim activity and work no later than the first day of each regular session of the General Assembly. The executive summary shall be submitted as provided in the procedures of the Division of Legislative

Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website;

12. Make available to any interested party upon request a copy of the portion of the most recent report of the Uniform Crime Reporting Section of the Department of State Police entitled "Crime in Virginia" pertaining to institutions of higher education; and

13. Adopt policies or institution regulations regarding the ownership, protection, assignment, and use of intellectual property and provide a copy of such policies to the Governor and the Joint Commission on Technology and Science. All employees of public institutions of higher education are bound by the intellectual property policies of the institution employing them.

§ 23.1-1304. Governing boards; additional duties; educational programs.

A. From such funds as are appropriated for such purpose, the Council shall develop, in consultation with public institutions of higher education and members of their governing boards, and annually deliver educational programs for the governing boards of such institutions. New members of such governing boards shall participate, at least once during their first two years of membership, in the programs, which shall be designed to address the role, duties, and responsibilities of the governing boards and may include in-service programs on current issues in higher education. In developing such programs, the Council may consider similar educational programs for institutional governing boards in other states.

B. Educational programs for the governing boards of public institutions of higher education shall include presentations relating to:

1. Board members' duty to the Commonwealth;

16. Future national and state issues in higher education;
17. Relations between the governing board and the chief executive officer of the institution, including perspectives from chief executive officers of public institutions of higher education;
18. Best practices for board governance, including perspectives from current board members; and
19. Any other topics that the Council, public institutions of higher education, and members of their governing boards deem necessary or appropriate.

C. The Council shall submit to the General Assembly and the Governor an annual executive summary of the interim activity and work of the Council pursuant to this section no later than the first day of each regular session of the General Assembly. The executive summary shall be submitted as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website.

§ 23.1-1305. Governing boards; student accounts; collections.

No governing board shall refer a student account to collections for nonpayment before required by the provisions of § 2.2-4806.  5918 board members; and (viii) develop a set of qualifications and competencies for membership on the
 5919 board for approval by the board and recommendation to the Governor.

5920 **§ 23.1-1307. Governing boards; expenses of members.**

5921 Members of the governing board of each public institution of higher education shall be reimbursed
 5922 for all reasonable and necessary expenses incurred in the performance of their duties. Funding for the
 5923 expenses of the members shall be provided by the institution.

5924 **§ 23.1-1308. Governing board procedures; textbook sales and bookstores.**

5925 A. No employee of a public institution of higher education shall demand or receive any payment,
 5926 loan, subscription, advance, deposit of money, services, or anything, present or promised, as an

It shall be unlawful for the board to issue its obligations to be secured by deed of trust on its real estate without the prior consent of the General Assembly.

§ 23.1-2206. Payment of bonds of the University.

For the payment of the bonds, with the interest on such bonds, issued pursuant to the act entitled "An act to authorize the rector and board of visitors of the University of Virginia to issue bonds to pay off and discharge their floating debt and maturing obligations," approved March 28, 1871, the current revenue of the University and the property held by the Commonwealth for the purposes of the University shall continue liable.

§ 23.1-2207. Payment of interest on debt of University; sinking fund.

Out of the appropriation made by the General Assembly for the support of the University, there shall be first set apart, annually, a sum sufficient to pay the interest accruing on the existing interest-bearing debt of the University, except as provided in § 23.1-1109, and to constitute a sinking fund for the liquidation of the principal of such debt. Such sum shall be applied to no other purpose or object.

 6403 springs, lands, and rights-of-way as may be necessary, according to the provisions of Title 25.1.

6404 **§ 23.1-2210. Investment of endowment funds, endowment income, etc.**

6405 A. As used in this section:

6406 "Derivative" means a contract or financial instrument or a combination of contracts and financial
 6407 instruments, including any contract commonly known as a "swap," that gives the University the right or
 6408 obligation to deliver, receive delivery of, or make or receive payments based on changes in the price,

 6414 fractional undivided interest in oil, gas, or other mineral rights; (ii) any put, call, straddle, option, or
 6415 privilege on any security, certificate of deposit, or group or index of securities, including any interest
 6416 therein or based on the value thereof; (iii) any put, call, straddle, option, or privilege entered into on a
 6417 national securities exchange relating to foreign currency; (iv) in general, any interest or instrument
 6418 commonly known as a "security"; or (v) any certificate of interest or participation in, temporary or
 6419 interim security for, receipt for, guarantee of, or warrant or right to subscribe to or purchase any
 6420 financial security.

6421 "Option" means an agreement or contract whereby the University may grant or receive the right to
 6422 purchase, sell, or pay or receive the value of any personal property asset, including any agreement or
 6423 contract that relates to any security, contract, or agreement.

6424 B. The board shall invest and manage the endowment funds, endowment income, gifts, all other
 6425 nongeneral fund reserves and balances, and local funds of or held by the University in accordance with
 6426 this section and the provisions of the Uniform Prudent Management of Institutional Funds Act
 6427 (§ 64.2-1100 et seq.).

6428 C. No member of the board is personally liable for losses suffered by any endowment fund,
 6429 endowment income, gift, other nongeneral fund reserve and balance, or local funds of or held by the
 6430 University arising from investments made pursuant to the provisions of subsection A.

6431 D. The investment and management of endowment funds, endowment income, gifts, all other
 6432 nongeneral fund reserves and balances, or local funds of or held by the University is not subject to the
 6433 provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.).

6434 E. In addition to the investment practices authorized by the Uniform Prudent Management of
 6435 Institutional Funds Act (§ 64.2-1100 et seq.), the board may invest or reinvest the endowment funds,
 6436 endowment income, gifts, all other nongeneral fund reserves and balances, and local funds of or held by
 6437 the University in derivatives, options, and financial securities.

6438 F. The authority provided in this section to invest and reinvest nongeneral fund reserves and
 6439 balances of or held by the University is predicated upon an approved management agreement between
 6440 the University and the Commonwealth.

6441 **Article 2.**

6442 *The University of Virginia's College at Wise.*

6443 **§ 23.1-2211. The University of Virginia's College at Wise.**

6444 A. The University of Virginia's College at Wise (the College), established in Wise County, Virginia,
 6445 is a division of the University and a baccalaureate public institution of higher education subject to the
 6446 supervision, management, and control of the board.

6447 B. Direct and indirect appropriations from the Commonwealth to the College shall be expended as
 6448 directed by the board.

6449 C. All property, property rights, duties, contracts, and agreements of the College are vested in the
 6450 board. The board shall care for and preserve all property belonging to the College.

6451 D. With respect to the College, the board has all the powers that are vested in the board with
 6452 respect to the University.

6453 E. The president of the University shall be the principal administrative officer of the College.

6454 F. The board shall fix the title of the chief executive officer of the College.

6455 **Article 3.**

6456 *Medical Center.*

6457 **§ 23.1-2212. Operations of Medical Center.**

6458 A. The ability of the University to provide medical and health sciences education and related
 6459 research is dependent upon the maintenance of high-quality teaching hospitals and related health care
 6460 and health maintenance facilities, collectively referred to in this article as the Medical Center, and the
 6461 maintenance of a Medical Center serving such purposes requires specialized management and operation

that permit the Medical Center to remain economically viable and participate in cooperative arrangements reflective of changes in health care delivery.

B. Notwithstanding the provisions of § 32.1-124 exempting hospitals and nursing homes owned or operated by an agency of the Commonwealth from state licensure, the Medical Center shall be, for so long as the Medical Center maintains its accreditation by a national accrediting organization granted authority by the Centers for Medicare and Medicaid Services to ensure compliance with Medicare conditions of participation pursuant to § 1865 of Title XVIII of the Social Security Act (42 U.S.C. § 1395bb), deemed to be licensed as a hospital for purposes of other law relating to the operation of hospitals licensed by the Board of Health. The Medical Center shall not, however, be deemed to be a licensed hospital to the extent that any law relating to licensure of hospitals specifically excludes the Commonwealth or its agencies. As an agency of the Commonwealth, the Medical Center shall remain (i) exempt from licensure by the Board of Health pursuant to § 32.1-124 and (ii) subject to the Virginia Tort Claims Act (§ 8.01-195.1 et seq.). This subsection shall not be construed as a waiver of the Commonwealth's sovereign immunity.

C. The University may create, own in whole or in part, or otherwise control corporations, partnerships, insurers, or other entities whose activities promote the operations of the Medical Center and its mission; cooperate or enter into joint ventures with such entities and with government bodies; and enter into contracts in connection with its operations. Without limiting the power of the University to issue bonds, notes, guarantees, or other evidence of indebtedness pursuant to subsection D in connection with such activities, no such creation, ownership, or control shall create any responsibility of the University, the Commonwealth, or any agency of the Commonwealth for the operations or obligations of any such entity or in any way make the University, the Commonwealth, or any agency of the Commonwealth responsible for the payment of debt or other obligations of such entity. All such interests shall be reflected on the financial statements of the Medical Center.

D. Notwithstanding the provisions of Chapter 11 (§ 23.1-1100 et seq.), the University may issue bonds, notes, guarantees, or other evidence of indebtedness without the approval of any other governmental body subject to the following provisions:

1. Such debt is used solely for the purpose of paying not more than 50 percent of the cost of capital improvements in connection with the operation of the Medical Center or related issuance costs, reserve funds, and other financing expenses, including interest during construction and acquisitions and for up to one year thereafter.

2. The only revenues of the University pledged to the payment of such debt are those derived from the operation of the Medical Center and related health care and educational activities, and no general fund appropriation and special Medicaid disproportionate share payments for indigent and medically indigent patients who are not eligible for the Virginia Medicaid Program is pledged for the payment of such debt.

3. Such debt states that it does not constitute a debt of the Commonwealth or a pledge of the faith and credit of the Commonwealth.

4. Such debt is not sold to the public.

5. The total principal amount of such debt outstanding at any one time does not exceed \$25 million.

6. The Treasury Board approves the terms and structure of such debt.

7. The purpose, terms, and structure of such debt are promptly communicated to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees.

8. All such indebtedness is reflected on the financial statements of the Medical Center.

E. Subject to meeting the conditions set forth in subsection D, such debt may be in such form and have such terms as the board may provide and shall be in all respects debt of the University for the purposes of §§ 23.1-1110, 23.1-1115, and 23.1-1116.

§ 23.1-2213. Medical center management; capital projects; leases of property; procurement.

A. The economic viability of the Medical Center, the requirement for its specialized management and operation, and the need of the Medical Center to participate in cooperative arrangements reflective of changes in health care delivery, as set forth in § 23.1-2212, depend upon the ability of the management of the Medical Center to make and promptly implement decisions necessary to conduct the affairs of the Medical Center in an efficient, competitive manner. It is critical to and in the best interests of the Commonwealth that the University continues to fulfill its mission of providing quality medical and health sciences education and related research and, through the presence of its Medical Center, continues to provide for the care, treatment, health-related services, and education activities associated with Virginia patients, including indigent and medically indigent patients. Because the ability of the University to fulfill this mission is highly dependent upon revenues derived from providing health care through its Medical Center, and because the ability of the Medical Center to continue to be a reliable source of such revenues is heavily dependent upon its ability to compete with other providers of health care that are not subject to the requirements of law applicable to agencies of the Commonwealth, the University

may implement the following modifications to the management and operation of the affairs of the Medical Center in order to enhance its economic viability:

1. a. For any Medical Center capital project entirely funded by a nongeneral fund appropriation made by the General Assembly, all post-appropriation review, approval, administrative, and policy and procedure functions performed by the Department of General Services, the Division of Engineering and Buildings, the Department of Planning and Budget, and any other agency that supports the functions performed by these departments are delegated to the University, subject to the following stipulations and conditions: (i) the board shall develop and implement an appropriate system of policies, procedures, reviews, and approvals for Medical Center capital projects to which this subsection applies; (ii) the system so adopted shall provide for the review and approval of any Medical Center capital project to which this subsection applies to ensure that, except as provided in clause (iii), the cost of any such capital project does not exceed the sum appropriated for the project and the project otherwise complies with all requirements of the Code of Virginia regarding capital projects, excluding only the post-appropriation review, approval, administrative, and policy and procedure functions performed by the Department of General Services, the Division of Engineering and Buildings, the Department of Planning and Budget, and any other agency that supports the functions performed by these departments; (iii) the board may, during any fiscal year, approve a transfer of up to 15 percent of the total nongeneral fund appropriation for the Medical Center to supplement funds appropriated for a capital project of the Medical Center, provided that the board finds that the transfer is necessary to effectuate the original intention of the General Assembly in making the appropriation for the capital project in question; (iv) the University shall report to the Department of General Services on the status of any such capital project prior to commencement of construction of, and at the time of acceptance of, any such capital project; and (v) the University shall ensure that Building Officials and Code Administrators (BOCA) Code and fire safety inspections of any such project are conducted and such projects are inspected by the State Fire Marshal or his designee prior to certification for building occupancy by the University's assistant state building official to whom such inspection responsibility has been delegated pursuant to § 36-98.1. Nothing in this section shall be deemed to relieve the University of any reporting requirement pursuant to § 2.2-1513. Notwithstanding the provisions of this subsection, the terms and structure of any financing of any capital project to which this subsection applies shall be approved pursuant to § 2.2-2416.

b. No capital project to which this subsection applies shall be materially increased in size or materially changed in scope beyond the plans and justifications that were the basis for the project's appropriation unless (i) the Governor determines that such increase in size or change in scope is necessary due to an emergency or (ii) the General Assembly approves the increase or change in a subsequent appropriation for the project. After construction of any such capital project has commenced, no such increase or change shall be made during construction unless the conditions in clause (i) or (ii) have been satisfied.

2. a. The University is exempt from the provisions of § 2.2-1149 and any rules, regulations and guidelines of the Division of Engineering and Buildings regarding leases of real property that it enters into on behalf of the Medical Center and, pursuant to policies and procedures adopted by the board, may enter into such leases subject to the following conditions: (i) the lease shall be an operating lease and not a capital lease as defined in guidelines established by the Secretary of Finance and generally accepted accounting principles; (ii) the University's decision to enter into such a lease shall be based upon cost, demonstrated need, and compliance with guidelines adopted by the board that direct that (a) competition be sought to the maximum practical degree, (b) all costs of occupancy be considered, and (c) the use of the space to be leased is necessary and efficiently planned; (iii) the form of the lease is approved by the Special Assistant Attorney General representing the University; (iv) the lease otherwise meets all requirements of law; (v) the leased property is certified for occupancy by the building official of the political subdivision in which the leased property is located; and (vi) upon entering such leases and upon any subsequent amendment of such leases, the University provides copies of all lease documents and any attachments to such lease documents to the Department of General Services.

b. Notwithstanding the provisions of § 2.2-1155 and subdivision B 1 of § 23.1-1301, but subject to policies and procedures adopted by the board, the University may lease, for a purpose consistent with the mission of the Medical Center and for a term not to exceed 50 years, property in the possession or control of the Medical Center.

c. Notwithstanding the provisions of this subdivision, the terms and structure of any financing arrangements secured by capital leases or other similar lease financing agreements shall be approved pursuant to § 2.2-2416.

3. a. Contracts awarded by the University on behalf of the Medical Center for the procurement of goods, services, including professional services, construction, or information technology and telecommunications in compliance with this subdivision are exempt from (i) the Virginia Public

Procurement Act (§ 2.2-4300 et seq.), except as provided in this section; (ii) the requirements of the Division of Purchases and Supply of the Department of General Services as set forth in Article 3 (§ 2.2-1109 et seq.) of Chapter 11 of Title 2.2; (iii) the requirements of the Division of Engineering and Buildings as set forth in Article 4 (§ 2.2-1129 et seq.) of Chapter 11 of Title 2.2; and (iv) the authority of the Chief Information Officer and the Virginia Information Technologies Agency as set forth in Chapter 20.1 (§ 2.2-2005 et seq.) of Title 2.2 regarding the review and approval of contracts for (a) the construction of Medical Center capital projects and (b) information technology and telecommunications projects.

b. The University shall adopt and at all times maintain guidelines generally applicable to the procurement of goods, services, construction, and information technology and telecommunications projects by the Medical Center or by the University on behalf of the Medical Center. Such guidelines shall be based upon competitive principles and in each instance seek competition to the maximum practical degree. The guidelines shall (i) implement a system of competitive negotiation for professional services; (ii) prohibit discrimination against the bidder or offeror in the solicitation or award of contracts on the basis of the race, religion, color, sex, or national origin of the bidder or offeror; and (iii) incorporate the prompt payment principles of §§ 2.2-4350 and 2.2-4354 and may (a) take into account the dollar amount of the intended procurement, the term of the anticipated contract, and the likely extent of competition; (b) implement a prequalification procedure for contractors or products; (c) include provisions for cooperative procurement arrangements with private health or educational institutions or public agencies or institutions of the states or territories of the United States or the District of Columbia; and (d) implement provisions of law.

c. Sections 2.2-4311, 2.2-4315, 2.2-4342 (which shall not be construed to require compliance with the prequalification application procedures of subsection B of § 2.2-4317), and 2.2-4330 and §§ 2.2-4333 through 2.2-4341 and 2.2-4367 through 2.2-4377 shall continue to apply to procurements by the Medical Center and the University on behalf of the Medical Center.

B. Subject to conditions that are prescribed in the budget bill pursuant to § 2.2-1509, the State Comptroller shall credit, on a monthly basis, to the nongeneral fund operating cash balances of the Medical Center the imputed interest earned by the investment of such nongeneral fund operating cash balances, including those balances derived from patient care revenues, on deposit with the State Treasurer.

Article 4. Donations.

§ 23.1-2214. Gifts, bequests, and devises.

Any person may (i) deposit in the state treasury; (ii) bequeath money, stocks, or public bonds of any kind to be so deposited; or (iii) grant, devise, or bequeath property, real or personal, to be sold and the proceeds to be so deposited, in sums not less than \$100, that shall be invested in securities that are legal investments under the laws of the Commonwealth for public funds for the benefit of the University, and in such case the interest or dividends accruing on such investments shall be paid to the board and appropriated by the board for general purposes unless some particular appropriation has been designated by the donor or testator. The State Treasurer shall notify the board of any such deposit in the state treasury.

§ 23.1-2215. Donations for special purposes or objects.

If any particular purpose or object connected with the University is specified by a donor pursuant to § 23.1-2214 at the time of such deposit (i) by writing filed in the State Treasurer's office, which may also be recorded in the clerk's office of the Circuit Court of Albemarle County as a deed for land is recorded, or (ii) in the will of such testator, the interest, income, and profits of such fund shall be appropriated to such purpose and object and none other. If the donor or testator so directs in such writing or will, the interest accruing on such fund shall be reinvested by the State Treasurer every six months, in the manner prescribed in § 23.1-2214 and for such period as such writing or will prescribes, not exceeding 30 years. At the expiration of the time so prescribed or 30 years, whichever occurs first, the fund, with its accumulations, and the interest, income, and profits accruing upon the aggregate fund shall be paid to the board as they accrue and as directed by such writing or will and shall be appropriated and employed according to the provisions of such writing or will and not otherwise. The board shall render to the General Assembly, at each regular session, an account of the disbursement of any funds so derived.

§ 23.1-2216. Disposition of donations.

Donations made pursuant to § 23.1-2214 are irrevocable by the donor or his representatives, but if the board gives notice in writing to the State Treasurer within one year of being notified of the donation by the Treasurer that it declines to receive the benefit of such deposit, the deposit and any interest and profits that may have accrued shall be held subject to the order of such donor or his legal representatives. If at any time the object of such donation or deposit fails by the legal destruction of the

6645 University or by any other means so that the purpose of the gift, bequest, or devise is permanently
 6646 frustrated, the whole fund, including unexpended principal and interest, shall revert to and be vested in
 6647 the donor or his legal representatives.

6648 **§ 23.1-2217. Reservation of nomination by donor.**

6649 If a donor pursuant to § 23.1-2214 reserves in writing as set forth in § 23.1-2215 to himself or to
 6650 any other person the power to (i) nominate to any professorship, scholarship, or other place or
 6651 appointment in the University or (ii) do any other act connected with such nomination and he or such
 6652 other person fails to make such nomination in writing or do such other act within six months, the board
 6653 may proceed to make such appointment or do such act.

6654 **§ 23.1-2218. Commonwealth to be trustee of donations; liability of State Treasurer.**

6655 The Commonwealth is the trustee for the safekeeping and due application of all funds that may be
 6656 deposited in the treasury pursuant to § 23.1-2214. The State Treasurer and the sureties in his official
 6657 bond are liable for the money or other funds deposited, and the accounting officers of the
 6658 Commonwealth shall keep separate accounts of each such deposit in the same manner as other public
 6659 funds.

The moneys in such accounts shall be paid out on the warrant or other orders of the treasurer of the Authority or such other person as the Authority may authorize to execute such warrants or orders.

B. Notwithstanding any provision of law to the contrary, the Authority may invest its operating funds in any obligations or securities that are considered legal investments for public funds in accordance with the Investment of Public Funds Act (§ 2.2-4500 et seq.). The board shall adopt written investment guidelines and retain an independent investment advisory firm or consultant to review at least every five years the suitability of the Authority's investments and the consistency of such investments with the investment guidelines.

§ 23.1-2409. Grants and loans from localities.

Localities are authorized to lend or donate money or other property to the Authority for any of the Authority's purposes. The local governing body making the grant or loan may restrict the use of such grants or loans to a specific project within or outside that locality.

§ 23.1-2410. Audit.

A. The Authority shall select through a process of competitive negotiation either the (i) Auditor of Public Accounts or his legally authorized representatives or (ii) a certified public accounting firm to annually audit the Authority's accounts.

B. The Authority shall distribute copies of the annual audit to the Governor and the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance.

C. The Auditor of Public Accounts and his legally authorized representatives may examine the accounts and books of the Authority; however, the Authority is not a state or governmental agency, advisory agency, public body or agency, or instrumentality for purposes of Chapter 14 (§ 30-130 et seq.) of Title 30.

D. The Authority is subject to periodic external review under the provisions of the Legislative Program Review and Evaluation Act (§ 30-65 et seq.).

§ 23.1-2411. Exemption from taxation.

A. The Authority is not required to pay any taxes or assessments upon any (i) project, property, or operations of the Authority or the income from such projects, property, or operations or (ii) project, property, or local obligation acquired or used by the Authority under the provisions of this chapter or the income from such projects, property, or local obligations. Such exemptions shall not extend to persons conducting businesses on the Authority's property for which payment of state or local taxes would otherwise be required.

B. Any bonds issued by the Authority under the provisions of this chapter, the transfer of such bonds, and the income from such bonds and all rents, fees, charges, gifts, grants, revenues, receipts, and other moneys received or pledged to pay or secure the payment of such bonds are exempt from taxation and assessment of every kind by the Commonwealth and by the local governing bodies and other political subdivisions of the Commonwealth.

§ 23.1-2412. Transfer of existing hospital facilities.

A. The University may lease, convey, or otherwise transfer to the Authority any or all assets and liabilities appearing on the balance sheet of MCV Hospitals and any or all of the hospital facilities, except real estate that may be leased to the Authority for a term not to exceed 99 years, upon such terms as may be approved by the University.

B. Any transfer of hospital facilities pursuant to subsection A is conditioned upon the existence of a binding agreement between the University and the Authority:

1. That requires the Authority to assume, directly or indirectly, hospital obligations that are directly relating to the hospital facilities or any part of the hospital facilities that are transferred, including rentals as provided in subsection C or a combination of rentals and other obligations in the case of a lease of hospital facilities;

2. That provides that, effective on the transfer date, the Authority shall assume responsibility for, defend, indemnify, and hold harmless the University and its officers and directors with respect to:

a. All liabilities and duties of the University pursuant to contracts, agreements, and leases for commodities, services, and supplies used by MCV Hospitals, including property leases;

b. All claims relating to the employment relationship between employees of the Authority and the University on and after the transfer date;

c. All claims for breach of contract resulting from the Authority's action or failure to act on and after the transfer date; and

d. All claims relating to the Authority's errors and omissions, including medical malpractice, directors' and officers' liability, workers' compensation, automobile liability, premises liability, completed operations liability, and products liability resulting from the Authority's action or failure to act on and after the transfer date; and

3. By which the Authority shall accept and agree to abide by provisions that ensure the continued support of the education, research, patient care, and public service missions of MCV Hospitals, including:

a. A requirement that the Authority continue to provide emergency and inpatient indigent care services on the MCV campus of the University in locations including downtown Richmond; and

b. A requirement that the Authority continue to act as the primary teaching facility for the Virginia Commonwealth University School of Medicine and the Health Sciences Schools of the University.

C. Any lease of hospital facilities from the University to the Authority may include a provision that requires the Authority to pay the University a rental payment for the hospital facilities that are leased. For those hospital facilities for which rent is paid, the rent shall be at least equal to the greater of:

1. The debt service accruing during the term of the lease on all outstanding bonds issued for the purpose of financing the acquisition, construction, or improvement of the hospital facilities on which rent is paid; or

2. A nominal amount determined by the parties to be necessary to prevent the lease from being unenforceable because of a lack of consideration.

D. Any lease of hospital facilities shall include a provision that requires the Authority to continue to support the education, research, patient care, and public service missions of MCV Hospitals, including:

1. A requirement that the Authority continue to provide emergency and inpatient indigent care

7255 services on the MCV campus of the University in locations including downtown Richmond; and
 7256 2. A requirement that the Authority continue to act as the primary teaching facility for the Health
 7257 Sciences Schools of the University.

7258 E. All other agencies and officers of the Commonwealth shall take such actions as may be necessary
 7259 or desirable in the judgment of the University to permit such conveyance and the full use and enjoyment
 7260 of the hospital facilities, including the transfer of property of any type held in the name of the
 7261 Commonwealth or an instrumentality or agency of the Commonwealth but used by the University in the
 7262 operation of the hospital facilities.

7263 F. The Authority may pay to or on behalf of the University some or all of the costs of the hospital
 7264 facilities. The University may apply some or all of such proceeds to the payment or defeasance of its
 7265 obligations issued to finance the hospital facilities, and the Authority may issue its bonds to finance or
 7266 refinance such payment.

7267 G. Funds held by or for the University or any of its predecessors or divisions, including funds held
 7268 by the University Foundation or the MCV Foundation for the benefit of MCV Hospitals or any of its
 7269 predecessors for use in operating, maintaining, or constructing hospital facilities, providing medical and
 7270 health sciences education, or conducting medical or related research may be transferred, in whole or in
 7271 part, to the Authority if the University or any foundation determines that the transfer is consistent with
 7272 the intended use of the funds. The University may direct in writing that all or part of the money or
 7273 property representing its beneficial interest under a will, trust agreement, or other donative instrument
 7274 be distributed to the Authority if the University determines that such direction furthers any of the
 7275 original purposes of the will, trust agreement, or other instrument. Such a direction shall not be
 7276 considered a waiver, disclaimer, renunciation, assignment, or disposition of the beneficial interest by the
 7277 University. A fiduciary's distribution to the Authority pursuant to such a written direction from the
 7278 University is a distribution to the University for all purposes relating to the donative instrument, and the
 7279 fiduciary has no liability for distributing any money or property to the Authority pursuant to such a
 7280 direction. Nothing in this section shall deprive any court of its jurisdiction to determine whether such a
 7281 distribution is appropriate under its cy pres powers or otherwise.

7282 H. The Authority shall not operate any hospital pursuant to this section prior to execution of the
 7283 lease and agreement required by this section and such other agreements as may be necessary or
 7284 convenient in the University's judgment to provide for the transfer of the operations of the hospital
 7285 facilities to the Authority, unless and to the extent that the University approves otherwise.

7286 I. The University may assign and the Authority may accept the rights and assume the obligations
 7287 under any contract or other agreement of any type relating to financing or operating the hospital
 7288 facilities. Upon evidence that such assignment and acceptance has been made, all agencies and
 7289 instrumentalities of the Commonwealth shall consent to such assignment and accept the substitution of
 7290 the Authority for the University as a party to such agreement to the extent that the University's
 7291 obligations under such agreement relate to the ownership, operation, or financing of the hospital
 7292 facilities. Indebtedness previously incurred by the Commonwealth, the Virginia Public Building
 7293 Authority, the Virginia College Building Authority, and any other agency or instrumentality of the
 7294 Commonwealth to finance the hospital facilities may continue to remain outstanding after the transfer
 7295 and assignment of such agreement by the University to the Authority.

7296 J. The transfer of the hospital facilities from the University to the Authority does not require a
 7297 certificate of public need pursuant to Article 1.1 (§ 32.1-102.1 et seq.) of Chapter 4 of Title 32.1. All
 7298 licenses, permits, certificates of public need, or other authorizations of the Commonwealth, any agency
 7299 of the Commonwealth, or any locality held by the University in connection with the ownership or
 7300 operation of the hospital facilities are transferred without further action to the Authority to the extent
 7301 that the Authority undertakes the activity permitted by such authorizations. All agencies and officers of
 7302 the Commonwealth and all localities shall confirm such transfer by the issuance of new or amended
 7303 licenses, permits, certificates of public need, or other authorizations upon the request of the University
 7304 and the Authority.

7305 K. If for any reason the Authority cannot replace the University as a party to any agreement in
 7306 connection with the financing, ownership, or operation of the hospital facilities, the Authority and the
 7307 University may require the Authority to act as agent for the University in carrying out its obligations
 7308 under such agreement or receiving the benefits under such agreement, or both.

7309 **§ 23.1-2413. Capital projects.**

7310 A. All capital projects of the Authority shall be approved by the board. Within 30 days after
 7311 approval of any capital project in excess of \$5 million, the board shall notify the House Appropriations
 7312 and Senate Finance Committees of the scope, cost, and construction schedule of the proposed capital
 7313 project. The board may undertake the project unless either Committee raises objections within 30 days
 7314 of the notification, in which case the Authority shall not undertake the project until such objections are
 7315 resolved.

B. Before the Authority materially increases the size or materially changes the scope of any capital project for which construction has commenced, such project shall be approved again by the board in accordance with subsection A and, in the case of any capital project in excess of \$5 million, presented again to the House Appropriations and Senate Finance Committees in accordance with subsection A.

C. Notwithstanding any provision of law to the contrary, the Authority is not subject to any further process or procedure that requires the submission, review, or approval of any capital project; however, the Authority shall ensure that BOCA Code and fire safety inspections are conducted for any capital project and that such projects are inspected by the State Fire Marshal or his designee prior to certification for building occupancy.

§ 23.1-2414. Leases of property.

Leases of real property that the Authority enters into are exempt from the provisions of § 2.2-1149 and from any policies, regulations, and guidelines of the Division of Engineering and Buildings.

§ 23.1-2415. Employees of the Authority.

A. Employees of the Authority shall be employed on such terms and conditions as established by the Authority. The board shall develop and adopt policies and procedures that afford its employees grievance rights, ensure that employment decisions are based upon the merit and fitness of applicants, and prohibit discrimination on the basis of race, religion, color, sex, or national origin.

B. The Authority shall issue a written notice to all individuals whose employment is transferred to the Authority. The date upon which such written notice is issued is referred to in this section as the "Option Date." Each individual whose employment is transferred to the Authority may, by written request made within 180 days of the Option Date, elect not to become employed by the Authority. Any employee of MCV Hospitals who (i) elects not to become employed by the Authority; (ii) is not reemployed by any department, institution, board, commission, or agency of the Commonwealth; (iii) is not offered alternative employment by the Authority; (iv) is not offered a position with the Authority for which the employee is qualified; or (v) is offered a position by the Authority that requires relocation or a reduction in salary is eligible for the severance benefits conferred by the provisions of the Workforce Transition Act (§ 2.2-3200 et seq.). Any employee who accepts employment with the Authority has voluntarily separated from state employment and is not eligible for the severance benefits conferred by the provisions of the Workforce Transition Act.

C. Without limiting its power generally with respect to employees, the Authority may employ any University employee utilized in the operation of the hospital facilities and assume obligations under any employment agreement for such employee, and the University may assign any such contract to the Authority.

D. The Authority and the University may enter into agreements providing for the purchase of services of University employees utilized in the operation of the hospital facilities by paying agreed-upon amounts to cover all or part of the salaries and other costs of such employees.

E. Notwithstanding any other provision of law to the contrary, any employee whose employment is transferred to the Authority as a result of this chapter and who is a member of any plan for providing health insurance coverage pursuant to Chapter 28 (§ 2.2-2800 et seq.) of Title 2.2 shall continue to be a member of such health insurance plan under the same terms and conditions of such plan.

F. Notwithstanding subsection A of § 2.2-2818, the costs of providing health insurance coverage to employees who elect to continue to be members of the state employees' health insurance plan shall be paid by the Authority.

G. Any employee of the Authority may elect to become a member of any health insurance plan established by the Authority. The Authority may (i) establish a health insurance plan for the benefit of its employees, residents, and interns and (ii) enter into an agreement with the Department of Human Resource Management providing for the coverage of its employees, interns, and residents under the state employees' health insurance plan, provided that such agreement requires the Authority to pay the costs of providing health insurance coverage under such plan.

H. Notwithstanding any other provision of law to the contrary, any employee whose employment is transferred to the Authority as a result of this chapter and who is a member of the Virginia Retirement System or another retirement plan as authorized by Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1 shall continue to be a member of the Virginia Retirement System or such other authorized retirement plan under the same terms and conditions of such plan. Any such employee and any employee employed by the Authority between July 1, 1997, and June 30, 1998, who elected to be covered by the Virginia Retirement System may elect, during an open enrollment period from April 1, 2001, through April 30, 2001, to become a member of the retirement program established by the Authority for the benefit of its employees pursuant to § 23.1-2416 by transferring assets equal to the actuarially determined present value of the accrued basic benefit as of the transfer date. The Authority shall reimburse the Virginia Retirement System for the actual cost of actuarial services necessary to determine the present value of the accrued basic benefit of employees who elect to transfer to the

7377 Authority's retirement plan. The following rules shall apply to such transfers:

7378 1. With respect to any transferred employee who elects to remain a member of the Virginia
7379 Retirement System or another authorized retirement plan, the Authority shall collect and pay all
7380 employee and employer contributions to the Virginia Retirement System or such other authorized
7381 retirement plan for retirement in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) of
7382 Title 51.1 for such transferred employees.

7383 2. Transferred employees who elect to become members of the retirement program established by the
7384 Authority for the benefit of its employees shall be given full credit for their creditable service as defined
7385 in § 51.1-124.3, vesting and benefit accrual under the retirement program established by the Authority.
7386 For any such employee, employment with the Authority shall be treated as employment with any
7387 nonparticipating employer for purposes of the Virginia Retirement System or other retirement plan as
7388 authorized by Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1.

7389 3. For transferred employees who elect to become members of the retirement program established by
7390 the Authority, the Virginia Retirement System or other such authorized plan shall transfer to the
7391 retirement plan established by the Authority assets equal to the actuarially determined present value of
7392 the accrued basic benefit as of the transfer date. For the purposes of such calculation, the basic benefits
7393 is the benefit accrued under the Virginia Retirement System or another authorized retirement plan based
7394 on creditable service and average final compensation as defined in § 51.1-124.3 and determined as of
7395 the transfer date. The actuarial present value shall be determined on the same basis, using the same
7396 actuarial factors and assumptions used in determining the funding needs of the Virginia Retirement
7397 System or such other authorized retirement plan so that the transfer of assets to the retirement plan
7398 established by the Authority has no effect on the funded status and financial stability of the Virginia
7399 Retirement System or other such authorized retirement plan.

7400 **§ 23.1-2416. Retirement benefits for employees of the Authority.**

7401 A. The Authority may establish and determine the effective date of one or more retirement plans
7402 covering in whole or in part its employees, including employees who, prior to the effective date of any
7403 plan established pursuant to this section, participated in any plan established pursuant to § 51.1-126 or
7404 51.1-126.1 or former § 51.1-126.2. The Authority may make contributions for the benefit of its
7405 employees who elect to participate in such plan or arrangement rather than in any other retirement
7406 system established by Chapter 1 (§ 51.1-124.1 et seq.) of Title 51.1.

7407 B. Except in the case of an employee of the Authority hired prior to July 1, 1998, who made an
7408 irrevocable election to participate in the retirement plan established by Chapter 1 (§ 51.1-124.1 et seq.)
7409 of Title 51.1 or any plan previously established by the Authority in accordance with guidelines
7410 established by the Authority, each eligible employee of the Authority shall participate in a plan
7411 established by the Authority pursuant to subsection A.

7412 C. No employee of the Authority who is an active member of a plan established pursuant to
7413 subsection A shall also be an active member of the retirement system established pursuant to Chapter 1
7414 (§ 51.1-124.1 et seq.) of Title 51.1 or a beneficiary of such retirement system other than as a contingent
7415 annuitant.

7416 D. Notwithstanding any other provision of law to the contrary, the contribution by the Authority to
7417 any other retirement plan established pursuant to subsection A on behalf of employees of the Authority
7418 hired before July 1, 1998, shall be equal to the lesser of (i) the contribution the Commonwealth would
7419 be required to make if the employee were a member of the retirement system established by Chapter 1
7420 (§ 51.1-124.1 et seq.) of Title 51.1 or (ii) eight percent of creditable compensation. The contribution by
7421 the Authority to any retirement plan established pursuant to subsection A on behalf of employees of the
7422 Authority hired on or after July 1, 1998, shall be determined by the board.

7423 E. If the University has adopted a retirement plan under § 51.1-126 for its employees who are
7424 engaged in the performance of teaching, administrative, or research duties, the plan established by the
7425 Authority pursuant to subsection A shall offer similar investment opportunities as are available to the
7426 participants of the plan established pursuant to § 51.1-126.

7427 F. The Authority shall develop policies and procedures for the administration of any retirement plan
7428 established by the Authority pursuant to subsection A. A copy of such policies and procedures shall be
7429 filed with the Board of Trustees of the Virginia Retirement System.

7430 **§ 23.1-2417. Insurance for employees of the Authority.**

7431 The Authority shall purchase group life, accidental death and dismemberment, and disability
7432 insurance policies covering in whole or in part its employees. Authority employees are not required to
7433 present at their own expense evidence of insurability satisfactory to an insurance company for basic
7434 group life insurance coverage. Any employee hired prior to July 1, 1998, shall be provided basic group
7435 life insurance at the same level of coverage as provided by the Virginia Retirement System. Any
7436 employee hired on or after July 1, 1998, shall be provided basic group life insurance at a level of
7437 coverage determined by the board that is not less than the equivalent of the employee's annual salary.

The Authority may require employees hired on or after July 1, 1998, to pay all or a portion of the required basic group life insurance coverage. Such payment may be collected through a payroll deduction program. The Authority may increase the insurance coverage under such policies to make available to active insured employees optional life, accidental death and dismemberment, and disability insurance. Authority employees are not covered by the Virginia Retirement System's group insurance program under § 51.1-501.

§ 23.1-2418. Power to issue bonds.

A. The Authority may issue bonds for any of its purposes, including (i) financing or refinancing all or any part of its programs or general operations; (ii) costs of any project, including the hospital facilities, whether or not owned by the Authority; or (iii) to refund bonds or other obligations issued by or on behalf of the Authority, the University, or otherwise, including bonds or obligations not then subject to redemption. The Authority may guarantee, assume, or otherwise agree to pay, in whole or in part, indebtedness issued by the University or any other party resulting in the acquisition or construction of facilities for the benefit of the Authority or the refinancing of such indebtedness.

B. Notwithstanding Article 1 (§ 2.2-1800 et seq.) of Chapter 18 of Title 2.2, bonds may be issued under the provisions of this chapter without (i) obtaining the consent of any commission, board, bureau, political subdivision, or agency of the Commonwealth or (ii) any proceedings, conditions, or things other than those proceedings, conditions, or things that are specifically required by this chapter; however, each debt offering shall be submitted to the State Treasurer sufficiently prior to the sale of such offering to allow the State Treasurer to undertake a review for the sole purposes of determining (a) whether the offering may constitute tax-supported debt of the Commonwealth and (b) the potential impact of the offering on the debt capacity of the Commonwealth. After such review, the State Treasurer shall determine if the offering constitutes tax-supported debt of the Commonwealth and the potential impact of the offering on the debt capacity of the Commonwealth. If the State Treasurer determines that the debt offering may constitute tax-supported debt of the Commonwealth or may have an adverse impact on the debt capacity of the Commonwealth, then the debt offering shall be submitted to the Treasury Board for review and approval of the terms and structure of the offering in a manner consistent with § 2.2-2416.

C. The Authority may issue bonds payable as to principal and interest from any of the following sources: (i) its revenues generally; (ii) income and revenues derived from the operation, sale, or lease of a particular project or projects, whether or not they are financed or refinanced from the proceeds of such bonds; (iii) funds realized from the enforcement of security interests or other liens or obligations securing such bonds; (iv) proceeds from the sale of bonds; (v) payments under letters of credit, policies of municipal bond insurance, guarantees, or other credit enhancements; (vi) any reserve or sinking funds created to secure such payment; (vii) accounts receivable of the Authority; or (viii) other available funds of the Authority.

D. Any bonds may be guaranteed by or secured by a pledge of any grant, contribution, or appropriation from a participating political subdivision, the University, the Commonwealth or any political subdivision, agency, or instrumentality of the Commonwealth or from any federal agency or any unit, private corporation, partnership, association, or individual.

§ 23.1-2419. Liability on bonds.

No member of the board; officer, employee, or agent of the Authority; or person executing bonds of the Authority is liable personally on the bonds by reason of issuing or executing such bonds. Bonds of the Authority are not a debt of the Commonwealth or any political subdivision of the Commonwealth other than the Authority and shall so state on their face. Neither the Commonwealth nor any political subdivision of the Commonwealth other than the Authority is liable for payment of bonds of the Authority, nor shall such bonds be payable out of any funds or properties of the Commonwealth or any political subdivision of the Commonwealth other than those of the Authority, except as permitted by § 23.1-2418. Bonds of the Authority are issued for an essential public and governmental purpose.

§ 23.1-2420. Form of bonds.

A. Bonds of the Authority shall (i) be authorized by resolution setting forth the maximum principal amount issuable, (ii) be dated, and (iii) mature not more than 40 years from their date and may be (a) issued in one or more series and (b) made redeemable or subject to tender before maturity, at the option of the Authority, at such price or under such terms and conditions as may be fixed by the Authority or its agents prior to issuance.

B. Bonds of the Authority shall bear interest payable at such times and rates and in such manner as the Authority or its agents may determine, including rates approved by officers of the Authority under authorization of the board, rates tied to indices, rates of other securities, or other standards and determinations by agents designated by the Authority under guidelines established by the Authority.

C. The Authority shall determine the form, manner of execution, and denominations of its bonds and the place of payment of principal and interest, which may be at any bank or trust company or securities

7499 depository within or outside the Commonwealth. The bonds may be issued in coupon or registered form,
 7500 or both, and provision may be made for their registration in whole or in part. Bonds issued in
 7501 registered form may be issued under a system of book-entry for recording the ownership and transfer of
 7502 ownership of rights to receive payments on the bonds.

7503 D. If any officer whose signature or a facsimile of whose signature appears on any bonds or
 7504 coupons ceases to hold such office before delivery of such bond, such signature or facsimile is
 7505 nevertheless valid and sufficient for all purposes.

7506 E. The Authority may contract for the services of one or more banks, trust companies, financial
 7507 institutions, or other entities or persons within or outside the Commonwealth for the authentication,
 7508 registration, transfer, exchange, and payment of bonds or provide such services itself. The Authority may
 7509 sell such bonds at public or private sale and for such price as it determines.

7510 F. Notwithstanding any other provision of this chapter or any recitals in any bonds issued under the
 7511 provisions of this chapter, all such bonds are negotiable instruments under the laws of the
 7512 Commonwealth.

7513 G. Prior to the preparation of definitive bonds, the Authority may issue interim receipts or temporary
 7514 bonds that are exchangeable for definitive bonds when such bonds are executed and available for
 7515 delivery.

7516 H. The Authority may provide for the replacement of any mutilated, destroyed, stolen, or lost bonds.

7517 **§ 23.1-2421. Trust indentures and mortgages; security for the bonds.**

7518 A. Any bond issued under this chapter may be issued pursuant to or secured by (i) a trust indenture,
 7519 deed of trust, or mortgage of any project or other property of the Authority, whether or not financed in
 7520 whole or in part from the proceeds of such bonds; (ii) a trust or other agreement with a corporate
 7521 trustee, which may be any trust company or bank having the powers of a trust company within or
 7522 outside the Commonwealth or another agent for bondholders; or (iii) any combination of issuance or
 7523 security set forth in clause (i) or (ii). Any such trust indenture or other agreement, or the resolution
 7524 providing for the issuance of bonds, may pledge or assign fees, rents, and other charges to be received
 7525 and contain reasonable, proper, and lawful provisions for protecting and enforcing the rights and
 7526 remedies of the bondholders, including covenants (a) providing for the collection and application of
 7527 revenues and the repossession and sale of any project or other property by the Authority or any trustees
 7528 under any trust indenture or agreement upon default; (b) setting forth duties of the Authority in relation
 7529 to the acquisition, construction, maintenance, operation, and insurance of any project or other property
 7530 of the Authority and the amount of fees, rents, and other charges to be charged; (c) providing for the
 7531 collection of such fees, rents, and other charges and the custody, safeguarding, and application of all
 7532 moneys of the Authority; (d) providing for the creation of sinking funds and the creation and
 7533 maintenance of reserves; and (e) setting forth conditions or limitations with respect to incurring
 7534 indebtedness or granting mortgages or other liens. Such trust indenture, trust, or other agreement or
 7535 resolution may set forth the rights and remedies of the bondholders, trustee, or other agent for
 7536 bondholders and restrict the individual right of action by bondholders.

7537 B. The Authority may grant mortgages, deeds of trust, security interests, and other liens on its real
 7538 and personal property, including its accounts receivable, to secure bonds. All pledges of revenues of the
 7539 Authority for payment of bonds are valid and binding from the time the pledge is made. The revenues
 7540 pledged and received by the Authority are subject immediately to the lien of such pledge without any
 7541 physical delivery of such pledge or further act. The lien of any such pledge is valid and binding against
 7542 all parties having claims of any kind in tort, contract, or otherwise against the Authority whether or not
 7543 such parties have notice of the lien. The Authority may provide for the recording or filing of any
 7544 mortgage, deed of trust, security interest, other lien, financing statement, or other instrument necessary
 7545 or desirable to create, perfect, or evidence any lien created pursuant to this chapter.

7546 C. It is lawful for any bank or trust company within or outside the Commonwealth to (i) serve as
 7547 depository of the proceeds of bonds or other revenues of the Authority, (ii) furnish indemnifying bonds,
 7548 or (iii) pledge such securities as may be required by the Authority.

7549 D. All expenses incurred in carrying out the provisions of such trust indenture, agreement,
 7550 resolution, or other agreements relating to any project, including those to which the Authority may not
 7551 be a party, may be treated as a part of the costs of a project.

7552 **§ 23.1-2422. Remedies of obligees of Authority.**

7553 Except to the extent that the rights granted by this chapter may be restricted by such trust indenture
 7554 or trust or other agreement, any (i) holder of bonds or coupons issued under the provisions of this
 7555 chapter and (ii) trustee or other agent for bondholders under any trust indenture or trust or other

 8523 courses or programs of instruction that prepare individuals to teach such pursuits.

8524 B. From such funds as may be appropriated by the General Assembly and any gifts, grants, or
 8525 donations from public or private sources, there is created in the state treasury a special nonreverting
 8526 fund to be known as the Machinery and Equipment Donation Grant Fund, hereafter referred to as "the
 8527 Fund." The Fund shall be established on the books of the Comptroller. Interest earned on moneys in the

within the 12 months prior to the donation, to a comprehensive community college or vocational school is eligible to apply to the System for a grant from the Fund. Such grant shall be in an amount equal to 20 percent of the purchase price of the machinery or equipment, not to exceed an aggregate grant of \$5,000 for all such donations during a calendar year.

2. In order to be eligible for a grant, the application shall include a written certification made by the donee comprehensive community college or vocational school that identifies the donee comprehensive community college or vocational school, the business donating the machinery or equipment, the date of the donation, and the number of units of each item of machinery and equipment donated. The certification shall also include a statement by the donee comprehensive community college or vocational school that the machinery and equipment was needed and can be utilized by the comprehensive community college or vocational school for teaching or training students, and that such machinery and equipment will be principally used in the Commonwealth in teaching or training students.

3. Grants shall be issued in the order that each completed application is received. In the event that the amount of eligible grants requested in a fiscal year exceeds the funds available in the Fund, such grants shall be paid in the next fiscal year in which funds are available.

4. In consultation with the Department of Education and the Council, the System shall maintain and update as necessary on its website a list of vocational schools to which donations of machinery and equipment may qualify for a grant under this section. The System, in consultation with the Council, shall also develop guidelines setting forth the general requirements for qualifying for and applying for a grant under this section, including a description of the types of machinery and tools eligible for a grant pursuant to this section. 8814 depository of the proceeds of bonds or other revenues of the Medical School may furnish indemnifying
8815 bonds or pledge such securities as may be required by the Medical School.

8816 P. Each trust indenture, trust, or other agreement, or the resolution providing for the issuance of
8817 such bonds, may set forth the rights and remedies of the bondholders and any trustee or other agent for
8818 the bondholders, restrict the individual right of action by bondholders, and contain such other
8819 provisions as the Medical School deems reasonable and proper for the security of the bondholders,
8820 including provisions for the assignment of any rights of the Medical School in any project owned,
8821 operated, or controlled by, or leases or sales of any projects made by, the Medical School to a
8822 corporate trustee or other agent for bondholders or the purchaser of such bonds.

8825 those to which the Medical School may not be a party, may be treated as a part of the cost of a project.

8826 R. Bonds issued by the Medical School under the provisions of this chapter are securities in which
8827 all public officers and public bodies of the Commonwealth and its political subdivisions, insurance
8828 companies, trust companies, banking associations, investment companies, executors, administrators,
8829 trustees, and other fiduciaries may properly and legally invest funds, including capital in their control
8830 or belonging to them. Such bonds are securities that may properly and legally be deposited with and
8831 received by any state officer or officer of a locality or any agency or political subdivision of the
8832 Commonwealth for any purpose for which the deposit of bonds or obligation is authorized by law.

8833 S. Any (i) holder of bonds issued under the provisions of this chapter or any coupons appertaining to
8834 such bonds and (ii) trustee or other agent for bondholders under any trust indenture, trust, or other
8835 agreement, or the resolution providing for the issuance of such bonds, except to the extent that the
8836 rights given in this subsection may be restricted by such trust indenture, trust, or other agreement, or
8837 the resolution providing for the issuance of such bonds, may, either at law or in equity, by suit, action,
8838 injunction, mandamus, or other proceedings, protect and enforce any and all rights under the laws of
8839 the Commonwealth, granted by this chapter, or under such trust indenture, trust, or other agreement, or
8840 the resolution providing for the issuance of such bonds, and enforce and compel the performance of all

8841 duties required by this chapter or such trust indenture, trust, or other agreement, or the resolution

 8849 School; or (iii) mortgage of or deed of trust or other lien or security interest in any project or other
 8850 property of the Medical School or any individual or entity referred to in clause (i). No member of the
 8851 board or any person executing any bonds issued under the provisions of this chapter is liable personally
 8852 on the bonds by reason of the issuance of such bonds.

8853 U. No bond of the Medical School is a debt of the Commonwealth or any other political subdivision
 8854 of the Commonwealth, and such bonds shall so state on their face. Neither the Commonwealth nor any
 8855 political subdivision of the Commonwealth other than the Medical School is liable on the bonds. Such
 8856 bonds are not payable out of any funds or properties of the Commonwealth or any political subdivision
 8857 of the Commonwealth other than those of the Medical School. The bonds shall not constitute
 8858 indebtedness within the meaning of any debt limitation or restriction on any locality in the
 8859 Commonwealth.

8860 V. Bonds of the Medical School are issued for an essential public and governmental purpose.

8861 **§ 23.1-3008. Medical School; additional powers; revenues, fees, rents, and other charges for**
 8862 **projects.**

8863 A. The Medical School may fix, revise, charge, and collect revenues, fees, rents, and other charges
 8864 for the use of any project. Such revenues, fees, rents, and other charges shall be fixed and adjusted to
 8865 provide a fund sufficient with other revenues to pay the principal of and any interest on bonds secured
 8866 by or otherwise to be paid by such revenues as such principal and interest become due and payable; to
 8867 create reserves for such purposes and for other purposes of the Medical School; and to pay the cost of
 8868 maintaining, repairing, and operating the project. Such revenues, fees, rents, and charges are not
 8869 subject to supervision or regulation by any commission, board, bureau, or agency of the Commonwealth
 8870 or any such participating political subdivision.

8871 B. The revenues, fees, rents, and other charges received by the Medical School may be applied and
 8872 set aside in such order and manner as may be provided in such trust indenture, trust, or other
 8873 agreement, or the resolution providing for the issuance of such bonds, including application to a sinking
 8874 fund that may be pledged to and charged with the payment of the principal of and the interest on such
 8875 bonds as such principal and interest become due and the redemption price or purchase price of such
 8876 bonds retired by call or purchase as provided in such trust indenture, trust, or other agreement, or the
 8877 resolution providing for the issuance of such bonds.

8878 C. All pledges of such revenues, fees, rents, and other charges to payment of bonds are valid and
 8879 binding from the time when the pledge is made.

8880 D. The revenues, fees, rents, and charges pledged and received by the Medical School are
 8881 immediately subject to the lien of such pledge without any physical delivery or further act and the lien
 8882 of any such pledge is valid and binding as against all parties having claims of any kind in tort,
 8883 contract, or otherwise against the Medical School, regardless of whether such parties have notice of the
 8884 lien.

8885 E. No trust indenture, trust, or other agreement, or resolution authorizing the issuance of such
 8886 bonds, by which a pledge is created is required to be filed or recorded except in the records of the
 8887 Medical School.

8888 F. The use and disposition of moneys to the credit of such sinking fund are subject to the provisions
 8889 of such trust indenture, trust, or other agreement, or the resolution providing for the issuance of such
 8890 bonds. Except as otherwise provided in such trust indenture, trust, or other agreement, or the resolution
 8891 providing for the issuance of such bonds, such sinking fund is a fund for all such bonds without
 8892 distinction or priority of one over another.

8893 **§ 23.1-3009. Cooperation of localities.**

8894 In addition to the powers granted by general law or by its charter, any locality in the
 8895 Commonwealth may cooperate with the Medical School to:
