Referred to Committee on Privileges and Elections**Be it enacted by the General Assembly of Virginia:**

1. That §§ 24.2-612, 24.2-700, 24.2-701, and 24.2-707 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 24.2-700.1 as follows:

§ 24.2-612. List of offices and candidates filed with Department of Elections and checked for accuracy; when ballots printed; number required.

Immediately after the expiration of the time provided by law for a candidate for any office to qualify to have his name printed on the official ballot and prior to printing the ballots for an election, each electoral board shall forward to the Department of Elections a list of the county, city, or town offices to be filled at the election and the names of all candidates who have filed for each office. In addition, each electoral board shall forward the name of any candidate who failed to qualify with the reason for his disqualification. On that same day, the electoral board shall also provide a copy of the notice to each disqualified candidate. The notice shall be sent by email or regular mail to the address on the candidate's certificate of candidate qualification, and such notice shall be deemed sufficient. The Department of Elections shall promptly advise the electoral board of the accuracy of the list. The failure of any electoral board to send the list to the Department of Elections for verification shall not invalidate any election.

Each electoral board shall have printed the number of ballots it determines will be sufficient to conduct the election.

Notwithstanding any other provisions of this title, the Department of Elections may print or otherwise provide one statewide paper ballot style for each paper ballot style in use for presidential and vice-presidential electors for use only by persons eligible to vote for those offices only under § 24.2-402 or only for federal elections under § 24.2-453. The Department of Elections may apportion or authorize the printer or vendor to apportion the costs for these ballots among the localities based on the number of ballots ordered. Any printer employed by the Department of Elections shall execute the statement required by § 24.2-616. The Department of Elections shall designate a representative to be present at the printing of such ballots and deliver them to the appropriate electoral boards pursuant to § 24.2-617. Upon receipt of such paper ballots, the electoral board shall affix its seal. Thereafter, such ballots shall be handled and accounted for, and the votes counted as the Department of Elections shall specifically direct.

The electoral board shall make printed ballots available for absentee voting *by mail* not later than 45 days prior to any election or within three business days of the receipt of a properly completed absentee ballot application, whichever is later. *The electoral board shall make printed ballots available for early voting not later than 21 days prior to any election.* In the case of a special election, excluding for federal offices, if time is insufficient to meet the applicable deadline established herein, then the electoral board shall make printed ballots available as soon after the deadline as possible. For the purposes of this chapter, making printed ballots available includes mailing of such ballots or electronic transmission of such ballots pursuant to § 24.2-706 to a qualified absentee voter who is eligible for an absentee ballot under subdivision 2 of § 24.2-700. Not later than five days after absentee ballots are made available, each electoral board shall report to the Department of Elections, in writing on a form approved by the Department of Elections, whether it has complied with the applicable deadline.

Only the names of candidates for offices to be voted on in a particular election district shall be printed on the ballots for that election district.

The electoral boards shall send to the Department of Elections a statement of the number of ballots ordered to be printed, proofs of each printed ballot for verification, and copies of each final ballot. If the Department of Elections finds that, in its opinion, the number of ballots ordered to be printed by any local electoral board is not sufficient, it may direct the local board to order the printing of a reasonable number of additional ballots.

The general registrar of any county or city using a central absentee voting precinct may provide for the casting of absentee ballots on voting equipment prior to election day by applicants who are voting in person. The Department of Elections shall prescribe procedures for the use of voting equipment. The procedures shall provide for the casting of absentee ballots prior to election day by in-person applicants on voting equipment which has been certified, and is currently approved, by the Department of Elections. The requirement that officers of election shall be present if ballots are cast on voting equipment prior to election day shall not be applicable when the voting equipment is located in the office of the general registrar and the general registrar or an assistant registrar is present.
