

16102119D

## SENATE BILL NO. 334

Offered January 13, 2016

Prefiled January 8, 2016

A *BILL to amend and reenact § 46.2-819.3:1 of the Code of Virginia, relating to all-electronic toll facilities; administrative fees for toll violations and period of nonpayment.*

Patron—Locke

Referred to Committee on Transportation

**Be it enacted by the General Assembly of Virginia:****1. That § 46.2-819.3:1 of the Code of Virginia is amended and reenacted as follows:****§ 46.2-819.3:1. Installation and use of video-monitoring system and automatic vehicle identification system in conjunction with all-electronic toll facilities; penalty.**

A. The operator of any toll facility or the locality within which such toll facility is located may install and operate or cause to be installed and operated a video-monitoring system in conjunction with an automatic vehicle identification system on facilities for which tolls are collected for the use of such toll facility and that do not offer manual toll collection. A video-monitoring system shall include, but not be limited to, electronic systems that monitor and capture images of vehicles using a toll facility to enable toll collection for vehicles that do not pay using a toll collection device. The operator of a toll facility shall send an invoice for unpaid tolls in accordance with the requirements of § 46.2-819.6 to the registered owner of a vehicle as part of a video-monitoring toll collection process, prior to seeking remedies under this section.

B. Information collected by a video-monitoring system in conjunction with an automatic vehicle identification system installed and operated pursuant to subsection A shall be limited exclusively to that information that is necessary for the collection of unpaid tolls and establishing when violations occur, including use in any proceeding to determine whether a violation occurred. Notwithstanding any other provision of law, all images or other data collected by a video-monitoring system in conjunction with an automatic vehicle identification system shall be protected in a database with security comparable to that of the Department of Motor Vehicles' system and used exclusively for the collection of unpaid tolls and for efforts to pursue violators of this section and shall not (i) be open to the public; (ii) be sold and/or used for sales, solicitation, or marketing purposes other than those of the toll facility operator to facilitate toll payment; (iii) be disclosed to any other entity except as may be necessary for the collection of unpaid tolls or to a vehicle owner or operator as part of a challenge to the imposition of a toll; and/or (iv) be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of this section or upon order from a court of competent jurisdiction. Except as provided above, information collected under this section shall be purged and not retained later than 30 days after the collection and reconciliation of any unpaid tolls, administrative fees, and/or civil penalties. Any entity operating a video-monitoring system in conjunction with an automatic vehicle identification system shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or their designee. Any violation of this subsection shall constitute a Class 1 misdemeanor. In addition to any fines or other penalties provided for by law, any money or other thing of value obtained as a result of a violation of this section shall be forfeited to the Commonwealth.

If a vehicle uses a toll facility without paying the toll, the owner or operator shall be in violation of this section if he refuses to pay the toll within ~~30~~ 60 days of notification. The toll facility operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed ~~\$100~~ \$50 per violation. Such fee shall not be levied upon the owner or operator of the vehicle unless the toll has not been paid by the owner or operator within ~~30~~ 60 days after receipt of the invoice for the unpaid toll, which nonpayment for ~~30~~ 60 days shall constitute the violation of this section. Once such a violation has occurred, the owner or operator of the vehicle shall pay the unpaid tolls and any administrative fee detailed in the invoice for the unpaid toll issued by a toll facility operator. If paid within ~~30~~ 60 days of the toll violation, the administrative fee shall not exceed \$25.

The toll facility operator may levy charges for the direct cost of use of and processing for a video-monitoring system and to cover the cost of the invoice, which are in addition to the toll and may not exceed double the amount of the base toll, provided that potential toll facility users are provided notice before entering the facility by conspicuous signs that clearly indicate that the toll for use of the

SB334

59 facility could be tripled for any vehicle that does not have an active, functioning automatic vehicle  
60 identification device registered for and in use in the vehicle using the toll facility, and such signs are  
61 posted at a location where the driver can still choose to avoid the use of the toll facility if he chooses  
62 not to pay the toll.

63 A person receiving an invoice for an unpaid toll under this section may (a) pay the toll and  
64 administrative fees directly to the toll facility operator or (b) file with the toll facility operator a notice,  
65 on a form provided by the toll facility operator as required under subsection B of § 46.2-819.6, to  
66 contest liability for a toll violation. The notice to contest liability for a toll violation may be filed by  
67 any person receiving an invoice for an unpaid toll by mailing or delivering the notice to the toll facility  
68 operator within ~~60~~ 90 days of receiving such invoice for unpaid toll. Upon receipt of such notice, the  
69 toll facility operator may issue a summons pursuant to subsection K and may not seek withholding of  
70 registration or renewal thereof under subsection G until a court of competent jurisdiction has found the  
71 alleged violator liable for tolls under this section.

72 C. If the matter proceeds to court, the registered owner or operator of a vehicle shall be liable for a  
73 civil penalty as follows: for a first offense, \$50; for a second offense within one year from the first  
74 offense, \$100; for a third offense within two years from the second offense, \$250; and for a fourth and  
75 any subsequent offense within three years from the second offense, \$500; plus, in each case, the unpaid  
76 toll, all accrued administrative fees imposed by the toll facility operator, and applicable court costs if the  
77 vehicle is found, as evidenced by information obtained from a video-monitoring system in conjunction  
78 with an automatic vehicle identification system as provided in this section, to have used such a toll  
79 facility without payment of the required toll within ~~30~~ 60 days of receipt of the invoice for the toll.

80 D. Any action under this section shall be brought in the general district court of the city or county in  
81 which the toll facility is located. Such action shall be considered a traffic infraction but shall be tried as  
82 a civil case. The attorney for the Commonwealth may represent the interests of the toll facility operator.  
83 Any authorized agent or employee of a toll facility operator acting on behalf of a governmental entity  
84 shall be allowed the privileges accorded by § 16.1-88.03 in such cases.

85 E. Proof of a violation of this section shall be evidenced by information obtained from a  
86 video-monitoring system or automatic vehicle identification system as provided in this section. A  
87 certificate, sworn to or affirmed by a technician employed or authorized by the operator of a toll facility  
88 or by the locality wherein the toll facility is located, or a facsimile of such a certificate, based on  
89 inspection of photographs, microphotographs, videotapes, or other recorded images produced by a  
90 video-monitoring system or of electronic data collected by an automatic vehicle identification system,  
91 shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs,  
92 videotape, or other recorded images or electronic data evidencing such a violation shall be available for  
93 inspection in any proceeding to adjudicate the liability for such violation under this section. A record of  
94 communication by an automatic vehicle identification device with the automatic vehicle identification  
95 system at the time of a violation of this section shall be prima facie evidence that the automatic vehicle  
96 identification device was located in the vehicle registered to use such device in the records of the  
97 Virginia Department of Transportation.

98 F. It shall be prima facie evidence that the vehicle described in the summons issued pursuant to  
99 subsection K was operated in violation of this section.

100 Upon a finding by a court of competent jurisdiction that the vehicle described in the summons issued  
101 pursuant to subsection K was in violation of this section, the court shall impose a civil penalty upon the  
102 registered owner or operator of such vehicle in accordance with the amounts specified in subsection C,  
103 together with applicable court costs, the operator's administrative fee, and the toll due. Penalties assessed  
104 as the result of action initiated by the Virginia Department of Transportation shall be remanded by the  
105 clerk of the court that adjudicated the action to the Virginia Department of Transportation's Toll  
106 Facilities Revolving Account. Penalties assessed as the result of action initiated by an operator of a toll  
107 facility other than the Virginia Department of Transportation shall be remanded by the clerk of the court  
108 that adjudicated the action to the treasurer or director of finance of the county or city in which the  
109 violation occurred for payment to the toll facility operator.

110 The registered owner of such vehicle shall be given reasonable notice by way of a summons as  
111 provided in subsection K that his vehicle had been used in violation of this section, and such owner  
112 shall be given notice of the time and place of the hearing as well as the civil penalty and costs for such  
113 offense.

114 Upon the filing of an affidavit by the registered owner of the vehicle with the toll facility operator  
115 within ~~44~~ 30 days of receipt of an invoice for unpaid toll or a summons stating that such owner was not  
116 the driver of the vehicle on the date of the violation and providing the legal name and address of the  
117 operator of the vehicle at the time of the violation, an invoice for unpaid toll or summons, whichever  
118 the case may be, will also be issued to the alleged operator of the vehicle at the time of the offense.

119 In any action against a vehicle operator, an affidavit made by the registered owner providing the  
120 name and address of the vehicle operator at the time of the violation shall constitute prima facie

evidence that the person named in the affidavit was operating the vehicle at all the relevant times relating to the matter named in the affidavit.

If the registered owner of the vehicle produces for the toll facility operator or the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the time of the alleged offense, then the toll facility operator shall not pursue the owner for the unpaid toll contained in the invoice for unpaid toll or the court shall dismiss the summons issued to the registered owner of the vehicle.

G. 1. Upon a finding by a court that a person has two or more unpaid tolls and such person fails to pay the required penalties, fees, and unpaid tolls, then the court or toll facility operator shall notify the Commissioner of the Department of Motor Vehicles, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for the vehicle driven in the commission of the offense until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. If it is proven that the vehicle owner was not the operator at the time of the offense and upon a finding by a court that the person identified in an affidavit pursuant to subsection F as the operator violated this section and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for any vehicle owned or co-owned by such person until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Such funds representing payment of unpaid tolls and all administrative fees of the toll facility operator shall be transferred from the court to the Virginia Department of Transportation's Toll Facilities Revolving Account or, in the case of an action initiated by an operator of a toll facility other than the Virginia Department of Transportation, to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator. The Commissioner shall collect a \$40 administrative fee from the registered owner or operator of the vehicle to defray the cost of processing and removing an order to deny registration or registration renewal.

2. If an owner of a vehicle has received at least one invoice for two or more unpaid tolls in accordance with § 46.2-819.6 by certified mail and has (i) failed to pay the unpaid tolls and administrative fees and (ii) failed to file a notice to contest liability for a toll violation, then the toll facility operator may notify the Commissioner, who shall, if no form contesting liability has been timely filed with the toll facility operator pursuant to this section, refuse to issue or renew the vehicle registration certificate of any applicant therefor or the license plate issued for any vehicle driven in the commission of the offense until the toll facility operator has notified the Commissioner that such fees and unpaid tolls have been paid.

If the vehicle owner was not the operator at the time of the offense and the person identified in an affidavit pursuant to subsection F as the operator has received at least one invoice for two or more unpaid tolls in accordance with § 46.2-819.6 by certified mail and such person has (i) failed to pay the unpaid tolls and administrative fees and (ii) failed to file a notice to contest liability for a toll violation, then the toll facility operator may notify the Commissioner, who shall, if no form contesting liability has been timely filed with the toll facility operator pursuant to this section, refuse to issue or renew any vehicle registration certificate of any applicant therefor or the license plate issued for any vehicle owned or co-owned by such person until the toll facility operator has notified the Commissioner that such fees and unpaid tolls have been paid.

The Commissioner may only refuse to issue or renew any vehicle registration pursuant to this subsection upon the request of a toll facility operator if such toll facility operator has entered into an agreement with the Commissioner whereby the Commissioner will refuse to issue or renew any vehicle registration of any applicant therefor who owes unpaid tolls and administrative fees to the toll facility operator. The toll facility operator seeking to collect unpaid tolls and administrative fees through the withholding of registration or renewal thereof by the Commissioner as provided for in this subsection shall notify the Commissioner in the manner provided for in his agreement with the Commissioner and supply to the Commissioner information necessary to identify the violator whose registration or renewal is to be denied. The Commissioner shall charge a \$40 fee to defray the cost of processing and withholding the registration or registration renewal, and the toll facility operator may add this fee to the amount of the unpaid tolls and administrative fees. Any agreement entered into pursuant to the provisions of this subsection shall provide for the Department to send the violator notice of the intent to deny renewal of registration at least 30 days prior to the expiration date of a current vehicle registration and such notice shall include a form, as required under subsection B of § 46.2-819.6, to contest liability of the underlying toll violation. The notice provided by the Commissioner shall include instructions for filing the form to contest liability with the toll facility operator within 21 days after the date of mailing of the Commissioner's notice. Upon timely receipt of the form, the toll facility operator shall notify the Commissioner, who shall refrain from withholding the registration or renewal thereof, after which the toll facility operator may proceed to issue a summons for unpaid toll. For the purposes of this

subsection, notice by first-class mail to the registrant's address as maintained in the records of the Department shall be deemed sufficient.

H. For purposes of this section, "operator" means a person who was driving a vehicle that was the subject of a toll violation but who is not the owner of the vehicle; "operator of a toll facility other than the Virginia Department of Transportation" means any agency, political subdivision, authority, or other entity that operates a toll facility; "owner" means the registered owner of a vehicle on record with the Department or, in the case of a vehicle where the owner of the vehicle is a vehicle leasing entity, the lessee. For purposes of this section, "owner" does not mean a vehicle rental or vehicle leasing company; "video-monitoring system" means a vehicle sensor installed to work in conjunction with a toll collection device that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of each vehicle at the time it is used or operated in violation of this section; "automatic vehicle identification system" means an electronic vehicle identification system installed to work in conjunction with a toll collection device that automatically produces an electronic record of each vehicle equipped with an automatic vehicle identification device that uses a toll facility; and "automatic vehicle identification device" means an electronic device that communicates by wireless transmission with an automatic vehicle identification system.

I. Any vehicle rental or vehicle leasing company, if it receives an invoice for unpaid toll or is named in a summons, shall be released as a party to the action if it provides the operator of the toll facility a copy of the vehicle rental agreement or lease or an affidavit identifying the renter or lessee within 30 days of receipt of the invoice or summons. Upon receipt of such rental agreement, lease, or affidavit, an invoice for unpaid toll shall be mailed to the renter or lessee identified therein. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.). The toll facility operator shall allow at least 30 days from the date of such mailing before pursuing other remedies under this section. In any action against the vehicle operator, a copy of the vehicle rental agreement, lease, or affidavit identifying the renter or lessee of the vehicle at the time of the violation is prima facie evidence that the person named in the rental agreement, lease, or affidavit was operating the vehicle at all the relevant times relating to the matter named in the summons.

J. Imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. The provisions of § 46.2-395 shall not be applicable to any civil penalty, fee, unpaid toll, fine, or cost imposed or ordered paid under this section for a violation of this section.

K. On a form prescribed by the Supreme Court, a summons for a violation of this section may be executed pursuant to § 19.2-76.2. Toll facility personnel or their agents mailing such summons shall be considered conservators of the peace for the sole and limited purpose of mailing such summons. Notwithstanding the provisions of § 19.2-76, a summons or summonses for a violation of unpaid tolls may be executed by mailing by first-class mail a copy thereof to the address of the owner of the vehicle as shown on the records of the Department or, if the registered owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to subsection F, such named operator of the vehicle. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

L. The toll facility operator may offer to the owner an option to pay the unpaid toll and fees plus a reduced civil penalty of \$25 for a first or second offense or \$50 for a third, fourth, or subsequent offense, as specified on the summons, provided the owner actually pays to the toll facility operator the entire amount so calculated at least 14 days prior to the hearing date specified on the summons. If the owner accepts such offer and such amount is actually received by the toll facility operator at least 14 days prior to the hearing date specified on the summons, the toll facility operator shall move the court at least five business days prior to the date set for trial to dismiss the summons issued to the registered owner of the vehicle, and the court shall dismiss upon such motion.

M. The operator of a toll facility may enter into an agreement with the Department, in accordance with the provisions of subdivision B 21 of § 46.2-208, to obtain vehicle owner information regarding the registered owners of vehicles that fail to pay tolls required for the use of toll facilities and with the Virginia Department of Transportation to obtain any information that is necessary to conduct electronic toll collection. Information provided to the operator of a toll facility shall be used only for the collection of unpaid tolls, and the operator of the toll facility shall be subject to the same conditions and penalties regarding release of the information as contained in subsection B.

N. No person shall be subject to both the provisions of this section and to prosecution under § 46.2-819 for actions arising out of the same transaction or occurrence.
