Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the chairman of the Board.

B. Moneys in the Fund shall be used to facilitate regional collaboration on economic growth and diversification. Specifically, the Fund shall be used to incentivize and encourage cooperation among business, education, and government on regional strategic economic development and workforce development efforts. Available moneys in the Fund shall be allocated as follows:

1. A portion of the Fund may be used to support the initial organizational efforts of each regional council, such as capacity-building activities, project prioritization, and studies and analyses related to the development of an economic growth and diversification plan for the region, including identification of existing and prospective gaps in education and skills within the region;

However, the Board may cancel such reservation in whole or in part if, in the Board's judgment, the region has failed to establish a certified regional council or to otherwise meet the qualifications for grant funding in accordance with this article; and

3. A portion shall be competitively awarded on the basis of expected economic impact and outcomes without regard to a region's population.

Except for initial grants awarded pursuant to subdivision 1, no more than eight percent of any grants from the Fund to a single regional council shall be used for administrative or planning purposes.

C. Public comment shall be received by the Board when making decisions regarding awards from the Fund.

D. No more than 90 percent of moneys in the Fund shall be awarded or allocated in any fiscal year.

§ 2.2-2488. Formation of regional councils.

B. When there is no certified regional council in existence in a region, the Board may provide for the formation of a regional council by designating a formation committee chairman and two members from the region. The formation committee chairman shall be a nonlegislative citizen member of the Board, and the chairman may designate up to two additional members of the formation committee. The formation committee shall be responsible for such consultation and recruitment within the region as is likely to result in certification of a regional council for the region. The formation committee chairman and members may serve as officers and members of the regional council.

C. A regional council shall include representatives from (i) the education sector, including school divisions, community colleges, and public institutions of higher education; (ii) the economic and workforce development sector; (iii) local government; (iv) planning district commissions; (v) nonprofit organizations; and (vi) other entities that significantly affect regional economic or workforce development. Membership may include one or more nonlegislative citizen members of the Board from the region. The Board shall certify that the regional council has adopted bylaws and taken other such steps in its organizational activities and business plan as are necessary or required by Board guidelines and procedures to provide for accountability for and oversight of regional activities funded from the Fund.

E. Public comment shall be received by the Board when certifying a regional council.

§ 2.2-2489. Award of grants to regional councils.

A. The Board shall establish guidelines, procedures, and objective criteria for the award and distribution of grants from the Fund to regional councils.

B. In order to qualify to receive grants from the Fund, a regional council shall develop an economic growth and diversification plan to (i) promote private-sector growth and opportunity in the region; (ii) identify issues of economic competitiveness for the region, including gaps in education and skills required to meet existing and prospective employer needs within the region; and (iii) outline steps that the collaborating business, education, and government entities in the region will pursue to expand economic opportunity, diversify the economy, and align workforce development activities with the education and skills needed by employers in the region. A regional council shall review such plan not

less than biennially while the regional council is receiving grants from the Fund.

C. The Board shall only consider those regional activities endorsed by a regional council in its application for grants from the Fund. For any regional activity included in a regional council's application, the regional council shall identify (i) the amount of grants requested and the number of years for which grants are sought; (ii) the participating business, education, and government entities and their respective roles and contributions; (iii) the private, local, and other sources of nonstate funding that the grant from the Fund will assist in generating, including specific amounts pledged by such sources as of the application date; (iv) how the regional activity addresses the skills gaps identified in the council's economic growth and diversification plan; and (v) the economic impact or other outcomes that are reasonably expected to result from the proposed regional activity, including timetables and means of measurement.

D. Regional activities eligible for grants from the Fund shall be focused on high-impact, collaborative projects in a region that promote new job creation, entrepreneurship, and new capital investment; leverage nonstate resources to enhance collaboration; foster research, development, and commercialization activities; encourage cooperation among public bodies to reduce costs and duplication of government services; and promote other economic or workforce development activities consistent with this article that are authorized by the Board. The Board shall give initial priority to grant proposals that promote workforce development and other activities focused on eliminating skills gaps identified in a region's economic growth and diversification plan.

E. In determining a regional council's eligibility to receive grants from the Fund, and the amount of such grants, the Board shall review and score the proposed regional activities. Scores shall be assigned on the basis of predetermined criteria established by the Board in its guidelines and procedures based on the following factors:

1. The expected economic impact or outcome of the activity, with particular emphasis on goals identified in the regional council's plan for economic growth and diversification;

2. The fiscal resources from non-Fund sources that will be committed to the activity, including local or federal funds, private contributions, and cost savings expected to be achieved through regional collaboration;

3. The number and percentage of localities, including political subdivisions and bodies corporate and politic, within the region that are participating in the activity, the portion of the region's population represented by the participating localities, and the participation of localities that are outside of the applicant region;

4. The compatibility with other projects, programs, or existing infrastructure in a region to maximize the leverage of grants from the Fund to encourage new collaborative activities;

5. The expected economic impact and outcomes of the project and the complexity of the project relative to the size of the economy of the region or to the population of the participating localities;

6. The projected cost savings and other efficiencies generated by the proposed activity, and the local resources generated by collaboration that have been or will be repurposed to support the activity;

7. The character of the regional collaboration, including the nature and extent of the regional effort involved in developing and implementing the proposed activity, the complexity of the activity, the prospective impact on relations between and among the affected localities, and the prospective impact on collaboration between and among business, education, and government entities in the region;

8. Interstate, inter-regional, and other beneficial forms of collaboration, if any, that will accompany, result from, or be encouraged by the activity;

9. Efficiency in the administration and oversight of regional activities; and

10. Other factors deemed to be appropriate by the Board.

F. Each regional council awarded a grant from the Fund shall issue an annual report that shall include, at a minimum, an assessment of the impact and outcomes from regional activities supported by grants from the Fund and the region's overall progress in addressing the goals and strategies identified in the region's plan for economic growth and diversification. Such assessment shall address performance criteria prescribed in the program guidelines and procedures.

G. Subject to the provisions of § 2.2-2488 and this section, once a regional council becomes eligible for grants from the Fund, the regional council may continue to apply for and receive grants from the Fund to support economic activities consistent with the regional council's economic growth and diversification plan in such amounts and for such duration as the Board may determine in accordance with its guidelines and procedures. The Board may terminate any payments to regional councils that fail to perform in accordance with this article, the Board's guidelines or procedures, or any conditions expressly agreed upon as part of a grant award, or for malfeasance. The Board may require the refund of moneys from the Fund upon such termination. Grants that are terminated shall revert to the Fund for distribution on an unallocated competitive basis.

H. In making Fund recommendations and awards, the Board may consider regional activities that

commenced prior to the enactment of this article, provided that the grant-funded program or project will expand the scope of, or increase the number of localities participating in, such preexisting activity.

I. No regional council may have outstanding grant commitments of more than 25 percent of the total amount appropriated to the Fund.

J. The year for grant payments shall be the Commonwealth's fiscal year following the calendar year in which the region qualifies, with payments made annually by the Comptroller upon certification by the Board. Grant amounts shall be made at the sole discretion of the Board.

K. Any grant awarded from the Fund to a regional council shall require matching funds at least equal to the grant, provided, however, that the Board shall have the authority to reduce the match requirement to no less than half of the grant upon a finding by the Board of fiscal distress or an exceptional economic opportunity in a region. Such matching funds may be from local, regional, federal, or private funds, but shall not include any state general or nongeneral funds, from whatever source.

L. A decision by the Board to award grants from the Fund shall require an affirmative vote of (i) a majority of the members of the Board who are present and voting, (ii) a majority of the legislative members of the Board from the House of Delegates who are present and voting, (iii) a majority of the legislative members of the Board from the Senate who are present and voting, and (iv) a majority of the members of the Board who are gubernatorial Secretaries who are present and voting. Decisions of the Board shall be final and not subject to review or appeal.

§ 2.2-2490. Annual audit.

The accounts of the Board shall be audited annually by the Auditor of Public Accounts or his legally authorized representatives. Copies of the annual audit shall be distributed to the Governor and to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance.
