SENATE BILL NO. 622

Offered January 15, 2016

A *BILL to amend and reenact § 54.1-2901 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 2.2-2001.4, relating to military medical personnel; pilot program.*

Patrons—Dunnavant and DeSteph

Referred to Committee on Education and Health

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-2901 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 2.2-2001.4 as follows:

§ 2.2-2001.4. Military medical personnel; pilot program.

A. For the purposes of this section, "military medical personnel" means an individual who has recently served as a medic in the U.S. Army, medical technician in the U.S. Air Force, or corpsman in the U.S. Navy and who was discharged or released from such service under conditions other than dishonorable.

B. The Department, in collaboration with the Board of Medicine and the Department of Health Professions, shall establish a pilot program in which military medical personnel may practice and perform certain delegated acts that constitute the practice of medicine under the supervision of a licensed physician or podiatrist to the extent, and in a manner consistent with, protocols developed by the Board of Medicine. Such activities shall be set forth in a written or electronic practice supervision agreement between the military medical personnel and the supervising physician or podiatrist and shall reflect the level of training and experience of the military medical personnel.

C. Any licensed physician or podiatrist, a professional corporation or partnership of any licensee, any hospital, or any commercial enterprise having medical facilities for its employees that are supervised by one or more physicians or podiatrists may apply to the Department to participate in such pilot program.

D. The Department shall establish general requirements for participating military medical personnel, licensees, and employers.

E. The Board of Medicine, in collaboration with the Department and the Department of Health Professions and other relevant stakeholders, shall, by October 1, 2016, develop protocols to be used in the pilot program. Such protocols shall not be subject to the Administrative Process Act (§ 2.2-4000 et seq.).

§ 54.1-2901. Exceptions and exemptions generally.

A. The provisions of this chapter shall not prevent or prohibit:

1. Any person entitled to practice his profession under any prior law on June 24, 1944, from continuing such practice within the scope of the definition of his particular school of practice;

2. Any person licensed to practice naturopathy prior to June 30, 1980, from continuing such practice in accordance with regulations promulgated by the Board;

3. Any licensed nurse practitioner from rendering care in collaboration and consultation with a patient care team physician as part of a patient care team pursuant to § 54.1-2957 when such services are authorized by regulations promulgated jointly by the Board of Medicine and the Board of Nursing;

4. Any registered professional nurse, licensed nurse practitioner, graduate laboratory technician or other technical personnel who have been properly trained from rendering care or services within the scope of their usual professional activities which shall include the taking of blood, the giving of intravenous infusions and intravenous injections, and the insertion of tubes when performed under the orders of a person licensed to practice medicine or osteopathy, a nurse practitioner, or a physician assistant;

5. Any dentist, pharmacist or optometrist from rendering care or services within the scope of his usual professional activities;

6. Any practitioner licensed or certified by the Board from delegating to personnel supervised by him, such activities or functions as are nondiscretionary and do not require the exercise of professional judgment for their performance and which are usually or customarily delegated to such persons by practitioners of the healing arts, if such activities or functions are authorized by and performed for such practitioners of the healing arts and responsibility for such activities or functions is assumed by such practitioners of the healing arts;

7. The rendering of medical advice or information through telecommunications from a physician licensed to practice medicine in Virginia or an adjoining state, or from a licensed nurse practitioner, to

113 doctor within the Department of Corrections, the Department of Juvenile Justice or local correctional
114 facilities;

115 26. Any employee of a school board, authorized by a prescriber and trained in the administration of
116 insulin and glucagon, when, upon the authorization of a prescriber and the written request of the parents
117 as defined in § 22.1-1, assisting with the administration of insulin or administering glucagon to a
118 student diagnosed as having diabetes and who requires insulin injections during the school day or for
119 whom glucagon has been prescribed for the emergency treatment of hypoglycemia;

120 27. Any practitioner of the healing arts or other profession regulated by the Board from rendering

free health care to an underserved population of Virginia who (i) does not regularly practice his profession in Virginia, (ii) holds a current valid license or certificate to practice his profession in another state, territory, district or possession of the United States, (iii) volunteers to provide free health care to an underserved area of the Commonwealth under the auspices of a publicly supported all volunteer, nonprofit organization that sponsors the provision of health care to populations of underserved people, (iv) files a copy of the license or certification issued in such other jurisdiction with the Board, (v) notifies the Board at least five business days prior to the voluntary provision of services of the dates and location of such service, and (vi) acknowledges, in writing, that such licensure exemption shall only be valid, in compliance with the Board's regulations, during the limited period that such free health care is made available through the volunteer, nonprofit organization on the dates and at the location filed with the Board. The Board may deny the right to practice in Virginia to any practitioner of the healing arts whose license or certificate has been previously suspended or revoked, who has been convicted of a felony or who is otherwise found to be in violation of applicable laws or regulations. However, the Board shall allow a practitioner of the healing arts who meets the above criteria to provide volunteer services without prior notice for a period of up to three days, provided the nonprofit organization verifies that the practitioner has a valid, unrestricted license in another state;

28. Any registered nurse, acting as an agent of the Department of Health, from obtaining specimens of sputum or other bodily fluid from persons in whom the diagnosis of active tuberculosis disease, as defined in § 32.1-49.1, is suspected and submitting orders for testing of such specimens to the Division of Consolidated Laboratories or other public health laboratories, designated by the State Health Commissioner, for the purpose of determining the presence or absence of tubercle bacilli as defined in § 32.1-49.1;

29. Any physician of medicine or osteopathy or nurse practitioner from delegating to a registered nurse under his supervision the screening and testing of children for elevated blood-lead levels when such testing is conducted (i) in accordance with a written protocol between the physician or nurse practitioner and the registered nurse and (ii) in compliance with the Board of Health's regulations promulgated pursuant to §§ 32.1-46.1 and 32.1-46.2. Any follow-up testing or treatment shall be conducted at the direction of a physician or nurse practitioner;

30. Any practitioner of one of the professions regulated by the Board of Medicine who is in good standing with the applicable regulatory agency in another state or Canada from engaging in the practice of that profession when the practitioner is in Virginia temporarily with an out-of-state athletic team or athlete for the duration of the athletic tournament, game, or event in which the team or athlete is competing;

31. Any person from performing state or federally funded health care tasks directed by the consumer, which are typically self-performed, for an individual who lives in a private residence and who, by reason of disability, is unable to perform such tasks but who is capable of directing the appropriate performance of such tasks; or

32. Any practitioner of one of the professions regulated by the Board of Medicine who is in good standing with the applicable regulatory agency in another state from engaging in the practice of that profession in Virginia with a patient who is being transported to or from a Virginia hospital for care.

B. Notwithstanding any provision of law or regulation to the contrary, a nurse practitioner licensed by the Boards of Nursing and Medicine in the category of certified nurse midwife may practice without the requirement for physician supervision while participating in a pilot program approved by the Board of Health pursuant to § 32.1-11.5.

C. *Notwithstanding any provision of law or regulation to the contrary, military medical personnel, as defined in § 2.2-2001.4, while participating in a pilot program established by the Department of Veterans Services pursuant to § 2.2-2001.4, may practice under the supervision of a licensed physician or podiatrist and in accordance with a written or electronic practice supervision agreement between the military medical personnel and the supervising physician or podiatrist and protocols developed by the Board.*
