3. [Repealed.]

4. The amount of any net income taxes and other taxes, including franchise and excise taxes, which are based on, measured by, or computed with reference to net income, imposed by the Commonwealth or any other taxing jurisdiction, to the extent deducted in determining federal taxable income;

This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

(1) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 8 shall be construed to limit or negate the Department's authority under § 58.1-446;

9. a. For taxable years beginning on and after January 1, 2004, the amount of any interest expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the interest expenses and costs, if:

(1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and

(2) The interest expenses and costs are not directly or indirectly for, related to or in connection with the direct or indirect acquisition, maintenance, management, sale, exchange, or disposition of intangible property; and

(3) The transaction giving rise to the expenses and costs between the corporation and the related member has a valid business purpose other than the avoidance or reduction of taxation and payments between the parties are made at arm's length rates and terms; and

(4) One of the following applies:

(i) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(iv) The transaction giving rise to the interest payments between the corporation and a related member was done at arm's length rates and terms and meets any of the following: (a) the related member uses funds that are borrowed from a party other than a related member or that are paid, incurred or passed-through to a person who is not a related member; (b) the debt is part of a regular and systematic funds management or portfolio investment activity conducted by the related member, whereby the funds of two or more related members are aggregated for the purpose of achieving economies of scale, the internal financing of the active business operations of members, or the benefit of centralized management of funds; (c) financing the expansion of the business operations; or (d) restructuring the debt of related members, or the pass-through of acquisition-related indebtedness to related members.

b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

"Qualified investment" means a cash investment in an information technology or biotechnology company in the form of equity or subordinated debt; however, an investment shall not be qualified if the taxpayer who holds such investment, or any of such taxpayer's family members, or any entity affiliated with such taxpayer, receives or has received compensation from such company in exchange for services provided to such business as an employee, officer, director, manager, independent contractor or otherwise in connection with or within one year before or after the date of such investment. For the purposes hereof, reimbursement of reasonable expenses incurred shall not be deemed to be compensation.

A qualified investment shall also include a capital investment.

"Qualified research expenses" means qualified research expenses as defined in § 41 of the Internal Revenue Code of 1986, 26 U.S.C. § 41, as in effect on June 30, 1992, in the fields of advanced computing, advanced materials, biotechnology, electronic device technology, environmental technology, or medical device technology.

The amount of credit allowed to a taxpayer under this section shall not exceed $500,000 in aggregate for qualified investments other than capital investments, and shall not exceed $500,000 per taxable year for capital investments. Such credit shall be first allowed for the taxable year in which the qualified investment was completed or made if the qualified investment was a capital investment. For all qualified investments, before any credit is allowed under this section, the Virginia Economic Development Partnership shall review, evaluate and report to the Tobacco Region Revitalization Commission upon the taxpayer's proposed capital investments, detailing how such qualified investment will be spent in a tobacco-dependent locality. The credit provided under this section shall then first be allowed for the taxable year in which the Commission finds that such qualified investment was spent in a tobacco-dependent locality. The amount of credit allowed shall not exceed the tax imposed for the taxable year. Any credit not usable for the taxable year because of this limitation may be carried over for the next ten succeeding taxable years. No credit shall be carried back to a preceding taxable year. If a taxpayer that is subject to the tax limitation imposed pursuant to this subsection is allowed another credit pursuant to any other section of the Code of Virginia, or has a credit carryover from a preceding taxable year, such taxpayer shall be considered to have first utilized any credit allowed that does not have a carryover provision, and then any credit that is carried forward from a preceding taxable year, prior to the utilization of any credit allowed pursuant to this section.

C. ~~The tax credit established in this section may be claimed to the extent moneys from the Tobacco Indemnification and Community Revitalization Fund, created in § 3.2-3106, are deposited into the Technology Initiative in Tobacco-Dependent Localities Fund, established under § 58.1-439.15, for the purpose of funding this credit. If the amount of credits otherwise allowable under this section exceed the amount deposited in the Fund for a fiscal year, such credits shall be allocated to taxpayers on a pro rata basis by the Department of Taxation.~~

D. In the case of a qualified investment other than a capital investment, unless the taxpayer transfers the equity received in connection with such investment as a result of (i) the liquidation of the information technology or biotechnology company issuing such equity, (ii) the merger, consolidation or other acquisition of such business with or by a party not affiliated with such business, or (iii) the death of the taxpayer, any taxpayer that fails to hold such equity for at least five full calendar years following the calendar year for which a tax credit for such investment is allowed pursuant to this section shall forfeit both used and unused tax credits and shall pay the Department of Taxation a penalty equal to all of the tax credits allowed to such taxpayer pursuant to this section, except for credit allowed for a capital investment, with interest at the rate of one percent per month, compounded monthly, from the date the tax credits were allocated to the taxpayer. Any amount received under this subsection shall be deposited into the Technology Initiative in Tobacco-Dependent Localities Fund.

E. A taxpayer who claims the credit for a qualified investment under this section may not use such qualified investment as the basis for claiming any other credit provided under the Code of Virginia.

F. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company shall be allocated to the individual partners, shareholders or members, respectively, in proportion to their ownership or interest in such business entities.

"Tobacco-dependent locality" means those Virginia localities that have traditionally economically depended on tobacco and shall be identified by the Tobacco Region Revitalization Commission.

The amount of credit allowed pursuant to this section shall be equal to fifty percent of the amount paid or incurred by a taxpayer for an eligible research and development activity during the taxable year.

C. A taxpayer may claim the credit for the taxable year in which the eligible research and development activity occurred. No taxpayer shall be eligible to claim a credit of more than $500,000 per taxable year. The amount of credit allowed shall not exceed the tax imposed for the taxable year. Any credit not usable for the taxable year because of such limitation may be, to the extent usable and subject to subsections D and E, carried over for the next ten succeeding taxable years. No credit shall be carried back to a preceding taxable year. If a taxpayer that is subject to the tax limitation imposed pursuant to this subsection is allowed another credit pursuant to any other section of the Code of Virginia, or has a credit carryover from a preceding taxable year, such taxpayer shall be considered to have first utilized any credit allowed that does not have a carryover provision, and then any credit that is carried forward from a preceding taxable year, prior to the utilization of any credit allowed pursuant to this section.

D. ~~The tax credit established in this section may be claimed to the extent moneys from the Tobacco Indemnification and Community Revitalization Fund, created in § 3.2-3106, are deposited into the Technology Initiative in Tobacco-Dependent Localities Fund, established under § 58.1-439.15, for the purpose of funding this credit. If the amount of credits otherwise allowable under this section exceed the amount deposited in the Fund for a fiscal year, such credits shall be allocated to taxpayers on a pro rata basis by the Department of Taxation.~~

E. Tax credit redemption and transfer.

If the taxpayer has no state tax liability for two consecutive taxable years for which credit is otherwise allowable, the credit amount applicable to such taxable years may be redeemable by the Tax Commissioner on behalf of the Commonwealth for seventy-five percent of the face value within ninety days after the taxpayer has filed the applicable income tax return for the second such taxable year. If the Commonwealth does not redeem the tax credit or upon the taxpayer's election, such tax credit shall be transferable by sale.

F. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company shall be allocated to the individual partners, shareholders or members, respectively, in proportion to their ownership or interest in such business entities.

G. A taxpayer who claims the credit for eligible research and development activity under this section may not use such research and development activity as the basis for claiming any other credit provided under the Code of Virginia.
