2. Patron: Sickles

3. Committee: Privileges and Elections

4. Title: Officers of election; required training.

5. Summary: Requires all officers of election to receive training every two years and whenever a change is made to the election laws or regulations that alters the duties and conduct of the officers. The State Board of Elections is required to develop standardized training programs and provide standardized training materials for use by the electoral boards and general registrars in conducting the training for the officers of election. The bill requires that such materials be reviewed every two years in the year immediately following a general election for federal office. The bill also requires the electoral boards to certify to the State Board that the officers of election have received the required training.

6. Budget Amendment Necessary: No.

7. Fiscal Impact Estimates: Preliminary – see Item 8.

8. Fiscal Implications: The Department of Elections (ELECT) may incur additional administrative costs to update materials used for training officers of elections. The agency expects to absorb the costs associated with implementing the proposed legislation and will utilize its current staff to develop standardized training programs for use by the electoral boards and general registrars.

As stand-alone legislation, ELECT considers implementation of this bill as “routine,” and does not require additional funding. The agency will review all electoral legislation likely to be enacted prior to the passage by each house. If the aggregate number of “routine” bills likely to pass either house is unusually large, it is possible the agency will require additional resources. If so, ELECT will identify the costs at that time.

9. Specific Agency or Political Subdivisions Affected: Department of Elections, general registrars, electoral boards, and localities.

10. Technical Amendment Necessary: No.

11. Other Comments: This bill is similar to SB574 (McEachin).
