

Department of Planning and Budget 2016 Fiscal Impact Statement

1. **Bill Number:** HB1044ER

House of Origin Introduced Substitute Engrossed
Second House In Committee Substitute Enrolled

2. **Patron:** Landes

3. **Committee:** Health, Welfare and Institutions

4. **Title:** Prescription Monitoring Program; disclosures.

5. **Summary:** Provides that the Director of the Department of Health Professions may disclose information in the possession of the Prescription Monitoring Program about a specific recipient who is a member of a Virginia Medicaid managed care program to a physician or pharmacist licensed in the Commonwealth and employed by the Virginia Medicaid managed care program to determine eligibility for and to manage the care of the specific recipient in a Patient Utilization Management Safety or similar program. The bill also requires the Prescription Monitoring Program advisory committee to provide guidance to the Director regarding such disclosures.

6. **Budget Amendment Necessary:** Yes.

7. **Fiscal Impact Estimates:** Final, see item #8.

7a. Expenditure Impact:

<i>Fiscal Year</i>	<i>Dollars</i>	<i>Positions</i>	<i>Fund</i>
2016	\$50,000	1	Nongeneral
2017	\$50,000	1	Nongeneral
2018	\$50,000	1	Nongeneral
2019	\$50,000	1	Nongeneral
2020	\$50,000	1	Nongeneral
2021	\$50,000	1	Nongeneral
2022	\$50,000	1	Nongeneral

8. **Fiscal Implications:** This bill would have a fiscal impact on the Commonwealth since the bill creates regulatory authority for access to the PMP.

All regulatory and law enforcement requests are processed by PMP personnel, adding health plan access would likely greatly increase the number of these requests that would have to be processed. However this number cannot be determined as there is not enough information to determine who may or may not make a request on the PMP. Lastly, regulatory users are required to be re-authorized or renewed every 2 years. This bill would add to those users that

must be managed separately from prescribers and pharmacists which would require an additional position.

Therefore, the fiscal impact would be 1 FTE and personnel cost of \$50,000 yearly to meet the provisions of the bill.

9. Specific Agency or Political Subdivisions Affected: Department of Health Professions.

10. Technical Amendment Necessary: No.

11. Other Comments: SB491, introduced by Senator Hanger, is a Companion bill.
