Local Budget Due Dates

Department and agency heads of localities are required to prepare and submit to their local governing bodies an estimate of the amount of money needed during the ensuing fiscal year for their departments or agencies by April 1 of each year. Generally, local governing bodies must approve the budget before July 1, the date on which the fiscal year begins. The law requires that the real property tax rate for taxes due on or before June 30 of each year be fixed on or before April 15 of that tax year. The local governing bodies will generally have from April 1<sup>st</sup> to June 30<sup>th</sup> to prepare and approve the locality's budget. Because localities depend upon state-appropriated funds as a major source of revenue, it is difficult for them to prepare a local budget without knowing how much money will be

appropriated to the locality by the General Assembly. Local governing bodies use this information to determine whether an increase in the real property tax is necessary.

### Proposal

This bill would extend the date on which local governments must set their real property tax rate for taxes due on or before June 30 from April 15 to May 30.

The effective date of this bill is not specified.

### Similar Legislation

**Senate Bill 445** would extend the date on which local governments must set their real property tax rate for taxes due on or before June 30 from April 15 to April 30 of that tax year.
