Qualified zone improvements shall not include:

1. The cost of acquiring any real property or building; however, the cost of any newly constructed depreciable nonresidential real property (excluding land, land improvements, paving, grading, driveways, and interest) shall be considered to be a qualified zone improvement eligible for the credit if the total amount of such expenditure is at least \$250,000 with respect to a single facility.

2. (i) The cost of furnishings; (ii) any expenditure associated with appraisal, architectural, engineering and interior design fees; (iii) loan fees, points, or capitalized interest; (iv) legal, accounting, realtor, sales and marketing, or other professional fees; (v) closing costs, permits, user fees, zoning fees, impact fees, and inspection fees; (vi) bids, insurance, signage, utilities, bonding, copying, rent loss, or temporary facilities incurred during construction; (vii) utility hook-up or access fees; (viii) outbuildings; or (ix) the cost of any well or septic or sewer system.

3. The basis of any property: (i) for which a credit under this section was previously granted; (ii) which was previously placed in service in Virginia by the taxpayer, a related party as defined by Internal Revenue Code § 267 (b), or a trade or business under common control as defined by Internal Revenue Code § 52 (b); or (iii) which was previously in service in Virginia and has a basis in the hands of the person acquiring it, determined in whole or in part by reference to the basis of such property in the hands of the person from whom acquired or Internal Revenue Code § 1014 (a).

"Qualified zone investments" means the sum of qualified zone improvements and the cost of machinery, tools and equipment used in manufacturing tangible personal property within an enterprise zone. For purposes of this section, machinery, tools and equipment shall only be deemed to include the cost of such property which is placed in service in the enterprise zone on or after July 1, 1995. Machinery, tools and equipment shall not include the basis of any property: (i) for which a credit under this section was previously granted; (ii) which was previously placed in service in Virginia by the taxpayer, a related party as defined by Internal Revenue Code § 267 (b), or a trade or business under

common control as defined by Internal Revenue Code § 52 (b); or (iii) which was previously in service in Virginia and has a basis in the hands of the person acquiring it, determined in whole or part by reference to the basis of such property in the hands of the person from whom acquired, or Internal Revenue Code § 1014 (a).

"Qualified zone resident" means an owner or tenant of real property located in an enterprise zone who expands or rehabilitates such real property to facilitate the conduct of a trade or business within the enterprise zone.

B. For all taxable years beginning on and after July 1, 1995, but before July 1, 2005, a qualified zone resident shall be allowed a real property investment tax credit as set forth in this section.

C. For any small qualified zone resident, a real property investment tax credit shall be allowed in an amount equaling 30 percent of the qualified zone improvements. Any tax credit granted pursuant to this subsection is refundable; however, in no event shall the cumulative credit allowed to a small qualified zone resident pursuant to this subsection exceed \$125,000 in any five-year period.

D. For any large qualified zone resident, a real property investment tax credit shall be allowed in an amount of up to five percent of such qualified zone investments. The percentage amount of the real property investment tax credit granted to a large qualified zone resident shall be determined by agreement between the Department and the large qualified zone resident, provided such percentage amount shall not exceed five percent. The real property investment tax credit provided by this subsection shall not exceed the tax imposed for such taxable year, but any credit not usable for the taxable year generated may be carried over until the full amount of such credit has been utilized.

E. The Department shall certify the nature and amount of qualified zone improvements and qualified zone investments eligible for a real property investment tax credit in any taxable year. Only qualified zone improvements and qualified zone investments that have been properly certified shall be eligible for the credit. Any form filed with the Department of Taxation or State Corporation Commission for the purpose of claiming the credit shall be accompanied by a copy of the certification furnished to the taxpayer by the Department. Any certification by the Department pursuant to this section shall not impair the authority of the Department of Taxation or State Corporation Commission to deny in whole or in part any claimed tax credit if the Department of Taxation or State Corporation Commission determines that the taxpayer is not entitled to such tax credit. The Department of Taxation or State Corporation Commission shall notify the Department in writing upon determining that a taxpayer is ineligible for such tax credit.

Credits granted to a partnership, limited liability company or S corporation shall be passed through to the partners, members or shareholders, respectively.

G. The Tax Commissioner shall have the authority to issue regulations relating to the computation and carryover of the credit provided under this section.

H. In the first taxable year only, the credit provided in this section shall be prorated equally against the taxpayer's estimated payments made in the third and fourth quarters and the final payment, if such taxpayer is required to make quarterly payments.

I. Tax credits awarded under this section and under § 59.1-280 shall not exceed \$7.5 million annually until the end of fiscal year 2019.
