HOUSE BILL NO. 1627

Offered January 11, 2017

Prefiled January 4, 2017

A BILL to amend and reenact § 46.2-1020 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 46.2-1014.01, relating to interior lights; requirements.

Patron—Robinson

Referred to Committee on Transportation

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-1020 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 46.2-1014.01 as follows:

§ 46.2-1014.01. Interior lights.

Any motor vehicle, autocycle, road roller, road machinery, or tractor may be equipped with one or more interior lights. The operator of a motor vehicle, autocycle, road roller, road machinery, or tractor equipped with one or more interior lights and used on a highway shall ensure that such lights are in good working order.

No such interior light shall exceed 15 candlepower, with the exception of (i) alternating, blinking, or flashing colored emergency lights mounted inside law-enforcement motor vehicles that may otherwise legally be equipped with such colored emergency lights or (ii) flashing or steady-burning red or red and white warning lights authorized pursuant § 46.2-1024.

Between sunset and sunrise, any operator of a motor vehicle, autocycle, road roller, road machinery, or tractor equipped with one or more interior lights who brings such vehicle to a stop after having received a visible or audible signal from any law-enforcement officer to bring such vehicle to a stop shall, immediately upon stopping, illuminate the interior lights.

§ 46.2-1020. Other permissible lights.

Any motor vehicle may be equipped with fog lights, not more than two of which can be illuminated at any time, one or two auxiliary driving lights if so equipped by the manufacturer, two daytime running lights, two side lights of not more than six candlepower, an interior light or lights of not more than 15 candlepower each, and signal lights.

The provision of this section limiting interior lights to no more than 15 candlepower shall not apply to (i) alternating, blinking, or flashing colored emergency lights mounted inside law-enforcement motor vehicles which may otherwise legally be equipped with such colored emergency lights, or (ii) flashing shielded red or red and white lights, authorized under § 46.2-1024, mounted inside vehicles owned or used by (a) members of volunteer fire companies or volunteer emergency medical services agencies; (b) professional firefighters; or (c) police chaplains. A vehicle equipped with lighting devices as authorized in this section shall be operated by a police chaplain only if he has successfully completed a course of training in the safe operation of a motor vehicle under emergency conditions and a certificate attesting to such successful completion, signed by the course instructor, is carried at all times in the vehicle when operated by the police chaplain to whom the certificate applies.

Unless such lighting device is both covered and unlit, no motor vehicle which that is equipped with any lighting device (i) other than lights required or permitted in this article, (ii) required or approved by the Superintendent, or (iii) required by the federal Department of Transportation shall be operated on any highway in the Commonwealth. Nothing in this section shall permit any vehicle, not otherwise authorized, to be equipped with colored emergency lights, whether blinking or steady-burning.

2. That the Department of State Police shall amend 19VAC30-70 of the Virginia Administrative Code so that a motor vehicle safety inspection shall include an inspection of interior lights to ensure that such lights are in good working order pursuant to § 46.2-1014.01 of the Code of Virginia, as created by this act.
