HOUSE BILL NO. 2133

Offered January 11, 2017

Prefiled January 11, 2017

A BILL to amend and reenact § 24.2-802, as it is currently effective and as it shall become effective, of the Code of Virginia, relating to recount procedures; initial audit of ballot scanner machines.

Patron—Levine

Referred to Committee on Privileges and Elections

Be it enacted by the General Assembly of Virginia:

1. That § 24.2-802, as it is currently effective and as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 24.2-802. (Effective until July 1, 2020) Procedure for recount.

A. The State Board of Elections shall promulgate standards for (i) the proper handling and security of voting and counting machines, ballots, and other materials required for a recount, (ii) accurate determination of votes based upon objective evidence and taking into account the counting machine and form of ballots approved for use in the Commonwealth, and (iii) any other matters that will promote a timely and accurate resolution of the recount. The chief judge of the circuit court or the full recount court may, consistent with State Board of Elections standards, resolve disputes over the application of the standards and direct all other appropriate measures to ensure the proper conduct of the recount.

The recount procedures to be followed throughout the election district shall be as uniform as practicable, taking into account the types of ballots and voting and counting machines in use in the election district.

In preparation for the recount, the clerks of the circuit courts shall (a) secure all printed ballots and other election materials in sealed boxes; (b) place all of the sealed boxes in a vault or room not open to the public or to anyone other than the clerk and his staff; (c) cause such vault or room to be securely locked except when access is necessary for the clerk and his staff; and (d) certify that these security measures have been taken in whatever form is deemed appropriate by the chief judge.

B. Within seven calendar days of the filing of the petition for a recount of any election other than an election for presidential electors, or within five calendar days of the filing of a petition for a recount of an election for presidential electors, the chief judge of the circuit court shall call a preliminary hearing at which (i) motions may be disposed of and (ii) the rules of procedure may be fixed, both subject to review by the full court. As part of the preliminary hearing, the chief judge may permit the petitioner and his counsel, together with each other party and his counsel and at least two members of the electoral board and the custodians, to examine any direct recording electronic machine of the type that prints returns when the print-out sheets are not clearly legible. The petitioner and his counsel and each other party and their counsel under supervision of the electoral board and its agents shall also have access to pollbooks and other materials used in the election for examination purposes, provided that individual ballots cast in the election shall not be examined at the preliminary hearing. The chief judge during the preliminary hearing shall review all security measures taken for all ballots and voting and counting machines and direct, as he deems necessary, all appropriate measures to ensure proper security to conduct the recount.

The chief judge, subject to review by the full court, may set the place or places for the recount and may order the delivery of election materials to a central location and the transportation of voting and counting machines to a central location in each county or city under appropriate safeguards.

After the full court is appointed under § 24.2-801 or 24.2-801.1, it shall call a hearing at which all motions shall be disposed of and the rules of procedure shall be fixed finally. The court shall call for the advice and cooperation of the Department, the State Board, or any local electoral board, as appropriate, and such boards or agency shall have the duty and authority to assist the court. The court shall fix procedures that shall provide for the accurate determination of votes in the election.

The determination of the votes in a recount shall be based on votes cast in the election and shall not take into account (a) any absentee ballots or provisional ballots sought to be cast but ruled invalid and not cast in the election, (b) ballots cast only for administrative or test purposes and voided by the officers of election, or (c) ballots spoiled by a voter and replaced with a new ballot.

The eligibility of any voter to have voted shall not be an issue in a recount. Commencing upon the filing of the recount, nothing shall prevent the discovery or disclosure of any evidence that could be used pursuant to § 24.2-803 in contesting the results of an election.

C. The court shall permit each candidate, or petitioner and governing body or chief executive officer,

INTRODUCED

HB2133

59 to select an equal number of the officers of election to be recount officials and to count printed ballots,
60 or in the case of direct recording electronic machines, to redetermine the vote. The number shall be
61 fixed by the court and be sufficient to conduct the recount within a reasonable period. The court may
62 permit each party to the recount to submit a list of alternate officials in the number the court directs.
63 There shall be at least one team of recount officials to recount printed ballots and to redetermine the
64 vote cast on direct recording electronic machines of the type that prints returns for the election district at
65 large in which the recount is being held. There shall be at least one team from each locality using ballot
66 scanner machines to insert the ballots into one or more scanners. The ballot scanner machines shall be
67 programmed to count only votes cast for parties to the recount or for or against the question in a
68 referendum recount. Each team shall be composed of one representative of each party.

69 The court may provide that if, at the time of the recount, any recount official fails to appear, the
70 remaining recount officials present shall appoint substitute recount officials who shall possess the same
71 qualifications as the recount officials for whom they substitute. The court may select pairs of recount
72 coordinators to serve for each county or city in the election district who shall be members of the county
73 or city electoral board and represent different political parties. The court shall have authority to summon
74 such officials and coordinators. On the request of any party to the recount, the court shall allow that
75 party to appoint one representative observer for each team of recount officials. The representative
76 observers shall have an unobstructed view of the work of the recount officials. The expenses of its
77 representatives shall be borne by each party.

78 D. The court (i) shall supervise the recount and (ii) may require delivery of any or all pollbooks used
79 and any or all ballots cast at the election, or may assume supervision thereof through the recount
80 coordinators and officials.

81 *Prior to beginning the redetermination of the vote, the recount officials shall collect a sample of the*
82 *machine-readable ballots cast at each precinct in the election district equal to at least one percent of all*
83 *machine-readable ballots cast at that precinct. Each precinct's sample shall be run through a scanner*
84 *used at that precinct on the night of the election, run through a scanner being used for the recount, and*
85 *then hand counted using the standards promulgated by the State Board pursuant to subsection A.*

86 *The results calculated by the scanner used at that precinct on the night of the election, the results*
87 *calculated by the scanner being used for the recount, and the results determined by the hand count shall*
88 *be compared and if the three counts are not identical, any party to the recount may request all ballots*
89 *cast on ballot scanner machines in the election district to be counted by hand. If the three counts are*
90 *identical, the redetermination of the vote shall be conducted as provided for below.*

91 The redetermination of the vote in a recount shall be conducted as follows:

92 1. For paper ballots, the recount officials shall hand count the paper ballots using the standards
93 promulgated by the State Board pursuant to subsection A.

94 2. For direct recording electronic machines (DREs), the recount officials shall open the envelopes
95 with the printouts and read the results from the printouts. If the printout is not clear, or on the request
96 of the court, the recount officials shall rerun the printout from the machine or examine the counters as
97 appropriate.

98 3. For ballot scanner machines, the recount officials shall rerun all the machine-readable ballots
99 through a scanner programmed to count only the votes for the office or issue in question in the recount
100 and to set aside all ballots containing write-in votes, overvotes, and undervotes. The ballots that are set
101 aside, any ballots not accepted by the scanner, and any ballots for which a scanner could not be
102 programmed to meet the programming requirements of this subdivision, shall be hand counted using the
103 standards promulgated by the State Board pursuant to subsection A. If the total number of
104 machine-readable ballots reported as counted by the scanner plus the total number of ballots set aside by
105 the scanner do not equal the total number of ballots rerun through the scanner, then all ballots cast on
106 ballot scanner machines for that precinct shall be set aside to be counted by hand using the standards
107 promulgated by the State Board pursuant to subsection A. Prior to running the machine-readable ballots
108 through the ballot scanner machine, the recount officials shall ensure that logic and accuracy tests have
109 been successfully performed on each scanner after the scanner has been programmed. The result
110 calculated for ballots accepted by the ballot scanner machine during the recount shall be considered the
111 correct determination for those machine-readable ballots unless the court finds sufficient cause to rule
112 otherwise.

113 There shall be only one redetermination of the vote in each precinct.

114 At the conclusion of the recount of each precinct, the recount officials shall write down the number
115 of valid ballots cast, this number being obtained from the ballots cast in the precinct, or from the ballots
116 cast as shown on the statement of results if the ballots cannot be found, for each of the two candidates
117 or for and against the question. They shall submit the ballots or the statement of results used, as to the
118 validity of which questions exist, to the court. The written statement of any one recount official
119 challenging a ballot shall be sufficient to require its submission to the court. If, on all direct recording
120 electronic machines, the number of persons voting in the election, or the number of votes cast for the

office or on the question, totals more than the number of names on the pollbooks of persons voting on the voting machines, the figures recorded by the machines shall be accepted as correct.

At the conclusion of the recount of all precincts, after allowing the parties to inspect the questioned ballots, and after hearing arguments, the court shall rule on the validity of all questioned ballots and votes. After determining all matters pertaining to the recount and redetermination of the vote as raised by the parties, the court shall certify to the State Board and the electoral board or boards (a) the vote for each party to the recount and declare the person who received the higher number of votes to be nominated or elected, as appropriate, or (b) the votes for and against the question and declare the outcome of the referendum. The Department shall post on the Internet any and all changes made during the recount to the results as previously certified by it pursuant to § 24.2-679.

E. Costs of the recount shall be assessed against the counties and cities comprising the election district when (i) the candidate petitioning for the recount is declared the winner; (ii) the petitioners in a recount of a referendum win the recount; or (iii) there was between the candidate apparently nominated or elected and the candidate petitioning for the recount a difference of not more than one-half of one percent of the total vote cast for the two such candidates as determined by the State Board or electoral board prior to the recount. Otherwise the costs of the recount shall be assessed against the candidate petitioning for the recount or the petitioners in a recount of a referendum. If more than one candidate petitions for a recount, the court may assess costs in an equitable manner between the counties and cities and any such candidate if both are liable for costs under this subsection. Costs incurred to date shall be assessed against any candidate or petitioner who defaults or withdraws his petition.

F. The court shall determine the costs of the recount subject to the following limitations: (i) no per diem payment shall be assessed for salaried election officials; (ii) no per diem payment to officers of election serving as recount officials shall exceed two-thirds of the per diem paid such officers by the county or city for service on election day; and (iii) per diem payments to alternates shall be allowed only if they serve.

G. Any petitioner who may be assessed with costs under subsection E shall post a bond with surety with the court in the amount of \$10 per precinct in the area subject to recount. If the petitioner wins the recount, the bond shall not be forfeit. If the petitioner loses the recount, the bond shall be forfeit only to the extent of the assessed costs. If the assessed costs exceed the bond, he shall be liable for such excess.

H. The recount proceeding shall be final and not subject to appeal.

I. For the purposes of this section:

"Overvote" means a ballot on which a voter casts a vote for a greater number of candidates or positions than the number for which he was lawfully entitled to vote and no vote shall be counted with respect to that office or issue.

"Undervote" means a ballot on which a voter casts a vote for a lesser number of candidates or positions than the number for which he was lawfully entitled to vote.

§ 24.2-802. (Effective July 1, 2020) Procedure for recount.

A. The State Board of Elections shall promulgate standards for (i) the proper handling and security of voting systems, ballots, and other materials required for a recount, (ii) accurate determination of votes based upon objective evidence and taking into account the voting system and form of ballots approved for use in the Commonwealth, and (iii) any other matters that will promote a timely and accurate resolution of the recount. The chief judge of the circuit court or the full recount court may, consistent with State Board of Elections standards, resolve disputes over the application of the standards and direct all other appropriate measures to ensure the proper conduct of the recount.

The recount procedures to be followed throughout the election district shall be as uniform as practicable, taking into account the types of ballots and voting systems in use in the election district.

In preparation for the recount, the clerks of the circuit courts shall (a) secure all printed ballots and other election materials in sealed boxes; (b) place all of the sealed boxes in a vault or room not open to the public or to anyone other than the clerk and his staff; (c) cause such vault or room to be securely locked except when access is necessary for the clerk and his staff; and (d) certify that these security measures have been taken in whatever form is deemed appropriate by the chief judge.

B. Within seven calendar days of the filing of the petition for a recount of any election other than an election for presidential electors, or within five calendar days of the filing of a petition for a recount of an election for presidential electors, the chief judge of the circuit court shall call a preliminary hearing at which (i) motions may be disposed of and (ii) the rules of procedure may be fixed, both subject to review by the full court. The petitioner and his counsel and each other party and their counsel under supervision of the electoral board and its agents shall have access to pollbooks and other materials used in the election for examination purposes, provided that individual ballots cast in the election shall not be examined at the preliminary hearing. The chief judge during the preliminary hearing shall review all security measures taken for all ballots and voting systems and direct, as he deems necessary, all appropriate measures to ensure proper security to conduct the recount.

182 The chief judge, subject to review by the full court, may set the place or places for the recount and
183 may order the delivery of election materials to a central location and the transportation of voting
184 systems to a central location in each county or city under appropriate safeguards.

185 After the full court is appointed under § 24.2-801 or 24.2-801.1, it shall call a hearing at which all
186 motions shall be disposed of and the rules of procedure shall be fixed finally. The court shall call for
187 the advice and cooperation of the Department, the State Board, or any local electoral board, as
188 appropriate, and such boards or agency shall have the duty and authority to assist the court. The court
189 shall fix procedures that shall provide for the accurate determination of votes in the election.

190 The determination of the votes in a recount shall be based on votes cast in the election and shall not
191 take into account (a) any absentee ballots or provisional ballots sought to be cast but ruled invalid and
192 not cast in the election, (b) ballots cast only for administrative or test purposes and voided by the
193 officers of election, or (c) ballots spoiled by a voter and replaced with a new ballot.

194 The eligibility of any voter to have voted shall not be an issue in a recount. Commencing upon the
195 filing of the recount, nothing shall prevent the discovery or disclosure of any evidence that could be
196 used pursuant to § 24.2-803 in contesting the results of an election.

197 C. The court shall permit each candidate, or petitioner and governing body or chief executive officer,
198 to select an equal number of the officers of election to be recount officials and to count printed ballots.
199 The number shall be fixed by the court and be sufficient to conduct the recount within a reasonable
200 period. The court may permit each party to the recount to submit a list of alternate officials in the
201 number the court directs. There shall be at least one team from each locality using ballot scanner
202 machines to insert the ballots into one or more scanners. The ballot scanner machines shall be
203 programmed to count only votes cast for parties to the recount or for or against the question in a
204 referendum recount. Each team shall be composed of one representative of each party.

205 The court may provide that if, at the time of the recount, any recount official fails to appear, the
206 remaining recount officials present shall appoint substitute recount officials who shall possess the same
207 qualifications as the recount officials for whom they substitute. The court may select pairs of recount
208 coordinators to serve for each county or city in the election district who shall be members of the county
209 or city electoral board and represent different political parties. The court shall have authority to summon
210 such officials and coordinators. On the request of any party to the recount, the court shall allow that
211 party to appoint one representative observer for each team of recount officials. The representative
212 observers shall have an unobstructed view of the work of the recount officials. The expenses of its
213 representatives shall be borne by each party.

214 D. The court (i) shall supervise the recount and (ii) may require delivery of any or all pollbooks used
215 and any or all ballots cast at the election, or may assume supervision thereof through the recount
216 coordinators and officials.

217 *Prior to beginning the redetermination of the vote, the recount officials shall collect a sample of the*
218 *machine-readable ballots cast at each precinct in the election district equal to at least one percent of all*
219 *machine-readable ballots cast at that precinct. Each precinct's sample shall be run through a scanner*
220 *used at that precinct on the night of the election, run through a scanner being used for the recount, and*
221 *then hand counted using the standards promulgated by the State Board pursuant to subsection A.*

222 *The results calculated by the scanner used at that precinct on the night of the election, the results*
223 *calculated by the scanner being used for the recount, and the results determined by the hand count shall*
224 *be compared and if the three counts are not identical, any party to the recount may request all ballots*
225 *cast on ballot scanner machines in the election district to be counted by hand. If the three counts are*
226 *identical, the redetermination of the vote shall be conducted as provided for below.*

227 The redetermination of the vote in a recount shall be conducted as follows:

228 1. For paper ballots, the recount officials shall hand count the paper ballots using the standards
229 promulgated by the State Board pursuant to subsection A.

230 2. For ballot scanner machines, the recount officials shall rerun all the machine-readable ballots
231 through a scanner programmed to count only the votes for the office or issue in question in the recount
232 and to set aside all ballots containing write-in votes, overvotes, and undervotes. The ballots that are set
233 aside, any ballots not accepted by the scanner, and any ballots for which a scanner could not be
234 programmed to meet the programming requirements of this subdivision, shall be hand counted using the
235 standards promulgated by the State Board pursuant to subsection A. If the total number of
236 machine-readable ballots reported as counted by the scanner plus the total number of ballots set aside by
237 the scanner do not equal the total number of ballots rerun through the scanner, then all ballots cast on
238 ballot scanner machines for that precinct shall be set aside to be counted by hand using the standards
239 promulgated by the State Board pursuant to subsection A. Prior to running the machine-readable ballots
240 through the ballot scanner machine, the recount officials shall ensure that logic and accuracy tests have
241 been successfully performed on each scanner after the scanner has been programmed. The result
242 calculated for ballots accepted by the ballot scanner machine during the recount shall be considered the
243 correct determination for those machine-readable ballots unless the court finds sufficient cause to rule

otherwise.

There shall be only one redetermination of the vote in each precinct.

At the conclusion of the recount of each precinct, the recount officials shall write down the number of valid ballots cast, this number being obtained from the ballots cast in the precinct, or from the ballots cast as shown on the statement of results if the ballots cannot be found, for each of the two candidates or for and against the question. They shall submit the ballots or the statement of results used, as to the validity of which questions exist, to the court. The written statement of any one recount official challenging a ballot shall be sufficient to require its submission to the court. If, on all ballot scanners, the number of persons voting in the election, or the number of votes cast for the office or on the question, totals more than the number of names on the pollbooks of persons voting on the voting machines, the figures recorded by the machines shall be accepted as correct.

At the conclusion of the recount of all precincts, after allowing the parties to inspect the questioned ballots, and after hearing arguments, the court shall rule on the validity of all questioned ballots and votes. After determining all matters pertaining to the recount and redetermination of the vote as raised by the parties, the court shall certify to the State Board and the electoral board or boards (a) the vote for each party to the recount and declare the person who received the higher number of votes to be nominated or elected, as appropriate, or (b) the votes for and against the question and declare the outcome of the referendum. The Department shall post on the Internet any and all changes made during the recount to the results as previously certified by it pursuant to § 24.2-679.

E. Costs of the recount shall be assessed against the counties and cities comprising the election district when (i) the candidate petitioning for the recount is declared the winner; (ii) the petitioners in a recount of a referendum win the recount; or (iii) there was between the candidate apparently nominated or elected and the candidate petitioning for the recount a difference of not more than one-half of one percent of the total vote cast for the two such candidates as determined by the State Board or electoral board prior to the recount. Otherwise the costs of the recount shall be assessed against the candidate petitioning for the recount or the petitioners in a recount of a referendum. If more than one candidate petitions for a recount, the court may assess costs in an equitable manner between the counties and cities and any such candidate if both are liable for costs under this subsection. Costs incurred to date shall be assessed against any candidate or petitioner who defaults or withdraws his petition.

F. The court shall determine the costs of the recount subject to the following limitations: (i) no per diem payment shall be assessed for salaried election officials; (ii) no per diem payment to officers of election serving as recount officials shall exceed two-thirds of the per diem paid such officers by the county or city for service on election day; and (iii) per diem payments to alternates shall be allowed only if they serve.

G. Any petitioner who may be assessed with costs under subsection E shall post a bond with surety with the court in the amount of \$10 per precinct in the area subject to recount. If the petitioner wins the recount, the bond shall not be forfeit. If the petitioner loses the recount, the bond shall be forfeit only to the extent of the assessed costs. If the assessed costs exceed the bond, he shall be liable for such excess.

H. The recount proceeding shall be final and not subject to appeal.

I. For the purposes of this section:

"Overvote" means a ballot on which a voter casts a vote for a greater number of candidates or positions than the number for which he was lawfully entitled to vote and no vote shall be counted with respect to that office or issue.

"Undervote" means a ballot on which a voter casts a vote for a lesser number of candidates or positions than the number for which he was lawfully entitled to vote.
