Second House	<input type="checkbox"/> In Committee	<input type="checkbox"/> Substitute	<input checked="" type="checkbox"/> Enrolled

2. Patron: Marshall, D.W.

3. Committee: Passed Both Houses

4. Title: Licensure of doctors of medicine, osteopathy, chiropractic, and podiatry; requirements.

5. Summary: Eliminates the requirement that supervised clinical training that is received in the United States as part of the curriculum of an international medical school be obtained in an approved hospital, institution, or school of medicine offering an approved residency program in the specialty area for the relevant clinical training or in a program acceptable to the Board of Medicine (Board) and deemed a substantially equivalent experience. The bill also eliminates the authority of the Board to consider other factors that reflect whether an educational institution is acceptable to the Board for the purpose of satisfying educational and training requirements for licensure. The bill also repeals the requirement for supplemental training or study for graduates of institutions not approved by an accrediting agency recognized by the Board.
