**8. Fiscal Implications:** It is anticipated that this bill will have a one-time expenditure impact on the Department of Small Business and Supplier Diversity. The department is currently undergoing the development of its new certification portal. Each required document for applications for certification necessitates a separate upload feature. To verify an out-of-state's equivalent certification, the department will require submittal of such certification. As this feature is not a part of the current scope of the contract, the inclusion of this feature will result in additional costs. According to the department, its current contractor provided an estimate cost of \$33,000 for this feature. It is anticipated that this one-time cost can be absorbed in current resources.

**9. Specific Agency or Political Subdivisions Affected:** Department of Small Business and Supplier Diversity.
