As deemed necessary or appropriate to better fulfill the duties of the Department, the Director may:

1. With the participation of other state departments and agencies, develop comprehensive plans and specific program goals for small, women-owned, and minority-owned business programs; establish regular performance monitoring and reporting systems to assure that goals of state agencies and institutions are being achieved; and evaluate the impact of federal and state support in achieving objectives.

2. Employ the necessary personnel or subcontract, according to his discretion, with localities to supplement the functions of business development organizations.

3. Assure the coordinated review of all proposed state training and technical assistance activities in direct support of small, women-owned, and minority-owned business programs to ensure consistency with program goals and to avoid duplication.

4. Convene, for purposes of coordination, meetings of the heads of departments and agencies, or their designees, whose programs and activities may affect or contribute to the purposes of this chapter.

5. Convene business leaders, educators, and other representatives of the private sector who are engaged in assisting the development of small, women-owned, and minority-owned business programs or who could contribute to their development for the purpose of proposing, evaluating, or coordinating governmental and private activities in furtherance of the objectives of this chapter.

6. Provide the managerial and organizational framework through which joint undertakings with state departments or agencies or private organizations can be planned and implemented.

7. Recommend appropriate legislative or executive actions.

8. Adopt regulations to implement certification programs for small, women-owned, and minority-owned businesses and employment services organizations, which regulations shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.) pursuant to subdivision B 2 of § 2.2-4002. Such certification programs shall allow applications for certification to be submitted by electronic means as authorized by § 59.1-496 and the applicant to affix thereto his electronic signature, as defined in § 59.1-480. Such certification programs shall deny certification to vendors from states that deny like certifications to Virginia-based small, women-owned, or minority-owned businesses and employment services organizations or that provide a preference for small, women-owned, or minority-owned businesses and employment services organizations based in that state that is not available to Virginia-based businesses. The regulations shall (i) establish minimum requirements for certification of small, *businesses and for certification of* women-owned, and minority-owned businesses and employment services organizations; (ii) provide a process for evaluating existing local, state, and private sector certification programs that meet the minimum requirements; and (iii) mandate certification without any additional paperwork of any small, women-owned, or minority-owned business that has obtained (a) certification under any federal certification program or (b) certification under any other certification program that is determined to meet the minimum requirements established in the regulations, and of any employment services organization that has been approved by the Department for Aging and Rehabilitative Services. The regulations shall also require as a prerequisite for approval that any out-of-state business applying for certification in Virginia as a small, women-owned, or minority-owned business have the equivalent certification in the business's state of origin. An out-of-state business located in a state that does not have a small, women-owned, or minority-owned business certification program shall be exempt from the requirements of this provision.

9. Establish an interdepartmental board in accordance with § 2.2-1608 to supply the Director with information useful in promoting minority business activity.

§ 2.2-1606.1. Additional powers of Director; provisions related to small business certification and

182 recertification.

183 A. Beginning July 1, 2019, the regulations adopted by the Director to implement the certification
184 program for small businesses pursuant to § 2.2-1606 shall establish a three-year certification period for
185 small businesses.

186 B. Any business holding a valid certification as a small business prior to July 1, 2019, shall have the
187 expiration date of such certification extended for a three-year period. At the end of that three-year
188 period, the business shall be required to meet the requirements for certification in effect at that time.

189 C. Notwithstanding any provision of federal law restricting the length of time a business may
190 participate in the federal small business program, there shall be no limitation on the number of times
191 that a business may renew its certification as a small business provided that the business meets all other
192 criteria at the time of each renewal.

193 **§ 2.2-4310. Discrimination prohibited; participation of small, women-owned, minority-owned,**
194 **and service disabled veteran-owned business and employment services organization.**

195 A. In the solicitation or awarding of contracts, no public body shall discriminate against a bidder or
196 offeror because of race, religion, color, sex, national origin, age, disability, status as a service disabled
197 veteran, or any other basis prohibited by state law relating to discrimination in employment. Whenever
198 solicitations are made, each public body shall include businesses selected from a list made available by
199 the Department of Small Business and Supplier Diversity, which list shall include all companies and
200 organizations certified by the Department.

201 B. All public bodies shall establish programs consistent with this chapter to facilitate the participation
202 of small businesses, businesses owned by women, minorities, and service disabled veterans, and
203 employment services organizations in procurement transactions. The programs established shall be in
204 writing and shall comply with the provisions of any enhancement or remedial measures authorized by
205 the Governor pursuant to subsection C or, where applicable, by the chief executive of a local governing
206 body pursuant to § 15.2-965.1, and shall include specific plans to achieve any goals established therein.
207 State agencies shall submit annual progress reports on (i) small, women-owned, and minority-owned
208 business procurement, (ii) service disabled veteran-owned business procurement, and (iii) employment
209 services organization procurement to the Department of Small Business and Supplier Diversity in a form
210 specified by the Department of Small Business and Supplier Diversity. Contracts and subcontracts
211 awarded to employment services organizations shall be credited toward the small business,
212 women-owned, and minority-owned business contracting and subcontracting goals of state agencies and
213 contractors. The Department of Small Business and Supplier Diversity shall make information on service
214 disabled veteran-owned procurement available to the Department of Veterans Services upon request.

215 C. Whenever there exists (i) a rational basis for small business or employment services organization
216 enhancement or (ii) a persuasive analysis that documents a statistically significant disparity between the
217 availability and utilization of women-owned and minority-owned businesses, the Governor is authorized
218 and encouraged to require state agencies to implement appropriate enhancement or remedial measures
219 consistent with prevailing law. Any enhancement or remedial measure authorized by the Governor
220 pursuant to this subsection for state public bodies may allow for small businesses certified by the
221 Department of Small Business and Supplier Diversity or a subcategory of small businesses established as
222 a part of the enhancement program to have a price preference over noncertified businesses competing for
223 the same contract award on designated procurements, provided that the bid of the certified small
224 business or the business in such subcategory of small businesses established as a part of an enhancement
225 program does not exceed the low bid by more than five percent.

226 D. In awarding a contract for services to a small, women-owned, or minority-owned business that is
227 certified in accordance with § 2.2-1606, or to a business identified by a public body as a service
228 disabled veteran-owned business where the award is being made pursuant to an enhancement or remedial
229 program as provided in subsection C, the public body shall include in every such contract of more than
230 \$10,000 the following:

231 "If the contractor intends to subcontract work as part of its performance under this contract, the
232 contractor shall include in the proposal a plan to subcontract to small, women-owned, minority-owned,
233 and service disabled veteran-owned businesses."

234 E. In the solicitation or awarding of contracts, no state agency, department or institution shall
235 discriminate against a bidder or offeror because the bidder or offeror employs ex-offenders unless the
236 state agency, department or institution has made a written determination that employing ex-offenders on
237 the specific contract is not in its best interest.
