HOUSE BILL NO. 793**AMENDMENT IN THE NATURE OF A SUBSTITUTE**(Proposed by the House Committee on Health, Welfare and Institutions
on February 6, 2018)

(Patron Prior to Substitute—Delegate Robinson)

A *BILL to amend and reenact §§ 22.1-271.7, 32.1-263, 32.1-282, 54.1-2901, 54.1-2903, 54.1-2957, 54.1-2957.01, 54.1-3016, 54.1-3300, 54.1-3300.1, 54.1-3301, 54.1-3482, and 54.1-3482.1 of the Code of Virginia, relating to nurse practitioners; practice agreements.*

Be it enacted by the General Assembly of Virginia:

1. That §§ 22.1-271.7, 32.1-263, 32.1-282, 54.1-2901, 54.1-2903, 54.1-2957, 54.1-2957.01, 54.1-3016, 54.1-3300, 54.1-3300.1, 54.1-3301, 54.1-3482, and 54.1-3482.1 of the Code of Virginia are amended and reenacted as follows:

§ 22.1-271.7. Public middle school student-athletes; pre-participation physical examination.

No public middle school student shall be a participant on or try out for any school athletic team or squad with a predetermined roster, regular practices, and scheduled competitions with other middle schools unless such student has submitted to the school principal a signed report from a licensed physician, a licensed nurse practitioner practicing in accordance with his practice agreement the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician attesting that such student has been examined, within the preceding 12 months, and found to be physically fit for athletic competition.

§ 32.1-263. Filing death certificates; medical certification; investigation by Office of the Chief Medical Examiner.

A. A death certificate, including, if known, the social security number or control number issued by the Department of Motor Vehicles pursuant to § 46.2-342 of the deceased, shall be filed for each death that occurs in the Commonwealth. Non-electronically filed death certificates shall be filed with the registrar of any district in the Commonwealth within three days after such death and prior to final disposition or removal of the body from the Commonwealth. Electronically filed death certificates shall be filed with the State Registrar of Vital Records within three days after such death and prior to final disposition or removal of the body from the Commonwealth. Any death certificate shall be registered by such registrar if it has been completed and filed in accordance with the following requirements:

1. If the place of death is unknown, but the dead body is found in the Commonwealth, the death shall be registered in the Commonwealth and the place where the dead body is found shall be shown as the place of death. If the date of death is unknown, it shall be determined by approximation, taking into consideration all relevant information, including information provided by the immediate family regarding the date and time that the deceased was last seen alive, if the individual died in his home; and

2. When death occurs in a moving conveyance, in the United States of America and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in the Commonwealth and the place where it is first removed shall be considered the place of death. When a death occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in the Commonwealth but the certificate shall show the actual place of death insofar as can be determined.

B. The licensed funeral director, funeral service licensee, office of the state anatomical program, or next of kin as defined in § 54.1-2800 who first assumes custody of a dead body shall file the certificate of death with the registrar. He shall obtain the personal data, including the social security number of the deceased or control number issued to the deceased by the Department of Motor Vehicles pursuant to § 46.2-342, from the next of kin or the best qualified person or source available and obtain the medical certification from the person responsible therefor.

C. The medical certification shall be completed, signed in black or dark blue ink, and returned to the funeral director within 24 hours after death by the physician in charge of the patient's care for the illness or condition which resulted in death except when inquiry or investigation by the Office of the Chief Medical Examiner is required by § 32.1-283 or 32.1-285.1, or by the physician that pronounces death pursuant to § 54.1-2972.

In the absence of such physician or with his approval, the certificate may be completed and signed by the following: (i) another physician employed or engaged by the same professional practice; (ii) a physician assistant supervised by such physician; (iii) a nurse practitioner practicing as part of a patient care team as defined in § 54.1-2900 in accordance with the provisions of § 54.1-2957; (iv) the chief medical officer or medical director, or his designee, of the institution, hospice, or nursing home in which death occurred; (v) a physician specializing in the delivery of health care to hospitalized or emergency department patients who is employed by or engaged by the facility where the death occurred; (vi) the

60 physician who performed an autopsy upon the decedent; or (vii) an individual to whom the physician
61 has delegated authority to complete and sign the certificate, if such individual has access to the medical
62 history of the case and death is due to natural causes.

63 D. When inquiry or investigation by the Office of the Chief Medical Examiner is required by
64 § 32.1-283 or 32.1-285.1, the Chief Medical Examiner shall cause an investigation of the cause of death
65 to be made and the medical certification portion of the death certificate to be completed and signed
66 within 24 hours after being notified of the death. If the Office of the Chief Medical Examiner refuses
67 jurisdiction, the physician last furnishing medical care to the deceased shall prepare and sign the medical
68 certification portion of the death certificate.

69 E. If the death is a natural death and a death certificate is being prepared pursuant to § 54.1-2972
70 and the physician, nurse practitioner, or physician assistant is uncertain about the cause of death, he
71 shall use his best medical judgment to certify a reasonable cause of death or contact the health district
72 physician director in the district where the death occurred to obtain guidance in reaching a determination
73 as to a cause of death and document the same.

74 If the cause of death cannot be determined within 24 hours after death, the medical certification shall
75 be completed as provided by regulations of the Board. The attending physician or the Chief Medical
76 Examiner, an Assistant Chief Medical Examiner, or a medical examiner appointed pursuant to
77 § 32.1-282 shall give the funeral director or person acting as such notice of the reason for the delay, and
78 final disposition of the body shall not be made until authorized by the attending physician, the Chief
79 Medical Examiner, an Assistant Chief Medical Examiner, or a medical examiner appointed pursuant to
80 § 32.1-282.

81 F. A physician, nurse practitioner, or physician assistant who, in good faith, signs a certificate of
82 death or determines the cause of death shall be immune from civil liability, only for such signature and
83 determination of causes of death on such certificate, absent gross negligence or willful misconduct.

84 **§ 32.1-282. Medical examiners.**

85 A. The Chief Medical Examiner may appoint for each county and city one or more medical
86 examiners, who shall be licensed as a doctor of medicine or osteopathic medicine, a physician assistant,
87 or a nurse practitioner in the Commonwealth and appointed as agents of the Commonwealth, to assist
88 the Office of the Chief Medical Examiner with medicolegal death investigations. A physician assistant
89 appointed as a medical examiner shall have a practice agreement with and be under the continuous
90 supervision of a physician medical examiner in accordance with § 54.1-2952. A nurse practitioner
91 appointed as a medical examiner shall have a practice agreement with and practice in collaboration with
92 a physician medical examiner in accordance with § 54.1-2957.

93 B. At the request of the Chief Medical Examiner, the Assistant Chief Medical Examiner, or their
94 designees, medical examiners may assist the Office of the Chief Medical Examiner with cases requiring
95 medicolegal death investigations in accordance with § 32.1-283.

96 C. The term of each medical examiner appointed, other than an appointment to fill a vacancy, shall
97 begin on the first day of October of the year of appointment. The term of each medical examiner shall
98 be three years; however, an appointment to fill a vacancy shall be for the unexpired term.

99 **§ 54.1-2901. Exceptions and exemptions generally.**

100 A. The provisions of this chapter shall not prevent or prohibit:

195 notifies the Board at least five business days prior to the voluntary provision of services of the dates and
196 location of such service, and (vi) acknowledges, in writing, that such licensure exemption shall only be
197 valid, in compliance with the Board's regulations, during the limited period that such free health care is
198 made available through the volunteer, nonprofit organization on the dates and at the location filed with
199 the Board. The Board may deny the right to practice in Virginia to any practitioner of the healing arts
200 whose license or certificate has been previously suspended or revoked, who has been convicted of a
201 felony or who is otherwise found to be in violation of applicable laws or regulations. However, the
202 Board shall allow a practitioner of the healing arts who meets the above criteria to provide volunteer
203 services without prior notice for a period of up to three days, provided the nonprofit organization
204 verifies that the practitioner has a valid, unrestricted license in another state;

205 28. Any registered nurse, acting as an agent of the Department of Health, from obtaining specimens
206 of sputum or other bodily fluid from persons in whom the diagnosis of active tuberculosis disease, as
207 defined in § 32.1-49.1, is suspected and submitting orders for testing of such specimens to the Division
208 of Consolidated Laboratories or other public health laboratories, designated by the State Health
209 Commissioner, for the purpose of determining the presence or absence of tubercle bacilli as defined in
210 § 32.1-49.1;

211 29. Any physician of medicine or osteopathy or nurse practitioner from delegating to a registered
212 nurse under his supervision the screening and testing of children for elevated blood-lead levels when
213 such testing is conducted (i) in accordance with a written protocol between the physician or nurse
214 practitioner and the registered nurse and (ii) in compliance with the Board of Health's regulations
215 promulgated pursuant to §§ 32.1-46.1 and 32.1-46.2. Any follow-up testing or treatment shall be
216 conducted at the direction of a physician or nurse practitioner;

217 30. Any practitioner of one of the professions regulated by the Board of Medicine who is in good
218 standing with the applicable regulatory agency in another state or Canada from engaging in the practice
219 of that profession when the practitioner is in Virginia temporarily with an out-of-state athletic team or
220 athlete for the duration of the athletic tournament, game, or event in which the team or athlete is
221 competing;

222 31. Any person from performing state or federally funded health care tasks directed by the consumer,
223 which are typically self-performed, for an individual who lives in a private residence and who, by
224 reason of disability, is unable to perform such tasks but who is capable of directing the appropriate
225 performance of such tasks; or

226 32. Any practitioner of one of the professions regulated by the Board of Medicine who is in good
227 standing with the applicable regulatory agency in another state from engaging in the practice of that
228 profession in Virginia with a patient who is being transported to or from a Virginia hospital for care.

229 B. Notwithstanding any provision of law or regulation to the contrary, military medical personnel, as
230 defined in § 2.2-2001.4, while participating in a pilot program established by the Department of Veterans
231 Services pursuant to § 2.2-2001.4, may practice under the supervision of a licensed physician or
232 podiatrist.

233 **§ 54.1-2903. What constitutes practice.**

234 Any person shall be regarded as practicing the healing arts who actually engages in such practice as
235 defined in this chapter, or who opens an office for such purpose, or who advertises or announces to the
236 public in any manner a readiness to practice or who uses in connection with his name the words or
237 letters "Doctor," "Dr.," "M.D.," "D.O.," "D.P.M.," "D.C.," "Healer," "N.P.," "NP," or any other title, word,
238 letter or designation intending to designate or imply that he is a practitioner of the healing arts or that
239 he is able to heal, cure or relieve those suffering from any injury, deformity or disease. No person
240 regulated under this chapter shall use the title "Doctor" or the abbreviation "Dr." in writing or in
241 advertising in connection with his practice unless he simultaneously uses a clarifying title, initials,
242 abbreviation or designation or language that identifies the type of practice for which he is licensed.

243 Signing a birth or death certificate, or signing any statement certifying that the person so signing has
244 rendered professional service to the sick or injured, or signing or issuing a prescription for drugs or

other remedial agents, shall be prima facie evidence that the person signing or issuing such writing is practicing the healing arts within the meaning of this chapter except where persons other than physicians are required to sign birth certificates.

§ 54.1-2957. Licensure and practice of nurse practitioners.

A. As used in this section:

"Clinical experience" means the postgraduate delivery of health care directly to patients pursuant to a practice agreement with a patient care team physician.

"Collaboration" means the communication and decision-making process among a nurse practitioner, patient care team physician, and other health care providers who are members of a patient care team related to the treatment that includes the degree of cooperation necessary to provide treatment and care of a patient and includes (i) communication of data and information about the treatment and care of a patient, including exchange of clinical observations and assessments, and (ii) development of an appropriate plan of care, including decisions regarding the health care provided, accessing and assessment of appropriate additional resources or expertise, and arrangement of appropriate referrals, testing, or studies.

"Consultation" means the communicating of data and information, exchanging of clinical observations and assessments, accessing and assessing of additional resources and expertise, problem-solving, and arranging for referrals, testing, or studies.

B. The Board of Medicine and the Board of Nursing shall jointly prescribe the regulations governing the licensure of nurse practitioners. It shall be unlawful for a person to practice as a nurse practitioner in the Commonwealth unless he holds such a joint license.

C. Except as provided in subsection H, a Every nurse practitioner shall only practice as part of a patient care team. Each member of a patient care team shall have specific responsibilities related to the care of the patient or patients and shall provide health care services within the scope of his usual professional activities. Nurse practitioners practicing as part of a patient care team other than a nurse practitioner licensed by the Boards of Medicine and Nursing as a certified nurse midwife or a certified registered nurse anesthetist or a nurse practitioner who meets the requirements of subsection I shall maintain appropriate collaboration and consultation, as evidenced in a written or electronic practice agreement, with at least one patient care team physician. A nurse practitioner who meets the requirements of subsection I may practice without a written or electronic practice agreement. A nurse practitioner who is licensed by the Boards of Medicine and Nursing as a certified nurse midwife shall practice pursuant to subsection H. A nurse practitioner who is a certified registered nurse anesthetists shall practice under the supervision of a licensed doctor of medicine, osteopathy, podiatry, or dentistry. A nurse practitioner who is appointed as a medical examiners pursuant to § 32.1-282 shall practice in collaboration with a licensed doctor of medicine or osteopathic medicine who has been appointed to serve as a medical examiner pursuant to § 32.1-282. Collaboration and consultation among nurse practitioners and patient care team physicians may be provided through telemedicine as described in § 38.2-3418.16. Practice of patient care teams in all settings shall include the periodic review of patient charts or electronic health records and may include visits to the site where health care is delivered in the manner and at the frequency determined by the patient care team.

Physicians on patient care teams may require that a nurse practitioner be covered by a professional liability insurance policy with limits equal to the current limitation on damages set forth in § 8.01-581.15.

Service on a patient care team by a patient care team member shall not, by the existence of such service alone, establish or create liability for the actions or inactions of other team members.

D. The Board Boards of Medicine and the Board of Nursing shall jointly promulgate regulations specifying collaboration and consultation among physicians and nurse practitioners working as part of patient care teams that shall include the development of, and periodic review and revision of, a written or electronic practice agreement; guidelines for availability and ongoing communications that define consultation among the collaborating parties and the patient; and periodic joint evaluation of the services delivered. Practice agreements shall include a provision provisions for appropriate physician (i) periodic review of health records, which may include visits to the site where health care is delivered, in the manner and at the frequency determined by the nurse practitioner and the patient care team physician and (ii) input from appropriate health care providers in complex clinical cases and patient emergencies and for referrals. Evidence of a practice agreement shall be maintained by a nurse practitioner and provided to the Boards upon request. For nurse practitioners providing care to patients within a hospital or health care system, the practice agreement may be included as part of documents delineating the nurse practitioner's clinical privileges or the electronic or written delineation of duties and responsibilities in collaboration and consultation with a patient care team physician.

E. The Boards of Medicine and Nursing may issue a license by endorsement to an applicant to practice as a nurse practitioner if the applicant has been licensed as a nurse practitioner under the laws

306 of another state and, ~~in the opinion pursuant to regulations~~ of the Boards, the applicant meets the
307 qualifications for licensure required of nurse practitioners in the Commonwealth. *The Boards may issue*
308 *a license by endorsement to an applicant to practice as a nurse practitioner pursuant to subsection I*
309 *only if such application includes an attestation that the applicant has completed the equivalent*
310 *requirements of subsection I.*

311 F. Pending the outcome of the next National Specialty Examination, the Boards may jointly grant
312 temporary licensure to nurse practitioners.

313 G. In the event a physician who is serving as a patient care team physician dies, becomes disabled,
314 retires from active practice, surrenders his license or has it suspended or revoked by the Board, or
315 relocates his practice such that he is no longer able to serve, and a nurse practitioner is unable to enter
316 into a new practice agreement with another patient care team physician, the nurse practitioner may
317 continue to practice upon notification to the designee or his alternate of the Boards and receipt of such
318 notification. Such nurse practitioner may continue to treat patients without a patient care team physician
319 for an initial period not to exceed 60 days, provided the nurse practitioner continues to prescribe only
320 those drugs previously authorized by the practice agreement with such physician and to have access to
321 appropriate ~~physician~~ *input from appropriate health care providers* in complex clinical cases and patient
322 emergencies and for referrals. The designee or his alternate of the Boards shall grant permission for the
323 nurse practitioner to continue practice under this subsection for another 60 days, provided the nurse
324 practitioner provides evidence of efforts made to secure another patient care team physician and of
325 access to physician input.

326 H. Nurse practitioners licensed by the Boards of Medicine and Nursing in the category of certified
327 nurse midwife shall practice in consultation with a licensed physician in accordance with a practice
328 agreement between the nurse practitioner and the licensed physician. Such practice agreement shall
329 address the availability of the physician for routine and urgent consultation on patient care. Evidence of
330 a practice agreement shall be maintained by a nurse practitioner and provided to the Boards upon
331 request. The Boards shall jointly promulgate regulations, consistent with the Standards for the Practice
332 of Midwifery set by the American College of Nurse-Midwives, governing such practice.

333 I. *A nurse practitioner, other than a nurse practitioner licensed by the Boards of Medicine and*
334 *Nursing in the category of certified nurse midwife or certified registered nurse anesthetist, who has (i)*
335 *been issued a license to practice as a nurse practitioner from the Boards, (ii) graduated from a nurse*
336 *practitioner educational program accredited by the Commission on Collegiate Nursing Education, and*
337 *(iii) completed at least five years of full-time clinical experience as a licensed nurse practitioner in the*
338 *specialty practice category in which he is certified and for which he is licensed by the Boards may*
339 *practice in the specialty practice category in which he is certified and licensed without a written or*
340 *electronic practice agreement with a patient care team physician upon receipt by the nurse practitioner*
341 *of an attestation from the patient care team physician stating that (a) the patient care team physician*
342 *routinely practices in the same specialty practice category for which the nurse practitioner is certified*
343 *and licensed and in which the nurse practitioner has practiced and (b) the nurse practitioner meets the*
344 *requirements of this subsection. A copy of such attestation shall be submitted to the Boards together*
345 *with a fee established by the Boards. Upon receipt of such attestation and verification that a nurse*
346 *practitioner satisfies the requirements of this subsection, the Boards shall issue to the nurse practitioner*
347 *a new license that includes a designation indicating that the nurse practitioner is authorized to practice*
348 *without a practice agreement.*

349 *A nurse practitioner authorized to practice without a practice agreement pursuant to this subsection*
350 *shall (1) only practice within the scope of his clinical and professional training and limits of his*
351 *knowledge and experience and consistent with the applicable standards of care, (2) consult and*
352 *collaborate with other health care providers based on the clinical conditions of the patient to whom*
353 *health care is provided, and (3) establish a plan for referral of complex medical cases and emergencies*
354 *to physicians or other appropriate health care providers.*

355 *A nurse practitioner practicing without a practice agreement pursuant to this subsection shall obtain*
356 *and maintain coverage by or shall be named insured on a professional liability insurance policy with*
357 *limits equal to the current limitation on damages set forth in § 8.01-581.15.*

358 **§ 54.1-2957.01. Prescription of certain controlled substances and devices by licensed nurse**
359 **practitioners.**

360 A. In accordance with the provisions of this section and pursuant to the requirements of Chapter 33
361 (§ 54.1-3300 et seq.), a licensed nurse practitioner, other than a certified registered nurse anesthetist,
362 shall have the authority to prescribe Schedule II through Schedule VI controlled substances and devices
363 as set forth in Chapter 34 (§ 54.1-3400 et seq.). ~~Nurse practitioners shall have such prescriptive authority~~
364 ~~upon the provision~~

365 B. *A nurse practitioner who does not meet the requirements for practice without a written or*
366 *electronic practice agreement set forth in subsection I of § 54.1-2957 shall prescribe controlled*
367 *substances or devices only if such prescribing is authorized by a written or electronic practice*

agreement entered into by the nurse practitioner and a patient care team physician. Such nurse practitioner shall provide to the Board Boards of Medicine and the Board of Nursing of such evidence as they the Boards may jointly require that the nurse practitioner has entered into and is, at the time of writing a prescription, a party to a written or electronic practice agreement with a patient care team physician that clearly states the prescriptive practices of the nurse practitioner. Such written or electronic practice agreements shall include the controlled substances the nurse practitioner is or is not authorized to prescribe and may restrict such prescriptive authority as described in the practice agreement. Evidence of a practice agreement shall be maintained by a nurse practitioner pursuant to § 54.1-2957. Practice agreements authorizing a nurse practitioner to prescribe controlled substances or devices pursuant to this section either shall either be signed by the patient care team physician who is practicing as part of a patient care team with the nurse practitioner or shall clearly state the name of the patient care team physician who has entered into the practice agreement with the nurse practitioner.

B. It shall be unlawful for a nurse practitioner to prescribe controlled substances or devices pursuant to this section unless (i) such prescription is authorized by the written or electronic practice agreement or (ii) the nurse practitioner is authorized to practice without a written or electronic practice agreement pursuant to subsection I of § 54.1-2957.

C. The Board of Nursing and the Board Boards of Medicine and Nursing shall promulgate such regulations governing the prescriptive authority of nurse practitioners as are deemed reasonable and necessary to ensure an appropriate standard of care for patients. Regulations promulgated pursuant to this section Such regulations shall include, at a minimum, such requirements as may be necessary to ensure continued nurse practitioner competency, which may include continuing education, testing, or any other requirement, and shall address the need to promote ethical practice, an appropriate standard of care, patient safety, the use of new pharmaceuticals, and appropriate communication with patients.

D. This section shall not limit the functions and procedures of certified registered nurse anesthetists or of any nurse practitioners which are otherwise authorized by law or regulation.

E. The following restrictions shall apply to any nurse practitioner authorized to prescribe drugs and devices pursuant to this section:

1. The nurse practitioner shall disclose to the patient at the initial encounter that he is a licensed nurse practitioner. Any member of a patient care team party to a practice agreement shall disclose, upon request of a patient or his legal representative, the name of the patient care team physician and information regarding how to contact the patient care team physician.

2. Physicians shall not serve as a patient care team physician on a patient care team at any one time to more than six nurse practitioners.

F. This section shall not prohibit a licensed nurse practitioner from administering controlled substances in compliance with the definition of "administer" in § 54.1-3401 or from receiving and dispensing manufacturers' professional samples of controlled substances in compliance with the provisions of this section.

G. Notwithstanding any provision of law or regulation to the contrary, a nurse practitioner licensed by the Boards of Nursing and Medicine and Nursing in the category of certified nurse midwife and holding a license for prescriptive authority may prescribe (i) Schedules II through V controlled substances in accordance with any prescriptive authority included in a practice agreement with a licensed physician pursuant to subsection H of § 54.1-2957 and (ii) Schedule VI controlled substances without the requirement for inclusion of such prescriptive authority in a practice agreement.

§ 54.1-3016. Use of titles and abbreviations for nurses.

A. Only a person who holds a license or a multistate licensure privilege to practice professional nursing in Virginia the Commonwealth shall have the right to use the title "registered nurse" and the abbreviation "R.N." No other person shall assume such title or use such abbreviation or any other words, letters, signs or devices to indicate that the person using the same is a registered nurse.

B. Only a person who holds a license or a multistate licensure privilege to practice professional nursing in the Commonwealth who has completed an advanced graduate-level nursing education program and passed a national certifying examination to be certified as a nurse anesthetist, nurse midwife, nurse practitioner, or clinical nurse specialist shall have the right to use the title "advanced practice registered nurse" and the abbreviation "A.P.R.N." No other person shall assume such title or use such abbreviation or any other words, letters, signs, or devices to indicate that the person using the same is an advanced practice registered nurse.

C. Only a person who is an advanced practice registered nurse, as defined in § 54.1-3000, who is jointly licensed by the Boards of Medicine and Nursing pursuant to § 54.1-2957 shall have the right to use the title "nurse practitioner" and the abbreviation "N.P." No other person shall assume such title or use such abbreviation or any other words, letters, signs, or devices to indicate that the person using the same is a nurse practitioner.

D. Only a person who is an advanced practice registered nurse, as defined in § 54.1-3000, who has

completed an advanced graduate-level nursing education program and passed a national certifying examination to be certified as a nurse anesthetist and is jointly licensed by the Boards of Medicine and Nursing as a nurse practitioner pursuant to § 54.1-2957 shall have the right to use the title "certified registered nurse anesthetist" and the abbreviation "C.R.N.A." No other person shall assume such title or use such abbreviation or any other words, letters, signs, or devices to indicate that the person using the same is a certified registered nurse anesthetist.

E. Only a person who is an advanced practice registered nurse, as defined in § 54.1-3000, who has completed an advanced graduate-level nursing education program and passed a national certifying examination to be certified as a nurse midwife and is jointly licensed by the Boards of Medicine and Nursing as a nurse practitioner pursuant to § 54.1-2957 shall have the right to use the title "certified nurse midwife" and the abbreviation "C.N.M." No other person shall assume such title or use such abbreviation or any other words, letters, signs, or devices to indicate that the person using the same is a certified nurse midwife.

§ 54.1-3300. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Board" means the Board of Pharmacy.

"Collaborative agreement" means a voluntary, written, or electronic arrangement between one pharmacist and his designated alternate pharmacists involved directly in patient care at a single physical location where patients receive services and (i) any person licensed to practice medicine, osteopathy, or podiatry together with any person licensed, registered, or certified by a health regulatory board of the Department of Health Professions who provides health care services to patients of such person licensed to practice medicine, osteopathy, or podiatry; (ii) a physician's office as defined in § 32.1-276.3, provided that such collaborative agreement is signed by each physician participating in the collaborative practice agreement; (iii) any licensed physician assistant working under the supervision of a person licensed to practice medicine, osteopathy, or podiatry; or (iv) any licensed nurse practitioner working as part of a patient care team as defined in ~~§ 54.1-2900~~ in accordance with the provisions of § 54.1-2957, involved directly in patient care which authorizes cooperative procedures with respect to patients of such practitioners. Collaborative procedures shall be related to treatment using drug therapy, laboratory tests, or medical devices, under defined conditions or limitations, for the purpose of improving patient outcomes. A collaborative agreement is not required for the management of patients of an inpatient facility.

"Dispense" means to deliver a drug to an ultimate user or research subject by or pursuant to the lawful order of a practitioner, including the prescribing and administering, packaging, labeling, or compounding necessary to prepare the substance for delivery.

"Pharmacist" means a person holding a license issued by the Board to practice pharmacy.

"Pharmacy" means every establishment or institution in which drugs, medicines, or medicinal chemicals are dispensed or offered for sale, or a sign is displayed bearing the word or words "pharmacist," "pharmacy," "apothecary," "drugstore," "druggist," "drugs," "medicine store," "drug sundries," "prescriptions filled," or any similar words intended to indicate that the practice of pharmacy is being conducted.

"Pharmacy intern" means a student currently enrolled in or a graduate of an approved school of pharmacy who is registered with the Board for the purpose of gaining the practical experience required to apply for licensure as a pharmacist.

"Pharmacy technician" means a person registered with the Board to assist a pharmacist under the pharmacist's supervision.

"Practice of pharmacy" means the personal health service that is concerned with the art and science of selecting, procuring, recommending, administering, preparing, compounding, packaging, and dispensing of drugs, medicines, and devices used in the diagnosis, treatment, or prevention of disease, whether compounded or dispensed on a prescription or otherwise legally dispensed or distributed, and shall include the proper and safe storage and distribution of drugs; the maintenance of proper records; the responsibility of providing information concerning drugs and medicines and their therapeutic values and uses in the treatment and prevention of disease; and the management of patient care under the terms of a collaborative agreement as defined in this section.

"Supervision" means the direction and control by a pharmacist of the activities of a pharmacy intern or a pharmacy technician whereby the supervising pharmacist is physically present in the pharmacy or in the facility in which the pharmacy is located when the intern or technician is performing duties restricted to a pharmacy intern or technician, respectively, and is available for immediate oral communication.

Other terms used in the context of this chapter shall be defined as provided in Chapter 34 (§ 54.1-3400 et seq.) unless the context requires a different meaning.

§ 54.1-3300.1. Participation in collaborative agreements; regulations to be promulgated by the Boards of Medicine and Pharmacy.

A pharmacist and his designated alternate pharmacists involved directly in patient care may participate with (i) any person licensed to practice medicine, osteopathy, or podiatry together with any person licensed, registered, or certified by a health regulatory board of the Department of Health Professions who provides health care services to patients of such person licensed to practice medicine, osteopathy, or podiatry; (ii) a physician's office as defined in § 32.1-276.3, provided *that* such collaborative agreement is signed by each physician participating in the collaborative practice agreement; (iii) any licensed physician assistant working under the supervision of a person licensed to practice medicine, osteopathy, or podiatry; or (iv) any licensed nurse practitioner working as part of a patient care team as defined in § 54.1-2900 in accordance with the provisions of § 54.1-2957, involved directly in patient care in collaborative agreements which authorize cooperative procedures related to treatment using drug therapy, laboratory tests, or medical devices, under defined conditions or limitations, for the purpose of improving patient outcomes. However, no person licensed to practice medicine, osteopathy, or podiatry shall be required to participate in a collaborative agreement with a pharmacist and his designated alternate pharmacists, regardless of whether a professional business entity on behalf of which the person is authorized to act enters into a collaborative agreement with a pharmacist and his designated alternate pharmacists.

No patient shall be required to participate in a collaborative procedure without such patient's consent. A patient who chooses to not participate in a collaborative procedure shall notify the prescriber of his refusal to participate in such collaborative procedure. A prescriber may elect to have a patient not participate in a collaborative procedure by contacting the pharmacist or his designated alternative pharmacists or by documenting the same on the patient's prescription.

Collaborative agreements may include the implementation, modification, continuation, or discontinuation of drug therapy pursuant to written or electronic protocols, provided implementation of drug therapy occurs following diagnosis by the prescriber; the ordering of laboratory tests; or other patient care management measures related to monitoring or improving the outcomes of drug or device therapy. No such collaborative agreement shall exceed the scope of practice of the respective parties. Any pharmacist who deviates from or practices in a manner inconsistent with the terms of a collaborative agreement shall be in violation of § 54.1-2902; such violation shall constitute grounds for disciplinary action pursuant to §§ 54.1-2400 and 54.1-3316.

Collaborative agreements may only be used for conditions which have protocols that are clinically accepted as the standard of care, or are approved by the Boards of Medicine and Pharmacy. The Boards of Medicine and Pharmacy shall jointly develop and promulgate regulations to implement the provisions of this section and to facilitate the development and implementation of safe and effective collaborative agreements between the appropriate practitioners and pharmacists. The regulations shall include guidelines concerning the use of protocols, and a procedure to allow for the approval or disapproval of specific protocols by the Boards of Medicine and Pharmacy if review is requested by a practitioner or pharmacist.

Nothing in this section shall be construed to supersede the provisions of § 54.1-3303.

§ 54.1-3301. Exceptions.

This chapter shall not be construed to:

1. Interfere with any legally qualified practitioner of dentistry, or veterinary medicine or any physician acting on behalf of the Virginia Department of Health or local health departments, in the compounding of his prescriptions or the purchase and possession of drugs as he may require;

2. Prevent any legally qualified practitioner of dentistry, or veterinary medicine or any prescriber, as defined in § 54.1-3401, acting on behalf of the Virginia Department of Health or local health departments, from administering or supplying to his patients the medicines that he deems proper under the conditions of § 54.1-3303 or from causing drugs to be administered or dispensed pursuant to §§ 32.1-42.1 and 54.1-3408, except that a veterinarian shall only be authorized to dispense a compounded drug, distributed from a pharmacy, when (i) the animal is his own patient, (ii) the animal is a companion animal as defined in regulations promulgated by the Board of Veterinary Medicine, (iii) the quantity dispensed is no more than a 72-hour supply, (iv) the compounded drug is for the treatment of an emergency condition, and (v) timely access to a compounding pharmacy is not available, as determined by the prescribing veterinarian;

3. Prohibit the sale by merchants and retail dealers of proprietary medicines as defined in Chapter 34 (§ 54.1-3400 et seq.) of this title;

4. Prevent the operation of automated drug dispensing systems in hospitals pursuant to Chapter 34 (§ 54.1-3400 et seq.) of this title;

5. Prohibit the employment of ancillary personnel to assist a pharmacist as provided in the regulations of the Board;

6. Interfere with any legally qualified practitioner of medicine, osteopathy, or podiatry from purchasing, possessing or administering controlled substances to his own patients or providing controlled

552 substances to his own patients in a bona fide medical emergency or providing manufacturers'
553 professional samples to his own patients;

554 7. Interfere with any legally qualified practitioner of optometry, certified or licensed to use diagnostic
555 pharmaceutical agents, from purchasing, possessing or administering those controlled substances as
556 specified in § 54.1-3221 or interfere with any legally qualified practitioner of optometry certified to
557 prescribe therapeutic pharmaceutical agents from purchasing, possessing, or administering to his own
558 patients those controlled substances as specified in § 54.1-3222 and the TPA formulary, providing
559 manufacturers' samples of these drugs to his own patients, or dispensing, administering, or selling
560 ophthalmic devices as authorized in § 54.1-3204;

561 8. Interfere with any physician assistant with prescriptive authority receiving and dispensing to his
562 own patients manufacturers' professional samples of controlled substances and devices that he is
563 authorized, in compliance with the provisions of § 54.1-2952.1, to prescribe according to his practice
564 setting and a written agreement with a physician or podiatrist;

565 9. Interfere with any licensed nurse practitioner with prescriptive authority receiving and dispensing
566 to his own patients manufacturers' professional samples of controlled substances and devices that he is
567 authorized, in compliance with the provisions of § 54.1-2957.01, to prescribe according to his practice
568 setting and a written or electronic agreement with a physician;

569 10. Interfere with any legally qualified practitioner of medicine or osteopathy participating in an
570 indigent patient program offered by a pharmaceutical manufacturer in which the practitioner sends a
571 prescription for one of his own patients to the manufacturer, and the manufacturer donates a stock bottle
572 of the prescription drug ordered at no cost to the practitioner or patient. The practitioner may dispense
573 such medication at no cost to the patient without holding a license to dispense from the Board of
574 Pharmacy. However, the container in which the drug is dispensed shall be labeled in accordance with
575 the requirements of § 54.1-3410, and, unless directed otherwise by the practitioner or the patient, shall
576 meet standards for special packaging as set forth in § 54.1-3426 and Board of Pharmacy regulations. In
577 lieu of dispensing directly to the patient, a practitioner may transfer the donated drug with a valid
578 prescription to a pharmacy for dispensing to the patient. The practitioner or pharmacy participating in
579 the program shall not use the donated drug for any purpose other than dispensing to the patient for
580 whom it was originally donated, except as authorized by the donating manufacturer for another patient
581 meeting that manufacturer's requirements for the indigent patient program. Neither the practitioner nor
582 the pharmacy shall charge the patient for any medication provided through a manufacturer's indigent
583 patient program pursuant to this subdivision. A participating pharmacy, including a pharmacy
584 participating in bulk donation programs, may charge a reasonable dispensing or administrative fee to
585 offset the cost of dispensing, not to exceed the actual costs of such dispensing. However, if the patient
586 is unable to pay such fee, the dispensing or administrative fee shall be waived;

587 11. Interfere with any legally qualified practitioner of medicine or osteopathy from providing
588 controlled substances to his own patients in a free clinic without charge when such controlled substances
589 are donated by an entity other than a pharmaceutical manufacturer as authorized by subdivision 10. The
590 practitioner shall first obtain a controlled substances registration from the Board and shall comply with
591 the labeling and packaging requirements of this chapter and the Board's regulations; or

592 12. Prevent any pharmacist from providing free health care to an underserved population in Virginia
593 who (i) does not regularly practice pharmacy in Virginia, (ii) holds a current valid license or certificate
594 to practice pharmacy in another state, territory, district or possession of the United States, (iii) volunteers
595 to provide free health care to an underserved area of this Commonwealth under the auspices of a
596 publicly supported all volunteer, nonprofit organization that sponsors the provision of health care to
597 populations of underserved people, (iv) files a copy of the license or certificate issued in such other
598 jurisdiction with the Board, (v) notifies the Board at least five business days prior to the voluntary
599 provision of services of the dates and location of such service, and (vi) acknowledges, in writing, that
600 such licensure exemption shall only be valid, in compliance with the Board's regulations, during the
601 limited period that such free health care is made available through the volunteer, nonprofit organization
602 on the dates and at the location filed with the Board. The Board may deny the right to practice in
603 Virginia to any pharmacist whose license has been previously suspended or revoked, who has been
604 convicted of a felony or who is otherwise found to be in violation of applicable laws or regulations.
605 However, the Board shall allow a pharmacist who meets the above criteria to provide volunteer services
606 without prior notice for a period of up to three days, provided the nonprofit organization verifies that the
607 practitioner has a valid, unrestricted license in another state.

608 This section shall not be construed as exempting any person from the licensure, registration,
609 permitting and record keeping requirements of this chapter or Chapter 34 of this title.

610 **§ 54.1-3482. Practice of physical therapy; certain experience and referrals required; physical**
611 **therapist assistants.**

612 A. It shall be unlawful for a person to engage in the practice of physical therapy except as a licensed
613 physical therapist, upon the referral and direction of a licensed doctor of medicine, osteopathy,

chiropractic, podiatry, or dental surgery, a licensed nurse practitioner practicing in accordance with his practice agreement the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician, except as provided in this section.

B. A physical therapist who has completed a doctor of physical therapy program approved by the Commission on Accreditation of Physical Therapy Education or who has obtained a certificate of authorization pursuant to § 54.1-3482.1 may evaluate and treat a patient for no more than 30 consecutive days after an initial evaluation without a referral under the following conditions: (i) the patient is not receiving care from any licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, a licensed nurse practitioner practicing in accordance with his practice agreement the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician for the symptoms giving rise to the presentation at the time of the presentation to the physical therapist for physical therapy services or (ii) the patient is receiving care from a licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, a licensed nurse practitioner practicing in accordance with his practice agreement the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician at the time of his presentation to the physical therapist for the symptoms giving rise to the presentation for physical therapy services and (a) the patient identifies a licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, a licensed nurse practitioner practicing in accordance with his practice agreement the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician from whom he is currently receiving care; (b) the patient gives written consent for the physical therapist to release all personal health information and treatment records to the identified practitioner; and (c) the physical therapist notifies the practitioner identified by the patient no later than 14 days after treatment commences and provides the practitioner with a copy of the initial evaluation along with a copy of the patient history obtained by the physical therapist. Treatment for more than 30 consecutive days after evaluation of such patient shall only be upon the referral and direction of a licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, a licensed nurse practitioner practicing in accordance with his practice agreement the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician. A physical therapist may contact the practitioner identified by the patient at the end of the 30-day period to determine if the practitioner will authorize additional physical therapy services until such time as the patient can be seen by the practitioner. A physical therapist shall not perform an initial evaluation of a patient under this subsection if the physical therapist has performed an initial evaluation of the patient under this subsection for the same condition within the immediately preceding 60 days.

C. A physical therapist who has not completed a doctor of physical therapy program approved by the Commission on Accreditation of Physical Therapy Education or who has not obtained a certificate of authorization pursuant to § 54.1-3482.1 may conduct a one-time evaluation that does not include treatment of a patient without the referral and direction of a licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, a licensed nurse practitioner practicing in accordance with his practice agreement the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician; if appropriate, the physical therapist shall immediately refer such patient to the appropriate practitioner.

D. Invasive procedures within the scope of practice of physical therapy shall at all times be performed only under the referral and direction of a licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, a licensed nurse practitioner practicing in accordance with his practice agreement the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician.

E. It shall be unlawful for any licensed physical therapist to fail to immediately refer any patient to a licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, or a licensed nurse practitioner practicing in accordance with his practice agreement the provisions of § 54.1-2957 when such patient's medical condition is determined, at the time of evaluation or treatment, to be beyond the physical therapist's scope of practice. Upon determining that the patient's medical condition is beyond the scope of practice of a physical therapist, a physical therapist shall immediately refer such patient to an appropriate practitioner.

F. Any person licensed as a physical therapist assistant shall perform his duties only under the direction and control of a licensed physical therapist.

G. However, a licensed physical therapist may provide, without referral or supervision, physical therapy services to (i) a student athlete participating in a school-sponsored athletic activity while such student is at such activity in a public, private, or religious elementary, middle or high school, or public or private institution of higher education when such services are rendered by a licensed physical therapist who is certified as an athletic trainer by the National Athletic Trainers' Association Board of Certification or as a sports certified specialist by the American Board of Physical Therapy Specialties;

675 (ii) employees solely for the purpose of evaluation and consultation related to workplace ergonomics;
676 (iii) special education students who, by virtue of their individualized education plans (IEPs), need
677 physical therapy services to fulfill the provisions of their IEPs; (iv) the public for the purpose of
678 wellness, fitness, and health screenings; (v) the public for the purpose of health promotion and
679 education; and (vi) the public for the purpose of prevention of impairments, functional limitations, and
680 disabilities.

681 **§ 54.1-3482.1. Certain certification required.**

682 A. The Board shall promulgate regulations establishing criteria for certification of physical therapists
683 to provide certain physical therapy services pursuant to subsection B of § 54.1-3482 without referral
684 from a licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, a licensed nurse
685 practitioner practicing in accordance with ~~his practice agreement~~ *the provisions of § 54.1-2957*, or a
686 licensed physician assistant acting under the supervision of a licensed physician. The regulations shall
687 include but not be limited to provisions for (i) the promotion of patient safety; (ii) an application
688 process for a one-time certification to perform such procedures; and (iii) minimum education, training,
689 and experience requirements for certification to perform such procedures.

690 B. The minimum education, training, and experience requirements for certification shall include
691 evidence that the applicant has successfully completed (i) a transitional program in physical therapy as
692 recognized by the Board or (ii) at least three years of active practice with evidence of continuing
693 education relating to carrying out direct access duties under § 54.1-3482.

694 **2. That the Boards of Medicine and Nursing shall jointly promulgate regulations to implement the**
695 **provisions of this act, which shall govern the practice of medicine for those nurse practitioners**
696 **practicing without a practice agreement in accordance with the provisions of this act, to be**
697 **effective within 280 days of its enactment.**

698 **3. That the Boards of Medicine and Nursing shall report on the number of nurse practitioners**
699 **who have been authorized to practice without a practice agreement in accordance with the**
700 **provisions of this act to the Chairmen of the House Committee on Health, Welfare and Institutions**
701 **and the Senate Committee on Education and Health and the Chairman of the Joint Commission**
702 **on Health Care by November 1, 2021.**

703 **4. That the Boards of Medicine and Nursing shall recommend to the Chairmen of the House**
704 **Committee on Health, Welfare and Institutions and the Senate Committee on Education and**
705 **Health any modifications to the clinical experience requirements for practice of a nurse**
706 **practitioner practicing without a practice agreement in accordance with the provisions of this act**
707 **and a process by which nurse practitioners who practice without a practice agreement may be**
708 **included in the online Practitioner Profile maintained by the Department of Health Professions by**
709 **November 1, 2021.**

710 **5. That the Department of Health Professions shall include in workforce data reports the**
711 **geographic and specialty areas in which nurse practitioners are practicing without a practice**
712 **agreement in accordance with the provisions of this act.**
