§ 58.1-2295. (Contingent expiration date) Levy; payment of tax.

A. 1. In addition to all other taxes now imposed by law, there is hereby imposed a tax upon every distributor who engages in the business of selling fuels at wholesale to retail dealers for retail sale in any county or city that is a member of (i) any transportation district in which a rapid heavy rail commuter mass transportation system operating on an exclusive right-of-way and a bus commuter mass transportation system are owned, operated, or controlled by an agency or commission as defined in

60 § 33.2-1901 or (ii) any transportation district that is subject to subsection C of § 33.2-1915 and that is
61 contiguous to the Northern Virginia Transportation District.

62 2. In addition to all other taxes now imposed by law, there is hereby imposed a tax upon every
63 distributor who engages in the business of selling fuels at wholesale to retail dealers for retail sale in
64 any county or city that is located in a Planning District established pursuant to Chapter 42 (§ 15.2-4200
65 et seq.) of Title 15.2 that (i) as of January 1, 2013, has a population of not less than 1.5 million but
66 fewer than two million, as shown by the most recent United States Census, has not less than 1.2 million
67 but fewer than 1.7 million motor vehicles registered therein, and has a total transit ridership of not less
68 than 15 million but fewer than 50 million riders per year across all transit systems within the Planning
69 District or (ii) as shown by the most recent United States Census meets the population criteria set forth
70 in clause (i) and also meets the vehicle registration and ridership criteria set forth in clause (i). In any
71 case in which the tax is imposed pursuant to clause (ii) such tax shall be effective beginning on the July
72 1 immediately following the calendar year in which all of the criteria have been met.

73 B. 1. The tax shall be imposed on each gallon of fuel, other than diesel fuel, sold by a distributor to
74 a retail dealer for retail sale in any such county or city described in subsection A at a rate of 2.1
75 percent of the sales price charged by a distributor for fuels sold to a retail dealer for retail sale in any
76 such county or city. In any such sale to a retail dealer in which the distributor and the retail dealer are
77 the same person, the sales price charged by the distributor shall be the cost price to the distributor of the
78 fuel statewide average distributor price of a gallon of unleaded regular gasoline as determined by the
79 Commissioner pursuant to subdivision C 1. For alternative fuels other than liquid alternative fuels, the
80 Commissioner shall determine an equivalent tax rate based on gasoline gallon equivalency.

81 2. The tax shall be imposed on each gallon of diesel fuel sold by a distributor to a retail dealer for
82 retail sale in any such county or city at a rate of 2.1 percent of the statewide average distributor price
83 of a gallon of diesel fuel as determined by the Commissioner pursuant to subdivision C 2.

84 C. 1. To determine the statewide average distributor price of a gallon of unleaded regular gasoline,
85 the Commissioner shall use the period from June 1 to November 30, inclusive, as the base period for
86 the determination of the rate of the tax for the immediately following applied period beginning January
87 1 and ending June 30, inclusive. The Commissioner shall use the period from December 1 to May 31,
88 inclusive, as the base period for the determination of the rate of the tax for the immediately following
89 applied period beginning July 1 and ending December 31, inclusive. In no case shall the statewide
90 average distributor price of a gallon of unleaded regular gasoline determined for the purposes of this
91 section be less than the statewide average wholesale price of a gallon of unleaded regular gasoline on
92 February 20, 2013, plus a distributor charge calculated by the Commissioner for that date.

93 2. To determine the statewide average distributor price of a gallon of diesel fuel, the Commissioner
94 shall use the period from June 1 to November 30, inclusive, as the base period for the determination of
95 the rate of the tax for the immediately following applied period beginning January 1 and ending June
96 30, inclusive. The Commissioner shall use the period from December 1 to May 31, inclusive, as the base
97 period for the determination of the rate of the tax for the immediately following applied period
98 beginning July 1 and ending December 31, inclusive. In no case shall the statewide average distributor
99 price of a gallon of diesel fuel determined for the purposes of this section be less than the statewide
100 average wholesale price of a gallon of diesel fuel on February 20, 2013, plus a distributor charge
101 calculated by the Commissioner for that date.

102 D. The tax levied under this section shall be imposed at the time of sale by the distributor to the
103 retail dealer.

104 E. The tax imposed by this section shall be paid by the distributor, but the distributor shall
105 separately state the amount of the tax and add such tax to the sales price or charge. Thereafter, such tax
106 shall be a debt from the retail dealer to the distributor until paid and shall be recoverable at law in the
107 same manner as other debts. No action at law or suit in equity under this chapter shall be maintained in
108 the Commonwealth by any distributor who is not registered under § 58.1-2299.2 or is delinquent in the
109 payment of taxes imposed under this chapter.

110 F. Nothing in this section shall be construed to exempt the imposition and remittance of tax pursuant
111 to this section in a sale to a retail dealer in which the distributor and the retail dealer are the same
112 person.

113 **§ 58.1-2299. Bad debts.**

114 A. In any return filed under the provisions of this chapter, a distributor may credit, against the tax
115 shown to be due on the return, the amount of tax previously returned and paid on accounts which are
116 owed to the distributor and which have been found to be worthless within the period covered by the
117 return. The credit, however, shall not exceed the amount of the uncollected sales price determined by
118 treating prior payments on each debt as consisting of the same proportion of the sales price, tax levied
119 under this chapter, and other nontaxable charges as the total debt originally owed to the distributor tax
120 due pursuant to § 58.1-2295 for the relevant applied period for the fuel delivered to the worthless
121 accounts. The amount of accounts for which a credit has been taken that are thereafter in whole or in

part paid to the dealer shall be included in the first return filed after such collection.

B. Notwithstanding any other provision of this section, a distributor whose volume and character of uncollectible accounts, including checks returned for insufficient funds, renders it impractical to substantiate the credit on an account-by-account basis may, subject to the approval of the Department, utilize an alternative method of substantiating the credit.

§ 58.1-2299.10. Willful commission of prohibited acts; criminal penalties.

Any person who willfully commits any of the following acts with the intent to (i) evade or circumvent the taxes imposed under this chapter or (ii) assist any other person in efforts to evade or circumvent such taxes is guilty of a Class 6 felony, if he:

1. Does not pay the taxes imposed under this chapter and diverts the proceeds from such taxes for other purposes;

2. Is a distributor required to be registered under the provisions of this chapter, or the agent or representative of such a distributor, and converts or attempts to convert proceeds from taxes imposed under this chapter for the use of the distributor or the distributor's agent or representative, with the intent to defraud the Commonwealth;

3. Illegally collects taxes imposed under this chapter when not authorized or licensed by the Commissioner to do so;

4. Conspires with any other person or persons to engage in an act, plan, or scheme to defraud the Commonwealth of proceeds from taxes levied under this chapter;

5. Fails to remit to the Commissioner any tax levied pursuant to this chapter, if he (i) has added, or represented that he has added, the tax to the sales price for the fuel and (ii) has collected the amount of the tax; or

6. Applies for or collects from the Department a tax credit when the person knows or has reason to know that fuel for which the credit is claimed has been or will be used for a taxable purpose; however, if the amount of fuel involved is not more than 20 gallons, such person is guilty of a Class 1 misdemeanor.

§ 58.1-2299.14. Recordkeeping requirements; inspection of records; civil penalties.

A. Every distributor required to make a return and pay or collect any tax under this chapter shall keep and preserve suitable records of the sales taxable under this chapter, and such other books of account as may be necessary to determine the amount of tax due hereunder, and such other pertinent information as may be required by the Commissioner. Such records shall be kept and maintained for a period to include the Department's current fiscal year and the previous three fiscal years.

B. The Commissioner or any agent authorized by him may examine during the usual business hours all records, books, papers, or other documents of any distributor required to be registered under this chapter relating to the sales price amount of any fuel subject to taxation under this chapter to verify the truth and accuracy of any statement or any other information as to a particular sale.

C. Any person who fails to keep or retain records as required by this section shall be subject to a civil penalty. The amount of the civil penalty assessed against a person for his first violation shall be \$1,000. The amount of the civil penalty assessed against a person for each subsequent violation shall be \$1,000 more than the amount of the civil penalty for the preceding violation.

D. Any person who refuses to allow an inspection authorized under this section shall be subject to a civil penalty of \$5,000 for each refusal.

2. That the Department of Motor Vehicles shall develop guidelines, with the input of relevant stakeholders, to determine the distributor charges, as defined by § 58.1-2292 of this act, to be added to the wholesale price of a gallon of fuel in order to establish the statewide average distributor price of a gallon of fuel pursuant to § 58.1-2295 of this act. Such guidelines shall include a procedure for a review of the items included in the distributor charge and an adjustment of the charge, if necessary, at the same time that the Department computes the tax for an applicable base period pursuant to § 58.1-2217. The guidelines required by this enactment shall not be subject to the Administrative Process Act (§ 2.2-4000 et seq.).
