2. Patron: Delaney

3. Committee: Education and Health

4. Title: Public schools; instructional time.

5. Summary: Authorizes local school boards to include and requires the Board of Education to accept, for elementary school, unstructured recreational time that is intended to develop teamwork, social skills, and overall physical fitness in any calculation of total instructional time or teaching hours.

6. Budget Amendment Necessary: Yes, Item 136, language only.

Current budget language for the Virginia Preschool Initiative (VPI) program does not permit VPI programs to count recess as instructional time. It will be challenging for VPI programs to have different requirements for instructional time, especially since VPI programs often are housed in the same buildings and follow the same bus schedules as K-5 programs. This budget language would need to be changed to be consistent with this legislation.

7. Fiscal Impact Estimates: Preliminary. See Item 8.

8. Fiscal Implications: There is no anticipated state fiscal impact resulting from the provisions of this bill. Any impact to local school divisions is indeterminate.

9. Specific Agency or Political Subdivisions Affected: Local school divisions

10. Technical Amendment Necessary: No

11. Other Comments: This bill is similar to SB273.
