3. Committee: Passed both houses

4. Title: Property donated to National Guard

5. Summary:

Current law provides that any real property donated to National Guard shall revert to the donor upon the disbanding of the National Guard unit using the property. The proposed legislation would provide the Adjutant General of the Virginia National Guard the discretion to revert donated property to the donor or donors upon his determination that such property was no longer needed by the National Guard, rather than solely upon the disbanding of a unit. If the Adjutant General chose not to exercise his discretion to revert the property or, if the original donor or donors declined to reacquire the property, the property would be declared excess under the provisions of the legislation.

6. Budget Amendment Necessary: None.

7. Fiscal Impact Estimates: Final. See Item 8.

8. Fiscal Implications:

State law gives the Department of General Services the responsibility of disposing of excess, or "surplus," property. Such property may be transferred to another state agency that has a need for it or it can be sold. If it is sold, half of the proceeds are to be deposited into the State Park Acquisition and Development Fund and half in the general fund. By authorizing the state Adjutant General to declare some property donated to the National Guard as excess, the proposed legislation could result in additional revenue for the general fund. However, it is not feasible at this time to estimate the amount or timing of such additional revenue.

9. Specific Agency or Political Subdivisions Affected:
