**Be it enacted by the General Assembly of Virginia:****1. That § 58.1-322.03 of the Code of Virginia is amended and reenacted as follows:****§ 58.1-322.03. Virginia taxable income; deductions.**

In computing Virginia taxable income pursuant to § 58.1-322, there shall be deducted from Virginia adjusted gross income as defined in § 58.1-321:

1. a. The amount allowable for itemized deductions for federal income tax purposes where the taxpayer has elected for the taxable year to itemize deductions on his federal return, but reduced by the amount of income taxes imposed by the Commonwealth or any other taxing jurisdiction and deducted on such federal return and increased by an amount that, when added to the amount deducted under § 170 of the Internal Revenue Code for mileage, results in a mileage deduction at the state level for such purposes at a rate of 18 cents per mile; or

b. Three thousand dollars for single individuals and \$6,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return), provided that the taxpayer has not itemized deductions for the taxable year on his federal income tax return. For purposes of this section, any person who may be claimed as a dependent on another taxpayer's return for the taxable year may compute the deduction only with respect to earned income.

2. a. A deduction in the amount of \$930 for each personal exemption allowable to the taxpayer for federal income tax purposes.

b. Each blind or aged taxpayer as defined under § 63(f) of the Internal Revenue Code shall be entitled to an additional personal exemption in the amount of \$800.

The additional deduction for blind or aged taxpayers allowed under this subdivision shall be allowable regardless of whether the taxpayer itemizes deductions for the taxable year for federal income tax purposes.

3. A deduction equal to the amount of employment-related expenses upon which the federal credit is based under § 21 of the Internal Revenue Code for expenses for household and dependent care services necessary for gainful employment.

4. An additional \$1,000 deduction for each child residing for the entire taxable year in a home under permanent foster care placement as defined in § 63.2-908, provided that the taxpayer can also claim the child as a personal exemption under § 151 of the Internal Revenue Code.

5. a. A deduction in the amount of \$12,000 for individuals born on or before January 1, 1939.

b. A deduction in the amount of \$12,000 for individuals born after January 1, 1939, who have attained the age of 65. This deduction shall be reduced by \$1 for every \$1 that the taxpayer's adjusted federal adjusted gross income exceeds \$50,000 for single taxpayers or \$75,000 for married taxpayers. For married taxpayers filing separately, the deduction shall be reduced by \$1 for every \$1 that the total combined adjusted federal adjusted gross income of both spouses exceeds \$75,000.

For the purposes of this subdivision, "adjusted federal adjusted gross income" means federal adjusted gross income minus any benefits received under Title II of the Social Security Act and other benefits subject to federal income taxation solely pursuant to § 86 of the Internal Revenue Code, as amended.

6. The amount an individual pays as a fee for an initial screening to become a possible bone marrow donor, if (i) the individual is not reimbursed for such fee or (ii) the individual has not claimed a deduction for the payment of such fee on his federal income tax return.

7. a. A deduction shall be allowed to the purchaser or contributor for the amount paid or contributed during the taxable year for a prepaid tuition contract or college savings trust account entered into with the Virginia College Savings Plan, pursuant to Chapter 7 (§ 23.1-700 et seq.) of Title 23.1. Except as provided in subdivision b, the amount deducted on any individual income tax return in any taxable year shall be limited to \$4,000 per prepaid tuition contract or college savings trust account. No deduction shall be allowed pursuant to this subdivision 7 if such payments or contributions are deducted on the purchaser's or contributor's federal income tax return. If the purchase price or annual contribution to a college savings trust account exceeds \$4,000, the remainder may be carried forward and subtracted in

60 deducted; however, except as provided in subdivision b, in no event shall the amount deducted in any  
61 taxable year exceed \$4,000 per contract or college savings trust account. Notwithstanding the statute of  
62 limitations on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to  
63 recapture in the taxable year or years in which distributions or refunds are made for any reason other  
64 than (i) to pay qualified higher education expenses, as defined in § 529 of the Internal Revenue Code or  
65 (ii) the beneficiary's death, disability, or receipt of a scholarship. For the purposes of this subdivision,  
66 "purchaser" or "contributor" means the person shown as such on the records of the Virginia College  
67 Savings Plan as of December 31 of the taxable year. In the case of a transfer of ownership of a prepaid  
68 tuition contract or college savings trust account, the transferee shall succeed to the transferor's tax  
69 attributes associated with a prepaid tuition contract or college savings trust account, including, but not  
70 limited to, carryover and recapture of deductions.

71 b. A purchaser of a prepaid tuition contract or contributor to a college savings trust account who has  
72 attained age 70 shall not be subject to the limitation that the amount of the deduction not exceed \$4,000  
73 per prepaid tuition contract or college savings trust account in any taxable year. Such taxpayer shall be  
74 allowed a deduction for the full amount paid for the contract or contributed to a college savings trust  
75 account, less any amounts previously deducted.

76 8. The total amount an individual actually contributed in funds to the Virginia Public School  
77 Construction Grants Program and Fund, established in Chapter 11.1 (§ 22.1-175.1 et seq.) of Title 22.1,  
78 provided that the individual has not claimed a deduction for such amount on his federal income tax  
79 return.

80 9. An amount equal to 20 percent of the tuition costs incurred by an individual employed as a  
81 primary or secondary school teacher licensed pursuant to Chapter 15 (§ 22.1-289.1 et seq.) of Title 22.1  
82 to attend continuing teacher education courses that are required as a condition of employment; however,  
83 the deduction provided by this subdivision shall be available only if (i) the individual is not reimbursed  
84 for such tuition costs and (ii) the individual has not claimed a deduction for the payment of such tuition  
85 costs on his federal income tax return.

86 10. The amount an individual pays annually in premiums for long-term health care insurance,  
87 provided that the individual has not claimed a deduction for federal income tax purposes, or, for taxable  
88 years beginning before January 1, 2014, a credit under § 58.1-339.11. For taxable years beginning on  
89 and after January 1, 2014, no such deduction for long-term health care insurance premiums paid by the  
90 individual during the taxable year shall be allowed if the individual has claimed a federal income tax  
91 deduction for such taxable year for long-term health care insurance premiums paid by him.

92 11. Contract payments to a producer of quota tobacco or a tobacco quota holder, or their spouses, as  
93 provided under the American Jobs Creation Act of 2004 (P.L. 108-357), but only to the extent that such  
94 payments have not been subtracted pursuant to subsection D of § 58.1-402, as follows:

95 a. If the payment is received in installment payments, then the recognized gain may be subtracted in  
96 the taxable year immediately following the year in which the installment payment is received.

97 b. If the payment is received in a single payment, then 10 percent of the recognized gain may be  
98 subtracted in the taxable year immediately following the year in which the single payment is received.  
99 The taxpayer may then deduct an equal amount in each of the nine succeeding taxable years.

100 12. An amount equal to 20 percent of the sum paid by an individual pursuant to Chapter 6  
101 (§ 58.1-600 et seq.), not to exceed \$500 in each taxable year, in purchasing for his own use the

114 rating of 85; and (x) programmable thermostats.

115 13. The lesser of \$5,000 or the amount actually paid by a living donor of an organ or other living  
116 tissue for unreimbursed out-of-pocket expenses directly related to the donation that arose within 12  
117 months of such donation, provided that the donor has not taken a medical deduction in accordance with  
118 the provisions of § 213 of the Internal Revenue Code for such expenses. The deduction may be taken in  
119 the taxable year in which the donation is made or the taxable year in which the 12-month period  
120 expires.

121 14. For taxable years beginning on and after January 1, 2013, the amount an individual age 66 or  
122 older with earned income of at least \$20,000 for the year and federal adjusted gross income not in  
123 excess of \$30,000 for the year pays annually in premiums for (i) a prepaid funeral insurance policy  
124 covering the individual or (ii) medical or dental insurance for any person for whom individual tax filers  
125 may claim a deduction for such premiums under federal income tax laws. As used in this subdivision,  
126 "earned income" means the same as that term is defined in § 32(c) of the Internal Revenue Code. The  
127 deduction shall not be allowed for any portion of such premiums paid for which the individual has (a)  
128 been reimbursed, (b) claimed a deduction for federal income tax purposes, (c) claimed a deduction or
