SB1547

59 and who works under the supervision of a licensed doctor of medicine, osteopathy, or podiatry.

60 "Practice of acupuncture" means the stimulation of certain points on or near the surface of the body
61 by the insertion of needles to prevent or modify the perception of pain or to normalize physiological
62 functions, including pain control, for the treatment of certain ailments or conditions of the body and
63 includes the techniques of electroacupuncture, cupping and moxibustion. The practice of acupuncture
64 does not include the use of physical therapy, chiropractic, or osteopathic manipulative techniques; the
65 use or prescribing of any drugs, medications, serums or vaccines; or the procedure of auricular
66 acupuncture as exempted in § 54.1-2901 when used in the context of a chemical dependency treatment
67 program for patients eligible for federal, state or local public funds by an employee of the program who
68 is trained and approved by the National Acupuncture Detoxification Association or an equivalent
69 certifying body.

70 "Practice of athletic training" means the prevention, recognition, evaluation, and treatment of injuries
71 or conditions related to athletic or recreational activity that requires physical skill and utilizes strength,
72 power, endurance, speed, flexibility, range of motion or agility or a substantially similar injury or
73 condition resulting from occupational activity immediately upon the onset of such injury or condition;
74 and subsequent treatment and rehabilitation of such injuries or conditions under the direction of the
75 patient's physician or under the direction of any doctor of medicine, osteopathy, chiropractic, podiatry, or
76 dentistry, while using heat, light, sound, cold, electricity, exercise or mechanical or other devices.

77 "Practice of behavior analysis" means the design, implementation, and evaluation of environmental
78 modifications, using behavioral stimuli and consequences, to produce socially significant improvement in
79 human behavior, including the use of direct observation, measurement, and functional analysis of the
80 relationship between environment and behavior.

81 "Practice of chiropractic" means the adjustment of the 24 movable vertebrae of the spinal column,
82 and assisting nature for the purpose of normalizing the transmission of nerve energy, but does not
83 include the use of surgery, obstetrics, osteopathy or the administration or prescribing of any drugs,
84 medicines, serums or vaccines. "Practice of chiropractic" shall include performing the physical
85 examination of an applicant for a commercial driver's license or commercial learner's permit pursuant to
86 § 46.2-341.12 if the practitioner has (i) applied for and received certification as a medical examiner
87 pursuant to 49 C.F.R. Part 390, Subpart D and (ii) registered with the National Registry of Certified
88 Medical Examiners.

89 "Practice of genetic counseling" means (i) obtaining and evaluating individual and family medical
90 histories to assess the risk of genetic medical conditions and diseases in a patient, his offspring, and
91 other family members; (ii) discussing the features, history, diagnosis, environmental factors, and risk
92 management of genetic medical conditions and diseases; (iii) ordering genetic laboratory tests and other
93 diagnostic studies necessary for genetic assessment; (iv) integrating the results with personal and family
94 medical history to assess and communicate risk factors for genetic medical conditions and diseases; (v)
95 evaluating the patient's and family's responses to the medical condition or risk of recurrence and
96 providing client-centered counseling and anticipatory guidance; (vi) identifying and utilizing community
97 resources that provide medical, educational, financial, and psychosocial support and advocacy; and (vii)
98 providing written documentation of medical, genetic, and counseling information for families and health
99 care professionals.

100 "Practice of medicine or osteopathic medicine" means the prevention, diagnosis and treatment of
101 human physical or mental ailments, conditions, diseases, pain or infirmities by any means or method.

102 "Practice of music therapy" means the clinical and evidence-based use of music interventions to
103 accomplish individualized goals within a therapeutic relationship through an individualized music
104 therapy treatment plan for the client that identifies the goals, objectives, and potential strategies of the
105 music therapy services appropriate for the client using music therapy interventions, which may include
106 music improvisation, receptive music listening, songwriting, lyric discussion, music and imagery, music
107 performance, learning through music, and movement to music. "Practice of music therapy" does not
108 include the diagnosis of any physical, mental, or communication disorder.

109 "Practice of occupational therapy" means the therapeutic use of occupations for habilitation and
110 rehabilitation to enhance physical health, mental health, and cognitive functioning and includes the
111 evaluation, analysis, assessment, and delivery of education and training in basic and instrumental
112 activities of daily living; the design, fabrication, and application of orthoses (splints); the design,
113 selection, and use of adaptive equipment and assistive technologies; therapeutic activities to enhance
114 functional performance; vocational evaluation and training; and consultation concerning the adaptation of
115 physical, sensory, and social environments.

116 "Practice of podiatry" means the prevention, diagnosis, treatment, and cure or alleviation of physical
117 conditions, diseases, pain, or infirmities of the human foot and ankle, including the medical, mechanical
118 and surgical treatment of the ailments of the human foot and ankle, but does not include amputation of
119 the foot proximal to the transmetatarsal level through the metatarsal shafts. Amputations proximal to the
120 metatarsal-phalangeal joints may only be performed in a hospital or ambulatory surgery facility

accredited by an organization listed in § 54.1-2939. The practice includes the diagnosis and treatment of lower extremity ulcers; however, the treatment of severe lower extremity ulcers proximal to the foot and ankle may only be performed by appropriately trained, credentialed podiatrists in an approved hospital or ambulatory surgery center at which the podiatrist has privileges, as described in § 54.1-2939. The Board of Medicine shall determine whether a specific type of treatment of the foot and ankle is within the scope of practice of podiatry.

"Practice of radiologic technology" means the application of ionizing radiation to human beings for diagnostic or therapeutic purposes.

"Practice of respiratory care" means the (i) administration of pharmacological, diagnostic, and therapeutic agents related to respiratory care procedures necessary to implement a treatment, disease prevention, pulmonary rehabilitative, or diagnostic regimen prescribed by a practitioner of medicine or osteopathic medicine; (ii) transcription and implementation of the written or verbal orders of a practitioner of medicine or osteopathic medicine pertaining to the practice of respiratory care; (iii) observation and monitoring of signs and symptoms, general behavior, general physical response to respiratory care treatment and diagnostic testing, including determination of whether such signs, symptoms, reactions, behavior or general physical response exhibit abnormal characteristics; and (iv) implementation of respiratory care procedures, based on observed abnormalities, or appropriate reporting, referral, respiratory care protocols or changes in treatment pursuant to the written or verbal orders by a licensed practitioner of medicine or osteopathic medicine or the initiation of emergency procedures, pursuant to the Board's regulations or as otherwise authorized by law. The practice of respiratory care may be performed in any clinic, hospital, skilled nursing facility, private dwelling or other place deemed appropriate by the Board in accordance with the written or verbal order of a practitioner of medicine or osteopathic medicine, and shall be performed under qualified medical direction.

"Qualified medical direction" means, in the context of the practice of respiratory care, having readily accessible to the respiratory therapist a licensed practitioner of medicine or osteopathic medicine who has specialty training or experience in the management of acute and chronic respiratory disorders and who is responsible for the quality, safety, and appropriateness of the respiratory services provided by the respiratory therapist.

"Radiologic technologist" means an individual, other than a licensed doctor of medicine, osteopathy, podiatry, or chiropractic or a dentist licensed pursuant to Chapter 27 (§ 54.1-2700 et seq.), who (i) performs, may be called upon to perform, or is licensed to perform a comprehensive scope of diagnostic or therapeutic radiologic procedures employing ionizing radiation and (ii) is delegated or exercises responsibility for the operation of radiation-generating equipment, the shielding of patient and staff from unnecessary radiation, the appropriate exposure of radiographs, the administration of radioactive chemical compounds under the direction of an authorized user as specified by regulations of the Department of Health, or other procedures that contribute to any significant extent to the site or dosage of ionizing radiation to which a patient is exposed.

"Radiologic technologist, limited" means an individual, other than a licensed radiologic technologist, dental hygienist, or person who is otherwise authorized by the Board of Dentistry under Chapter 27 (§ 54.1-2700 et seq.) and the regulations pursuant thereto, who performs diagnostic radiographic procedures employing equipment that emits ionizing radiation that is limited to specific areas of the human body.

"Radiologist assistant" means an individual who has met the requirements of the Board for licensure as an advanced-level radiologic technologist and who, under the direct supervision of a licensed doctor of medicine or osteopathy specializing in the field of radiology, is authorized to (i) assess and evaluate the physiological and psychological responsiveness of patients undergoing radiologic procedures; (ii) evaluate image quality, make initial observations, and communicate observations to the supervising radiologist; (iii) administer contrast media or other medications prescribed by the supervising radiologist; and (iv) perform, or assist the supervising radiologist to perform, any other procedure consistent with the guidelines adopted by the American College of Radiology, the American Society of Radiologic Technologists, and the American Registry of Radiologic Technologists.

"Respiratory care" means the practice of the allied health profession responsible for the direct and indirect services, including inhalation therapy and respiratory therapy, in the treatment, management, diagnostic testing, control, and care of patients with deficiencies and abnormalities associated with the cardiopulmonary system under qualified medical direction.

§ 54.1-2957.23. Music therapy; licensure.

A. The Board shall adopt regulations governing the practice of music therapy, upon consultation with the Advisory Board on Music Therapy. The regulations shall (i) set forth the requirements for licensure to practice music therapy, (ii) provide for appropriate application and renewal fees, and (iii) include requirements for licensure renewal and continuing education.

B. No person shall engage in the practice of music therapy or hold himself out or otherwise

182 represent himself as a music therapist unless he is licensed by the Board.

183 C. An applicant for licensure as a music therapist shall submit evidence satisfactory to the Board
184 that he (i) holds a bachelor's degree or higher in music therapy, or its equivalent, from a program
185 approved by the American Music Therapy Association or any successor organization within an
186 accredited college or university; (ii) has successfully completed a minimum of 1,200 hours of clinical
187 training, with at least 180 hours in pre-internship experiences and at least 900 hours in internship
188 experiences, provided that the internship has been approved by an academic institution or the American
189 Music Therapy Association, or any successor organization, or both; and (iii) has passed the examination
190 for board certification offered by the Certification Board for Music Therapists or any successor
191 organization or is currently certified by the Certification Board for Music Therapists or any successor
192 organization.

193 D. Nothing in this section shall prohibit (i) the practice of music therapy by a student pursuing a
194 course of study in music therapy in a program approved by the American Music Therapy Association or
195 any successor organization within an accredited college or university or under the supervision of a
196 person licensed as a music therapist, if such practice constitutes a part of the student's course of study
197 and is adequately supervised or (ii) a licensed health care provider, other professional registered,
198 certified, or licensed in the Commonwealth, or any person whose training and national certification
199 attests to his preparation and ability to practice his certified profession or occupation, from engaging in
200 the full scope of his practice, including the use of music incidental to his practice, provided that he does
201 not represent himself as a music therapist.

202 **§ 54.1-2957.24. Advisory Board on Music Therapy; established; membership; terms.**

203 A. The Advisory Board on Music Therapy (Advisory Board) is established as an advisory board in
204 the executive branch of state government. The Advisory Board shall assist the Board of Medicine in
205 formulating regulations related to the practice of music therapy. The Advisory Board shall also assist in
206 such other matters relating to the practice of music therapy as the Board may require.

207 B. The Advisory Board shall have a total membership of five nonlegislative citizen members to be
208 appointed by Governor, subject to confirmation by the General Assembly, as follows: three members
209 shall be licensed music therapists, one member shall be a licensed health care provider other than a
210 music therapist, and one member shall be a citizen at large.

211 C. After the initial staggering of terms, members shall be appointed for a term of four years.
212 Appointments to fill vacancies, other than by expiration of a term, shall be for the unexpired terms. All
213 members may be reappointed. However, no member shall serve more than two consecutive four-year
214 terms. The remainder of any term to which a member is appointed to fill a vacancy shall not constitute
215 a term in determining the member's eligibility for reappointment. Vacancies shall be filled in the same
216 manner as the original appointments.
