170 **§ 38.2-3445. Patient access to emergency services.**

172 to the contrary, if a health carrier providing individual or group health insurance coverage provides any
173 benefits with respect to services in an emergency department of a hospital, the health carrier shall
174 provide coverage for emergency services:

175 1. Without the need for any prior authorization determination, regardless of whether the emergency
176 services are provided on an in-network or out-of-network basis;

177 2. Without regard to the final diagnosis rendered to the covered person or whether the health care
178 provider furnishing the emergency services is a participating health care provider with respect to such
179 services;

180 3. If such services are provided out-of-network, without imposing any administrative requirement or
181 limitation on coverage that is more restrictive than the requirements or limitations that apply to such

182 services received from an in-network provider;

183 4. If such services are provided out-of-network, any cost-sharing requirement expressed as copayment
184 amount or coinsurance rate cannot exceed the cost-sharing requirement that would apply if such services
185 were provided in-network. However, an individual may be required to pay the excess of the amount the
186 out-of-network provider charges over the amount the health carrier is required to pay under this section
187 A covered person shall not be required to pay an out-of-network provider any amount other than the
188 cost-sharing requirement. The health carrier complies with this requirement if the health carrier provides
189 benefits with respect to an emergency service in an amount equal to the greatest of (i) the amount
190 negotiated with in-network providers for the emergency service; or, if more than one amount is
191 negotiated, the median of these amounts; (ii) the amount for the emergency service calculated using the
192 same method the health carrier generally uses to determine payments for out-of-network services, such
193 as the usual, customary, and reasonable amount the regional average for commercial payments for
194 emergency services; and (iii) the amount that would be paid under Medicare for the emergency service.
195 The health carrier shall pay any amount due the health care provider pursuant to this subdivision
196 directly, less any cost-sharing requirement.

197 A deductible may be imposed with respect to out-of-network emergency services only as a part of a
198 deductible that generally applies to out-of-network benefits. If an out-of-pocket maximum generally
199 applies to out-of-network benefits, that out-of-pocket maximum shall apply to out-of-network emergency
200 services; and

201 5. Without regard to any term or condition of such coverage other than the exclusion of or
202 coordination of benefits or an affiliation or waiting period.

203 B. If, after the health care provider receives an explanation of benefits, remittance advice, or similar
204 documentation from a health carrier, the health care provider determines that the amount determined by
205 the health carrier as the appropriate reimbursement for emergency services does not comply with the
206 requirements of subdivision A 4, the health care provider shall notify the health carrier of such
207 determination within 90 days of its determination. The health care provider and the health carrier shall
208 make a good faith effort to reach a resolution on the appropriate amount of reimbursement for the
209 emergency services provided.

210 C. If a resolution is not reached between the health care provider and the health carrier within 30
211 days of notification under subsection B, either party may request the Commission to review the disputed
212 reimbursement amount and make a determination as to whether such amount complies with subdivision
213 A 4.

214 D. Claims presenting common codes for the health carrier may be reviewed together by the
215 Commission.

216 E. Except as provided in subsections B, C, and D, the Commission shall have no jurisdiction to
217 adjudicate disputes arising out of this section.

218 **2. That the nonprofit data services organization (the nonprofit organization) with which the**
219 **Commissioner of Health negotiates and enters into contracts or agreements for the compilation,**
220 **storage, analysis, and evaluation of data submitted by health care providers pursuant to**
