4. Title: Electric utilities; pilot programs for transmission facilities serving business parks.

5. Summary: Directs the Virginia Economic Development Partnership (VEDP) to establish pilot programs by each investor owned electric utility. The pilot programs will have the purpose of promoting economic development in "opportunity zones" of the Commonwealth by allowing each utility to complete the construction phase of electric transmission infrastructure for up to three business parks prior to the public announcement of a prospective occupant of the business parks. Electric coops may also petition the State Corporation Commission to participate in the pilot. The measure authorizes a utility to recover the costs of the transmission facility through a rate adjustment clause.
