[S 442]

Approved March 31, 2020

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 24.2-604, 24.2-649, 24.2-700, and 24.2-701 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 24.2-604.4, 24.2-604.5, and 24.2-604.6 as follows:**

**§ 24.2-604. Polling places; prohibited activities; prohibited area; penalties.**

A. During the times the polls are open and ballots are being counted, it shall be unlawful for any person (i) to loiter or congregate within 40 feet of any entrance of any polling place; (ii) within such distance to give, tender, or exhibit any ballot, ticket, or other campaign material to any person or to solicit or in any manner attempt to influence any person in casting his vote; or (iii) to hinder or delay a qualified voter in entering or leaving a polling place.

B. Prior to opening the polls, the officers of election shall post, in the area within 40 feet of any entrance to the polling place, sufficient notices which state "Prohibited Area" in two-inch type. The notices shall also state the provisions of this section in not less than 24-point type. The officers of election shall post the notices within the prohibited area to be visible to voters and the public.

C. The officers of election shall permit one authorized representative of each political party or independent candidate in a general or special election, or one authorized representative of each candidate in a primary election, to remain in the room in which the election is being conducted at all times. A representative may serve part of the day and be replaced by successive representatives. The officers of election shall have discretion to permit up to three authorized representatives of each political party or independent candidate in a general or special election, or up to three authorized representatives of each candidate in a primary election, to remain in the room in which the election is being conducted. The officers shall permit one such representative for each pollbook station. However, no more than one such representative for each pollbook station or three representatives of any political party or independent candidate, whichever number is larger, shall be permitted in the room at any one time. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. Each representative shall present to the officers of election a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. If the county or city chairman is unavailable to sign such a written designation, such a designation may be made by the state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the county or city chairman. Such statement, bearing the chairman's or candidate's original signature, may be photocopied, and such photocopy shall be as valid as if the copy had been signed. No candidate whose name is printed on the ballot shall serve as a representative of a party or candidate for purposes of this section. Authorized representatives shall be allowed, whether in a regular polling place or central absentee voter precinct, to be close enough to the voter check-in table to be able to hear and see what is occurring; however, such observation shall not violate the secret vote provision of Article II, Section 3 of the Constitution of Virginia or otherwise interfere with the orderly process of the election. Any representative who complains to the chief officer of election that he is unable to hear or see the process may accept the chief officer's decision or, if dissatisfied, he may immediately appeal the decision to the local electoral board or general registrar. Authorized representatives shall be allowed, whether in a regular polling place or central absentee voter precinct, to use a handheld wireless communications device, but shall not be allowed to use such a device to capture a digital image inside the polling place or central absentee voter precinct. The officers of election may prohibit the use of cellular telephones or other handheld wireless communications devices if such use will result in a violation of subsection A or D or § 24.2-607. Authorized representatives shall not be allowed in any case to provide assistance to any voter as permitted under § 24.2-649 or to wear any indication that they are authorized to assist voters either inside the polling place or within 40 feet of any entrance to the polling place.

D. It shall be unlawful for any authorized representative permitted in the polling place pursuant to § 24.2-604.4, any voter, or any other person in the room to (i) hinder or delay a qualified voter; (ii) give, tender, or exhibit any ballot, ticket, or other campaign material to any person; (iii) solicit or in any manner attempt to influence any person in casting his vote; (iv) hinder or delay any officer of election;

(v) be in a position to see the marked ballot of any other voter; or (vi) otherwise impede the orderly conduct of the election.

E. The officers of election may require any person who is found by a majority of the officers present to be in violation of this section to remain outside of the prohibited area. Any person violating subsection A or D is guilty of a Class 1 misdemeanor.

F. This section shall not be construed to prohibit a candidate from entering any polling place on the day of the election to vote, or to visit a polling place for no longer than 10 minutes per polling place per election day, provided that he complies with the restrictions stated in subsections A, D, and J.

G. This section shall not be construed to prohibit a minor from entering a polling place on the day of the election to vote in a simulated election at that polling place, provided that the local electoral board or general registrar has determined that such polling place can accommodate simulated election activities without interference or substantial delay in the orderly conduct of the official voting process. Persons supervising or working in a simulated election in which minors vote may remain within such polling place. The local electoral board or general registrar and the chief officer for the polling place shall exercise authority over, but shall have no responsibility for the administration of, simulated election related activities at the polling place.

H. —A local electoral board or general registrar may authorize in writing the presence of additional neutral observers as may be deemed appropriate, except as otherwise prohibited or limited by this section. Such observers shall comply with the restrictions in subsections A and D and shall not be allowed in any case to provide assistance to any voter as permitted under § 24.2-649 or to wear any indication that they are authorized to assist voters either inside the polling place or within 40 feet of any entrance to the polling place.

I. The officers of election shall permit representatives of the news media to visit and film or photograph inside the polling place for a reasonable and limited period of time while the polls are open. However, the media (i) shall comply with the restrictions in subsections A and D; (ii) shall not film or photograph any person who specifically asks the media representative at that time that he not be filmed or photographed; (iii) shall not film or photograph the voter or the ballot in such a way that divulges how any individual voter is voting; and (iv) shall not film or photograph the voter list or any other voter record or material at the precinct in such a way that it divulges the name or other information concerning any individual voter. Any interviews with voters, candidates or other persons, live broadcasts, or taping of reporters' remarks, shall be conducted outside of the polling place and the prohibited area. The officers of election may require any person who is found by a majority of the officers present to be in violation of this subsection to leave the polling place and the prohibited area.

J. D. The provisions of subsections A and D C shall not be construed to prohibit a person who approaches or enters the polling place for the purpose of voting from wearing a shirt, hat, or other apparel on which a candidate's name or a political slogan appears or from having a sticker or button attached to his apparel on which a candidate's name or a political slogan appears. This exemption shall not apply to candidates, representatives of candidates, or any other person who approaches or enters the polling place for any purpose other than voting.

E. *This section shall not be construed to prohibit a candidate from entering any polling place on the day of the election to vote, or to visit a polling place for no longer than 10 minutes per polling place per election day, provided that he complies with the restrictions stated in subsections A, C, and D.*

F. *The officers of election may require any person who is found by a majority of the officers present to be in violation of this section to remain outside of the prohibited area. Any person violating subsection A or C is guilty of a Class 1 misdemeanor.*

**§ 24.2-604.4. Polling places; authorized representatives of party or candidate; prohibited activities.**

A. The officers of election shall permit one authorized representative of each political party or independent candidate in a general or special election, or one authorized representative of each candidate in a primary election, to remain in the room in which the election is being conducted at all times. A representative may serve part of the day and be replaced by successive representatives. The officers of election shall have discretion to permit up to three authorized representatives of each political party or independent candidate in a general or special election, or up to three authorized representatives of each candidate in a primary election, to remain in the room in which the election is being conducted. The officers shall permit one such representative for each pollbook station. However, no more than one such representative for each pollbook station or three representatives of any political party or independent candidate, whichever number is larger, shall be permitted in the room at any one time.

B. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. No candidate whose name is printed on the ballot shall serve as a representative of a party or candidate for purposes of this section.

Each representative shall present to the officers of election a written statement designating him to be a representative of the party or candidate that is signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. If the county or city chairman is unavailable to sign such a written designation, such a designation may be made by the

state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the county or city chairman. Such statement, bearing the chairman's or candidate's original signature, may be photocopied, and such photocopy shall be as valid as if the copy had been signed.

C. Authorized representatives shall be allowed, whether in a regular polling place or central absentee voter precinct, to be close enough to the voter check-in table to be able to hear and see what is occurring; however, such observation shall not violate the secret vote provision of Article II, Section 3 of the Constitution of Virginia or otherwise interfere with the orderly process of the election. Any representative who complains to the chief officer of election that he is unable to hear or see the process may accept the chief officer's decision or, if dissatisfied, he may immediately appeal the decision to the local electoral board or general registrar.

D. Authorized representatives shall be allowed, whether in a regular polling place or central absentee voter precinct, to use a handheld wireless communications device but shall not be allowed to use such a device to capture a digital image inside the polling place or central absentee voter precinct. The officers of election may prohibit the use of cellular telephones or other handheld wireless communications devices if such use will result in a violation of subsection A or C of § 24.2-604 or § 24.2-607.

E. Authorized representatives shall not be allowed in any case to provide assistance to any voter as permitted under § 24.2-649 or to wear any indication that they are authorized to assist voters either inside the polling place or within 40 feet of any entrance to the polling place.

F. The officers of election may require any person who is found by a majority of the officers present to be in violation of this section to remain outside of the prohibited area.

**§ 24.2-604.5. Polling places; presence of additional persons authorized.**

A. A local electoral board or general registrar may authorize in writing the presence in the polling place of additional neutral observers as may be deemed appropriate, except as otherwise prohibited or limited by the provisions of § 24.2-604. Such observers shall comply with the restrictions in subsections A and C of § 24.2-604 and shall not be allowed in any case to provide assistance to any voter as permitted under § 24.2-649 or to wear any indication that they are authorized to assist voters either inside the polling place or within 40 feet of any entrance to the polling place. The officers of election may require any person who is found by a majority of the officers present to be in violation of this subsection to remain outside of the prohibited area.

B. The officers of election shall permit representatives of the news media to visit and film or photograph inside the polling place for a reasonable and limited period of time while the polls are open. However, the media (i) shall comply with the restrictions in subsections A and C of § 24.2-604; (ii) shall not film or photograph any person who specifically asks the media representative at that time that he not be filmed or photographed; (iii) shall not film or photograph the voter or the ballot in such a way that divulges how any individual voter is voting; and (iv) shall not film or photograph the voter list or any other voter record or material at the precinct in such a way that it divulges the name or other information concerning any individual voter. Any interviews with voters, candidates, or other persons; live broadcasts; or taping of reporters' remarks shall be conducted outside of the polling place and the prohibited area. The officers of election may require any person who is found by a majority of the officers present to be in violation of this subsection to leave the polling place and the prohibited area.

**§ 24.2-604.6. Polling places; simulated election activities.**

Minors may be permitted to enter a polling place on the day of the election to vote in a simulated election at that polling place, provided that the local electoral board or general registrar has determined that such polling place can accommodate simulated election activities without interference or substantial delay in the orderly conduct of the official voting process. Persons supervising or working in a simulated election in which minors vote may remain within such polling place. The local electoral board or general registrar and the chief officer for the polling place shall exercise authority over, but shall have no responsibility for the administration of, simulated election related activities at the polling place.

**§ 24.2-649. Assistance for certain voters; penalties.**

A. Any voter age 65 or older or physically disabled may request and then shall be handed a printed ballot by an officer of election outside the polling place but within 150 feet of the entrance to the polling place. The voter shall mark the printed ballot in the officer's presence but in a secret manner and, obscuring his vote, return the ballot to the officer. The officer shall immediately return to the polling place and shall deposit a paper ballot in the ballot container in accordance with § 24.2-646 or a machine-readable ballot in the ballot scanner machine in accordance with the instructions of the State Board.

Any county or city that has acquired an electronic voting machine that is so constructed as to be easily portable may use the voting machine in lieu of a printed ballot for the voter requiring assistance pursuant to this subsection. However, the electronic voting machine may be used in lieu of a printed ballot only so long as: (i) the voting machine remains in the plain view of two officers of election

representing two political parties, or in a primary election, two officers of election representing the party conducting the primary, provided that if the use of two officers for this purpose would result in too few officers remaining in the polling place to meet legal requirements, the voting machine shall remain in plain view of one officer who shall be either the chief officer or the assistant chief officer and (ii) the voter casts his ballot in a secret manner unless the voter requests assistance pursuant to this section. After the voter has completed voting his ballot, the officer or officers shall immediately return the voting machine to its assigned location inside the polling place. The machine number, the time that the machine was removed and the time that it was returned, the number on the machine's public counter before the machine was removed and the number on the same counter when it was returned, and the name or names of the officer or officers who accompanied the machine shall be recorded on the statement of results.

B. Any qualified voter who requires assistance to vote by reason of physical disability or inability to read or write may, if he so requests, be assisted in voting. If he is blind, he may designate an officer of election or any other person to assist him. If he is unable to read and write or disabled for any cause other than blindness, he may designate an officer of election or some other person to assist him other than the voter's employer or agent of that employer, or officer or agent of the voter's union.

The officer of election or other person so designated shall not enter the booth with the voter unless (i) the voter signs a request stating that he requires assistance by reason of physical disability or inability to read or write and (ii) the officer of election or other person signs a statement that he is not the voter's employer or an agent of that employer, or an officer or agent of the voter's union, and that he will act in accordance with the requirements of this section. The request and statement shall be on a single form furnished by the State Board. If the voter is unable to sign the request, his own mark acknowledged by him before an officer of election shall be sufficient signature, provided no mark shall be required of a voter who is blind. An officer of election shall advise the voter and person assisting the voter of the requirements of this section and record the name of the voter and the name and address of the person assisting him.

The officer of election or other person so designated shall assist the qualified voter in the preparation of his ballot in accordance with his instructions and without soliciting his vote or in any manner attempting to influence his vote and shall not in any manner divulge or indicate, by signs or otherwise, how the voter voted on any office or question. If a printed ballot is used, the officer or other person so designated shall deposit the ballot in the ballot container in accordance with § 24.2-646 or in the ballot scanner machine in accordance with the instructions of the State Board.

C. If the voter requires assistance in a language other than English and has not designated a person to assist him, an officer of election, before he assists as interpreter, shall inquire of the representatives authorized to be present pursuant to ~~§ 24.2-604~~ § 24.2-604.4 whether they have a volunteer available who can interpret for the voter. One representative interpreter for each party or candidate, insofar as available, shall be permitted to observe the officer of election communicate with the voter. The voter may designate one of the volunteer party or candidate interpreters to provide assistance. A person so designated by the voter shall meet all the requirements of this section for a person providing assistance.

D. A person who willfully violates subsection B or C is guilty of a Class 1 misdemeanor. In addition, the provisions of § 24.2-1016 and its felony penalties for false statements shall be applicable to any request or statement signed pursuant to this section, and the provisions of §§ 24.2-704 and 24.2-1012 and the felony penalties for violations of the law related to providing assistance to absentee voters shall be applicable in such cases.

E. In any precinct in which an electronic voting machine is available that provides an audio ballot, the officers of election shall notify a voter requiring assistance pursuant to this section that such machine is available for him to use to vote in privacy without assistance and the officers of election shall instruct the voter on the use of the voting machine. Nothing in this section shall be construed to require a voter to use the machine unassisted.

A. The following registered voters may vote by absentee ballot in accordance with the provisions of this chapter in any election in which they are qualified to vote:

The State Board shall implement a system that enables eligible persons to request and receive an absentee ballot application electronically through the Internet. Electronic absentee ballot applications shall be in a form approved by the State Board.

Except as provided in § 24.2-703, a separate application shall be completed for each election in which the applicant offers to vote. An application for an absentee ballot may be accepted the later of (i) 12 months before an election or (ii) the day following any election held in the twelfth month prior to the election in which the applicant is applying to vote.

An application that is completed in person at the same time that the applicant registers to vote shall be held and processed no sooner than the fifth day after the date that the applicant registered to vote; however, this requirement shall not be applicable to any person who is qualified to vote absentee under subdivision A 2 of § 24.2-700.
