Offered January 8, 2020

Prefiled January 7, 2020

*A BILL to amend and reenact § 44-146.16 of the Code of Virginia, relating to Emergency Services and Disaster Law; definition of disaster; incidents involving cyber systems.*

Patrons—Hayes, Ayala and Samirah

Referred to Committee on Communications, Technology and Innovation

**Be it enacted by the General Assembly of Virginia:**

**1. That § 44-146.16 of the Code of Virginia is amended and reenacted as follows:**

**§ 44-146.16. Definitions.**

As used in this chapter, unless the context requires a different meaning:

"Communicable disease of public health threat" means an illness of public health significance, as determined by the State Health Commissioner in accordance with regulations of the Board of Health, caused by a specific or suspected infectious agent that may be reasonably expected or is known to be readily transmitted directly or indirectly from one individual to another and has been found to create a risk of death or significant injury or impairment; this definition shall not, however, be construed to include human immunodeficiency viruses or tuberculosis, unless used as a bioterrorism weapon. "Individual" shall include any companion animal. Further, whenever "person or persons" is used in Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of Title 32.1, it shall be deemed, when the context requires it, to include any individual;.

"Cyber incident" means an event occurring on or conducted through a computer network that actually or imminently jeopardizes the integrity, confidentiality, or availability of computers, information or communications systems or networks, physical or virtual infrastructure controlled by computers or information systems, or information resident thereon. "Cyber incident" includes a vulnerability in information systems, system security procedures, internal controls, or implementations that could be exploited by a threat source.

"Disaster" means (i) any man-made disaster, including any condition following an attack by any enemy or foreign nation upon the United States resulting in substantial damage of property or injury to persons in the United States ~~and may be~~ including by use of bombs, missiles, shell fire, or nuclear, radiological, chemical, or biological means or other weapons or by overt paramilitary actions; terrorism, foreign and domestic; ~~also~~ cyber incidents; and any industrial, nuclear, or transportation accident, explosion, conflagration, power failure, resources shortage, or other condition such as sabotage, oil spills, and other injurious environmental contaminations that threaten or cause damage to property, human suffering, hardship, or loss of life; and (ii) any natural disaster, including any hurricane, tornado, storm, flood, high water, wind-driven water, tidal wave, earthquake, drought, fire, communicable disease of public health threat, or other natural catastrophe resulting in damage, hardship, suffering, or possible loss of life;.

"Discharge" means spillage, leakage, pumping, pouring, seepage, emitting, dumping, emptying, injecting, escaping, leaching, fire, explosion, or other releases;.

"Emergency" means any occurrence, or threat thereof, whether natural or man-made, which results or may result in substantial injury or harm to the population or substantial damage to or loss of property or natural resources and may involve governmental action beyond that authorized or contemplated by existing law because governmental inaction for the period required to amend the law to meet the exigency would work immediate and irrevocable harm upon the citizens or the environment of the Commonwealth or some clearly defined portion or portions thereof;.

"Emergency services" means the preparation for and the carrying out of functions, other than functions for which military forces are primarily responsible, to prevent, minimize, and repair injury and damage resulting from disasters, together with all other activities necessary or incidental to the preparation for and carrying out of the foregoing functions. These functions include, without limitation, ~~fire-fighting~~ firefighting services, police services, medical and health services, rescue, engineering, warning services, communications, radiological, chemical, and other special weapons defense, evacuation of persons from stricken areas, emergency welfare services, emergency transportation, emergency resource management, existing or properly assigned functions of plant protection, temporary restoration of public utility services, and other functions related to civilian protection. These functions also include the administration of approved state and federal disaster recovery and assistance programs;.

"Hazard mitigation" means any action taken to reduce or eliminate the long-term risk to human life

59 and property from natural hazards;.

60 "Hazardous substances" means all materials or substances ~~which~~ *that* now or hereafter are designated,  
61 defined, or characterized as hazardous by law or regulation of the Commonwealth or regulation of the  
62 United States government;.

63 "Interjurisdictional agency for emergency management" is any organization established between  
64 contiguous political subdivisions to facilitate the cooperation and protection of the subdivisions in the  
65 work of disaster prevention, preparedness, response, and recovery;.

66 "Local emergency" means the condition declared by the local governing body when in its judgment  
67 the threat or actual occurrence of an emergency or disaster is or threatens to be of sufficient severity and  
68 magnitude to warrant coordinated local government action to prevent or alleviate the damage, loss,  
69 hardship, or suffering threatened or caused thereby; provided, however, that a local emergency arising  
70 wholly or substantially out of a resource shortage may be declared only by the Governor, upon petition  
71 of the local governing body, when he deems the threat or actual occurrence of such an emergency or  
72 disaster to be of sufficient severity and magnitude to warrant coordinated local government action to  
73 prevent or alleviate the damage, loss, hardship, or suffering threatened or caused thereby; *and* provided,  
74 however, nothing in this chapter shall be construed as prohibiting a local governing body from the  
75 prudent management of its water supply to prevent or manage a water shortage;.

76 "Local emergency management organization" means an organization created in accordance with the  
77 provisions of this chapter by local authority to perform local emergency service functions;.

78 "Major disaster" means any natural catastrophe, including any: hurricane, tornado, storm, high water,  
79 wind-driven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm,  
80 or drought, or regardless of cause, any fire, flood, or explosion, in any part of the United States, which,  
81 in the determination of the President of the United States is, or thereafter determined to be, of sufficient  
82 severity and magnitude to warrant major disaster assistance under the Stafford Act (P.L. 93-288 as  
83 amended) to supplement the efforts and available resources of states, local governments, and disaster  
84 relief organizations in alleviating the damage, loss, hardship, or suffering caused thereby and is so  
85 declared by him;.

86 "Political subdivision" means any city or county in the Commonwealth and, for the purposes of this  
87 chapter, the Town of Chincoteague and any town of more than 5,000 population that chooses to have an  
88 emergency management program separate from that of the county in which such town is located;.

89 "Resource shortage" means the absence, unavailability, or reduced supply of any raw or processed  
90 natural resource; or any commodities, goods, or services of any kind that bear a substantial relationship  
91 to the health, safety, welfare, and economic well-being of the citizens of the Commonwealth;.

92 "State of emergency" means the condition declared by the Governor when in his judgment; the threat  
93 or actual occurrence of an emergency or a disaster in any part of the Commonwealth is of sufficient  
94 severity and magnitude to warrant disaster assistance by the Commonwealth to supplement the efforts  
95 and available resources of the several localities; and relief organizations in preventing or alleviating the  
96 damage, loss, hardship, or suffering threatened or caused thereby and is so declared by him.
