59	tax rate	tax rate	tax rate
60	\$0.00050/kWh	\$0.000074/kWh \$0.000091/kWh	\$0.00018/kWh

61 4. The tax rates set forth in subdivisions 1, 2, and 3 are in lieu of and replace the state gross receipts
 62 tax (§ 58.1-2626), the special regulatory revenue tax (§ 58.1-2660), and the local license tax
 63 (§ 58.1-3731) levied on corporations furnishing heat, light or power by means of electricity.

64 5. The tax on consumers under this section shall not be imposed on consumers served by an electric
 65 utility owned or operated by a municipality if such municipal electric utility elects to have an amount
 66 equivalent to the tax added on the bill such utility (or an association or agency of which it is a member)
 67 pays for bundled or unbundled transmission service as a separate item. Such amount, equivalent to the
 68 tax, shall be calculated under the tax rate schedule as if the municipal electric utility were selling and
 69 collecting the tax from its consumers, adjusted to exclude the amount which represents the local
 70 consumption tax if the locality in which a consumer is located does not impose a license fee rate
 71 pursuant to § 58.1-3731, and shall be remitted to the Commission pursuant to § 58.1-2901. Municipal
 72 electric utilities may bundle the tax in the rates charged to their retail customers. Notwithstanding
 73 anything contained herein to the contrary, the election permitted under this subdivision shall not be
 74 exercised by any municipal electric utility if the entity to whom the municipal electric utility (or an
 75 association or agency of which it is a member) pays for transmission service is not subject to the taxing
 76 jurisdiction of the Commonwealth, unless such entity agrees to remit to the Commonwealth all amounts
 77 equivalent to the tax pursuant to § 58.1-2901.

78 6. The tax on consumers set forth in subdivisions 1, 2, and 3 shall only be imposed in accordance
 79 with this subdivision on consumers of electricity purchased from a utility consumer services cooperative
 80 to the extent that such cooperative purchases, for the purpose of resale within the Commonwealth,
 81 electricity from a federal entity that made payments in accordance with federal law (i) in lieu of taxes
 82 during such taxable period to the Commonwealth and (ii) on the basis of such federal entity's gross
 83 proceeds resulting from the sale of such electricity. Such tax shall instead be calculated by deducting
 84 from each of the respective tax amounts calculated in accordance with subdivisions 1, 2, and 3 an
 85 amount equal to the calculated tax amount multiplied by the ratio of the total cost of power supplied by
 86 the federal entity, including facilities rental, during the taxable period to the utility consumer services
 87 cooperative's total operating revenue within the Commonwealth during the taxable period. The State
 88 Corporation Commission may audit the records and books of any utility consumer services cooperative
 89 that determines the tax on consumers in accordance with this subdivision to verify that the tax imposed
 90 has been correctly determined and properly remitted.

91 B. The tax authorized by this chapter shall not apply to municipalities' own use or to use by
 92 divisions or agencies of federal, state and local governments.

93 C. For purposes of this section, "kilowatt hours delivered" ~~shall mean~~ means in the case of eligible
 94 customer-generators, as defined in § 56-594, those kilowatt hours supplied from the electric grid to such
 95 customer-generators, minus the kilowatt hours generated and fed back to the electric grid by such
 96 customer-generators.

 101 cubic feet (CCF) delivered by the pipeline distribution company or gas utility and used per month. Each
 102 consumer of natural gas in the Commonwealth shall pay tax on the consumption of all natural gas
 103 consumed per month not in excess of 500 CCF at the following rates: (i) state consumption tax rate of
 104 \$0.0135 per CCF, (ii) local consumption tax rate of \$0.004 per CCF, and (iii) a special regulatory tax
 105 rate of up to ~~\$0.002~~ \$0.0026 per CCF.

106 B. The tax rates set forth in subsection A are in lieu of and replace the state gross receipts tax
 107 pursuant to § 58.1-2626, the special regulatory revenue tax pursuant to § 58.1-2660, and the local license
 108 tax pursuant to § 58.1-3731 levied on corporations furnishing heat, light or power by means of natural
