59 such a report by the court, the judge shall assign the report to a local department that is not the  
60 employer of the suspected employee for investigation or family assessment. The judge may consult with  
61 the Department in selecting a local department to respond to the report or the complaint.

62 If the information is received by a teacher, staff member, resident, intern or nurse in the course of  
63 professional services in a hospital, school or similar institution, such person may, in place of said report,  
64 immediately notify the person in charge of the institution or department, or his designee, who shall  
65 make such report forthwith. If the initial report of suspected abuse or neglect is made to the person in  
66 charge of the institution or department, or his designee, pursuant to this subsection, such person shall  
67 notify the teacher, staff member, resident, intern or nurse who made the initial report when the report of  
68 suspected child abuse or neglect is made to the local department or to the Department's toll-free child  
69 abuse and neglect hotline, and of the name of the individual receiving the report, and shall forward any  
70 communication resulting from the report, including any information about any actions taken regarding  
71 the report, to the person who made the initial report.

72 The initial report may be an oral report but such report shall be reduced to writing by the child  
73 abuse coordinator of the local department on a form prescribed by the Board. Any person required to  
74 make the report pursuant to this subsection shall disclose all information that is the basis for his  
75 suspicion of abuse or neglect of the child and, upon request, shall make available to the child-protective  
76 services coordinator and the local department, which is the agency of jurisdiction, any information,  
77 records, or reports that document the basis for the report. All persons required by this subsection to  
78 report suspected abuse or neglect who maintain a record of a child who is the subject of such a report  
79 shall cooperate with the investigating agency and shall make related information, records and reports  
80 available to the investigating agency unless such disclosure violates the federal Family Educational  
81 Rights and Privacy Act (20 U.S.C. § 1232g). Provision of such information, records, and reports by a  
82 health care provider shall not be prohibited by § 8.01-399. Criminal investigative reports received from  
83 law-enforcement agencies shall not be further disseminated by the investigating agency nor shall they be  
84 subject to public disclosure.

85 B. For purposes of subsection A, "reason to suspect that a child is abused or neglected" shall, due to  
86 the special medical needs of infants affected by substance exposure, include (i) a finding made by a  
87 health care provider within six weeks of the birth of a child that the child was born affected by  
88 substance abuse or experiencing withdrawal symptoms resulting from in utero drug exposure; (ii) a  
89 diagnosis made by a health care provider within four years following a child's birth that the child has an  
90 illness, disease, or condition that, to a reasonable degree of medical certainty, is attributable to maternal  
91 abuse of a controlled substance during pregnancy; or (iii) a diagnosis made by a health care provider  
92 within four years following a child's birth that the child has a fetal alcohol spectrum disorder attributable  
93 to in utero exposure to alcohol. When "reason to suspect" is based upon this subsection, such fact shall  
94 be included in the report along with the facts relied upon by the person making the report. Such reports  
95 shall not constitute a per se finding of child abuse or neglect. If a health care provider in a licensed  
96 hospital makes any finding or diagnosis set forth in clause (i), (ii), or (iii), the hospital shall require the  
97 development of a written discharge plan under protocols established by the hospital pursuant to  
98 subdivision B 6 of § 32.1-127.

99 C. Any person who makes a report or provides records or information pursuant to subsection A or  
100 who testifies in any judicial proceeding arising from such report, records, or information shall be  
101 immune from any civil or criminal liability or administrative penalty or sanction on account of such  
102 report, records, information, or testimony, unless such person acted in bad faith or with malicious  
103 purpose.

104 D. Any person required to file a report pursuant to this section who fails to do so as soon as  
105 possible, but not longer than 24 hours after having reason to suspect a reportable offense of child abuse  
106 or neglect, shall be fined not more than \$500 for the first failure and for any subsequent failures not less  
107 than \$1,000. In cases evidencing acts of rape, sodomy, or object sexual penetration as defined in Article  
108 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, a person who knowingly and intentionally fails to make  
109 the report required pursuant to this section shall be guilty of a Class 1 misdemeanor.

110 E. No person shall be required to make a report pursuant to this section if the person has actual  
111 knowledge that the same matter has already been reported to the local department or the Department's  
112 toll-free child abuse and neglect hotline.
