A. The Board shall have the power and duty to monitor and, where necessary, approve actions taken by the Department of Rail and Public Transportation pursuant to Article 5 (§ 33.2-281 et seq.) in order to ensure the efficient and economical development of public transportation, the enhancement of rail transportation, and the coordination of such rail and public transportation plans with highway programs.

C. The purpose of the Authority shall be to promote, sustain, and expand the availability of passenger and commuter rail service in the Commonwealth and to increase ridership of such service by connecting population centers with passenger and commuter rail service and increasing availability of such service.

§ 33.2-291. Local authorities subordinate to Authority.

Any conflict between any authority granted to localities or other entities of the Commonwealth, other than the Transportation Board and the Department, with respect to the ownership or use of rail facilities or the provision of passenger rail service, or the exercise of that authority, and the exercise of the authority granted by the Board under this article shall be resolved in favor of the exercise of such authority by the Board. 566 20. Undertake all actions necessary and convenient to carry out the powers granted herein.

567 B. Notwithstanding the provisions of this section, the Authority shall not directly operate any
568 passenger, commuter, or other rail service.

569 **§ 33.2-293. Acquisition, possession, and disposition of rail facilities; eminent domain.**

570 A. The Authority shall have the right to acquire by purchase, lease, or grant rail facilities and other
571 lands, structures, property, both real and personal, tangible and intangible, rights, rights-of-way,
572 franchises, easements, and other interests therein, whether located within or not within the geographic
573 boundaries of the Commonwealth, for the construction, operation, maintenance, and use of rail facilities.

574 B. The Authority shall have the right to hold and dispose of rail facilities and other lands, structures,
575 property, both real and personal, tangible and intangible, rights, rights-of-way, franchises, easements,
576 and other interests therein in the exercise of its powers and the performance of its duties under this
577 article, including but not limited to the sale, exchange, lease, mortgage, or pledge of such property or
578 interest therein, provided that any such disposition that involves property or interests with a fair market
579 value in excess of \$5 million shall require the consent of the Transportation Board.

580 C. The Commonwealth and any agencies or political subdivisions thereof may provide services,
581 donate, lease, sell, convey, or otherwise transfer, with or without consideration or for minimal
582 consideration, real or personal property and make appropriations to the Authority for the design,
583 acquisition, construction, equipping, maintenance, and operation of rail facilities and may issue bonds in
584 the manner provided in the Public Finance Act (§ 15.2-2600 et seq.) or in its municipal charter for the
585 purpose of providing funds to be appropriated to the Authority; the Authority may agree to assume, or
586 reimburse such a political subdivision for, any indebtedness incurred by such political subdivision with
587 respect to facilities conveyed by it to the Authority.

588 D. The Authority is authorized to acquire by the exercise of the power of eminent domain any lands,
589 property rights, rights-of-way, franchises, easements, and other property, including public lands, parks,
590 playgrounds, reservations, highways, or parkways, or parts thereof or rights therein, of any person,
591 partnership, association, railroad, public service, public utility, or other corporation, or of any
592 municipality, county, or other political subdivision, deemed necessary or convenient for the construction
593 or the efficient operation of rail facilities or necessary in the restoration, replacement, or relocation of
594 public or private property damaged or destroyed whenever a reasonable price cannot be agreed upon
595 with the governing body of such municipality, county, or other political subdivision as to such property
596 owned by it or whenever the Authority cannot agree on the terms of purchase or settlement with the
597 other owners because of the incapacity of such owners, because of the inability to agree on the
598 compensation to be paid or other terms of settlement or purchase, or because such owners are
599 nonresidents of the Commonwealth, are unknown, or are unable to convey valid title to such property.
600 Such proceedings shall be in accordance with and subject to the provisions of any and all laws of the
601 Commonwealth applicable to the exercise of the power of eminent domain and subject to the provisions
602 of Chapter 2 (§ 25.1-200 et seq.) of Title 25.1. Title to any property condemned by the Authority shall
603 immediately vest in the Authority, and the Authority shall be entitled to the immediate possession of such
604 property upon the deposit with the clerk of the court in which such condemnation proceedings are
605 originated of the total amount of the appraised price of the property and court costs and fees as
606 provided by law, notwithstanding that any of the parties to such proceedings may appeal from any
607 decision in such condemnation proceedings. Whenever the Authority makes such deposit in connection
608 with any condemnation proceedings, the making of such deposit shall not preclude the Authority from
609 appealing any decision rendered in such proceedings. Upon the deposit with the clerk of the court of the
610 appraised price, any person entitled thereto may, upon petition to the court, be paid his or their pro
611 rata share of 100 percent of such appraised price. The acceptance of such payment shall not preclude
612 such person from appealing any decision rendered in such proceedings. If the appraisal is greater or
613 less than the amount finally determined by the decision in such proceedings or by an appeal, the

amount of the increase or decrease shall be paid or refunded to the Authority.

E. The acquisition of any such property by condemnation or by the exercise of the power of eminent domain for the purposes provided herein shall be and is declared to be a public use of such property.

F. For purposes of this section, the terms "appraised price" and "appraisal" mean the value determined by two competent real estate appraisers appointed by the Authority for such purposes.

§ 33.2-294. Issuance of bonds.

A. The Authority may issue bonds from time to time in its discretion, for any of its purposes, including the payment of all or any part of the cost of rail facilities. Notwithstanding the foregoing, any bonds issued to pay for the initial funding of capital expenditures shall be limited to financing capital expenditures submitted for approval by the Transportation Board as set forth in § 33.2-298.

B. The Authority may issue refunding bonds for the purpose of refunding any bonds then outstanding that shall have been issued under the provisions of this article, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date fixed for redemption of such bonds. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the Authority in respect of the same shall be governed by the provisions of this article insofar as the same may be applicable.

C. The bonds of each issue shall be dated such date as may be determined by the Authority; shall bear interest at such rate or rates as shall be fixed by the Authority, or as may be determined in such manner as the Authority may provide, including the determination by agents designated by the Authority under guidelines established by the Authority; shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the Authority; and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds.

D. The Authority shall determine the form of the bonds and manner of execution of the bonds and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or outside the Commonwealth. The bonds shall be signed by the chairman or vice-chairman of the Authority or, if so authorized by the Authority, shall bear his facsimile signature and the official seal of the Authority, or, if so authorized by the Authority, a facsimile thereof shall be impressed or imprinted thereon and attested by the secretary or any assistant secretary of the Authority, or, if so authorized by the Authority, with the facsimile signature of such secretary or assistant secretary. Any coupons attached to bonds issued by the Authority shall bear the signature of the chairman or vice-chairman of the Authority or a facsimile thereof. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery, and any bonds may bear the facsimile signature of, or may be signed by, such persons as at the actual time of the execution of such bonds shall be the proper officers to sign such bonds although at the date of such bonds such persons may not have been such officers.

E. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. Bonds issued in registered form may be issued under a system of book-entry for recording the ownership and transfer of ownership of rights to receive payment of principal of, and premium on, if any, and interest on such bonds. The Authority may contract for the services of one or more banks, trust companies, financial institutions, or other entities or persons, within or outside the Commonwealth for the authentication, registration, transfer, exchange, and payment of the bonds, or may provide such services itself. The Authority may sell such bonds in such manner, either at public or private sale, and for such price as it may determine will best effect the purposes of this article.

F. The proceeds of the bonds of each issue shall be used solely for the purposes, and in furtherance of the powers, of the Authority as may be provided in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same.

G. In addition to the above powers, the Authority shall have the authority to issue interim receipts or temporary bonds as provided in § 15.2-2616 and to execute and deliver new bonds in place of bonds mutilated, lost, or destroyed as provided in § 15.2-2621.

H. All expenses incurred in carrying out the provisions of this article shall be payable solely from funds available pursuant to the provisions of this article, and no liability shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided or received under the provisions of this article.

I. At the discretion of the Authority, any bonds issued under the provisions of this article may be secured by a trust indenture or agreement by and between the Authority and a corporate trustee, which

675 may be any trust company or bank having the powers of a trust company within or outside the
676 Commonwealth. Such trust indenture or agreement or the resolution providing for the issuance of such
677 bonds may pledge or assign the revenues to be received and provide for the mortgage of any rail
678 facilities or property or any part thereof. Such trust indenture or agreement or resolution providing for
679 the issuance of such bonds may contain such provisions for protecting and enforcing the rights and
680 remedies of the bondholders as may be reasonable and proper and not in violation of law, including
681 covenants providing for the repossession and sale by the Authority or any trustees under any trust
682 indenture or agreement of any rail facilities, or part thereof, upon any default under the lease or sale of
683 such rail facilities, setting forth the duties of the Authority in relation to the acquisition of property and
684 the planning, development, acquisition, construction, rehabilitation, establishment, improvement,
685 extension, enlargement, maintenance, repair, operation, and insurance of the rail facilities in connection
686 with which such bonds shall have been authorized; the amounts of rates, rents, fees, and other charges
687 to be charged; the collection of such rates, rents, fees, and other charges; the custody, safeguarding,
688 and application of all moneys; and conditions or limitations with respect to the issuance of additional
689 bonds. It is lawful for any national bank with its main office in the Commonwealth or any other state or
690 any bank or trust company incorporated under the laws of the Commonwealth or another state that may
691 act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to
692 pledge such securities as may be required by the Authority. Any such trust indenture or agreement or
693 resolution may set forth the rights of action by bondholders. In addition to the foregoing, any such trust
694 indenture or agreement or resolution may contain such other provisions as the Authority may deem
695 reasonable and proper for the security of the bondholders including, without limitation, provisions for
696 the assignment to a corporate trustee or escrow agent of any rights of the Authority in any project
697 owned by, or leases or sales of any rail facilities made by, the Authority. All expenses incurred in
698 carrying out the provisions of such trust indenture or agreement or resolution or other agreements
699 relating to any rail facilities, including those to which the Authority may not be a party, may be treated
700 as a part of the cost of the operation of the rail facilities.

701 J. No obligation of the Authority shall be deemed to constitute a debt, or pledge of the faith and
702 credit, of the Commonwealth or of any other political subdivision thereof but shall be payable solely
703 from the revenues and other funds of the Authority pledged thereto, excluding revenues provided from
704 the Commonwealth Rail Fund pursuant to § 33.2-1526.2. All such obligations shall contain on the face
705 thereof a statement to the effect that the Commonwealth, any political subdivision thereof, and the
706 Authority shall not be obligated to pay the same or the interest thereon except from revenues and other
707 funds of the Authority pledged thereto, and that neither the faith and credit nor the taxing power of the
708 Commonwealth or of any political subdivision thereof is pledged to the payment of the principal of or
709 the interest on such obligations.

710 K. Any bonds or refunding bonds issued under the provisions of this article and any transfer of such

I. Commonwealth of Virginia Federal Transportation Grant Anticipation Revenue Notes issued under the provisions of Article 4 (§ 33.2-1511 et seq.) of Chapter 15 and this chapter shall not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth, but such notes shall be payable solely, subject to their appropriation by the General Assembly, (i) first from the project-specific reimbursements pursuant to § 33.2-1520; (ii) then, at the discretion of the Board, to the extent required, from legally available revenues of the Transportation Trust Fund; and (iii) then from such other funds, if any, that are designated by the General Assembly for such purpose.

J. *Commonwealth of Virginia Interstate 81 Program Revenue Bonds issued under the provisions of this chapter shall not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth, but such bonds shall be payable solely from the funds provided*

1905 therefor pursuant to this chapter, subject to their appropriation by the General Assembly, from revenues
1906 received from the Interstate 81 Corridor Improvement Fund from deposits thereto pursuant to
1907 § 58.1-2299.20 derived from the receipt of the regional fuels tax levied pursuant to § 58.1-2295.1.

1908 K. Commonwealth of Virginia Passenger Rail Facilities Bonds issued under the provisions of this
1909 chapter shall not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and
1910 credit of the Commonwealth but such bonds shall be payable solely from the funds provided therefor (i)
1911 from tolls, rates, fees, and charges pursuant to this chapter; (ii) from bond proceeds or earnings
1912 thereon; and (iii) to the extent required, from other available sources of funds. All such bonds shall
1913 state on their face that the Commonwealth is not obligated to pay the same or the interest thereon
1914 except from revenues and funds identified in clauses (i) through (iv), and the full faith and credit of the
1915 Commonwealth are not pledged to the payment of the principal of and interest on such bonds. The
1916 issuance of such revenue bonds under the provisions of this chapter shall not directly or indirectly or
1917 contingently obligate the Commonwealth to levy or to pledge any form of taxation whatsoever or to
1918 make any appropriation for their payment, other than to appropriate available funds derived as
1919 revenues under clauses (i) and (iii) and from sources under clauses (ii) and (iv).

1920 **§ 33.2-1803. Approval by the responsible public entity.**

1921 A. The private entity may request approval by the responsible public entity. Any such request shall
1922 be accompanied by the following material and information unless waived by the responsible public
1923 entity in its guidelines or other instructions given, in writing, to the private entity with respect to the
1924 transportation facility or facilities that the private entity proposes to develop and/or operate as a
1925 qualifying transportation facility:

1926 1. A topographic map (1:2,000 or other appropriate scale) indicating the location of the transportation
1927 facility or facilities;

1928 2. A description of the transportation facility or facilities, including the conceptual design of such
1929 facility or facilities and all proposed interconnections with other transportation facilities;

1930 3. The proposed date for development and/or operation of the transportation facility or facilities along
1931 with an estimate of the life-cycle cost of the transportation facility as proposed;

1932 4. A statement setting forth the method by which the private entity proposes to secure any property
1933 interests required for the transportation facility or facilities;

1934 5. Information relating to the current transportation plans, if any, of each affected locality or public
1935 entity;

1936 6. A list of all permits and approvals required for developing and/or operating improvements to the
1937 transportation facility or facilities from local, state, or federal agencies and a projected schedule for
1938 obtaining such permits and approvals;

1939 7. A list of public utility's, locality's, or political subdivision's facilities, if any, that will be crossed
1940 by the transportation facility or facilities and a statement of the plans of the private entity to
1941 accommodate such crossings;

1942 8. A statement setting forth the private entity's general plans for developing and/or operating the
1943 transportation facility or facilities, including identification of any revenue, public or private, or proposed
1944 debt or equity investment or concession proposed by the private entity;

1945 9. The names and addresses of the persons who may be contacted for further information concerning
1946 the request;

1947 10. Information on how the private entity's proposal will address the needs identified in the
1948 appropriate state, regional, or local transportation plan by improving safety, reducing congestion,
1949 increasing capacity, enhancing economic efficiency, or any combination thereof;

1950 11. A statement of the risks, liabilities, and responsibilities to be transferred, assigned, or assumed by
1951 the private entity for the development and/or operation of the transportation facility, including revenue
1952 risk and operations and maintenance; and

1953 12. Such additional material and information as the responsible public entity may reasonably request
1954 pursuant to its guidelines or other written instructions.

1955 B. The responsible public entity may request proposals from private entities for the development
1956 and/or operation of transportation facilities subject to the following:

1957 1. For transportation facilities where the Department of Transportation, the Virginia Passenger Rail
1958 Authority, or the Department of Rail and Public Transportation is the responsible public entity, the
1959 Transportation Public-Private Partnership Steering Committee established pursuant to § 33.2-1803.2 has
1960 determined that moving forward with the development and/or operation of the facility pursuant to this
1961 article serves the best interest of the public.

1962 2. A finding of public interest pursuant to § 33.2-1803.1 has been issued by the responsible public
1963 entity.

1964 3. The responsible public entity shall not charge a fee to cover the costs of processing, reviewing,
1965 and evaluating proposals received in response to such requests.

1966 C. The responsible public entity may grant approval of the development and/or operation of the

transportation facility or facilities as a qualifying transportation facility if the responsible public entity determines that it is in the best interest of the public. The responsible public entity may determine that the development and/or operation of the transportation facility or facilities as a qualifying transportation facility serves the best interest of the public if:

1. The private entity can develop and/or operate the transportation facility or facilities with a public contribution amount that is less than the maximum public contribution determined pursuant to subsection A of § 33.2-1803.1:1 for transportation facilities where the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation is the responsible public entity;

2. There is a public need for the transportation facility or facilities the private entity proposes to develop and/or operate as a qualifying transportation facility and for transportation facilities where the Department of Transportation or the Department of Rail and Public Transportation is the responsible public entity, such facility or facilities meet a need included in the plan developed pursuant to § 33.2-353;

3. The plan for the development and/or operation of the transportation facility or facilities is anticipated to have significant benefits as determined pursuant to subdivision B 1 of § 33.2-1803.1;

4. The private entity's plans will result in the timely development and/or operation of the transportation facility or facilities or their more efficient operation; and

5. The risks, liabilities, and responsibilities transferred, assigned, or assumed by the private entity provide sufficient benefits to the public to not proceed with the development and/or operation of the transportation facility through other means of procurement available to the responsible public entity.

In evaluating any request, the responsible public entity may rely upon internal staff reports prepared by personnel familiar with the operation of similar facilities or the advice of outside advisors or consultants having relevant experience.

D. The responsible public entity shall not enter into a comprehensive agreement unless the chief executive officer of the responsible public entity certifies in writing to the Governor and the General Assembly that:

1. The finding of public interest issued pursuant to § 33.2-1803.1 is still valid;

2. The transfer, assignment, and assumption of risks, liabilities, and permitting responsibilities and the mitigation of revenue risk by the private sector have not materially changed since the finding of public interest was issued pursuant to § 33.2-1803.1; and

3. The public contribution requested by the private entity does not exceed the maximum public contribution determined pursuant to subsection A of § 33.2-1803.1:1.

Changes to the project scope that do not impact the assignment of risks or liabilities or the mitigation of revenue risk shall not be considered material changes to the finding of public interest, provided that such changes were presented in a public meeting to the Commonwealth Transportation Board, other state board, or the governing body of a locality, as appropriate.

E. The responsible public entity may charge a reasonable fee to cover the costs of processing, reviewing, and evaluating the request submitted by a private entity pursuant to subsection A, including reasonable attorney fees and fees for financial and other necessary advisors or consultants. The responsible public entity shall also develop guidelines that establish the process for the acceptance and review of a proposal from a private entity pursuant to subsections A, B, C, and D. Such guidelines shall establish a specific schedule for review of the proposal by the responsible public entity, a process for alteration of that schedule by the responsible public entity if it deems that changes are necessary because of the scope or complexity of proposals it receives, the process for receipt and review of competing proposals, and the type and amount of information that is necessary for adequate review of proposals in each stage of review. For qualifying transportation facilities that have approved or pending state and federal environmental clearances, have secured significant right-of-way, have previously allocated significant state or federal funding, or exhibit other circumstances that could reasonably reduce the amount of time to develop and/or operate the qualifying transportation facility in accordance with the purpose of this chapter, the guidelines shall provide for a prioritized documentation, review, and selection process.

F. The approval of the responsible public entity shall be subject to the private entity's entering into an interim agreement or a comprehensive agreement with the responsible public entity. For any project with an estimated construction cost of over \$50 million, the responsible public entity also shall require the private entity to pay the costs for an independent audit of any and all traffic and cost estimates associated with the private entity's proposal, as well as a review of all public costs and potential liabilities to which taxpayers could be exposed (including improvements to other transportation facilities that may be needed as a result of the proposal, failure by the private entity to reimburse the responsible public entity for services provided, and potential risk and liability in the event the private entity defaults on the comprehensive agreement or on bonds issued for the project). This independent audit shall be

2028 conducted by an independent consultant selected by the responsible public entity, and all such
2029 information from such review shall be fully disclosed.

2030 G. In connection with its approval of the development and/or operation of the transportation facility
2031 or facilities as a qualifying transportation facility, the responsible public entity shall establish a date for
2032 the acquisition of or the beginning of construction of or improvements to the qualifying transportation
2033 facility. The responsible public entity may extend such date.

2034 H. The responsible public entity shall take appropriate action, as more specifically set forth in its
2035 guidelines, to protect confidential and proprietary information provided by the private entity pursuant to
2036 an agreement under subdivision 11 of § 2.2-3705.6.

2037 I. The responsible public entity may also apply for, execute, and/or endorse applications submitted by
2038 private entities to obtain federal credit assistance for qualifying projects developed and/or operated
2039 pursuant to this chapter.

2040 **§ 33.2-1803.1. Finding of public interest.**

2041 A. Prior to the meeting of the Committee pursuant to subsection C of § 33.2-1803.2, the chief
2042 executive officer of the responsible public entity shall make a finding of public interest. Such finding
2043 shall include information set forth in subsection B. For transportation facilities where the Department of
2044 Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public
2045 Transportation is the responsible public entity, the Secretary of Transportation, in his role as chairman of
2046 the Board, must concur with the finding of public interest.

2047 B. At a minimum, a finding of public interest shall contain the following information:

2048 1. A description of the benefits expected to be realized by the responsible public entity through the
2049 development and/or operation of the transportation facility, including person throughput, congestion
2050 mitigation, safety, economic development, environmental quality, and land use.

2051 2. An analysis of the public contribution necessary for the development and/or operation of the
2052 facility or facilities pursuant to subsection A of § 33.2-1803.1:1, including a maximum public
2053 contribution that will be allowed under the procurement.

2054 3. A description of the benefits expected to be realized by the responsible public entity through the
2055 use of this chapter compared with the development and/or operation of the transportation facility through
2056 other options available to the responsible public entity.

2057 4. A statement of the risks, liabilities, and responsibilities to be transferred, assigned, or assumed by
2058 the private entity, which shall include the following:

2059 a. A discussion of whether revenue risk will be transferred to the private entity and the degree to
2060 which any such transfer may be mitigated through other provisions in the interim or comprehensive
2061 agreements;

2062 b. A description of the risks, liabilities, and responsibilities to be retained by the responsible public
2063 entity; and

2064 c. Other items determined appropriate by the responsible public entity in the guidelines for this
2065 chapter.

2066 5. The determination of whether the project has a high, medium, or low level of project delivery risk
2067 and a description of how such determination was made. If the qualifying transportation facility is
2068 determined to contain high risk, a description of how the public's interest will be protected through the
2069 transfer, assignment, or assumption of risks or responsibilities by the private entity in the event that
2070 issues arise with the development and/or operation of the qualifying transportation facility.

2071 6. If the responsible public entity proposes to enter into an interim or comprehensive agreement
2072 pursuant to subdivision 2 of § 33.2-1819, information and the rationale demonstrating that proceeding in
2073 this manner is more beneficial than proceeding pursuant to subdivision 1 of § 33.2-1819.

2074 **§ 33.2-1803.1:1. Public sector analysis and competition.**

2075 A. For any transportation facility under consideration for development and/or operation under this
2076 chapter by the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department
2077 of Rail and Public Transportation, the responsible public entity shall ensure competition throughout the
2078 procurement process by developing a public sector option based on the analysis conducted in subsection
2079 B. The public sector option shall identify a maximum public contribution.

2080 B. The responsible public entity shall undertake, in cooperation with the Secretary of Transportation
2081 and the Secretary of Finance, a public sector analysis of the cost for the responsible entity to develop
2082 and/or operate the transportation facility or facilities being considered for development and/or operation
2083 pursuant to this chapter. At a minimum, such analysis shall contain the following information:

2084 1. Any mitigation of risk of user-fee financing through assumptions related to competing facilities,
2085 compensation for high usage of the facility by high-occupancy vehicles, or other considerations that may
2086 mitigate the risk of user-fee financing.

2087 2. Whether the Department of Transportation, *the Virginia Passenger Rail Authority*, or the
2088 Department of Rail and Public Transportation intends to maintain and operate the facility, or if the
2089 public sector option is based on the transfer of such responsibilities to the private sector.

3. Public contribution, if any, that would still be required to cover all costs necessary for the development and/or operation of the transportation facility in excess of financing available should the General Assembly authorize the use of debt secured by a pledge of net revenues derived from rates, fees, or other charges and the full faith and credit of the Commonwealth pursuant to Article X, Section 9 (c) of the Constitution of Virginia.

4. Funds provided to support nonuser fee generating components of the project that contribute to the benefits expected to be realized from the transportation facility pursuant to subdivision B 1 of § 33.2-1803.1.

§ 33.2-1803.2. Transportation Public-Private Partnership Steering Committee.

A. There is hereby established the Transportation Public-Private Partnership Steering Committee (the Committee) to evaluate and review financing options for the development and/or operation of transportation facility or facilities.

The Committee shall consist of the following members:

1. Two members of the Commonwealth Transportation Board;

2. The staff director of the House Committee on Appropriations, or his designee, and the staff director of the Senate Committee on Finance, or his designee;

3. A Deputy Secretary of Transportation who shall serve as the chairman;

4. The chief financial officer of either the Department of Transportation or the Department of Rail and Public Transportation, as appropriate; and

5. A nonagency public financial expert, as selected by the Secretary of Transportation.

B. Prior to the initiation of any procurement pursuant to § 33.2-1803 by the Department of Transportation, the Virginia Passenger Rail Authority, or the Department of Rail and Public Transportation, the Committee shall meet to review the public sector analysis and competition developed pursuant to § 33.2-1803.1:1 and concur that:

1. The assumptions regarding the project scope, benefits, and costs of the public sector option developed pursuant to § 33.2-1803.1:1 were fully and reasonably developed;

2. The assumed financing costs and valuation of both financial and construction risk mitigation included in the public sector option are financially sound and reflect the best interest of the public; and

3. The terms sheet developed for the proposed procurement contains all necessary elements.

C. After receipt of responses to the request for qualifications, but prior to the issuance of the first draft request for proposals, the Committee shall meet to determine that the development and/or operation of the transportation facility or facilities as a qualifying transportation facility serves the public interest pursuant to § 33.2-1803.1. If the Committee makes an affirmative determination, as evidenced by an affirmative vote of a majority of the members of the Committee, the Department of Transportation or the Department of Rail and Public Transportation may proceed with the procurement pursuant to § 33.2-1803.

D. Meetings of the Committee shall be open to the public, and meetings will be scheduled on an as-needed basis. However, the Committee may convene a closed session pursuant to the provisions of subdivisions A 6 and 29 of § 2.2-3711 to allow the Committee to review the public sector analysis and competition and to review proposals received pursuant to a request for qualifications.

E. The Committee shall, within 10 business days of any meeting, report on the findings of such meeting. Such report shall be made to the Chairmen of the House and Senate Committees on Transportation, the House Committee on Appropriations, and the Senate Committee on Finance.

F. Within 60 days of the execution of a comprehensive agreement pursuant to § 33.2-1803, the Department of Transportation or the Department of Rail and Public Transportation, as appropriate, shall, in closed session, brief the Committee on the details of the final bids received and the details of the evaluation of such bids.

§ 33.2-1809. Interim agreement.

A. Prior to or in connection with the negotiation of the comprehensive agreement, the responsible public entity may enter into an interim agreement with the private entity proposing the development and/or operation of the facility or facilities. Such interim agreement may (i) permit the private entity to commence activities for which it may be compensated relating to the proposed qualifying transportation facility, including project planning and development, advance right-of-way acquisition, design and engineering, environmental analysis and mitigation, survey, conducting transportation and revenue studies, and ascertaining the availability of financing for the proposed facility or facilities; (ii) establish the process and timing of the negotiation of the comprehensive agreement; and (iii) contain any other provisions related to any aspect of the development and/or operation of a qualifying transportation facility that the parties may deem appropriate.

B. Notwithstanding any provision of this chapter to the contrary, a responsible public entity may enter in to an interim agreement with multiple private entities if the responsible public entity determines in writing that it is in the public interest to do so.

2151 C. The Department of Transportation, *the Virginia Passenger Rail Authority*, and the Department of
2152 Rail and Public Transportation shall not enter into an interim agreement for the development of a
2153 transportation facility under this chapter that either (i) establishes a process and timing of the
2154 negotiations of the comprehensive agreement or (ii) allows for competitive negotiations as set forth in
2155 § 2.2-4302.2.

2156 **§ 33.2-2300. U.S. Route 58 Corridor Development Fund.**

2157 There is hereby created in the Department of the Treasury a special nonreverting fund that shall be a
2158 part of the Transportation Trust Fund and that shall be known as the U.S. Route 58 Corridor
2159 Development Fund, referred to in this chapter as "the Fund," consisting of the first \$40 million of
2160 annual collections of the state recordation taxes imposed by Chapter 8 of Title 58.1, provided, however,
2161 that this dedication shall not affect the local recordation taxes under subsection B of § 58.1-802 and
2162 ~~§ 58.1-814 from the Commonwealth Transportation Fund pursuant to § 33.2-1524~~. The Fund shall also
2163 include such other funds as may be appropriated by the General Assembly and designated for the Fund
2164 and all interest, dividends, and appreciation that may accrue thereto. Any moneys remaining in the Fund
2165 at the end of a biennium shall not revert to the general fund, but shall remain in the Fund. Allocations
2166 from the Fund may be paid to any authority, locality, or commission for the purposes specified in
2167 § 33.2-2301.

2168 **§ 33.2-2301. U.S. Route 58 Corridor Development Program.**

2169 A. The General Assembly declares it to be in the public interest that the economic development
2170 needs and economic growth potential of south-central and Southwest Virginia be addressed by the Fund.
2171 Moneys contained in the Fund shall be used for the costs of providing an adequate, modern, safe, and
2172 efficient highway system, generally along Virginia's southern boundary (the Program), including
2173 environmental and engineering studies, rights-of-way acquisition, construction, improvements, and
2174 financing costs.

2175 B. Allocations from the Fund shall be made annually by the Commonwealth Transportation Board
2176 for the creation and enhancement of a safe, efficient highway system connecting the communities,
2177 businesses, places of employment, and residents of the southwestern-most portion of the Commonwealth
2178 to the communities, businesses, places of employment, and residents of the southeastern-most portion of
2179 the Commonwealth, thereby enhancing the economic development potential, employment opportunities,
2180 mobility, and quality along such highway.

2181 C. Allocations from the Fund shall not diminish or replace allocations made or planned to be made
2182 from other sources or diminish allocations to which any highway, project, facility, district, system, or
2183 locality would be entitled under other provisions of this title, but shall be supplemental to other
2184 allocations to the end that highway resource improvements in the U.S. Route 58 Corridor may be
2185 accelerated and augmented. Notwithstanding any contrary provisions of this title, allocations from the
2186 Fund may be applied to highway projects in the Interstate System, primary or secondary state highway
2187 system, or urban highway system. Allocations under this subsection shall not be limited to projects
2188 involving only existing U.S. Route 58 but may be made to projects involving other highways, provided
2189 that the broader goal of creation of an adequate modern highway system generally along Virginia's
2190 southern boundary is served thereby.

2191 D. The Commonwealth Transportation Board may expend such funds from all sources as may be
2192 lawfully available to initiate the Program and to support bonds and other obligations referenced in
2193 subsection F. Any moneys expended from the Transportation Trust Fund for the Program, other than
2194 moneys contained in the Fund, may be reimbursed from the Fund, to the extent permitted by Article X,
2195 Section 9 of the Constitution of Virginia.

2196 E. The Commonwealth Transportation Board is encouraged to utilize the existing four-lane divided
2197 highways, available rights-of-way acquired for additional four-laning, bypasses, connectors, and alternate
2198 routes.

2199 F. To the extent permitted by Article X, Section 9 of the Constitution of Virginia, moneys contained
2200 in the Fund may be used to secure payment of bonds or other obligations, and the interest thereon,
2201 issued in furtherance of the purposes of this section. In addition, the Commonwealth Transportation
2202 Board is authorized to receive, dedicate, or use legally available Transportation Trust Fund revenues and
2203 any other available sources of funds to secure the payment of bonds or other obligations, including
2204 interest thereon, in furtherance of the Program. No bond or other obligations payable from revenues of
2205 the Fund shall be issued unless specifically approved by the General Assembly. No bond or other
2206 obligations, secured in whole or in part by revenues of the Fund, shall pledge the full faith and credit of
2207 the Commonwealth.

2208 G. Forty million dollars shall be transferred annually to the Fund with the first such transfer to be
2209 made on July 1, 1990, or as soon thereafter as reasonably practicable. Such transfer shall be made by
2210 the issuance of a treasury loan at no interest in the amount of \$40 million to the Fund to ensure that the
2211 Fund is fully funded on the first day of the fiscal year. Such treasury loan shall be repaid from the
2212 Commonwealth's portion of the state recordation tax imposed by Chapter 8 (~~§ 58.1-800 et seq.~~) of Title

~~58.1 designated for the Fund by § 33.2-2300 Commonwealth Transportation Fund pursuant to subsection C of § 33.2-1524.~~ For each fiscal year following July 1, 1990, the Secretary of Finance is authorized to make additional treasury loans in the amount of \$40 million on July 1 of such fiscal years, and such treasury loans shall be repaid in a like manner as provided in this subsection.

§ 33.2-2400. Northern Virginia Transportation District Fund.

A. There is hereby created in the Department of the Treasury a special nonreverting fund that shall be a part of the Transportation Trust Fund and that shall be known as the Northern Virginia Transportation District Fund, referred to in this chapter as "the Fund," consisting of transfers pursuant to ~~§ 58.1-816 of annual collections of the state recordation taxes attributable to the Cities of Alexandria, Fairfax, Falls Church, Manassas, and Manassas Park and the Counties of Arlington, Fairfax, Loudoun, and Prince William; however, this dedication shall not affect the local recordation taxes under subsection B of § 58.1-802 and § 58.1-814~~ \$20 million from the Commonwealth Transportation Fund pursuant to subsection C of § 33.2-1524. The Fund shall also include any public rights-of-way use fees appropriated by the General Assembly; any state or local revenues, including any funds distributed pursuant to § 33.2-366, that may be deposited into the Fund pursuant to a contract between a jurisdiction participating in the Northern Virginia Transportation District Program and the Commonwealth Transportation Board; and any other funds as may be appropriated by the General Assembly and designated for the Fund and all interest, dividends, and appreciation that may accrue thereto. Any moneys remaining in the Fund at the end of a biennium shall not revert to the general fund, but shall remain in the Fund, subject to the determination by the Commonwealth Transportation Board that a Category 2, 3, or 4 project may be funded.

C. On or before July 15, 1994, \$19 million shall be transferred to the Fund. Such transfer shall be made by the issuance of a treasury loan at no interest in the amount of \$19 million in the event such an amount is not included for the Fund in the general appropriation act enacted by the 1994 Session of the General Assembly. Such treasury loan shall be repaid from the Commonwealth's portion of the state recordation tax imposed by Chapter 8 (~~§ 58.1-800 et seq.~~) of Title 58.1 designated for the Fund by this section and ~~§ 58.1-816 Commonwealth Transportation Fund pursuant to subsection C of § 33.2-1524.~~

D. Beginning in fiscal year 2019, \$20 million each year shall be transferred from the Fund to the Washington Metropolitan Area Transit Authority Capital Fund established pursuant to § 33.2-3401.

§ 33.2-2509. Northern Virginia Transportation Authority Fund.

There is hereby created in the state treasury a special nonreverting fund for Planning District 8 to be known as the Northern Virginia Transportation Authority Fund, referred to in this chapter as "the Fund." The amounts dedicated to the Fund pursuant to §§ 58.1-638 and 58.1-802.4 shall be deposited monthly by the Comptroller into the Fund and thereafter distributed to the Authority as soon as practicable for use in accordance with § 33.2-2510. If the Authority determines that such moneys distributed to it exceed the amount required to meet the current needs and demands to fund transportation projects pursuant to § 33.2-2510, the Authority may invest such excess moneys to the

2274 same extent as provided in subsection A of § 33.2-1525 for excess funds in the Transportation Trust
2275 Fund.

2276 **§ 33.2-3601. Interstate 81 Corridor Improvement Fund.**

2277 A. There is hereby created in the state treasury a special nonreverting fund to be known as the
2278 Interstate 81 Corridor Improvement Fund. The Fund shall be established on the books of the
2279 Comptroller. All revenues dedicated to the Fund pursuant to §§ ~~46.2-702.1:1, 58.1-2217.1, 33.2-372 and~~
2280 ~~58.1-2299.20, and 58.1-2701,~~ any other funds that may be appropriated by the General Assembly, and
2281 any funds that may be received for credit to the Fund from any other sources shall be paid into the state
2282 treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and
2283 be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal
2284 year shall not revert to the general fund but shall remain in the Fund.

2285 B. Moneys in the Fund shall be used only for capital, operating, and other improvement costs
2286 identified in the Plan.

2287 C. The amounts deposited into the Fund and the distribution and expenditure of such amounts shall
2288 not be used to calculate or reduce the share of federal, state, or local revenues otherwise available to
2289 jurisdictions along the Interstate 81 corridor. Further, such revenues and moneys shall not be included in
2290 any computation of, or formula for, a locality's ability to pay for public education, upon which
2291 appropriations of state revenues to local governments for public education are determined.

2292 **CHAPTER 7.**

2293 **HIGHWAY USE FEE AND MILEAGE-BASED USER FEE PROGRAM.**

2294 **§ 46.2-770. Definitions.**

2295 *As used in this chapter, unless the context requires a different meaning:*

2296 "Alternative fuel vehicle" means a vehicle that operates on a fuel that is not subject to the tax
2297 imposed pursuant to § 58.1-2217 and (i) is not subject to the tax imposed pursuant to § 58.1-2249, (ii)
2298 is not subject to the federal excise tax levied under § 4041 of the Internal Revenue Code, (iii) is a
2299 moped, or (iv) is not registered under the International Registration Plan.

2300 "Fuel-efficient vehicle" means a vehicle that has a combined miles per gallon rating, as determined
2301 by the U.S. Environmental Protection Agency, of 25 or greater.

2302 **§ 46.2-771. Purpose.**

2303 *The purpose of this chapter is to ensure more equitable contributions to the Commonwealth*
2304 *Transportation Fund from alternative fuel vehicles, electric vehicles, and fuel-efficient vehicles using*
2305 *highways in the Commonwealth.*

2306 **§ 46.2-772. Highway use fee.**

2307 A. Except as provided in subsection C, there is hereby imposed an annual highway use fee on any
2308 motor vehicle registered in the Commonwealth under § 46.2-694 or 46.2-697. The fee shall be collected
2309 by the Department at the time of vehicle registration. If the vehicle is registered for a period of other
2310 than one year as provided in § 46.2-646, the highway use fee shall be multiplied by the number of years
2311 or fraction thereof that the vehicle will be registered.

2312 B. For an electric motor vehicle as defined in § 58.1-2201, the highway use fee shall be 85 percent
2313 of the amount of tax paid under subsection A of § 58.1-2217 on fuel used by a vehicle with a combined
2314 fuel economy of 23.7 miles per gallon for the average number of miles traveled by a passenger vehicle
2315 in the Commonwealth. For all other motor vehicles, the highway use fee shall be 85 percent of the
2316 difference between the tax paid under Chapter 22 of Title 58.1 on the fuel used by a vehicle with a
2317 combined fuel economy equivalent to 23.7 miles per gallon for the average number of miles traveled by
2318 a passenger vehicle in the Commonwealth in a year and the tax paid under Chapter 22 of Title 58.1 on
2319 the fuel used by the vehicle being registered for the average number of miles traveled by a passenger
2320 vehicle in the Commonwealth in a year.

2321 *In calculating the fuel used by the vehicle being registered, the Commissioner shall use combined*
2322 *fuel economy as determined by the manufacturer of the vehicle. If the Commissioner is unable to obtain*
2323 *the manufacturer's fuel economy for a vehicle, then the Commissioner shall calculate fuel use based*
2324 *upon the average fuel economy, as determined by the U.S. Environmental Protection Agency, of (i) all*
2325 *trucks having the same model year as the vehicle being registered, if the vehicle has a gross weight*
2326 *between 6,000 pounds and 10,000 pounds, or (ii) all cars having the same model year as the vehicle. If*
2327 *data are not available for the model year of the vehicle being registered, then the Commissioner shall*
2328 *use data for the most recent model year for which data are available.*

2329 *The Commissioner shall update the fees calculated under this section July 1 of each year.*

2330 C. This section shall not apply to:

2331 1. An autocycle, moped, or motorcycle;

2332 2. A vehicle with a gross weight over 10,000 pounds;

2333 3. A vehicle that is otherwise exempt from paying the tax imposed pursuant to § 58.1-2217; or

2334 4. A vehicle that is registered under the International Registration Plan.

2335 A vehicle shall not be subject to the fee set forth in this section in any year in which such vehicle is

registered to participate in the mileage-based user fee program established pursuant to § 46.2-773.

§ 46.2-773. Mileage-based user fee program.

A. There is hereby established a mileage-based user fee program. The program shall be a voluntary program that allows owners of vehicles subject to the highway use fee pursuant to § 46.2-772 to pay a mileage-based fee in lieu of the highway use fee. No owner of a motor vehicle registered in the Commonwealth shall be required to participate in the program established pursuant to this section.

B. In any year that an owner pays the fee set forth in this section, such owner shall not be subject to the fee set forth in § 46.2-772 for the same vehicle. In no case shall the fees paid pursuant to this section during a 12-month period exceed the annual highway use fee that would have otherwise been paid.

C. The fee schedule for the mileage-based user fee program shall be calculated by dividing the amount of the highway use fee as determined pursuant to subsection B of § 46.2-770 by the average number of miles traveled by a passenger vehicle in the Commonwealth to determine a fee per mile driven.

D. The Department shall establish procedures for the collection of the fees set forth in this section. Such procedures may limit the total number of participants during the first four years of the program.

§ 46.2-774. Distribution of revenues.

All revenues collected pursuant to this chapter shall be deposited into the Commonwealth Transportation Fund established pursuant to § 33.2-1524.

§ 46.2-1507. Penalties.

Except as otherwise provided in this chapter, any person violating any of the provisions of this chapter may be assessed a civil penalty by the Board. No such civil penalty shall exceed \$1,000 for any single violation. Civil penalties collected under this chapter shall be deposited in the Commonwealth Transportation Trust Fund established pursuant to § 33.2-1524.

§ 46.2-1546. Registration of dealers; fees.

Every manufacturer, distributor, or dealer, before he commences to operate vehicles in his inventory for sale or resale, shall apply to the Commissioner for a dealer's certificate of vehicle registration and license plates. For the purposes of this article, a vehicle is in inventory when it is owned by or assigned to a dealer and is offered and available for sale or resale. All dealer's certificates of vehicle registration and license plates issued under this section may, at the discretion of the Commissioner, be placed in a system of staggered issue to distribute the work of issuing vehicle registration certificates and license plates as uniformly as practicable throughout the year. Dealerships which sold fewer than ~~twenty-five~~ 25 vehicles during the last ~~twelve~~ 12 months of the preceding license year shall be eligible to receive no more than two dealer's license plates; dealerships which sold at least ~~twenty-five~~ 25 but fewer than ~~fifty~~ 50 vehicles during the last ~~twelve~~ 12 months of the preceding license year shall be eligible to receive no more than four dealer's license plates. However, dealerships ~~which~~ that sold ~~fifty~~ 50 or more vehicles during their current license year may apply for additional license plates not to exceed four times the number of licensed salespersons employed by that dealership. Dealerships ~~which~~ that sold ~~fifty~~ 50 or more vehicles during the last ~~twelve~~ 12 months of the preceding license year shall be eligible to receive a number of dealer's license plates not to exceed four times the number of licensed salespersons employed by that dealership. A new applicant for a dealership shall be eligible to receive a number of dealer's license plates not to exceed four times the number of licensed salespersons employed by that dealership. For the purposes of this article, a salesperson or employee shall be considered to be employed only if he (i) works for the dealership at least ~~twenty-five~~ 25 hours each week on a regular basis and (ii) is compensated for this work. All salespersons' or employees' employment records shall be retained in accordance with the provisions of § 46.2-1529. A salesperson shall not be considered employed, within the meaning of this section, if he is an independent contractor as defined by the United States Internal Revenue Code. The fee for the issuance of dealer's license plates shall be determined by the Board, but not more than \$30 per license plate; however, the fee for the first two dealer's plates shall not be less than ~~twenty-four dollars~~ \$24 and the fee for additional dealer's license plates shall not be less than ~~ten dollars and forty cents~~ \$10.40 each. For the first two dealer's license plates issued by the Department to a dealer, ~~twenty-four dollars~~ \$24 shall be deposited into the Commonwealth Transportation Trust Fund established pursuant to § 33.2-1524 and the remainder shall be deposited into the Motor Vehicle Dealer Fund. For each additional dealer's license plate issued to a dealer, ~~ten dollars and forty cents~~ \$10.40 shall be deposited into the Transportation Trust Fund and the remainder shall be deposited into the Motor Vehicle Dealer Fund.

§ 46.2-1573. Hearings and other remedies; civil penalties.

A. In every case of a hearing before the Commissioner authorized under this article, the Commissioner shall give reasonable notice of each hearing to all interested parties, and the Commissioner's decision shall be binding on the parties, subject to the rights of judicial review and appeal as provided in Chapter 40 (§ 2.2-4000 et seq.) of Title 2.2. In every case of a hearing before the

2397 Commissioner authorized under this article based on a request or petition of a motor vehicle dealer, the
2398 manufacturer, factory branch, distributor, or distributor branch shall have the burden of proving by a
2399 preponderance of the evidence that the manufacturer, factory branch, distributor, or distributor branch
2400 has good cause to take the action or actions for which the dealer has filed the petition for a hearing or
2401 that such actions are reasonable if required under the relevant provision.

2402 B. The hearing process before the Commissioner under this article shall commence within 90 days of
2403 the request for a hearing by prehearing conference between the hearing officer and the parties in person,
2404 by telephone, or by other electronic means designated by the Commissioner. The hearing officer will set
2405 the hearing on a date or dates consistent with the rights of due process of the parties. The
2406 Commissioner's decision shall be rendered within 60 days from the receipt of the hearing officer's
2407 recommendation. Hearings authorized under this article shall be presided over by a hearing officer
2408 selected from a list prepared by the Executive Secretary of the Supreme Court of Virginia within 60
2409 days following the request for a hearing. Reasonable efforts shall be made to ensure that a hearing
2410 officer shall have at least five years of experience as a hearing officer in administrative hearings in the
2411 Commonwealth, shall have telephone and email capability, and shall be an active member of the
2412 Virginia State Bar. On request of the Commissioner, the Executive Secretary will name a hearing officer
2413 from the list, selected on a rotation system administered by the Executive Secretary. The hearing officer
2414 shall provide recommendations to the Commissioner within 90 days of the conclusion of the hearing.

2415 C. Notwithstanding any contrary provision of this article, the Commissioner shall initiate
2416 investigations, conduct hearings, and determine the rights of parties under this article whenever he is
2417 provided information by the Motor Vehicle Dealer Board or any other person indicating a possible
2418 violation of any provision of this article. The Commissioner shall issue a response to the Motor Vehicle
2419 Dealer Board or person reporting the alleged violation and any other party to the investigation providing
2420 an explanation of action taken under this section and the reason for such action.

2421 D. For purposes of any matter brought to the Commissioner under subdivisions 3, 4, 5, 6 and 7b of
2422 § 46.2-1569 with respect to which the Commissioner is to determine whether there is good cause for a
2423 proposed action or whether it would be unreasonable under the circumstances, the Commissioner shall
2424 consider:

- 2425 1. The volume of the affected dealer's business in the relevant market area;
- 2426 2. The nature and extent of the dealer's investment in its business;
- 2427 3. The adequacy of the dealer's capitalization to the franchisor's standards and the adequacy of the
2428 dealer's facilities, equipment, parts, supplies, and personnel;
- 2429 4. The effect of the proposed action on the community;
- 2430 5. The extent and quality of the dealer's service under motor vehicle warranties;
- 2431 6. The dealer's performance under the terms of its franchise;
- 2432 7. Other economic and geographical factors reasonably associated with the proposed action; and
- 2433 8. The recommendations, if any, from a three-member panel composed of members of the Board
2434 who are franchised dealers not of the same line-make involved in the hearing and who are appointed to
2435 the panel by the Commissioner.

2436 E. An interested party in a hearing held pursuant to subsection A of this section shall comply with
2437 the effective date of compliance established by the Commissioner in his decision in such hearing, unless
2438 a stay or extension of such date is granted by the Commissioner or the Commissioner's decision is under
2439 judicial review and appeal as provided in subsection A of this section. If, after notice to such interested
2440 party and an opportunity to comment, the Commissioner finds an interested party has not complied with
2441 his decision by the designated date of compliance, unless a stay or extension of such date has been
2442 granted by the Commissioner or the Commissioner's decision is under judicial review and appeal, the
2443 Commissioner may assess such interested party a civil penalty not to exceed \$1,000 per day of
2444 noncompliance. Civil penalties collected under this subsection shall be deposited into the *Commonwealth*
2445 *Transportation Trust Fund* established pursuant to § 33.2-1524.

2446 F. During the hearing process, parties may obtain documents and materials by discovery pursuant to
2447 Rules 4:9 and 4:9A of the Supreme Court of Virginia. The parties shall exchange reports of experts,
2448 which shall meet the standard of Rule 4:1 of the Supreme Court of Virginia, at times to be established
2449 by the hearing officer. The parties may utilize any other form of discovery provided under the Rules of
2450 Supreme Court of Virginia if allowed by the hearing officer based on good cause shown. For discovery
2451 permitted under the Rules of Supreme Court of Virginia, a party may object to the discovery sought or
2452 seek to limit the discovery sought on any grounds permitted by the Rules or applicable law.

2453 **§ 58.1-608.3. Entitlement to certain sales tax revenues.**

2454 A. As used in this section, the following words and terms have the following meanings, unless some
2455 other meaning is plainly intended:

2456 "Bonds" means any obligations of a municipality for the payment of money.

2457 "Cost," as applied to any public facility or to extensions or additions to any public facility, includes:

- 2458 (i) the purchase price of any public facility acquired by the municipality or the cost of acquiring all of

the capital stock of the corporation owning the public facility and the amount to be paid to discharge any obligations in order to vest title to the public facility or any part of it in the municipality; (ii) expenses incident to determining the feasibility or practicability of the public facility; (iii) the cost of plans and specifications, surveys and estimates of costs and of revenues; (iv) the cost of all land, property, rights, easements and franchises acquired; (v) the cost of improvements, property or equipment; (vi) the cost of engineering, legal and other professional services; (vii) the cost of construction or reconstruction; (viii) the cost of all labor, materials, machinery and equipment; (ix) financing charges; (x) interest before and during construction and for up to one year after completion of construction; (xi) start-up costs and operating capital; (xii) payments by a municipality of its share of the cost of any multijurisdictional public facility; (xiii) administrative expense; (xiv) any amounts to be deposited to reserve or replacement funds; and (xv) other expenses as may be necessary or incident to the financing of the public facility. Any obligation or expense incurred by the public facility in connection with any of the foregoing items of cost may be regarded as a part of the cost.

"Municipality" means any county, city, town, authority, commission, or other public entity.

"Public facility" means (i) any auditorium, coliseum, convention center, or conference center, which is owned by a Virginia county, city, town, authority, or other public entity and where exhibits, meetings, conferences, conventions, seminars, or similar public events may be conducted; (ii) any hotel which is owned by a foundation whose sole purpose is to benefit a baccalaureate public institution of higher education in the Commonwealth and which is attached to and is an integral part of such facility, together with any lands reasonably necessary for the conduct of the operation of such events; (iii) any hotel which is attached to and is an integral part of such facility; (iv) any hotel that is adjacent to a convention center owned by a public entity and where the hotel owner enters into a public-private partnership whereby the locality contributes infrastructure, real property, or conference space; or (v) a sports complex consisting of a minor league baseball stadium and related tournament, training, and parking facilities, where a municipality owns a component of the sports complex. However, such public facility must be located in the City of Fredericksburg, City of Hampton, City of Lynchburg, City of Newport News, City of Norfolk, City of Portsmouth, City of Richmond, City of Roanoke, City of Salem, City of Staunton, City of Suffolk, City of Virginia Beach, City of Winchester, or Town of Wise. Any property, real, personal, or mixed, which is necessary or desirable in connection with any such auditorium, coliseum, convention center, sports complex, or conference center, including, without limitation, facilities for food preparation and serving, parking facilities, and office space, is encompassed within this definition. However, structures commonly referred to as "shopping centers" or "malls" shall not constitute a public facility hereunder. A public facility shall not include residential condominiums, townhomes, or other residential units. In addition, only a new public facility, or a public facility which will undergo a substantial and significant renovation or expansion, shall be eligible under subsection C. A new public facility is one whose construction began after December 31, 1991. A substantial and significant renovation entails a project whose cost is at least 50 percent of the original cost of the facility being renovated and shall have begun after December 31, 1991. A substantial and significant expansion entails an increase in floor space of at least 50 percent over that existing in the preexisting facility and shall have begun after December 31, 1991; or an increase in floor space of at least 10 percent over that existing in a public facility that qualified as such under this section and was constructed after December 31, 1991.

"Sales tax revenues" means such tax collections realized under the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.), as limited herein. "Sales tax revenues" does not include the revenue generated by (i) the 0.5 percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly which shall be paid to the *Commonwealth Transportation Trust Fund* as defined in established pursuant to § 33.2-1524, (ii) the 1.0 percent of the state sales and use tax revenue distributed among the counties and cities of the Commonwealth pursuant to subsection D of § 58.1-638 on the basis of school age population, or (iii) any sales and use tax revenues generated by increases or allocation changes imposed by the 2013 Session of the General Assembly.

B. Notwithstanding the definition of "public facility" in subsection A, a development project that meets the requirements for a "development of regional impact" set forth herein shall be deemed to be a public facility under the provisions of this section. The locality in which the public facility is located shall be entitled to all sales tax revenues generated by transactions taking place at such public facility solely to pay the cost of any bonds issued to pay the cost, or portion thereof, of such public facility pursuant to subsection C. For purposes of this subsection, the development of regional impact must be located in the City of Bristol.

For purposes of this subsection, a "development of regional impact" means a development project (i) towards which the locality contributes infrastructure or real property as part of a public-private partnership with the developer that is equal to at least 20 percent of the aggregate cost of development, (ii) that is reasonably expected to require a capital investment of at least \$50 million, (iii) that is

2520 reasonably expected to generate at least \$5 million annually in state sales and use tax revenue from sales
2521 within the development, (iv) that is reasonably expected to attract at least one million visitors annually,
2522 (v) that is reasonably expected to create at least 2,000 permanent jobs, (vi) that is located in a locality
2523 that had a rate of unemployment at least three percentage points higher than the statewide average in
2524 November 2011, and (vii) that is located in a locality that is adjacent to a state that has adopted a
2525 Border Region Retail Tourism Development District Act. Within 30 days from the date of notification
2526 by a locality that it intends to contribute infrastructure or real property as part of a public-private
2527 partnership with the developer of a development of regional impact, the Department of Taxation shall
2528 review the findings of the locality with respect to clauses (i) through (vi) and shall file a written report
2529 with the Chairmen of the House Committee on Finance, the House Committee on Appropriations, and
2530 the Senate Committee on Finance.

2531 C. Any municipality which has issued bonds (i) after December 31, 1991, but before January 1,
2532 1996, (ii) on or after January 1, 1998, but before July 1, 1999, (iii) on or after January 1, 1999, but
2533 before July 1, 2001, (iv) on or after July 1, 2000, but before July 1, 2003, (v) on or after July 1, 2001,
2534 but before July 1, 2005, (vi) on or after July 1, 2004, but before July 1, 2007, (vii) on or after July 1,
2535 2009, but before July 1, 2012, (viii) on or after January 1, 2011, but prior to July 1, 2015, or (ix) on or
2536 after January 1, 2013, but prior to July 1, 2020, to pay the cost, or portion thereof, of any public facility
2537 shall be entitled to all sales tax revenues generated by transactions taking place in such public facility.
2538 In the case of a public facility described in clause (v) of the definition of public facility, all such sales
2539 tax revenues shall be applied solely to repayment of the bonds issued to pay the cost, or portion thereof,
2540 of the municipality-owned component of the sports complex. Such entitlement shall continue for the
2541 lifetime of such bonds, or any refinancing or refunding thereof, but in no event shall such entitlement
2542 exceed 35 years from the initial date that any bonds were issued to pay the cost, or a portion thereof, of
2543 any public facility, and all such sales tax revenues shall be applied to repayment of the bonds. The State
2544 Comptroller shall remit such sales tax revenues to the municipality on a quarterly basis, subject to such
2545 reasonable processing delays as may be required by the Department of Taxation to calculate the actual
2546 net sales tax revenues derived from the public facility. The State Comptroller shall make such
2547 remittances to eligible municipalities, as provided herein, notwithstanding any provisions to the contrary
2548 in the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.). No such remittances shall be made
2549 until construction is completed and, in the case of a renovation or expansion, until the governing body
2550 of the municipality has certified that the renovation or expansion is completed; however, in the case of
2551 any public facility consisting of more than one building or structure, such remittances shall be made on
2552 a quarterly basis beginning with the first quarter in which any sales tax revenue is generated by
2553 transactions taking place at any building or structure within such public facility, whether or not
2554 construction of all or any portion, phase, building, or structure of such public facility has been
2555 completed.

2556 D. Nothing in this section shall be construed as authorizing the pledging of the faith and credit of the
2557 Commonwealth of Virginia, or any of its revenues, for the payment of any bonds. Any appropriation
2558 made pursuant to this section shall be made only from sales tax revenues derived from the public
2559 facility for which bonds may have been issued to pay the cost, in whole or in part, of such public
2560 facility.

2561 **§ 58.1-638. Disposition of state sales and use tax revenue.**

2562 A. The Comptroller shall designate a specific revenue code number for all the state sales and use tax
2563 revenue collected under the preceding sections of this chapter.

2564 1- The sales and use tax revenue generated by the one-half percent sales and use tax increase enacted
2565 by the 1986 Special Session of the General Assembly shall be paid, in the manner hereinafter provided
2566 in this section, to the *Commonwealth Transportation Trust Fund as defined in established pursuant to*
2567 *§ 33.2-1524. Of the funds paid to the Transportation Trust Fund, an aggregate of 4.2 percent shall be set*
2568 *aside as the Commonwealth Port Fund as provided in this section; an aggregate of 2.4 percent shall be*
2569 *set aside as the Commonwealth Airport Fund as provided in this section; and an aggregate of 14.7*
2570 *percent shall be set aside as the Commonwealth Mass Transit Fund as provided in this section. The*
2571 *Fund's share of such net revenue shall be computed as an estimate of the net revenue to be received into*
2572 *the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue*
2573 *received in the preceding month. All payments shall be made to the Fund on the last day of each*
2574 *month.*

2575 2- There is hereby created in the Department of the Treasury a special nonreverting fund which shall
2576 be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Port Fund.

2577 a. The Commonwealth Port Fund shall be established on the books of the Comptroller and the funds
2578 remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in
2579 the Fund. Interest earned on such funds shall remain in the Fund and be credited to it. Funds may be
2580 paid to any authority, locality or commission for the purposes hereinafter specified.

2581 b. The amounts allocated pursuant to this section shall be allocated by the Commonwealth

Transportation Board to the Board of Commissioners of the Virginia Port Authority to be used to support port capital needs and the preservation of existing capital needs of all ocean, river, or tributary ports within the Commonwealth. Expenditures for such capital needs are restricted to those capital projects specified in subsection B of § 62.1-132.1.

c. Commonwealth Port Fund revenue shall be allocated by the Board of Commissioners to the Virginia Port Authority in order to foster and stimulate the flow of maritime commerce through the ports of Virginia, including but not limited to the ports of Richmond, Hopewell, and Alexandria.

3. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be part of the Transportation Trust Fund and which shall be known as the Commonwealth Airport Fund. The Commonwealth Airport Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the funds shall be credited to the Fund. The funds so allocated shall be allocated by the Commonwealth Transportation Board to the Virginia Aviation Board. The funds shall be allocated by the Virginia Aviation Board to any Virginia airport which is owned by the Commonwealth, a governmental subdivision thereof, or a private entity to which the public has access for the purposes enumerated in § 5.1-2.16, or is owned or leased by the Metropolitan Washington Airports Authority (MWAA), as follows:

Any new funds in excess of \$12.1 million which are available for allocation by the Virginia Aviation Board from the Commonwealth Transportation Fund, shall be allocated as follows: 60 percent to MWAA, up to a maximum annual amount of \$2 million, and 40 percent to air carrier airports as provided in subdivision A 3 a. Except for adjustments due to changes in enplaned passengers, no air carrier airport sponsor, excluding MWAA, shall receive less funds identified under subdivision A 3 a than it received in fiscal year 1994-1995.

Of the remaining amount:

a. A. Beginning with the Commonwealth's fiscal year beginning on July 1, 2008 and for each fiscal year thereafter, an amount equal to one-third of all revenues collected by the Department in the most recently ended fiscal year from the tax imposed under this chapter, less one-third of the total amount of such tax refunded in the most recently ended fiscal year, shall be deposited by the Comptroller to the Priority Commonwealth Transportation Fund established under § 33.2-1527 § 33.2-1524.

B. For purposes of the Comptroller's deposits under this section, the Tax Commissioner shall, no later than July 15 of each year, provide a written certification to the Comptroller that reports the amount to be deposited pursuant to subsection A. After the required amount has been deposited as provided in subsection A, all remaining revenues from the tax imposed under this chapter shall be deposited into the

3504 general fund of the state treasury. The Comptroller shall make all deposits under this section as soon as
3505 practicable.

3506 **§ 58.1-2701. (Contingent expiration date) Amount of tax.**

3507 A. Except as provided in subsection C, every motor carrier shall pay a road tax per gallon equivalent
3508 to the cents per gallon credit for diesel fuel as determined under subsection A of § 58.1-2706 for the
3509 relevant period plus an additional amount per gallon, as determined by subsection B, calculated on the
3510 amount of motor fuel, diesel fuel or liquefied gases (which would not exist as liquids at a temperature
3511 of 60 degrees Fahrenheit and a pressure of 14.7 pounds per square inch absolute), used in its operations
3512 within the Commonwealth.

3513 The tax imposed by this chapter shall be in addition to all other taxes of whatever character imposed
3514 on a motor carrier by any other provision of law.

3515 B. The additional amount per gallon shall be determined by the Commissioner annually, effective
3516 July 1 of each year. On July 1, 2019, the additional amount per gallon shall be calculated by
3517 multiplying the average fuel economy by \$0.01125. On July 1, 2020, and each July 1 thereafter, the
3518 additional amount per gallon shall be calculated by multiplying the average fuel economy by \$0.0225.
3519 The additional amount per gallon shall be rounded to the nearest one-tenth of a cent. For purposes of
3520 this subsection, "average fuel economy" shall be calculated by dividing the total taxable miles driven in
3521 the Commonwealth by the total taxable gallons of fuel consumed in the Commonwealth, as reported in
3522 IFTA returns in the preceding taxable year.

3523 C. In lieu of the tax imposed in subsection A, motor carriers registering qualified highway vehicles
3524 that are not registered under the International Registration Plan shall pay a fee of \$150 per year for each
3525 qualified highway vehicle regardless of whether such vehicle will be included on the motor carrier's
3526 IFTA return. For the period of July 1, 2019, through June 30, 2020, the fee shall be adjusted based on
3527 the percent change in the road tax imposed pursuant to subsection A from June 30, 2019, to July 1,
3528 2019. The Commissioner shall adjust the fee annually on July 1 of every year thereafter based on the
3529 percentage change in the road tax imposed pursuant to subsection A for the previous fiscal year as
3530 compared to the current fiscal year. The fee is due and payable when the vehicle registration fees are
3531 paid pursuant to the provisions of Article 7 (§ 46.2-685 et seq.) of Chapter 6 of Title 46.2.

3532 If a vehicle becomes a qualified highway vehicle before the end of its registration period, the fee due
3533 at the time the vehicle becomes a qualified highway vehicle shall be prorated monthly to the registration
3534 expiration month. Fees paid under this subsection shall not be refunded unless a full refund of the
3535 registration fee paid is authorized by law.

3536 D. ~~1. Except as provided in subdivision 2, all~~ All taxes and fees paid under the provisions of this
3537 chapter shall be credited to the Highway Maintenance and Operating Fund established pursuant to

3539 ~~pursuant to § 33.2-1524.~~

3540 ~~2. The net additional revenues generated by this section pursuant to enactments of the 2019 Session~~

3545 ~~Administration into the Interstate 81 Corridor Improvement Fund established pursuant to § 33.2-3601;~~
3546 ~~(ii) an amount equal to such net revenues multiplied by a ratio of the vehicle miles traveled on the~~
3547 ~~portion of interstate highways located within the boundaries of Planning District 8 by vehicles classified~~
3548 ~~as Class 6 or higher by the Federal Highway Administration to total vehicle miles traveled on all~~
3549 ~~interstate highways in the Commonwealth by vehicles classified as Class 6 or higher by the Federal~~
3550 ~~Highway Administration into the Northern Virginia Transportation Authority Fund established pursuant~~
3551 ~~to § 33.2-2509; and (iii) all remaining net revenues to the Commonwealth Transportation Board for use~~
3552 ~~for operational improvements and other enhancements to improve the safety and reliability of, and travel~~
3553 ~~flow along, interstate highway corridors in the Commonwealth. The Board shall ensure that for any~~
3554 ~~interstate highway with more than 10 percent of total interstate truck vehicle miles traveled that the total~~
3555 ~~long-term expenditure for each such interstate highway is approximately equal to the proportional~~
3556 ~~revenue subject to clause (iii) that is attributable to such interstate highway. For purposes of this~~
3557 ~~subdivision, "net additional revenues" means the additional revenues generated by this section pursuant~~
3558 ~~to enactments of the 2019 Session of the General Assembly, minus any refunds or remittances required~~
3559 ~~to be paid.~~

 3573 the cost of the project plus an amount for the issuance costs, reserve funds, and other financing
 3574 expenses. However, the additional amount of bonds that may be issued solely because of the
 3575 amendments to this section by the 2013 Session of the General Assembly may be issued only if the debt
 3576 service of such bonds can be met solely with the revenues provided to the Route 58 Corridor
 3577 Development Fund pursuant to the provisions of § 58.1-815 of the Code of Virginia. The proceeds of
 3578 such bonds shall be used exclusively for the purpose of providing funds, with any other available funds,

3623 Of the foregoing four sections of the Project, construction of the Lover's Leap Section shall have
 3624 priority over construction of the other three sections. However, construction of these other three sections
 3625 may proceed simultaneously with the construction of the Lover's Leap Section if such simultaneous
 3626 construction does not delay construction of the Lover's Leap Section.

3627 Such revenue bonds shall be issued by the Commonwealth Transportation Board and sold through

the Treasury Board, which is hereby designated the sales and paying agent of the Commonwealth Transportation Board with respect to such bonds. The Treasury Board's duties shall include the approval of the terms and structure of the bonds.
