A. The Board shall have the power and duty to monitor and, where necessary, approve actions taken by the Department of Rail and Public Transportation pursuant to Article 5 (§ 33.2-281 et seq.) in order to ensure the efficient and economical development of public transportation, the enhancement of rail transportation, and the coordination of such rail and public transportation plans with highway programs.

2. The Board shall solicit input from localities, metropolitan planning organizations, transit authorities, transportation authorities, and other stakeholders in its development of the prioritization process pursuant to this subsection. The Transit Service Delivery Advisory Committee shall elect a chairman from among its membership. The Department of Rail and Public Transportation shall provide administrative support to the Transit Service Delivery Advisory Committee. The Transit Service Delivery Advisory Committee shall meet at least annually and consult with interested stakeholders and hold at least one public hearing and report its findings to the Director of the Department of Rail and Public Transportation.

2. Prior to the Board approving service delivery factors, the Director of the Department of Rail and Public Transportation and the Chairman of the Transit Service Delivery Advisory Committee shall brief the House Committees on Appropriations and Transportation and the Senate Committees on Finance and Transportation regarding the findings and recommendations of the Transit Service Delivery Advisory Committee and the Department of Rail and Public Transportation. Before redefining any component of the service delivery factors, the Board shall consult with the Director of the Department of Rail and Public Transportation, the Transit Service Delivery Advisory Committee, and interested stakeholders, and shall provide for a 45-day public comment period. The Commissioner of Highways may provide in such leases and conveyances of airspace for columns of support, in fee or otherwise, ingress, egress, and utilities.

No lease or conveyance shall be entered into by the Commissioner of Highways unless the locality, by action of its governing body by majority recorded vote, approves the projected use of the airspace in question and has taken such steps as it deems proper to regulate the type and use of the improvements to be erected in such airspace by appropriate zoning or other method of land use control.

All leases and conveyances shall contain those terms deemed necessary by the Commissioner of Highways to protect the interests of the Commonwealth and the public. The Commissioner of Highways may utilize any competitive procurement process authorized by law, including (i) competitive sealed bidding, (ii) competitive negotiation, (iii) best value procurements as defined in § 2.2-4301, and (iv) public-private partnerships pursuant to the Public-Private Transportation Act of 1995 (§ 33.2-1800 et seq.), as determined by the Commissioner of Highways, in his sole discretion, to be appropriate and the method most likely to achieve the identified goals of the proposed lease or sale and conveyance of airspace. The Commissioner of Highways may reject any bid or offer that he believes is not in the best interest of the Commonwealth.

586 the manner provided in the Public Finance Act (§ 15.2-2600 et seq.) or in its municipal charter for the

588 reimburse such a political subdivision for, any indebtedness incurred by such political subdivision with  
589 respect to facilities conveyed by it to the Authority.

590 D. The Authority is authorized to acquire by the exercise of the power of eminent domain any lands,  
591 property rights, rights-of-way, franchises, easements, and other property, including public lands, parks,

594 municipality, county, or other political subdivision, deemed necessary or convenient for the construction  
595 or the efficient operation of rail facilities or necessary in the restoration, replacement, or relocation of  
596 public or private property damaged or destroyed whenever a reasonable price cannot be agreed upon  
597 with the governing body of such municipality, county, or other political subdivision as to such property  
598 owned by it or whenever the Authority cannot agree on the terms of purchase or settlement with the  
599 other owners because of the incapacity of such owners, because of the inability to agree on the

609 decision in such condemnation proceedings. Whenever the Authority makes such deposit in connection  
610 with any condemnation proceedings, the making of such deposit shall not preclude the Authority from  
611 appealing any decision rendered in such proceedings. Upon the deposit with the clerk of the court of the  
612 appraised price, any person entitled thereto may, upon petition to the court, be paid his or their pro  
613 rata share of 100 percent of such appraised price. The acceptance of such payment shall not preclude

E. The acquisition of any such property by condemnation or by the exercise of the power of eminent domain for the purposes provided herein shall be and is declared to be a public use of such property.

F. For purposes of this section, the terms "appraised price" and "appraisal" mean the value determined by two competent real estate appraisers appointed by the Authority for such purposes.

**§ 33.2-294. Issuance of bonds.**

A. The Authority may issue bonds from time to time in its discretion, for any of its purposes, including the payment of all or any part of the cost of rail facilities. B. The Authority may issue refunding bonds for the purpose of refunding any bonds then outstanding that shall have been issued under the provisions of this article, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date fixed for redemption of such bonds. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the Authority in respect of the same shall be governed by the provisions of this article insofar as the same may be applicable.

C. The bonds of each issue shall be dated such date as may be determined by the Authority; shall bear interest at such rate or rates as shall be fixed by the Authority, or as may be determined in such manner as the Authority may provide, including the determination by agents designated by the Authority under guidelines established by the Authority; shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the Authority; and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds.

D. The Authority shall determine the form of the bonds and manner of execution of the bonds and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or outside the Commonwealth. The bonds shall be signed by the chairman or vice-chairman of the Authority or, if so authorized by the Authority, shall bear his facsimile signature and the official seal of the Authority, or, if so authorized by the Authority, a facsimile thereof shall be impressed or imprinted thereon and attested by the secretary or any assistant secretary of the Authority, or, if so authorized by the Authority, with the facsimile signature of such secretary or assistant secretary. Any coupons attached to bonds issued by the Authority shall bear the signature of the chairman or vice-chairman of the Authority or a facsimile thereof. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery, and any bonds may bear the facsimile signature of, or may be signed by, such persons as at the actual time of the execution of such bonds shall be the proper officers to sign such bonds although at the date of such bonds such persons may not have been such officers.

E. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. Bonds issued in registered form may be issued under a system of book-entry for recording the ownership and transfer of ownership of rights to receive payment of principal of, and premium on, if any, and interest on such bonds. The Authority may contract for the services of one or more banks, trust companies, financial institutions, or other entities or persons, within or outside the Commonwealth for the authentication, registration, transfer, exchange, and payment of the bonds, or may provide such services itself. The Authority may sell such bonds in such manner, either at public or private sale, and for such price as it may determine will best effect the purposes of this article.

F. The proceeds of the bonds of each issue shall be used solely for the purposes, and in furtherance of the powers, of the Authority as may be provided in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same.

G. In addition to the above powers, the Authority shall have the authority to issue interim receipts or temporary bonds as provided in § 15.2-2616 and to execute and deliver new bonds in place of bonds mutilated, lost, or destroyed as provided in § 15.2-2621.

H. All expenses incurred in carrying out the provisions of this article shall be payable solely from funds available pursuant to the provisions of this article, and no liability shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided or received under the provisions of this article.

675 I. At the discretion of the Authority, any bonds issued under the provisions of this article may be  
676 secured by a trust indenture or agreement by and between the Authority and a corporate trustee, which  
677 may be any trust company or bank having the powers of a trust company within or outside the  
678 Commonwealth. Such trust indenture or agreement or the resolution providing for the issuance of such  
679 bonds may pledge or assign the revenues to be received and provide for the mortgage of any rail  
680 facilities or property or any part thereof. Such trust indenture or agreement or resolution providing for  
681 the issuance of such bonds may contain such provisions for protecting and enforcing the rights and  
682 remedies of the bondholders as may be reasonable and proper and not in violation of law, including  
683 covenants providing for the repossession and sale by the Authority or any trustees under any trust  
684 indenture or agreement of any rail facilities, or part thereof, upon any default under the lease or sale of  
685 such rail facilities, setting forth the duties of the Authority in relation to the acquisition of property and  
686 the planning, development, acquisition, construction, rehabilitation, establishment, improvement,  
687 extension, enlargement, maintenance, repair, operation, and insurance of the rail facilities in connection  
688 with which such bonds shall have been authorized; the amounts of rates, rents, fees, and other charges  
689 to be charged; the collection of such rates, rents, fees, and other charges; the custody, safeguarding,  
690 and application of all moneys; and conditions or limitations with respect to the issuance of additional

707 thereof a statement to the effect that the Commonwealth, any political subdivision thereof, and the  
708 Authority shall not be obligated to pay the same or the interest thereon except from revenues and other  
709 funds of the Authority pledged thereto, and that neither the faith and credit nor the taxing power of the  
710 Commonwealth or of any political subdivision thereof is pledged to the payment of the principal of or  
711 the interest on such obligations.

712 K. Any bonds or refunding bonds issued under the provisions of this article and any transfer of such  
713 bonds shall at all times be free from Commonwealth and local taxation. The interest on the bonds and  
714 any refunding bonds or bond anticipation notes shall at all times be exempt from taxation by the  
715 Commonwealth and by any political subdivision thereof.

716 L. Neither the directors of the Board nor any person executing the bonds shall be liable personally  
717 on the bonds by reason of the issuance thereof.

721 authorizing the issuance of such bonds, may either at law or in equity, by suit, action, mandamus, or  
722 other proceeding, protect and enforce any and all rights under the laws of the Commonwealth or  
723 granted hereunder or under such trust indenture or agreement or resolution, and may enforce and

726 collecting of rates, rentals, fees, and other charges.

727 N. Provision may be made in the proceedings authorizing refunding bonds for the purchase of the  
728 refunded bonds in the open market or pursuant to tenders made from time to time where there is  
729 available in the escrow or sinking fund for the payment of the refunded bonds a surplus in an amount  
730 to be fixed in such proceedings.

734 the Public-Private Transportation Act of 1995 (§ 33.2-1800 et seq.). Any such application, agreement,  
735 and/or endorsement shall not financially obligate the Commonwealth or be construed to implicate the  
736 credit of the Commonwealth as security for any such federal credit assistance.

4. The repayment schedule for each project obligation shall require (i) the amortization of principal beginning within five years following the later of substantial project completion or the date of incurrence of the project obligation and (ii) a final maturity date of not more than 35 years following substantial project completion.

D. The pledge of reliable repayment sources and other property securing any project obligation may be subordinate to the pledge securing any other senior debt obligations incurred to finance the project.

On all other projects under this chapter, the Board shall pay the cost and expense of relocation or removal as a part of the cost of the project for those public utility facilities owned or operated by the Commonwealth or such locality or political subdivision. The Commonwealth or such locality, political subdivision, public utility, or public service corporation may maintain and operate such public utility facilities with the necessary appurtenances in the new location for as long a period and upon the same terms and conditions as it had the right to maintain and operate such public utility facilities in their former location;

17. Acquire by the exercise of the power of eminent domain any lands, property, rights, rights-of-way, franchises, easements, and other property, including public lands, parks, playgrounds, reservations, highways, or parkways, or parts thereof or rights therein, of any locality or political subdivision, deemed necessary or convenient for the construction or the efficient operation of the project

1782 or necessary in the restoration, replacement, or relocation of public or private property damaged or  
1783 destroyed.

1784 The cost of such projects shall be paid solely from the proceeds of Commonwealth of Virginia Toll  
1785 or Transportation Contract Revenue Bonds or a combination thereof or from such proceeds and from  
1786 any grant or contribution that may be made thereto pursuant to the provisions of this chapter;

1787 ~~17. 18.~~ Notwithstanding any provision of this chapter to the contrary, the Board shall be authorized  
1788 to exercise the powers conferred in this chapter, in addition to its general powers to acquire  
1789 rights-of-way and to construct, operate, and maintain state highways, with respect to any project that the  
1790 General Assembly has authorized or may hereafter authorize to be financed in whole or in part through  
1791 the issuance of bonds of the Commonwealth pursuant to the provisions of Article X, Section 9 (c) of the  
1792 Constitution of Virginia; ~~and~~

1793 ~~18. 19.~~ Enter into any agreements or take such other actions as the Board determines in connection  
1794 with applying for or obtaining any federal credit assistance, including without limitation loan guarantees  
1795 and lines of credit, pursuant to authorization from the U.S. Department of Transportation with respect to  
1796 any project included in the Commonwealth's long-range transportation plan and the approved State  
1797 Transportation Improvement Program; ~~and~~

1798 *20. Issue revenue bonds of the Commonwealth to be known and designated as "Commonwealth of*  
1799 *Virginia Passenger Rail Facilities Bonds," secured, subject to their appropriation by the General*

1801 *use, occupancy, and services of the Transform 66 Inside the Beltway express lanes project and*  
1802 *remaining after payment of expenses incurred in operating such project's toll facilities.*

1803 **§ 33.2-1708. Revenue bonds.**

1804 The Board may provide by resolution, at one time or from time to time, for the issuance of revenue  
1805 bonds, notes, or other revenue obligations of the Commonwealth for the purpose of paying all or any  
1806 part of the cost, as defined in § 33.2-1700, of any one or more projects, as defined in § 33.2-1700. The  
1807 principal or purchase price of, and redemption premium, if any, and interest on such obligations shall be  
1808 payable solely from the special funds herein provided for such payment. For the purposes of this  
1809 section, "special funds" includes any funds established for Commonwealth of Virginia Toll Revenue  
1810 Bonds, Commonwealth of Virginia Transportation Contract Revenue Bonds, Commonwealth of Virginia  
1811 Transportation Revenue Bonds, *Commonwealth of Virginia Interstate 81 Program Revenue Bonds*,  
1812 *Commonwealth of Virginia Federal Highway Reimbursement Anticipation Notes*, or *Commonwealth of*  
1813 *Virginia Federal Transportation Grant Anticipation Revenue Notes*, *or Commonwealth of Virginia*  
1814 *Passenger Rail Facilities Bonds.*

1815 **§ 33.2-1709. Credit of Commonwealth not pledged.**

1816 A. Commonwealth of Virginia Toll Revenue Bonds issued under the provisions of this chapter shall  
1817 not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the  
1818 Commonwealth, but such bonds shall be payable solely from the funds provided therefor from tolls and  
1819 revenues pursuant to this chapter, from bond proceeds or earnings thereon, and from any other available  
1820 sources of funds. All such bonds shall state on their face that the Commonwealth is not obligated to pay  
1821 the same or the interest thereon except from the special fund provided therefor from tolls and revenues  
1822 under this chapter, from bond proceeds or earnings thereon, and from any other available sources of  
1823 funds, and that the full faith and credit of the Commonwealth are not pledged to the payment of the  
1824 principal or interest of such bonds. The issuance of such revenue bonds under the provisions of this  
1825 chapter shall not directly or indirectly or contingently obligate the Commonwealth to levy or to pledge  
1826 any form of taxation whatever therefor or to make any appropriation for their payment, other than  
1827 appropriate available funds derived as revenues from tolls and charges under this chapter or derived  
1828 from bond proceeds or earnings thereon and from any other available sources of funds.

1829 B. Commonwealth of Virginia Transportation Contract Revenue Bonds issued under the provisions of  
1830 this chapter shall not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith  
1831 and credit of the Commonwealth, but such bonds shall be payable solely from the funds provided  
1832 therefor pursuant to this chapter (i) from revenues received pursuant to contracts with a primary highway  
1833 transportation district or transportation service district or any other alternative mechanism for generation  
1834 of local revenues for specific funding of a project satisfactory to the Board; (ii) to the extent required,  
1835 from funds appropriated and allocated, pursuant to the highway allocation formula as provided by law,

1837 counties in which such project is located; (iii) from bond proceeds or earnings thereon; (iv) to the extent  
1838 required, from other legally available revenues of the Transportation Trust Fund; and (v) from any other  
1839 available source of funds. All such bonds shall state on their face that the Commonwealth is not  
1840 obligated to pay the same or the interest thereon except from revenues in clauses (i) and (iii) and that  
1841 the full faith and credit of the Commonwealth are not pledged to the payment of the principal and  
1842 interest of such bonds. The issuance of such revenue bonds under the provisions of this chapter shall not  
1843 directly or indirectly or contingently obligate the Commonwealth to levy or to pledge any form of

taxation whatever or to make any appropriation for their payment, other than to appropriate available funds derived as revenues under this chapter from the sources set forth in clauses (i) and (iii). Nothing in this chapter shall be construed to obligate the General Assembly to make any appropriation of the funds set forth in clause (ii) or (iv) for payment of such bonds.

C. Commonwealth of Virginia Transportation Revenue Bonds issued under the provisions of this chapter shall not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth, but such bonds shall be payable solely from the funds provided therefor pursuant to this chapter (i) from revenues received from the U.S. Route 58 Corridor Development Fund established pursuant to § 33.2-2300, subject to their appropriation by the General Assembly; (ii) to the extent required, from revenues legally available from the Transportation Trust Fund; and (iii) to the extent required, from any other legally available funds that may be appropriated by the General Assembly.

Such bonds shall be payable solely, subject to their appropriation by the General Assembly, (i) first from any revenues received from any Set-aside Fund established by the General Assembly pursuant to § 58.1-816.1; (ii) to the extent required, from revenues received pursuant to any contract with a locality or any alternative mechanism for generation of local revenues for specific funding of a project satisfactory to the Board; (iii) to the extent required, from funds appropriated and allocated, pursuant to the highway allocation formula as provided by law, to the highway construction district in which the project to be financed is located or to the city or county in which the project to be financed is located; (iv) to the extent required, from legally available revenues from the Transportation Trust Fund; and (v) from such other funds that may be appropriated by the General Assembly.

F. Commonwealth of Virginia Federal Highway Reimbursement Anticipation Notes issued under this chapter shall not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth, but such obligations shall be payable solely, subject to appropriation by the General Assembly, (i) first from any federal highway reimbursements and any other federal highway assistance received by the Commonwealth; (ii) then, at the discretion of the Board, to the extent required, from legally available revenues of the Transportation Trust Fund; and (iii) then, from such other funds, if any, that are designated by the General Assembly for such purpose.

G. Commonwealth of Virginia Transportation Credit Assistance Revenue Bonds issued under the provisions of this chapter shall not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth, but such obligations shall be payable solely, subject to appropriation by the General Assembly, from revenues with respect to or generated by the project being financed thereby and any tolls or other revenues pledged by the Board as security therefor and in accordance with the applicable federal credit assistance authorized with respect to such project by the U.S. Department of Transportation.

H. Commonwealth of Virginia Transportation Capital Projects Revenue Bonds issued under the provisions of this chapter for projects as provided in subdivision 15 of the definition of "project" in § 33.2-1700 shall not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth, but such bonds shall be payable solely, subject to their appropriation by the General Assembly, (i) from the revenues deposited into the Priority Transportation Fund established pursuant to § 33.2-1527; (ii) to the extent required, from revenues legally available from the Transportation Trust Fund; and (iii) to the extent required, from any other legally available funds.

then from such other funds, if any, that are designated by the General Assembly for such purpose.

*J. Commonwealth of Virginia Interstate 81 Program Revenue Bonds issued under the provisions of this chapter shall not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth, but such bonds shall be payable solely from the funds provided therefor pursuant to this chapter, subject to their appropriation by the General Assembly, from revenues received from the Interstate 81 Corridor Improvement Fund from deposits thereto pursuant to § 58.1-2299.20 derived from the receipt of the regional fuels tax levied pursuant to § 58.1-2295.1.*

*K. Commonwealth of Virginia Passenger Rail Facilities Bonds issued under the provisions of this chapter shall not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth but such bonds shall be payable solely from the funds provided therefor (i) from tolls, rates, fees, and charges pursuant to this chapter; (ii) from bond proceeds or earnings thereon; and (iii) to the extent required, from other available sources of funds. All such bonds shall state on their face that the Commonwealth is not obligated to pay the same or the interest thereon except from revenues and funds identified in clauses (i) through (iii), and the full faith and credit of the Commonwealth are not pledged to the payment of the principal of and interest on such bonds. The issuance of such revenue bonds under the provisions of this chapter shall not directly or indirectly or contingently obligate the Commonwealth to levy or to pledge any form of taxation whatsoever or to make any appropriation for their payment, other than to appropriate available funds derived as revenues under clauses (i) and (ii) and from sources under clause (iii).*

**§ 33.2-1803. Approval by the responsible public entity.**

A. The private entity may request approval by the responsible public entity. Any such request shall be accompanied by the following material and information unless waived by the responsible public entity in its guidelines or other instructions given, in writing, to the private entity with respect to the transportation facility or facilities that the private entity proposes to develop and/or operate as a qualifying transportation facility:

1. A topographic map (1:2,000 or other appropriate scale) indicating the location of the transportation facility or facilities;

2. A description of the transportation facility or facilities, including the conceptual design of such facility or facilities and all proposed interconnections with other transportation facilities;

3. The proposed date for development and/or operation of the transportation facility or facilities along with an estimate of the life-cycle cost of the transportation facility as proposed;

4. A statement setting forth the method by which the private entity proposes to secure any property interests required for the transportation facility or facilities;

5. Information relating to the current transportation plans, if any, of each affected locality or public entity;

6. A list of all permits and approvals required for developing and/or operating improvements to the transportation facility or facilities from local, state, or federal agencies and a projected schedule for obtaining such permits and approvals;

7. A list of public utility's, locality's, or political subdivision's facilities, if any, that will be crossed by the transportation facility or facilities and a statement of the plans of the private entity to accommodate such crossings;

8. A statement setting forth the private entity's general plans for developing and/or operating the transportation facility or facilities, including identification of any revenue, public or private, or proposed debt or equity investment or concession proposed by the private entity;

9. The names and addresses of the persons who may be contacted for further information concerning the request;

10. Information on how the private entity's proposal will address the needs identified in the appropriate state, regional, or local transportation plan by improving safety, reducing congestion, increasing capacity, enhancing economic efficiency, or any combination thereof;

11. A statement of the risks, liabilities, and responsibilities to be transferred, assigned, or assumed by the private entity for the development and/or operation of the transportation facility, including revenue risk and operations and maintenance; and

12. Such additional material and information as the responsible public entity may reasonably request pursuant to its guidelines or other written instructions.

B. The responsible public entity may request proposals from private entities for the development and/or operation of transportation facilities subject to the following:

1. For transportation facilities where the Department of Transportation, the Virginia Passenger Rail Authority, or the Department of Rail and Public Transportation is the responsible public entity, the Transportation Public-Private Partnership Steering Committee established pursuant to § 33.2-1803.2 has determined that moving forward with the development and/or operation of the facility pursuant to this article serves the best interest of the public.

2. A finding of public interest pursuant to § 33.2-1803.1 has been issued by the responsible public

entity.

3. The responsible public entity shall not charge a fee to cover the costs of processing, reviewing, and evaluating proposals received in response to such requests.

C. The responsible public entity may grant approval of the development and/or operation of the transportation facility or facilities as a qualifying transportation facility if the responsible public entity determines that it is in the best interest of the public. The responsible public entity may determine that the development and/or operation of the transportation facility or facilities as a qualifying transportation facility serves the best interest of the public if:

1. The private entity can develop and/or operate the transportation facility or facilities with a public contribution amount that is less than the maximum public contribution determined pursuant to subsection A of § 33.2-1803.1:1 for transportation facilities where the Department of Transportation, the *Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation is the responsible public entity;

2. There is a public need for the transportation facility or facilities the private entity proposes to develop and/or operate as a qualifying transportation facility and for transportation facilities where the Department of Transportation or the Department of Rail and Public Transportation is the responsible public entity, such facility or facilities meet a need included in the plan developed pursuant to § 33.2-353;

3. The plan for the development and/or operation of the transportation facility or facilities is anticipated to have significant benefits as determined pursuant to subdivision B 1 of § 33.2-1803.1;

4. The private entity's plans will result in the timely development and/or operation of the transportation facility or facilities or their more efficient operation; and

5. The risks, liabilities, and responsibilities transferred, assigned, or assumed by the private entity provide sufficient benefits to the public to not proceed with the development and/or operation of the transportation facility through other means of procurement available to the responsible public entity.

In evaluating any request, the responsible public entity may rely upon internal staff reports prepared by personnel familiar with the operation of similar facilities or the advice of outside advisors or consultants having relevant experience.

D. The responsible public entity shall not enter into a comprehensive agreement unless the chief executive officer of the responsible public entity certifies in writing to the Governor and the General Assembly that:

1. The finding of public interest issued pursuant to § 33.2-1803.1 is still valid;

2. The transfer, assignment, and assumption of risks, liabilities, and permitting responsibilities and the mitigation of revenue risk by the private sector have not materially changed since the finding of public interest was issued pursuant to § 33.2-1803.1; and

3. The public contribution requested by the private entity does not exceed the maximum public contribution determined pursuant to subsection A of § 33.2-1803.1:1.

Changes to the project scope that do not impact the assignment of risks or liabilities or the mitigation of revenue risk shall not be considered material changes to the finding of public interest, provided that such changes were presented in a public meeting to the Commonwealth Transportation Board, other state board, or the governing body of a locality, as appropriate.

E. The responsible public entity may charge a reasonable fee to cover the costs of processing, reviewing, and evaluating the request submitted by a private entity pursuant to subsection A, including reasonable attorney fees and fees for financial and other necessary advisors or consultants. The responsible public entity shall also develop guidelines that establish the process for the acceptance and review of a proposal from a private entity pursuant to subsections A, B, C, and D. Such guidelines shall establish a specific schedule for review of the proposal by the responsible public entity, a process for alteration of that schedule by the responsible public entity if it deems that changes are necessary because of the scope or complexity of proposals it receives, the process for receipt and review of competing proposals, and the type and amount of information that is necessary for adequate review of proposals in each stage of review. For qualifying transportation facilities that have approved or pending state and federal environmental clearances, have secured significant right-of-way, have previously allocated significant state or federal funding, or exhibit other circumstances that could reasonably reduce the amount of time to develop and/or operate the qualifying transportation facility in accordance with the purpose of this chapter, the guidelines shall provide for a prioritized documentation, review, and selection process.

F. The approval of the responsible public entity shall be subject to the private entity's entering into an interim agreement or a comprehensive agreement with the responsible public entity. For any project with an estimated construction cost of over \$50 million, the responsible public entity also shall require the private entity to pay the costs for an independent audit of any and all traffic and cost estimates associated with the private entity's proposal, as well as a review of all public costs and potential

liabilities to which taxpayers could be exposed (including improvements to other transportation facilities that may be needed as a result of the proposal, failure by the private entity to reimburse the responsible public entity for services provided, and potential risk and liability in the event the private entity defaults on the comprehensive agreement or on bonds issued for the project). This independent audit shall be conducted by an independent consultant selected by the responsible public entity, and all such information from such review shall be fully disclosed.

G. In connection with its approval of the development and/or operation of the transportation facility or facilities as a qualifying transportation facility, the responsible public entity shall establish a date for the acquisition of or the beginning of construction of or improvements to the qualifying transportation facility. The responsible public entity may extend such date.

H. The responsible public entity shall take appropriate action, as more specifically set forth in its guidelines, to protect confidential and proprietary information provided by the private entity pursuant to an agreement under subdivision 11 of § 2.2-3705.6.

I. The responsible public entity may also apply for, execute, and/or endorse applications submitted by private entities to obtain federal credit assistance for qualifying projects developed and/or operated pursuant to this chapter.

**§ 33.2-1803.1. Finding of public interest.**

A. Prior to the meeting of the Committee pursuant to subsection C of § 33.2-1803.2, the chief executive officer of the responsible public entity shall make a finding of public interest. Such finding shall include information set forth in subsection B. For transportation facilities where the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation is the responsible public entity, the Secretary of Transportation, in his role as chairman of the Board, must concur with the finding of public interest.

B. At a minimum, a finding of public interest shall contain the following information:

1. A description of the benefits expected to be realized by the responsible public entity through the development and/or operation of the transportation facility, including person throughput, congestion mitigation, safety, economic development, environmental quality, and land use.

2. An analysis of the public contribution necessary for the development and/or operation of the facility or facilities pursuant to subsection A of § 33.2-1803.1:1, including a maximum public contribution that will be allowed under the procurement.

3. A description of the benefits expected to be realized by the responsible public entity through the use of this chapter compared with the development and/or operation of the transportation facility through other options available to the responsible public entity.

4. A statement of the risks, liabilities, and responsibilities to be transferred, assigned, or assumed by the private entity, which shall include the following:

a. A discussion of whether revenue risk will be transferred to the private entity and the degree to which any such transfer may be mitigated through other provisions in the interim or comprehensive agreements;

b. A description of the risks, liabilities, and responsibilities to be retained by the responsible public entity; and

c. Other items determined appropriate by the responsible public entity in the guidelines for this chapter.

5. The determination of whether the project has a high, medium, or low level of project delivery risk and a description of how such determination was made. If the qualifying transportation facility is determined to contain high risk, a description of how the public's interest will be protected through the transfer, assignment, or assumption of risks or responsibilities by the private entity in the event that issues arise with the development and/or operation of the qualifying transportation facility.

6. If the responsible public entity proposes to enter into an interim or comprehensive agreement pursuant to subdivision 2 of § 33.2-1819, information and the rationale demonstrating that proceeding in this manner is more beneficial than proceeding pursuant to subdivision 1 of § 33.2-1819.

**§ 33.2-1803.1:1. Public sector analysis and competition.**

A. For any transportation facility under consideration for development and/or operation under this chapter by the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation, the responsible public entity shall ensure competition throughout the procurement process by developing a public sector option based on the analysis conducted in subsection B. The public sector option shall identify a maximum public contribution.

B. The responsible public entity shall undertake, in cooperation with the Secretary of Transportation and the Secretary of Finance, a public sector analysis of the cost for the responsible entity to develop and/or operate the transportation facility or facilities being considered for development and/or operation pursuant to this chapter. At a minimum, such analysis shall contain the following information:

1. Any mitigation of risk of user-fee financing through assumptions related to competing facilities, compensation for high usage of the facility by high-occupancy vehicles, or other considerations that may

mitigate the risk of user-fee financing.

2. Whether the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation intends to maintain and operate the facility, or if the public sector option is based on the transfer of such responsibilities to the private sector.

3. Public contribution, if any, that would still be required to cover all costs necessary for the development and/or operation of the transportation facility in excess of financing available should the General Assembly authorize the use of debt secured by a pledge of net revenues derived from rates, fees, or other charges and the full faith and credit of the Commonwealth pursuant to Article X, Section 9 (c) of the Constitution of Virginia.

4. Funds provided to support nonuser fee generating components of the project that contribute to the benefits expected to be realized from the transportation facility pursuant to subdivision B 1 of § 33.2-1803.1.

#### **§ 33.2-1803.2. Transportation Public-Private Partnership Steering Committee.**

A. There is hereby established the Transportation Public-Private Partnership Steering Committee (the Committee) to evaluate and review financing options for the development and/or operation of transportation facility or facilities.

The Committee shall consist of the following members:

1. Two members of the Commonwealth Transportation Board;
2. The staff director of the House Committee on Appropriations, or his designee, and the staff director of the Senate Committee on Finance, or his designee;
3. A Deputy Secretary of Transportation who shall serve as the chairman;
4. The chief financial officer of either the Department of Transportation or the Department of Rail and Public Transportation, as appropriate; and
5. A nonagency public financial expert, as selected by the Secretary of Transportation.

B. Prior to the initiation of any procurement pursuant to § 33.2-1803 by the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation, the Committee shall meet to review the public sector analysis and competition developed pursuant to § 33.2-1803.1:1 and concur that:

1. The assumptions regarding the project scope, benefits, and costs of the public sector option developed pursuant to § 33.2-1803.1:1 were fully and reasonably developed;
2. The assumed financing costs and valuation of both financial and construction risk mitigation included in the public sector option are financially sound and reflect the best interest of the public; and
3. The terms sheet developed for the proposed procurement contains all necessary elements.

C. After receipt of responses to the request for qualifications, but prior to the issuance of the first draft request for proposals, the Committee shall meet to determine that the development and/or operation of the transportation facility or facilities as a qualifying transportation facility serves the public interest pursuant to § 33.2-1803.1. If the Committee makes an affirmative determination, as evidenced by an affirmative vote of a majority of the members of the Committee, the Department of Transportation or the Department of Rail and Public Transportation may proceed with the procurement pursuant to § 33.2-1803.

D. Meetings of the Committee shall be open to the public, and meetings will be scheduled on an as-needed basis. However, the Committee may convene a closed session pursuant to the provisions of subdivisions A 6 and 29 of § 2.2-3711 to allow the Committee to review the public sector analysis and competition and to review proposals received pursuant to a request for qualifications.

E. The Committee shall, within 10 business days of any meeting, report on the findings of such meeting. Such report shall be made to the Chairmen of the House and Senate Committees on Transportation, the House Committee on Appropriations, and the Senate Committee on Finance.

F. Within 60 days of the execution of a comprehensive agreement pursuant to § 33.2-1803, the Department of Transportation or the Department of Rail and Public Transportation, as appropriate, shall, in closed session, brief the Committee on the details of the final bids received and the details of the evaluation of such bids.

#### **§ 33.2-1809. Interim agreement.**

A. Prior to or in connection with the negotiation of the comprehensive agreement, the responsible public entity may enter into an interim agreement with the private entity proposing the development and/or operation of the facility or facilities. Such interim agreement may (i) permit the private entity to commence activities for which it may be compensated relating to the proposed qualifying transportation facility, including project planning and development, advance right-of-way acquisition, design and engineering, environmental analysis and mitigation, survey, conducting transportation and revenue studies, and ascertaining the availability of financing for the proposed facility or facilities; (ii) establish the process and timing of the negotiation of the comprehensive agreement; and (iii) contain any other provisions related to any aspect of the development and/or operation of a qualifying transportation

2151 facility that the parties may deem appropriate.

2152 B. Notwithstanding any provision of this chapter to the contrary, a responsible public entity may  
2153 enter in to an interim agreement with multiple private entities if the responsible public entity determines  
2154 in writing that it is in the public interest to do so.

2155 C. The Department of Transportation, *the Virginia Passenger Rail Authority*, and the Department of  
2156 Rail and Public Transportation shall not enter into an interim agreement for the development of a  
2157 transportation facility under this chapter that either (i) establishes a process and timing of the  
2158 negotiations of the comprehensive agreement or (ii) allows for competitive negotiations as set forth in  
2159 § 2.2-4302.2.

2160 **§ 33.2-2300. U.S. Route 58 Corridor Development Fund.**

2161 There is hereby created in the Department of the Treasury a special nonreverting fund that shall be a  
2162 part of the Transportation Trust Fund and that shall be known as the U.S. Route 58 Corridor  
2163 Development Fund, referred to in this chapter as "the Fund," consisting of the first \$40 million of  
2164 annual collections of the state recordation taxes imposed by Chapter 8 of Title 58.1, provided, however,  
2165 that this dedication shall not affect the local recordation taxes under subsection B of § 58.1-802 and  
2166 § 58.1-814 from the Commonwealth Transportation Fund pursuant to § 33.2-1524. The Fund shall also  
2167 include such other funds as may be appropriated by the General Assembly and designated for the Fund  
2168 and all interest, dividends, and appreciation that may accrue thereto. Any moneys remaining in the Fund  
2169 at the end of a biennium shall not revert to the general fund, but shall remain in the Fund. Allocations  
2170 from the Fund may be paid to any authority, locality, or commission for the purposes specified in  
2171 § 33.2-2301.

2172 **§ 33.2-2301. U.S. Route 58 Corridor Development Program.**

2173 A. The General Assembly declares it to be in the public interest that the economic development  
2174 needs and economic growth potential of south-central and Southwest Virginia be addressed by the Fund.  
2175 Moneys contained in the Fund shall be used for the costs of providing an adequate, modern, safe, and  
2176 efficient highway system, generally along Virginia's southern boundary (the Program), including  
2177 environmental and engineering studies, rights-of-way acquisition, construction, improvements, and  
2178 financing costs.

2179 B. Allocations from the Fund shall be made annually by the Commonwealth Transportation Board  
2180 for the creation and enhancement of a safe, efficient highway system connecting the communities,  
2181 businesses, places of employment, and residents of the southwestern-most portion of the Commonwealth  
2182 to the communities, businesses, places of employment, and residents of the southeastern-most portion of  
2183 the Commonwealth, thereby enhancing the economic development potential, employment opportunities,  
2184 mobility, and quality along such highway.

2185 C. Allocations from the Fund shall not diminish or replace allocations made or planned to be made  
2186 from other sources or diminish allocations to which any highway, project, facility, district, system, or  
2187 locality would be entitled under other provisions of this title, but shall be supplemental to other  
2188 allocations to the end that highway resource improvements in the U.S. Route 58 Corridor may be  
2189 accelerated and augmented. Notwithstanding any contrary provisions of this title, allocations from the  
2190 Fund may be applied to highway projects in the Interstate System, primary or secondary state highway  
2191 system, or urban highway system. Allocations under this subsection shall not be limited to projects  
2192 involving only existing U.S. Route 58 but may be made to projects involving other highways, provided  
2193 that the broader goal of creation of an adequate modern highway system generally along Virginia's  
2194 southern boundary is served thereby.

2195 D. The Commonwealth Transportation Board may expend such funds from all sources as may be  
2196 lawfully available to initiate the Program and to support bonds and other obligations referenced in  
2197 subsection F. Any moneys expended from the Transportation Trust Fund for the Program, other than  
2198 moneys contained in the Fund, may be reimbursed from the Fund, to the extent permitted by Article X,  
2199 Section 9 of the Constitution of Virginia.

2200 E. The Commonwealth Transportation Board is encouraged to utilize the existing four-lane divided

2202 routes.

2203 F. To the extent permitted by Article X, Section 9 of the Constitution of Virginia, moneys contained  
2204 in the Fund may be used to secure payment of bonds or other obligations, and the interest thereon,  
2205 issued in furtherance of the purposes of this section. In addition, the Commonwealth Transportation  
2206 Board is authorized to receive, dedicate, or use legally available Transportation Trust Fund revenues and  
2207 any other available sources of funds to secure the payment of bonds or other obligations, including  
2208 interest thereon, in furtherance of the Program. No bond or other obligations payable from revenues of  
2209 the Fund shall be issued unless specifically approved by the General Assembly. No bond or other  
2210 obligations, secured in whole or in part by revenues of the Fund, shall pledge the full faith and credit of  
2211 the Commonwealth.

2212 G. Forty million dollars shall be transferred annually to the Fund with the first such transfer to be

made on July 1, 1990, or as soon thereafter as reasonably practicable. Such transfer shall be made by the issuance of a treasury loan at no interest in the amount of \$40 million to the Fund to ensure that the Fund is fully funded on the first day of the fiscal year. Such treasury loan shall be repaid from the Commonwealth's portion of the state recordation tax imposed by Chapter 8 (§ 58.1-800 et seq.) of Title 58.1 designated for the Fund by § 33.2-2300 *Commonwealth Transportation Fund pursuant to subsection C of § 33.2-1524*. For each fiscal year following July 1, 1990, the Secretary of Finance is authorized to make additional treasury loans in the amount of \$40 million on July 1 of such fiscal years, and such treasury loans shall be repaid in a like manner as provided in this subsection.

 2277 transportation projects pursuant to § 33.2-2510, the Authority may invest such excess moneys to the  
 2278 same extent as provided in subsection A of § 33.2-1525 for excess funds in the Transportation Trust

2291 C. The amounts deposited into the Fund and the distribution and expenditure of such amounts shall  
 2292 not be used to calculate or reduce the share of federal, state, or local revenues otherwise available to  
 2293 jurisdictions along the Interstate 81 corridor. Further, such revenues and moneys shall not be included in  
 2294 any computation of, or formula for, a locality's ability to pay for public education, upon which

2296 **CHAPTER 7.**

 2305 by the U.S. Environmental Protection Agency, of 25 or greater.

2306 **§ 46.2-771. Purpose.**

2307 *The purpose of this chapter is to ensure more equitable contributions to the Commonwealth*  
 2308 *Transportation Fund from alternative fuel vehicles, electric vehicles, and fuel-efficient vehicles using*  
 2309 *highways in the Commonwealth.*

2310 **§ 46.2-772. Highway use fee.**

2311 A. *Except as provided in subsection C, there is hereby imposed an annual highway use fee on any*  
 2312 *motor vehicle registered in the Commonwealth under § 46.2-694 or 46.2-697. The fee shall be collected*  
 2313 *by the Department at the time of vehicle registration. If the vehicle is registered for a period of other*  
 2314 *than one year as provided in § 46.2-646, the highway use fee shall be multiplied by the number of years*  
 2315 *or fraction thereof that the vehicle will be registered.*

2316 B. *For an electric motor vehicle as defined in § 58.1-2201, the highway use fee shall be 85 percent*

 2318 *fuel economy of 23.7 miles per gallon for the average number of miles traveled by a passenger vehicle*  
 2319 *in the Commonwealth. For all other fuel-efficient vehicles, the highway use fee shall be 85 percent of*  
 2320 *the difference between the tax paid under Chapter 22 of Title 58.1 on the fuel used by a vehicle with a*  
 2321 *combined fuel economy equivalent to 23.7 miles per gallon for the average number of miles traveled by*

 2323 *the fuel used by the vehicle being registered for the average number of miles traveled by a passenger*  
 2324 *vehicle in the Commonwealth in a year.*

2325 *In calculating the fuel used by the vehicle being registered, the Commissioner shall use combined*  
 2326 *fuel economy as determined by the manufacturer of the vehicle. If the Commissioner is unable to obtain*  
 2327 *the manufacturer's fuel economy for a vehicle, then the Commissioner shall calculate fuel use based*  
 2328 *upon the average fuel economy, as determined by the U.S. Environmental Protection Agency, of (i) all*  
 2329 *trucks having the same model year as the vehicle being registered, if the vehicle has a gross weight*  
 2330 *between 6,000 pounds and 10,000 pounds, or (ii) all cars having the same model year as the vehicle. If*  
 2331 *data are not available for the model year of the vehicle being registered, then the Commissioner shall*  
 2332 *use data for the most recent model year for which data are available.*

**§ 46.2-773. Mileage-based user fee program.**

A. There is hereby established a mileage-based user fee program. The program shall be a voluntary program that allows owners of vehicles subject to the highway use fee pursuant to § 46.2-772 to pay a mileage-based fee in lieu of the highway use fee. No owner of a motor vehicle registered in the Commonwealth shall be required to participate in the program established pursuant to this section.

B. In any year that an owner pays the fee set forth in this section, such owner shall not be subject to the fee set forth in § 46.2-772 for the same vehicle. In no case shall the fees paid pursuant to this section during a 12-month period exceed the annual highway use fee that would have otherwise been paid.

C. The fee schedule for the mileage-based user fee program shall be calculated by dividing the amount of the highway use fee as determined pursuant to subsection B of § 46.2-770 by the average number of miles traveled by a passenger vehicle in the Commonwealth to determine a fee per mile driven.

D. The Department shall establish procedures for the collection of the fees set forth in this section. Such procedures may limit the total number of participants during the first four years of the program.

**§ 46.2-774. Distribution of revenues.**

All revenues collected pursuant to this chapter shall be deposited into the Commonwealth Transportation Fund established pursuant to § 33.2-1524.

**§ 46.2-1507. Penalties.**

Except as otherwise provided in this chapter, any person violating any of the provisions of this chapter may be assessed a civil penalty by the Board. **§ 46.2-1546. Registration of dealers; fees.**

Every manufacturer, distributor, or dealer, before he commences to operate vehicles in his inventory for sale or resale, shall apply to the Commissioner for a dealer's certificate of vehicle registration and license plates. For the purposes of this article, a vehicle is in inventory when it is owned by or assigned to a dealer and is offered and available for sale or resale. All dealer's certificates of vehicle registration and license plates issued under this section may, at the discretion of the Commissioner, be placed in a system of staggered issue to distribute the work of issuing vehicle registration certificates and license plates as uniformly as practicable throughout the year. Dealerships which sold fewer than ~~twenty-five~~ 25 vehicles during the last ~~twelve~~ 12 months of the preceding license year shall be eligible to receive no more than two dealer's license plates; dealerships which sold at least ~~twenty-five~~ 25 but fewer than fifty 50 vehicles during the last ~~twelve~~ 12 months of the preceding license year shall be eligible to receive no more than four dealer's license plates. However, dealerships ~~which that~~ sold ~~fifty~~ 50 or more vehicles during their current license year may apply for additional license plates not to exceed four times the number of licensed salespersons employed by that dealership. Dealerships ~~which that~~ sold ~~fifty~~ 50 or more vehicles during the last ~~twelve~~ 12 months of the preceding license year shall be eligible to receive a number of dealer's license plates not to exceed four times the number of licensed salespersons employed by that dealership. A new applicant for a dealership shall be eligible to receive a number of dealer's license plates not to exceed four times the number of licensed salespersons employed by that dealership. For the purposes of this article, a salesperson or employee shall be considered to be employed only if he (i) works for the dealership at least ~~twenty-five~~ 25 hours each week on a regular basis and (ii) is compensated for this work. All salespersons' or employees' employment records shall be retained in accordance with the provisions of § 46.2-1529. A salesperson shall not be considered employed, within the meaning of this section, if he is an independent contractor as defined by the United States Internal Revenue Code. The fee for the issuance of dealer's license plates shall be determined by the Board, but not more than \$30 per license plate; however, the fee for the first two dealer's plates shall not be less than ~~twenty-four dollars~~ \$24 and the fee for additional dealer's license plates shall not be less than ~~ten dollars and forty cents~~ \$10.40 each. For the first two dealer's license plates issued by the Department to a dealer, ~~twenty-four dollars~~ \$24 shall be deposited into the Commonwealth Transportation Trust Fund established pursuant to § 33.2-1524 and the remainder shall be deposited into the Motor Vehicle Dealer Fund. For each additional dealer's license plate issued to a dealer, ~~ten dollars and forty cents~~ \$10.40 shall be deposited into the Transportation Trust Fund and the remainder shall be deposited into the Motor Vehicle Dealer Fund.

**§ 46.2-1573. Hearings and other remedies; civil penalties.**

2397 A. In every case of a hearing before the Commissioner authorized under this article, the  
2398 Commissioner shall give reasonable notice of each hearing to all interested parties, and the  
2399 Commissioner's decision shall be binding on the parties, subject to the rights of judicial review and  
2400 appeal as provided in Chapter 40 (§ 2.2-4000 et seq.) of Title 2.2. In every case of a hearing before the  
2401 Commissioner authorized under this article based on a request or petition of a motor vehicle dealer, the  
2402 manufacturer, factory branch, distributor, or distributor branch shall have the burden of proving by a  
2403 preponderance of the evidence that the manufacturer, factory branch, distributor, or distributor branch  
2404 has good cause to take the action or actions for which the dealer has filed the petition for a hearing or  
2405 that such actions are reasonable if required under the relevant provision.

2406 B. The hearing process before the Commissioner under this article shall commence within 90 days of  
2407 the request for a hearing by prehearing conference between the hearing officer and the parties in person,  
2408 by telephone, or by other electronic means designated by the Commissioner. The hearing officer will set  
2409 the hearing on a date or dates consistent with the rights of due process of the parties. The  
2410 Commissioner's decision shall be rendered within 60 days from the receipt of the hearing officer's  
2411 recommendation. Hearings authorized under this article shall be presided over by a hearing officer  
2412 selected from a list prepared by the Executive Secretary of the Supreme Court of Virginia within 60  
2413 days following the request for a hearing. Reasonable efforts shall be made to ensure that a hearing  
2414 officer shall have at least five years of experience as a hearing officer in administrative hearings in the  
2415 Commonwealth, shall have telephone and email capability, and shall be an active member of the  
2416 Virginia State Bar. On request of the Commissioner, the Executive Secretary will name a hearing officer  
2417 from the list, selected on a rotation system administered by the Executive Secretary. The hearing officer  
2418 shall provide recommendations to the Commissioner within 90 days of the conclusion of the hearing.

2419 C. Notwithstanding any contrary provision of this article, the Commissioner shall initiate  
2420 investigations, conduct hearings, and determine the rights of parties under this article whenever he is  
2421 provided information by the Motor Vehicle Dealer Board or any other person indicating a possible  
2422 violation of any provision of this article. The Commissioner shall issue a response to the Motor Vehicle  
2423 Dealer Board or person reporting the alleged violation and any other party to the investigation providing  
2424 an explanation of action taken under this section and the reason for such action.

2425 D. For purposes of any matter brought to the Commissioner under subdivisions 3, 4, 5, 6 and 7b of  
2426 § 46.2-1569 with respect to which the Commissioner is to determine whether there is good cause for a  
2427 proposed action or whether it would be unreasonable under the circumstances, the Commissioner shall  
2428 consider:

- 2429 1. The volume of the affected dealer's business in the relevant market area;
- 2430 2. The nature and extent of the dealer's investment in its business;
- 2431 3. The adequacy of the dealer's capitalization to the franchisor's standards and the adequacy of the  
2432 dealer's facilities, equipment, parts, supplies, and personnel;
- 2433 4. The effect of the proposed action on the community;
- 2434 5. The extent and quality of the dealer's service under motor vehicle warranties;
- 2435 6. The dealer's performance under the terms of its franchise;
- 2436 7. Other economic and geographical factors reasonably associated with the proposed action; and
- 2437 8. The recommendations, if any, from a three-member panel composed of members of the Board  
2438 who are franchised dealers not of the same line-make involved in the hearing and who are appointed to  
2439 the panel by the Commissioner.

2440 E. An interested party in a hearing held pursuant to subsection A of this section shall comply with  
2441 the effective date of compliance established by the Commissioner in his decision in such hearing, unless  
2442 a stay or extension of such date is granted by the Commissioner or the Commissioner's decision is under  
2443 judicial review and appeal as provided in subsection A of this section. If, after notice to such interested  
2444 party and an opportunity to comment, the Commissioner finds an interested party has not complied with  
2445 his decision by the designated date of compliance, unless a stay or extension of such date has been  
2446 granted by the Commissioner or the Commissioner's decision is under judicial review and appeal, the  
2447 Commissioner may assess such interested party a civil penalty not to exceed \$1,000 per day of  
2448 noncompliance. Civil penalties collected under this subsection shall be deposited into the *Commonwealth*  
2449 *Transportation Trust Fund* established pursuant to § 33.2-1524.

2450 F. During the hearing process, parties may obtain documents and materials by discovery pursuant to  
2451 Rules 4:9 and 4:9A of the Supreme Court of Virginia. The parties shall exchange reports of experts,  
2452 which shall meet the standard of Rule 4:1 of the Supreme Court of Virginia, at times to be established  
2453 by the hearing officer. The parties may utilize any other form of discovery provided under the Rules of  
2454 Supreme Court of Virginia if allowed by the hearing officer based on good cause shown. For discovery  
2455 permitted under the Rules of Supreme Court of Virginia, a party may object to the discovery sought or  
2456 seek to limit the discovery sought on any grounds permitted by the Rules or applicable law.

 2498 A new public facility is one whose construction began after December 31, 1991. A substantial and  
 2499 significant renovation entails a project whose cost is at least 50 percent of the original cost of the  
 2500 facility being renovated and shall have begun after December 31, 1991. A substantial and significant  
 2501 expansion entails an increase in floor space of at least 50 percent over that existing in the preexisting  
 2502 facility and shall have begun after December 31, 1991; or an increase in floor space of at least 10  
 2503 percent over that existing in a public facility that qualified as such under this section and was  
 2504 constructed after December 31, 1991.

2505 "Sales tax revenues" means such tax collections realized under the Virginia Retail Sales and Use Tax  
 2506 Act (§ 58.1-600 et seq.), as limited herein. "Sales tax revenues" does not include the revenue generated  
 2507 by (i) the 0.5 percent sales and use tax increase enacted by the 1986 Special Session of the General  
 2508 Assembly which shall be paid to the *Commonwealth Transportation Trust Fund as defined in established*  
 2509 *pursuant to § 33.2-1524*, (ii) the 1.0 percent of the state sales and use tax revenue distributed among the  
 2510 counties and cities of the Commonwealth pursuant to subsection D of § 58.1-638 on the basis of school  
 2511 age population, or (iii) any sales and use tax revenues generated by increases or allocation changes  
 2512 imposed by the 2013 Session of the General Assembly.

2513 B. Notwithstanding the definition of "public facility" in subsection A, a development project that  
 2514 meets the requirements for a "development of regional impact" set forth herein shall be deemed to be a  
 2515 public facility under the provisions of this section. The locality in which the public facility is located  
 2516 shall be entitled to all sales tax revenues generated by transactions taking place at such public facility  
 2517 solely to pay the cost of any bonds issued to pay the cost, or portion thereof, of such public facility  
 2518 pursuant to subsection C. For purposes of this subsection, the development of regional impact must be  
 2519 located in the City of Bristol.

2520 For purposes of this subsection, a "development of regional impact" means a development project (i)  
2521 towards which the locality contributes infrastructure or real property as part of a public-private  
2522 partnership with the developer that is equal to at least 20 percent of the aggregate cost of development,  
2523 (ii) that is reasonably expected to require a capital investment of at least \$50 million, (iii) that is  
2524 reasonably expected to generate at least \$5 million annually in state sales and use tax revenue from sales  
2525 within the development, (iv) that is reasonably expected to attract at least one million visitors annually,  
2526 (v) that is reasonably expected to create at least 2,000 permanent jobs, (vi) that is located in a locality  
2527 that had a rate of unemployment at least three percentage points higher than the statewide average in  
2528 November 2011, and (vii) that is located in a locality that is adjacent to a state that has adopted a  
2529 Border Region Retail Tourism Development District Act. Within 30 days from the date of notification  
2530 by a locality that it intends to contribute infrastructure or real property as part of a public-private  
2531 partnership with the developer of a development of regional impact, the Department of Taxation shall  
2532 review the findings of the locality with respect to clauses (i) through (vi) and shall file a written report  
2533 with the Chairmen of the House Committee on Finance, the House Committee on Appropriations, and  
2534 the Senate Committee on Finance.

2535 C. Any municipality which has issued bonds (i) after December 31, 1991, but before January 1,  
2536 1996, (ii) on or after January 1, 1998, but before July 1, 1999, (iii) on or after January 1, 1999, but  
2537 before July 1, 2001, (iv) on or after July 1, 2000, but before July 1, 2003, (v) on or after July 1, 2001,  
2538 but before July 1, 2005, (vi) on or after July 1, 2004, but before July 1, 2007, (vii) on or after July 1,  
2539 2009, but before July 1, 2012, (viii) on or after January 1, 2011, but prior to July 1, 2015, or (ix) on or  
2540 after January 1, 2013, but prior to July 1, 2020, to pay the cost, or portion thereof, of any public facility  
2541 shall be entitled to all sales tax revenues generated by transactions taking place in such public facility.  
2542 In the case of a public facility described in clause (v) of the definition of public facility, all such sales  
2543 tax revenues shall be applied solely to repayment of the bonds issued to pay the cost, or portion thereof,  
2544 of the municipality-owned component of the sports complex. Such entitlement shall continue for the  
2545 lifetime of such bonds, or any refinancing or refunding thereof, but in no event shall such entitlement  
2546 exceed 35 years from the initial date that any bonds were issued to pay the cost, or a portion thereof, of  
2547 any public facility, and all such sales tax revenues shall be applied to repayment of the bonds. The State  
2548 Comptroller shall remit such sales tax revenues to the municipality on a quarterly basis, subject to such  
2549 reasonable processing delays as may be required by the Department of Taxation to calculate the actual  
2550 net sales tax revenues derived from the public facility. The State Comptroller shall make such  
2551 remittances to eligible municipalities, as provided herein, notwithstanding any provisions to the contrary  
2552 in the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.). No such remittances shall be made  
2553 until construction is completed and, in the case of a renovation or expansion, until the governing body  
2554 of the municipality has certified that the renovation or expansion is completed; however, in the case of  
2555 any public facility consisting of more than one building or structure, such remittances shall be made on  
2556 a quarterly basis beginning with the first quarter in which any sales tax revenue is generated by  
2557 transactions taking place at any building or structure within such public facility, whether or not  
2558 construction of all or any portion, phase, building, or structure of such public facility has been  
2559 completed.

2560 D. Nothing in this section shall be construed as authorizing the pledging of the faith and credit of the  
2561 Commonwealth of Virginia, or any of its revenues, for the payment of any bonds. Any appropriation  
2562 made pursuant to this section shall be made only from sales tax revenues derived from the public  
2563 facility for which bonds may have been issued to pay the cost, in whole or in part, of such public  
2564 facility.

2565 **§ 58.1-638. Disposition of state sales and use tax revenue.**

2566 A. The Comptroller shall designate a specific revenue code number for all the state sales and use tax  
2567 revenue collected under the preceding sections of this chapter.

2568 1. The sales and use tax revenue generated by the one-half percent sales and use tax increase enacted  
2569 by the 1986 Special Session of the General Assembly shall be paid, in the manner hereinafter provided  
2570 in this section, to the *Commonwealth Transportation Trust Fund as defined in established pursuant to*  
2571 *§ 33.2-1524. Of the funds paid to the Transportation Trust Fund, an aggregate of 4.2 percent shall be set*  
2572 *aside as the Commonwealth Port Fund as provided in this section; an aggregate of 2.4 percent shall be*  
2573 *set aside as the Commonwealth Airport Fund as provided in this section; and an aggregate of 14.7*  
2574 *percent shall be set aside as the Commonwealth Mass Transit Fund as provided in this section. The*  
2575 *Fund's share of such net revenue shall be computed as an estimate of the net revenue to be received into*  
2576 *the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue*  
2577 *received in the preceding month. All payments shall be made to the Fund on the last day of each*  
2578 *month.*

2579 2. There is hereby created in the Department of the Treasury a special nonreverting fund which shall  
2580 be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Port Fund.

2581 a. The Commonwealth Port Fund shall be established on the books of the Comptroller and the funds

remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall remain in the Fund and be credited to it. Funds may be paid to any authority, locality or commission for the purposes hereinafter specified:

b. The amounts allocated pursuant to this section shall be allocated by the Commonwealth Transportation Board to the Board of Commissioners of the Virginia Port Authority to be used to support port capital needs and the preservation of existing capital needs of all ocean, river, or tributary ports within the Commonwealth. Expenditures for such capital needs are restricted to those capital projects specified in subsection B of § 62.1-132.1.

c. Commonwealth Port Fund revenue shall be allocated by the Board of Commissioners to the Virginia Port Authority in order to foster and stimulate the flow of maritime commerce through the ports of Virginia, including but not limited to the ports of Richmond, Hopewell, and Alexandria.

The Commonwealth Airport Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the funds shall be credited to the Fund. The funds so allocated shall be allocated by the Commonwealth Transportation Board to the Virginia Aviation Board. The funds shall be allocated by the Virginia Aviation Board to any Virginia airport which is owned by the Commonwealth, a governmental subdivision thereof, or a private entity to which the public has access for the purposes enumerated in § 5.1-2.16, or is owned or leased by the Metropolitan Washington Airports Authority (MWAA), as follows:

Any new funds in excess of \$12.1 million which are available for allocation by the Virginia Aviation Board from the Commonwealth Transportation Fund, shall be allocated as follows: 60 percent to MWAA, up to a maximum annual amount of \$2 million, and 40 percent to air carrier airports as provided in subdivision A 3 a. Except for adjustments due to changes in enplaned passengers, no air carrier airport sponsor, excluding MWAA, shall receive less funds identified under subdivision A 3 a than it received in fiscal year 1994-1995.

Of the remaining amount:

a. Forty percent of the funds shall be allocated to air carrier airports, except airports owned or leased by MWAA, based upon the percentage of enplanements for each airport to total enplanements at all air carrier airports, except airports owned or leased by MWAA. No air carrier airport sponsor, however, shall receive less than \$50,000 nor more than \$2 million per year from this provision.

b. Sixty percent of the funds shall be allocated as follows:

(1) For the first six months of each fiscal year, the funds shall be allocated as follows:

(a) Forty percent of the funds shall be allocated by the Aviation Board for air carrier and reliever airports on a discretionary basis, except airports owned or leased by MWAA; and

The Commonwealth Space Flight Fund shall be established on the books of the Comptroller and the funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall remain in the Fund and be credited to it.

a. The amounts allocated to the Commonwealth Space Flight Fund pursuant to § 33.2-1526 shall be allocated by the Commonwealth Transportation Board to the Board of Directors of the Virginia Commercial Space Flight Authority to be used to support the capital needs, maintenance, and operating costs of any and all facilities owned and operated by the Virginia Commercial Space Flight Authority.

b. Commonwealth Space Flight Fund revenue shall be allocated by the Board of Directors to the Virginia Commercial Space Flight Authority in order to foster and stimulate the growth of the commercial space flight industry in Virginia.

4. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Mass Transit Fund.

a. The Commonwealth Mass Transit Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of the biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall be credited to the Fund.

b. The amounts allocated pursuant to § 33.2-1526.1 shall be used to support the operating, capital, and administrative costs of public transportation at a state share determined by the Commonwealth

2643 Transportation Board, and these amounts may be used to support the capital project costs of public  
2644 transportation and ridesharing equipment, facilities, and associated costs at a state share determined by  
2645 the Commonwealth Transportation Board. Capital costs may include debt service payments on local or  
2646 agency transit bonds.

2647 e. There is hereby created in the Department of the Treasury a special nonreverting fund known as  
2648 the Commonwealth Transit Capital Fund. The Commonwealth Transit Capital Fund shall be part of the  
2649 Commonwealth Mass Transit Fund. The Commonwealth Transit Capital Fund subaccount shall be  
2650 established on the books of the Comptroller and consist of such moneys as are appropriated to it by the  
2651 General Assembly and of all donations, gifts, bequests, grants, endowments, and other moneys given,  
2652 bequeathed, granted, or otherwise made available to the Commonwealth Transit Capital Fund. Any funds  
2653 remaining in the Commonwealth Transit Capital Fund at the end of the biennium shall not revert to the  
2654 general fund, but shall remain in the Commonwealth Transit Capital Fund. Interest earned on funds  
2655 within the Commonwealth Transit Capital Fund shall remain in and be credited to the Commonwealth  
2656 Transit Capital Fund. Proceeds of the Commonwealth Transit Capital Fund may be paid to any political  
2657 subdivision, another public entity created by an act of the General Assembly, or a private entity as  
2658 defined in § 33.2-1800 and for purposes as enumerated in subdivision 7 of § 33.2-1701 or expended by  
2659 the Department of Rail and Public Transportation for the purposes specified in this subdivision.  
2660 Revenues of the Commonwealth Transit Capital Fund shall be used to support capital expenditures  
2661 involving the establishment, improvement, or expansion of public transportation services through specific  
2662 projects approved by the Commonwealth Transportation Board. The Commonwealth Transit Capital  
2663 Fund shall not be allocated without requiring a local match from the recipient.

2664 B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed  
2665 among the counties and cities of the Commonwealth in the manner provided in subsections C and D.

2666 C. The localities' share of the net revenue distributable under this section among the counties and  
2667 cities shall be apportioned by the Comptroller and distributed among them by warrants of the  
2668 Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month  
2669 during which the net revenue was received into the state treasury. The distribution of the localities' share  
2670 of such net revenue shall be computed with respect to the net revenue received into the state treasury  
2671 during each month, and such distribution shall be made as soon as practicable after the close of each  
2672 such month.

2673 D. The net revenue so distributable among the counties and cities shall be apportioned and  
2674 distributed upon the basis of the latest yearly estimate of the population of cities and counties ages five  
2675 to 19, provided by the Weldon Cooper Center for Public Service of the University of Virginia. Such  
2676 population estimate produced by the Weldon Cooper Center for Public Service of the University of  
2677 Virginia shall account for persons who are domiciled in orphanages or charitable institutions or who are  
2678 dependents living on any federal military or naval reservation or other federal property within the school  
2679 division in which the institutions or federal military or naval reservation or other federal property is  
2680 located. Such population estimate produced by the Weldon Cooper Center for Public Service of the  
2681 University of Virginia shall account for members of the military services who are under 20 years of age  
2682 within the school division in which the parents or guardians of such persons legally reside. Such  
2683 population estimate produced by the Weldon Cooper Center for Public Service of the University of  
2684 Virginia shall account for individuals receiving services in state hospitals, state training centers, or  
2685 mental health facilities, persons who are confined in state or federal correctional institutions, or persons  
2686 who attend the Virginia School for the Deaf and the Blind within the school division in which the  
2687 parents or guardians of such persons legally reside. Such population estimate produced by the Weldon  
2688 Cooper Center for Public Service of the University of Virginia shall account for persons who attend  
2689 institutions of higher education within the school division in which the student's parents or guardians  
2690 legally reside. To such estimate, the Department of Education shall add the population of students with  
2691 disabilities, ages two through four and 20 through 21, as provided to the Department of Education by  
2692 school divisions. The revenue so apportionable and distributable is hereby appropriated to the several  
2693 counties and cities for maintenance, operation, capital outlays, debt and interest payments, or other  
2694 expenses incurred in the operation of the public schools, which shall be considered as funds raised from  
2695 local resources. In any county, however, wherein is situated any incorporated town constituting a school  
2696 division, the county treasurer shall pay into the town treasury for maintenance, operation, capital outlays,  
2697 debt and interest payments, or other expenses incurred in the operation of the public schools, the proper  
2698 proportionate amount received by him in the ratio that the school population of such town bears to the  
2699 school population of the entire county. If the school population of any city or of any town constituting a  
2700 school division is increased by the annexation of territory since the last estimate of school population  
2701 provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this  
2702 section, be added to the school population of such city or town as shown by the last such estimate and a  
2703 proper reduction made in the school population of the county or counties from which the annexed  
2704 territory was acquired.

2. Beginning July 1, 2013, of the remaining sales and use tax revenue, an amount equal to the revenue generated by a 0.125 percent sales and use tax shall be distributed to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under § 58.1-638.1, and be used for the state's share of Standards of Quality basic aid payments.

3. For the purposes of the Comptroller making the required transfers under subdivision 1 and 2, the Tax Commissioner shall make a written certification to the Comptroller no later than the twenty-fifth of each month certifying the sales and use tax revenues generated in the preceding month. Within three calendar days of receiving such certification, the Comptroller shall make the required transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund.

4. For fiscal year 2017 and thereafter, an amount equal to 35 percent § 33.2-1524.

All payments shall be made to the Fund on the last day of each month.

3539 A. Except as provided in subsection C, every motor carrier shall pay a road tax per gallon equivalent  
3540 to the cents per gallon credit for diesel fuel as determined under subsection A of § 58.1-2706 for the

3542 amount of motor fuel, diesel fuel or liquefied gases (which would not exist as liquids at a temperature  
3543 of 60 degrees Fahrenheit and a pressure of 14.7 pounds per square inch absolute), used in its operations  
3544 within the Commonwealth.

3545 The tax imposed by this chapter shall be in addition to all other taxes of whatever character imposed  
3546 on a motor carrier by any other provision of law.

3547 B. The additional amount per gallon shall be determined by the Commissioner annually, effective  
3548 July 1 of each year. On July 1, 2019, the additional amount per gallon shall be calculated by  
3549 multiplying the average fuel economy by \$0.01125. On July 1, 2020, and each July 1 thereafter, the  
3550 additional amount per gallon shall be calculated by multiplying the average fuel economy by \$0.0225.  
3551 The additional amount per gallon shall be rounded to the nearest one-tenth of a cent. For purposes of  
3552 this subsection, "average fuel economy" shall be calculated by dividing the total taxable miles driven in  
3553 the Commonwealth by the total taxable gallons of fuel consumed in the Commonwealth, as reported in  
3554 IFTA returns in the preceding taxable year.

3555 C. In lieu of the tax imposed in subsection A, motor carriers registering qualified highway vehicles  
3556 that are not registered under the International Registration Plan shall pay a fee of \$150 per year for each

3558 IFTA return. For the period of July 1, 2019, through June 30, 2020, the fee shall be adjusted based on  
3559 the percent change in the road tax imposed pursuant to subsection A from June 30, 2019, to July 1,  
3560 2019. The Commissioner shall adjust the fee annually on July 1 of every year thereafter based on the  
3561 percentage change in the road tax imposed pursuant to subsection A for the previous fiscal year as  
3562 compared to the current fiscal year. The fee is due and payable when the vehicle registration fees are  
3563 paid pursuant to the provisions of Article 7 (§ 46.2-685 et seq.) of Chapter 6 of Title 46.2.

3564 If a vehicle becomes a qualified highway vehicle before the end of its registration period, the fee due  
3565 at the time the vehicle becomes a qualified highway vehicle shall be prorated monthly to the registration

expiration month. Fees paid under this subsection shall not be refunded unless a full refund of the registration fee paid is authorized by law.

D. 1. Except as provided in subdivision 2, all *All* taxes and fees paid under the provisions of this chapter shall be credited to the Highway Maintenance and Operating Fund established pursuant to § 33.2-1530, a special fund within deposited into the Commonwealth Transportation Fund established pursuant to § 33.2-1524.

The Board shall ensure that for any interstate highway with more than 10 percent of total interstate truck vehicle miles traveled that the total long-term expenditure for each such interstate highway is approximately equal to the proportional revenue subject to clause (iii) that is attributable to such interstate highway. For purposes of this subdivision, "net additional revenues" means the additional revenues generated by this section pursuant to enactments of the 2019 Session of the General Assembly, minus any refunds or remittances required to be paid.

The proceeds of such bonds shall be used exclusively for the purpose of providing funds, with any other available funds, for paying all costs incurred or to be incurred for the construction of an adequate, modern, safe, and efficient highway system, generally along Virginia's southern boundary and which comprises the U.S. Route 58 Corridor Development Program as established in § ~~33.1-224.1:2~~ 33.2-2301, consisting of the environmental and engineering studies, rights-of-way acquisition, construction and related improvements (the Project).

Whenever the State Treasurer or trustee receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds and any BANs and shall be used in the same manner as required for principal of the bonds or BANs.

B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs, or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other arrangement may include, without limitation, contracts commonly known as interest rate swap agreements and futures or contracts providing for payments based on levels of, or changes in, interest rates. The bonds and BANs issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town, or other political subdivision thereof.
