Summary: The proposed bill allows winery licensees to sell at retail the brands of wine that the winery manufactures on the licensed premises on the premises described in the winery license for on-premises consumption or in closed containers for off-premises consumption, provided that not less than 20 percent of the volume of wine sold for on-premises consumption in any calendar year is manufactured on the licensed premises.

6. Budget Amendment Necessary: No

7. Fiscal Impact Estimates: Preliminary (see Item #8)

8. Fiscal Implications: Currently, there are 44 winery licensees in the Commonwealth. The proposed bill would expand the licensee privileges of winery licensees to allow them to sell their products at retail on their licensed premises. According to the Alcoholic Beverage Control Authority ("ABC"), it is possible the bill could result in additional wine tax collections, however, the fiscal impact on revenues cannot be determined at this time.
