Summary of Proposed Legislation:

The proposal amends § 18.2-423.1 to increase the penalty for placing a swastika on certain property with the intent to intimidate from a Class 6 felony to a Class 4 felony. The bill also expands the crime to include placing a swastika with the intent to intimidate on the property of another, a highway or any other public place.

Analysis:

According to Circuit Court Case Management System (CMS) data for fiscal year (FY) 2014 through FY2019, there were no felony convictions under § 18.2-423.1 during this recent six-year period.

Impact of Proposed Legislation:

State adult correctional facilities. The proposal increases the penalty for an existing Class 6 felony to a Class 4 felony. Because it also expands the applicability of an existing offense, the proposal may increase the state-responsible (prison) bed space needs of the Commonwealth. Existing data do not provide sufficient detail to estimate the number of new felony convictions that would result from enactment of the proposal. Therefore, the impact on prison bed space needs cannot be determined.

Local adult correctional facilities. Similarly, the proposal may increase the local-responsible (jail) bed space needs. Since the number of new convictions that may result from enactment of the proposal cannot be determined, the magnitude of the impact on jail bed space needs cannot be estimated.

Adult community corrections programs. Because the proposal could result in felony convictions and subsequent supervision requirements for additional offenders, the proposal may increase the need for adult community corrections resources. Since the number of cases that may be affected cannot be determined, the potential impact on community corrections cannot be quantified.

Virginia's sentencing guidelines. Convictions under § 18.2-423.1 are not covered by the sentencing guidelines when this offense is the primary, or most serious, offense in a case. However, convictions under this statute could augment the guidelines recommendation if the most serious offense at sentencing is covered by the guidelines. No adjustment to the guidelines would be necessary under the proposal.

Juvenile direct care. According to the Department of Juvenile Justice, the impact of the proposal on direct care (juvenile correctional center or alternative commitment placement) bed space needs cannot be determined.

Juvenile detention facilities. According to the Department of Juvenile Justice, the impact of the proposal on the bed space needs of juvenile detention facilities cannot be determined.

Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 1289 of the Acts of Assembly of 2020 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000.

Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.
