4. Title: Health insurance; authorization of drug prescribed for the treatment of a mental disorder.

5. Summary: Requires that any provider contract between a carrier and a participating health care provider with prescriptive authority, or its contracting agent, provide that no prior authorization is required for any drug prescribed for the treatment of a mental disorder listed in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association if the prescription (i) is a covered benefit, (ii) does not exceed the U.S. Food and Drug Administration-labeled dosages, and (iii) has been continuously issued for no fewer than three months. The bill provides that this requirement does not prohibit a carrier from requiring step therapy for any drug that is not listed on its prescription drug formulary.

6. Budget Amendment Necessary: No.

7. Fiscal Impact Estimates: Preliminary; no state fiscal impact.

8. Fiscal Implications: The proposed legislation is not expected to have a state fiscal impact.

It is assumed that the bill's requirements are not applicable to the state employee health insurance plan, pursuant to § 38.2-3407.15:2. E.2.

According to the State Corporation Commission, the proposed legislation is not expected to have a fiscal impact on the SCC.

9. Specific Agency or Political Subdivisions Affected: State Corporation Commission, Department of Human Resource Management.

10. Technical Amendment Necessary: See Item 11, below.

11. Other Comments: Section 38.2-3407.15:2, paragraph E.2., states that the provisions of this code section do not apply to the state employee health insurance plan established pursuant to § 2.2-2818. However, § 2.2-2818.2. provides that "any law imposed under Title 38.2 that becomes effective on or after July 1, 2009, that provides for an insurance mandate for policies of accident and health insurance shall also apply to health coverage offered to state

employees pursuant to § 2.2-2818.” Therefore, if the intention is to exempt the state employee health insurance plan from the proposed legislations’ requirements, it may also be desirable to list this as an exemption under § 2.2-2818.2. A.
